**To all Club Secretaries and Presidents,
GSDCA Breed Surveyors,**

Please find attached to this letter a Statement from the Breed Registry in Germany (Vereine für Deutsche Schäferhunde - SV)

This statement has been placed on the official SV Website in German, English, Spanish and French for the information of all interested parties.

The statement was lodged by the SV to inform members Clubs and owners of German Shepherds all over the world that an **offspring registration ban** has been imposed by the SV on "Nero Nöbachtal" **since 09th August 2004**. Therefore progeny from this dog, even if they are registered in another country, will not be accepted or included in German Breed Register. This applies to all progeny of "Nero Nöbachtal" born **on or after the 9th August 2004** when the progeny registration ban came into force.

A copy of this statement will be lodged on the GSDCA Website and the NBC Executive asks that this information is made available to your members especially those you may be interested in purchasing an animal from overseas.

Please read the statement carefully and if you have any questions please do not hesitate to contact me.

Yours sincerely,

Joylene M Neddermeyer
