57cm. A medium size medium strong, well coloured strongly pigmented expressive bitch. Good ear set and ear size. Good breadth of skull, dark eyes. The planes of the skull and foreface should have a better alignment and this spoils her expression and this is compounded by the foreface being just a little too long. Strong neck, high withers, firm back, slightly short steep croup. The upper arm should be a little longer and better laid, very good hind angulation. Good forechest, slightly steep underchest. Good length of forelegs, the pasterns should be firmer. Stepping correct behind, good hock firmness, stepping correct front the elbows should be tighter to the body.
