16 months. 59.5/26.5cm. Above medium size, strong, expressive, beautifully coloured and pigmented bitch of very good type. Good length of neck, good withers, firm back, slightly short and slightly steep croup. The upper arm should ideally be longer and better angled, slightly deep hindquarter angulation. Stands not quite correct in front. Very strong feminine expressive head with good balance of the skull and foreface, correct ear carriage. Steps slightly narrow at rear, slightly wide in front, stands correct at rear. During movement shows good ground covering gait with strong hindquarter drive, the forehand reach however could be a little freer. Very good back transmission. **Graded Very Good**

15½ months. 57/28cm. Absolutely correct medium size, medium strong, well coloured, and well pigmented bitch of very good type. Very good length of neck, good withers, slight dip behind, firm back, slightly short slightly steep croup, the tail set is set a little high. The upper arm should be longer and better angled, very good hindquarter angulation with very good breadth of thigh. Should not become any deeper in chest proportions. Strong, but still feminine head with correct eye colour and good masking of the foreface, correct ear carriage. Steps slightly narrow at rear with firm hock joints, correct in front where the elbows should be a little closer laying. Stands correct both front and rear. During movement shows very good ground covering gait with balanced hindquarter drive and forehand reach and very good back transmission.

4 years 9 months. 64/31cm. An above medium size, medium strong well coloured and well pigmented dog of just slightly long body proportions. Very good length of neck, high withers, firm back, slightly short and slightly steep croup. The upper arm while of good length should still be slightly better angled, very good hindquarter angulation. Stands absolutely correct in front, with straight lines, very good fore and balanced chest proportions, good head, good masking on both the skull and foreface, desired dark eye and good ear carriage. Steps correct at rear with firm hock joints, correct in front where the elbows should be closer laying, stands absolute correct at rear. During movement shows good ground covering gait with balanced hindquarter drive and forehand reach overall his movement should be a little more expansive. The dog presents a better picture in stance than in movement. **Graded Excellent**

2 years 8 months. 63.5/31cm. A just above medium size, medium strong grey sable dog of very good colour and still good type. Slightly erect head carriage, high withers, firm back, slightly short, slightly steep croup. The upper arm should be longer and better angled, very good hindquarter angulation. Stands correct in front, with still good fore and good underchest development where the underchest should be a little longer. Good head with good masking, medium eye colour, the ears are set a little broad on the skull. Steps slightly narrow at rear with firm hock joints, correct in front where the elbows should be a little closer laying, stands correct at rear. During movement shows good ground covering gait where both the hindquarter drive and forehand reach should be more expansive, and the ligamentation over the back should remain a little firmer. **Graded Excellent**
