

# Otago German Shepherd Dog Club Championship Show

24 February 2024

## Critiques Saturday Melanie Groth (Australia)

### Show Report

Thank you to the Otago German Shepherd Dog Club for the invitation to judge the first of the Championship Shows in 2024. The atmosphere at the show was warm and welcoming and exhibitors were accepting of my placements and were polite and respectful.

The quality of the Long Stock Coat entry was very high quality with the Challenge Dog taking out Best In Show. A very harmoniously constructed well coloured, well boned male of excellent type. He was presented in very good condition for his age and impressed with his free, easy, roomy movement at all speeds. Runner up in Show was the Stock Coat Challenge female. A bitch of very pleasing type and unfortunately presented in very out of coat condition today. Such was her quality that she was able to take out this high award. A lovely female.

The colour and pigment of most of the animals presented today was very good. Some richly pigmented sables were presented. Some animals were presented out of coat and some a little too heavy for the ring. All challenge and reserves were of very high quality. Many dogs were critiqued with deep hind angulation and this is something that is common in the breed now. Care needs to be taken when breeding to ensure that the balance of the hindquarter takes a high priority in choice of stud dog and breeding females. It was pleasing to note that all animals exhibited in the show today were within the correct size as stated in the standard.

A couple of animals were slightly reserved in the ring and like the rear angulations, character must always be front of mind when choosing a compatible sire moving forward. The eye colour in general is good and the forehands were generally quite good on most exhibits.

Thank you to the team behind the scenes that made my day very enjoyable despite the inclement weather; Steve, my steward, my sister Nicky Jones for stepping in to steno, Lavina, Frank and Deb for the preparation prior and during the show. Also a huge thanks to the catering staff who looked after us all today. We can't run shows without the workers behind the scenes. Thanks to all of those people who assisted in making the show run smoothly. Best wishes to all of the exhibitors and club members.
