

German Shepherd Dog Association of Western Australia (GSDAWA)
31st State Breed Exhibition
21st & 22nd April 2019
Judge: Mr Vince Tantaro

I would like to thank the members and Committee for the invitation to once again judge in Western Australia at this year's State Breed Exhibition (SBE).

It must be noted that the GSDAWA saw a need, because of the isolation from eastern Australia for an event that mirrored the then newly initiated GSDCA Main Breed Exhibition. Mr Barry O'Rourke must be again thanked for driving this initiative, which many GSDCA Member Clubs took up. Most clubs in the past 31 years have and continue to conduct GSDCA State Breed Exhibitions and/or Assessments, however since the demise of the Main Breed Exhibition they are one of the vehicles by which breed direction can be given. I can only reiterate my strong opinion that I believe this type of event only has true value if it is run in conjunction with the GSDCA Main Breed Exhibition. Noting the falling number of entries and the fact there are high expectations by exhibitors to be awarded the coveted GSDCA Excellent Merit grading, sees entries in the Open Classes far less than it should be.

The entry was very good and totalled 85, however there were a number of scratching's that further depleted the open classes. I can only emphasise that my judgements and the breed advice as given is a result of more about what I observed, and the wider picture of my attendance at number of shows in the last year and the recent National held only one week before this event.

Unfortunately, no sire presented a progeny group, despite 5 sires having the required number of progeny entered: Noting that a number of sires as listed did present groups at the recently held National, and considering what I observed over the weekend I ask you please refer to the analysis that will be published in the next edition of the GSDCA QNR.

I have included comment at the end of dog critiques of animals that I consider may enhance the breeding program. I have concentrated on their virtues. I do not take the awarding of Excellent Merit lightly. I applied strict criteria to the awarding of the GSDCA Excellent Merit grading: the animal must be of high quality, of desired type and have the potential to consolidate the breed through its pedigree and or progeny as seen at the show. I trust exhibitors understand and appreciate the fact that an animal which is graded Excellent can produce Excellent Merit graded animals, and therefore because they have not been given the highest GSDCA grading should not impede their use: in fact breeders must look more carefully into the bloodlines of Australian bred males, who in the main are out of imported sires, but who have credible mother lines. I can only reiterate again that this grading which is the most prestigious grading the GSDCA has on offer, must be only given to animals of high quality that meet the breed standard: the award is not in place to be awarded to the 'best' resident animal. What was evident in the younger classes was the mixed type, and that faults are compounded by utilising like animals with similar faults. What stood out was very good colour and pigmentation, dark eyes with the masking enhancing expression. Forefaces, in particular underjaws, should be stronger, body proportions are good, short steep croups are dominant, as is a tendency to stand east west. Good fore and short under chests, forehand assemblies in the main show short steep upper arms, with normal withers. I saw a number of slightly deep hindquarters where the stability of these hindquarter should be better and hocks much firmer both on the walk and when gaitting. I saw generally good movement where forehand reach should be freer and withers held higher. Character and temperament was very good, although I do urge owners to better train their animals for teeth examination, as well as height and chest measurements. Owners must note that these elements are tools by which

character and temperament are assessed! I would suggest that the breeding programs must not be based on compounding faults, but improving and consolidating breed type.

In closing I would like to thank the exhibitors for their welcome and acceptance of my judgements, and who supported this year's event. I understand there is strong support for the SBE to continue to be conducted, however it must be noted that the absence of entries from some breeders / exhibitors and scratching animals (out of coat does not mean do not show in this case) does undermine the intent of the event i.e. to showcase the State's GSD's and in doing so provide ALL an opportunity to observe and for breed direction to be given.

I would like thank my ring steward: John Fenner, my stenographer: Vicki Beaton, the Show Committee, and Robyn & Kevin Knuckey for their kind hospitality as extended to Frances and I.

Kind regards
Vince Tantaro

BABY PUPPY BITCH - LONG STOCK COAT

1st HAUBERK WILLOW **DOB: 12/12/18**
S:Larmada Donar Br: EXH
D:Aufgehts The Black Widow Exh: G Connolly

4 months. Above medium size, strong, substantial, well coloured bitch of very good type. Feminine expressive head, ideally the underjaw should be stronger. Good length of neck, normal withers, firm back and a short steep croup. Stands correct in front. Good fore and very good hindquarter angulation. Steps narrow front and rear with good firmness of hocks and elbows. In movement shows good ground cover, good drive, the reach should be freer.

VERY PROMISING

2nd ICCARA JEAN GENIE **DOB: 15/12/18**
S:*Ch Hasenway Major Tom (IID Deu) Ex Br: EXH
D:Zellburg Black Indra Exh: C Mailata/S Woollard

4 months. Above medium size, strong, substantial, well coloured and pigmented bitch of very good type. Strong but still feminine head. Good length of neck, high wither, short steep croup. Stands correct in front. Good fore and slightly deep hindquarter angulation. Steps cow hocked behind, hocks should be much firmer. Movement shows very good reach, the hocks should remain much firmer.

VERY PROMISING

INTERMEDIATE DOG - STOCK COAT

The first three are young dogs that offer breeders an opportunity to utilise sons of imported males who have well established mother-lines. They offer a high degree of predictability with regard to consolidation and improvement of type. The third dog offers an opportunity for moderation of the hindquarter without sacrificing further consolidation of type.

1st *SABARANBURG ROSCO AZ

S:*UK Ch Conbhairean Freddie (imp UK)
D:*Boney M vom Bad Walde IPO2 (imp Deu)

OPEN BITCH - LONG STOCK COAT

1st ***CH VOLSCARO CIAO OOSHIE** **DOB: 14/07/16**
S:*Ch Xaro von der Plassenburg (imp Deu) Ex Br: T Roberts/L Pearson
D:*Ch Volscaro Ciao Bella CCD ET AZ Ex.M Exh: D Davies

2 years 9 months. 57.5/29cms. Above medium size, medium strong, well coloured and pigmented bitch of desired type. Feminine expressive head enhanced by dark masking and eye colour. Very good length of neck, high wither, firm back, slightly short but well moulded croup. Stands correct in front. Well developed fore and slightly short underchest. Very good fore and very good hindquarter angulation. Steps correct front and rear with good firmness of hock joints. Movement shows very good ground cover and powerful drive, the reach could still be freer. Off lead gaiting not performed well. Shows good movement maintaining the wither line. The forehead reach should be freer. She is confident and gunsure.

- *A young bitch that impressed with her type, overall construction who no doubt in the future, with further development attain the higher grading. She impressed with her movement in both the gait and walk and her firmness. Her bloodlines offer a high degree of predictability and my only advice would be when breeding with her is to further consolidate her type, balance and harmony. Whilst the only animal exhibited in this class, she is in every sense excellent.*

EXCELLENT

65 **SCKYOARA GRACIE (IID)** **DOB: 11/10/15**

OPEN DOG - STOCK COAT

1st ***SCHAEFERHUND RAFAEL**
S:*Vegus von Dongmيران SchH1 a Ed (imp Ndl) Ex
D:SchaeferhundCelena

DOB: 15/12/10
Br: I Bohdal
Exh: B Pereira/R Pritchard

8 years 4 months. 64/31cms. Large, strong, substantial, well coloured and well pigmented dog of very good type. Strong masculine head. Very good expression. High withers, firm back, slightly short steep croup. Stands correct in front. Well developed fore and underchest. Pasterns could still be firmer. Very good fore and hindquarter angulation. A dog presented in good condition for his age. Steps narrow front and rear with good firmness of hock joints. In movement shows far reaching powerful gait maintaining his wither line. Off lead gaiting completed. Shows very good ground covering gait maintaining his wither. He is confident and gunsure.

- *This dog at nearly 8 1/2 years old impressed with his willingness to work, firmness and movement during the run off the class. The fact that this dog has on a number of occasions been judged the WA State Seiger is of no surprise; he has produced animals that are very correct and of desired type. In this show alone he has impressive results and whilst no parade of his progeny was held it is easily evident he continues to have a major impact on the breed direction in this state. He is able to produce with a high degree of predictability and enhancing the breed. Whilst one could easily argue that his time has been, I would like to again thank the owners for the opportunity to judge him and again deservedly award him the title of 2019 WA State Seiger.*

EXCELLENT MERIT

2nd ***PAMAKAY KRUIZER**
S:*Ch Labo vom Schollweiher SchH3 IPO3 VA (imp Deu)
D:*Pamakay Fortuna

DOB: 1/08/16
Br: JA Delriego
Exh: ID McIntosh

2 years 8 months. 65/29.5cms. Large, medium strong, substantial, well coloured and pigmented dog of very good proportions. Strong masculine head. Very good strength of foreface, very good expression. Slight roman nose. Very good length of neck, high withers, firm back, slightly short steep croup. Stands correct in front. Well developed fore and underchest. Has good fore and very good hindquarter angulation. The upper arm should still be longer and better angled. Steps correct front and rear. In movement shows a far reaching powerful gait maintaining a high wither. Off lead gaiting completed with a far reaching powerful gait maintaining his wither. He is confident and gun sure.

- *This young dog impressed with his absolute lack of exaggeration, firmness, balance and overall very good construction. There is a possibility that he will moderate hindquarter angulations in bitches that are slightly deep and have unstable hindquarters. His bloodlines should further consolidate type and balance and offer a high degree of predictability.*
