Hans-Juergen Neddermeyer - A Tribute.

Juergen Neddermeyer

Born 6.12.1930 – Braunschweig

Died 22.3.2017 -

Adelaide – aged 86

Sisters Inge (dec), Krista and Ute.

Can you imagine a very young teenage boy, together with his schoolboy mates wanting the bombs to come so that they could miss school for a couple of days or so? Or that same boy in February 1945, whilst visiting his aunt, seeing stark reality really hit home - not shifting rubble but dead bodies in that infamous and devastating bombing of Dresden where 35,000 – 135,000 were killed.

He never forgot the horrific sights that he witnessed.

This was Juergen!

After the end of WWII there was not much to do except shift rocks and rubble and I guess this is where this put him on the path to becoming a bricklayer. As travel opportunities were almost non-existent and whilst he missed out on work in South Africa, he did obtain a contract working on the coal stations in Morwell, Victoria, as a bricklayer.

However he very nearly didn't get here as he lost his passport. But it worked out in the end.

In 1952, with the blessing of his family, Juergen caught a boat from Italy to come to Australia and begin work at Morwell. Six months later, he was told that there was no more work at Morwell and he could go back home or travel around Australia. So, six young German twenty two year olds bought motor bikes and with a huge sense of adventure headed towards Adelaide. They headed for the Riverland area, but they had picked the wrong season, as the apricots were not due till summer. So, six young Germans camped on the local river and in true spirit they won everyone over, becoming handy men for the towns of the Riverland area. Three of these six men married Australian girls, including Juergen who with his wife Eve had a great time in Melbourne at the 1956 Olympics.

In the late 1950's he came to Adelaide and worked very hard on developing a contractor bricklayer business. Some of the buildings he helped erect were the Hilton Hotel, Lightsquare Car park, Union Street Car park and of course the Westfield Shopping Centre, Marion. In 1992 he decided this was too much hard work and set about building a house boat. He then ran a commercial hire business for the next 11

years. Juergen became an Australian citizen on January 18, 1962 and relinquished his German passport. An example of his canniness was that he was known in the business world as Hans but answered to Juergen in the dog world.

Juergen and his new wife, Joylene, had a great time living on the 7th floor of the roundhouse in Glenelg. In 1990 they became parents, with Martin arriving on the scene. In 1992 they shifted to Wentworth, where Juergen took up running a single houseboat once again. Juergens relationship with Joylene was very special – particularly to them.

He loved the Murray River and was enchanted by the changing scenery, blue skies, red cliffs and starry nights. He had a notorious reputation with motor vehicles, including being booked twice the same day by the same policeman. There are many stories about Juergen and his cars. And, of course, his love of cooking and eating was very well known.

Juergen had quite a number of die-hard, long term friendships with other Germans who had settled here, many with the German Club in South Australia.

Juergen's contribution to the German Shepherd world was astonishing. In the 2010 edition of the Golden Jubilee on page 634, as Editor, I stated the following: "There is no doubt whatsoever that Juergen Neddermeyer has been an absolute stalwart of the Council, almost from the very beginning.

Having spent 12 years from the early 1980's to the mid 1990's on the Executive with Juergen, at an extremely busy time of council's existence, I feel that I am more than qualified to comment. I always found that Juergen's practical, down to earth business sense was invaluable to the decision making processes of the Executive and the Council itself. His calm and easy going manner hid a sharp sense of reality and business acumen, which has been sadly missed since his departure from the Executive.

His willingness to assist the Council on almost any front for almost 40 years has been exemplary and at great personal cost. He has unflinchingly shown great generosity in looking after and paying for many expenses with regards to looking after overseas visiting judges, both pre and post shows.

I have been personally advised by many SV judges that they consider Juergen to be one of the finest people they have come across in their travels throughout the world for his generous hospitality, his friendliness, good humour and high regard for the GSD. The GSDCA is very soundly, very firmly in Juergen's debt for all of the services he has so willingly and faithfully provided since the late 1960's, as outlined in the Excellent Select section."

Consequently, Juergen's service was formally recognised by the SV with a presentation in June 2007, with a Significant Achievement Award from the SV presented by Schweikert in Adelaide at the South Australian Championship Show. His son Martin read a lovely tribute to Juergen, written by Mr Louis Donald (page 634 Golden Jubilee), which ended with the following:

"No-one in the German Shepherd Dog sport in Australia is more deserving of the award bestowed upon him today in recognition of Juergen's determination, his unselfish work, his single minded purpose, his vision and finally his total dedication to the breed".

Mr L C Donald

Juergen showed a genuine care, love and support for his son Martin. As Martin has told us, he took great interest in everything that he did. Juergen was very proud of not only the achievements, but the young man that he has grown up to be, something which was enhanced by Martin's eulogy to his father at the funeral service.

In his later years, Juergen received great support, friendship and the companionship of Helga. Going to the market, the German butcher, playing bowls, attending dog shows and holidays was a routine that they really loved. Helga, your support was truly appreciated by everyone.

An indication of what the German's really thought of Juergen is expressed by Frank Goldlust and Suzanne Reimann who have reiterated messages sent to Frau Kaspar on the death of Gunther - "we should not be sad that we have lost him, we should be glad we have had him".

Loved and respected by all that knew him – a true gentleman – who will be sadly missed and will be forever in our hearts.

May he Rest in Peace.

James Rodger

A Tribute: Thomas Roger Luxton Esquire

Dear Ginnie, Julia, Andrew, and friends, it is an honour to be here with you all today to celebrate the well lived, long life of Tom Luxton.

On behalf of the German Shepherd Dog Club of Victoria and the German Shepherd Dog Council of Australia it is my pleasure to give you all an insight into Tom's lifelong passion and love of our chosen breed: the German Shepherd Dog.

Tom has always been an integral member of the German Shepherd Dog fraternity.

His grandfather, Mr. H D Luxton was the first President of the GSDCV, when the Club formed in 1929, 88 years ago! Tom himself was a club member for the past 60 years.

As we have already heard, Tom's success and life in business prevented him from playing a prominent, upfront role for the club, but nevertheless this did not stop him playing a significant role in promoting and or developing the GSD in Australia. He was a Club Obedience Instructor for more than 10 years, willingly assisting fellow members during times of hardship and or difficulties.

The GSDCV recognised Tom's service and significant contribution to the breed and Club and awarded him Life Membership.

It must be noted that Tom's role in the lifting of the infamous import ban on German Shepherds was pivotal. He put to work his skills and worked on producing an independent, unbiased and objective scientific opinion as to the attributes and virtues of the German Shepherd Dog, as opposed to the emotional pleas for change by the fraternity that fell on the deaf ears of government and or the commonly held view by those who opposed such a move that believed "the Alsatian" (as was better known in those times) was a potential super sheep "killer".

His approach saw him gather worldwide credible scientific opinion that included both local and USA based associations for the blind, researchers at various universities and internationally recognised geneticists and dog trainers.

This resulted in a scientifically based report that was presented to the politicians of the day, who upon considering its contents saw the government of the day lift the ban, for a trial period of one year.

The ban, much to the jubilation of the fraternity was permanently lifted a year later.

In recognition of these efforts to lift the ban, the German Shepherd Dog Council of Australia, awarded Tom, Professor Rolf Beilhartz and Dr Wright at the 1989 Main Breed Show at KCC Park, a suitably inscribed pewter mug, with a Main Breed Show Excellent Select medal (our highest show accolade) attached to the mug, epitomizing the significance of their combined effort.

Tom was also awarded at this same event: the GSDCA Service Award for Outstanding and Meritorious Service.

Another project that was enthusiastically driven by Tom was the creation and founding of the Kamarn Breeders Foundation in the early 1970's, which bred approximately 800 German Shepherd puppies under the Kamarn prefix, all bred for the specific purpose of going to work in a variety of community services which included the Police, Customs, Armed Forces and Guide Dogs for the Blind.

Despite its success, the Federal government decided to cease funding this organisation in the early 1980's and the Foundation folded. Tom always considered this a retrograde and not cost effective decision by Government.

Undoubtedly, Kamarn was successful in bringing to the fore the utility of the German Shepherd Dog as a multi-disciplined working dog that could serve the community. Not only were Kamarn dogs employed as service dogs, but were also introduced into the Australian guide

dog scene. The Kamarn mission and its success in fact helped dispel the community's prejudice against our breed and helped make the breed more popular. It was a strategic milestone that once realised, dispelled the misguided prejudices against the German Shepherd Dog at that time.

The GSDCA initial discussion regarding the implementation of Hip Dysplasia screening scheme in 1978 saw Tom heading a committee in 1982 to put in place the GSDCA HD scheme. His personal relationship with Dr Roger Lavelle, Melbourne University and the renowned geneticist Dr Malcolm Willis, UK saw the scheme as proposed adopted. An incredible achievement at that time!

In conjunction with the Kamarn project and an offshoot of its testing German Shepherd dogs for their suitability for work, Tom put an enormous effort on behalf of the Council into a program called "TIC" – Temperament, Instinct and Character which was based on the Kamarn experience and the Fortunate Field program which bred service dogs. Despite his passion and drive, along with many other idealists who also contributed for this to be implemented, the Member Clubs of GSDCA by a majority vote did not adopt this program. Tom was philosophical about this outcome and noted the fact that despite the Council introducing many ground breaking initiatives it was still a work in progress: as borne by the fact the Council recently adopted a character test offered to members on a voluntary basis nearly 30 years after TIC was first proposed.

Tom, as a very successful businessman, had skills that were of great use to his own Club and the Council. He was a gentleman, respected, well connected with widespread and invaluable political and business contacts throughout Australia.

His approach was always with respect, well considered and practical.

These attributes made any counsel as given by him easily understood and appreciated by all those who worked with him. Importantly, up until his untimely death he was still working for our breed and engaged in researching a discussion paper regarding the matter of 'Schutzhund / Dogsport' and its likely effect if introduced into Australia.

Tom owned a large number of German Shepherds throughout the years. In the late 1980's he purchased a New Zealand dog that proved to be both an excellent show and stud dog. This of course was the famous "Quincito Awol". "Buddy", as he was known, had an excellent show career over a number of years. The love and admiration he had for this dog saw him produce a lasting tribute to "Buddy": a breathtaking, colour video of "Buddy" at work and play, that will serve as an educational tool for future generations of fanciers of the breed.

At about this time, Tom developed a very strong friendship with the world famous tennis champion, Ivan Lendl. He provided a number of Australian bred German Shepherd dogs to Ivan, a devoted and committed German Shepherd Dog enthusiast. This relationship was also highlighted in the main stream media thereby providing further invaluable promotion of the GSD!

EVENT calendar

Traditionally the role of patron of the GSDCV was held by the Chief Commissioner of Police, Victoria Police. The Club broke with tradition when Chief Commissioner Mick Miller retired some twenty years ago and Tom accepted the role of Patron. Tom's business acumen, personal qualities, dedication to the German Shepherd Dog and the high esteem he was held in by the membership saw the German Shepherd Dog Club of Victoria well served by their new Patron.

Like all of us who pursue a lifelong passion (some call it an obsession), it cannot be undertaken alone: Tom has always been loyally and faithfully supported by his lovely wife Ginnie, who also has much love and passion for our breed. He had high regard for and was a very close friend, confidant and mentor of Anita Pettenhofer and Jenny Yuen.

Tom, by his numerous initiatives and sustained work over many years is one of a handful who has played, in a time of much prejudice against the breed and within a hostile Kennel Club environment, a definitive role in the welfare, development and acceptance of the German Shepherd Dog in Australia.

The GSD fraternity has lost one of its most respected, idealistic and loyal workers for the breed.

He will be missed but not forgotten.

Rest in Peace our dear friend.

PRESIDENT'S report

The recent passing of Juergen Neddermeyer and Tom Luxton has seen the fraternity lose two of its most respected members. It cannot be understated that both of them played a significant and sustained role in the betterment of the German Shepherd Dog in this country and through their vision, ideals and hard work, laid a firm

foundation for the GSDCA to continue to build upon. Features of this edition are the tributes that celebrate their lives and the invaluable contribution they have both made to the Council. I again, on behalf of the council, express our sincere condolences to Joylene and Martin Neddermeyer and family and Ginnie Luxton and family.

This edition is dedicated to the 45th GSDCA National GSD Show & Trial which was hosted on behalf of the Council by the German Shepherd Dog Club of Queensland (GSDCQ). This event is the annual feature of our organisation and allows the host to utilise its uniqueness to promote the GSD unlike any other event it may conduct. The GSDCQ must again be congratulated for its planning, attention to detail and full utilisation of the opportunity to promote the breed in Queensland and conduct a most memorable event. The GSDCQ, as one of the smaller Member Clubs, was able to harness the enthusiasm of its membership to be part of a national event and make use of many members of other Clubs and the GSDCA Executive to ensure success. Sharon Ballantyne as GSDCQ President and her dedicated team are again thanked by all of us who attended for their welcome and conducting a great event.

The social aspect of the event was this year enhanced by the layout of the grounds that saw the permanent umbrella's break the row of hire tents- this encouraged far more interaction between all of us and set a festival like atmosphere over the weekend. The other initiative saw the 'Variety Review' held on Saturday night. The stand out act was from the musical 'Chicago' with the song which stays in your head "You had it coming" performed by GSDCQ and the surreal 'Bo Peep and her Sheep' as performed by our friends from New Zealand. It is hoped that what was previously a feature of the GSDCA Main Breed Exhibition for many years, will now be repeated at future Nationals with all Clubs participating. Well done and thank you to all who participated!

It must also be noted the manner in which the exhibitors conducted themselves was again praised by our panel of judges: unlike Europe, our culture sees us embrace decisions in a sportslike manner and this added to the atmosphere of the show and trial. A noteworthy milestone was the presentation of the first LSC Sires Progeny group: the LSC variety has only been allowed to be shown since 2012. The LSC entry was 25% of the total entry and high in quality as evidenced by the fact that Eroica Kennels (SA) won the Breeders Group and were awarded the Sam Bonifacio Memorial

Plaque for best performing kennel in show. A great achievement!

The event was not only truly national but international as well, with a large number of enthusiasts from New Zealand making the annual pilgrimage supplemented by visitors or handlers from Germany and Malaysia attending.

We now look forward to next year when the German Shepherd Dog Club of SA hosts the 46th National GSD Show & Trial event which will be held on 28th, 29th & 30th April 2018 in Adelaide. I urge you all to plan to enter and attend this prestigious event.

In the coming months there will be much consideration of matters as discussed at the 1st GSDCA - WUSV Meeting, 3 June 2017. This meeting saw all Member Clubs represented by their club President and another club delegate as decided by each Club. Mr Louis Donald, WUSV Continental Director for Oceania presented a detailed but clear WUSV position to our Council regarding a wide ranging number of matters pertaining to IPO (international Working Test) / Dogsport and WUSV Harmonisation- (worldwide standardisation of GSD breeding practises, showing and trialling).

The proposals, as put to the meeting, were then discussed at the Special Meeting of the Council held the following day. The outcomes from this meeting will be discussed at your Member Clubs and decided at the GSDCA Special General Meeting to held on 28th July 2017. I urge you to please inform yourself of what has been proposed and attend the designated meetings of your Club to discuss and decide on matters as put to you in order that your Clubs view is as representative as possible.

It is extremely important that members participate in the decision making process. The recommendations as made call for significant change, so your informed involvement is crucial to what will be decided regarding the future operations and welfare of the GSD and GSDCA respectively.

It is also important that the Leadership Group that attended these meetings are focussed on promoting a proactive path that is founded on idealism, in that our model of operation has always been based on that of the SV / WUSV and have in principle agreed to the following.

At a meeting of the GSDCA Executive and Presidents of all Member Clubs held in Melbourne 4th June 2017, it was unanimously agreed that the GSDCA in principle supports the objectives of the WUSV Breed Harmonisation Programme and that it will, to the best of its endeavours, work towards the compliance of those stated objectives.

As always I am happy to be contacted on any matter.

Vince Tantara

President 0402 145 184

Editorial

Welcome to our special National Edition of the Quarterly National Review, providing a complete coverage of the 45th National Show and Trial, including all results and critiques, images, major trophy winners, Breeders Groups, Sires Progeny, Junior Showmanship and GSDCA Service Awards. It is a record of the event in its entirety.

We have also dedicated this edition to both Juergen Neddermeyer and Tom Luxton, two gentlemen who were instrumental and influential in the early years of the German Shepherd Dog in Australia, in setting up the GSDCA national structure and in lifting the import ban. We are indebted to them both. It is fitting that Juergen and Tom share the spotlight this edition with the top dogs of the current day and our showcase national event, as they laid the groundwork and contributed significantly to the successful GSD fraternity and sport we all enjoy today.

The GSDCQ hosted the National Show and Trial, and they did an amazing job, presenting a terrific event that everyone who made the trip enjoyed, no matter how far they travelled. All those who feature in this edition, having taken part, will agree. As this edition showcases all aspects of the event, this requires a huge team effort, both before, during and after the show to put together. Thankyou to Qld secretary Di Ballantyne for co ordinating all the information required for submission, both in planning and following the show. Show secretary Mandy Scrivens did an almighty job to prepare and format the critiques, following provision by the hard working steno's and Gail Donald provided photos and information. Thankyou to official photographer Cathy Shayler and her team of photographers who provided a significant amount of the images for exhibits contained within. Robyn Knuckey provided the Breeder Groups report and thanks to Mel Groth for the comprehensive Sires Progeny report. Tail charts are prepared by Steve Collins. Thankyou to Val Moody for ensuring all service award information was complete and to Honey Gross Richardson for translating the judge's summations. Thankyou to those who submitted photos of their animals and special thanks to those who contributed with advertising.

Always a highlight of the National is the recognition and presentation of the Outstanding Canine Service Award, and this year the presentation to Police Dog Quinn and his handler Snr Sgt Sean Baxendell came with great media publicity in Qld, a testament to the significance of National Council recognising the efforts of dogs such as Quinn in their service to the community. The presence of our Patron Dawn Fraser at the show provides a real lift to everyone, and we are appreciative of her sincere interest in our events, along with the tales she tells of her own GSD's!.

So National number 45 is over, and we now set our sights on Adelaide in April 2018 for number 46. We wish them the best of luck in their planning, they have a high bar to reach to follow the great event that the GSDCQ presented.

Enjoy our review of the 2017 National.

Cheers,

Jacinta

GSDCA Judges Committee Report

Just a short update since the GSDCA AGM in February 2017. We have a new addition to the GSDCA Specialist Judges Extension Course, Ms Jess Kada from New South Wales. At the time of writing this report, Jess is flying to New Zealand for her first championship show judging appointment. Jess, as a younger member of our sport is a very welcome member of the team to take our breed into the future.

I commend to all clubs to give our newer judges the opportunity to judge, to be able to develop their skills as a judge. It is a practical skill and it takes time to develop the confidence and methodology as a judge.

Another newer member of the team, Mrs Jenny DeLucia from South Australia, has had two judging appointments close together in SA and WA. This has been invaluable for Jenny helping develop her skills and confidence using different mentors and putting into practice feedback from the first appointment.

At the GSDCA National in May, Ms Sharon Ballantyne was awarded her GSDCA Specialist Judge's pin and Certificate, as she had completed all the requirements of the course. Sharon was the first participant in the Judges Scheme to complete the final assessment when judging. There are two assessors that provide feedback and provide a pass/fail verdict. This has been put in place to support judges with meaningful feedback on ring craft and decisions to assist with their learning and development.

The only other participant in the Extension Course is Mr Salvatore Pittelli. Salvatore is waiting to have a judging appointment so he can complete his final assessment.

We have a number of members of clubs completing group 5 or GSDs only as trainees in the ANKC system. Once they have completed their ANKC license, then can apply to join the GSDCA Special Judges Extension Course. These members are Nicky McDermott (Victoria), Kurt Morton (NSW) and Andrew O'Loughlin (South Australia).

We are looking at a revamped NBC weekend in July, with one day of meetings for administration and the second day to be a series of workshops and presentations to develop skills and improve consistency with all judges. I will be working closely with Mel Groth and Vince Tantaró to finalise these workshops. These are being developed in response to feedback received from Clubs and Members from the Breed Forum last year. I have really appreciated Mel's enthusiasm and ideas to make this a more meaningful experience for all who attend these meetings.

To close, I would like to congratulate the GSDCQ on the GSDCA National. The show had a great atmosphere and was well run. This is a small club, with a small band of hard working members that achieved a fantastic result. Well done to Sharon Ballantyne and her club.

Robyn Knuckey

GSDCA Judges' Committee Chair

INTRODUCING our judges

Conformation Judges

**HERR FRANK GOLDLUST -
(SV) GERMANY**

**JUDGING ALL LONG STOCK COAT
DOGS & LONG STOCK BITCHES &
ALL STOCK COAT DOGS**

Herr Frank Goldlust was born in 1957, and was a civil servant at the Free University of Berlin and is now retired. His love of the German Shepherd Dog began in 1970 when he joined the SV. He has bred more 100 litters under the 'vom Frankengold' Kennel prefix. He has trained and shown many excellent graded animals at SV Sieger Shows. To date he has bred and or owned six VA bitches and one VA dog. He has been a breed warden since 1978 and became an SV Judge in 1989. He was appointed as a breed surveyor in 1996. He has judged the SV Sieger Show in 1997, 2001, 2002, 2009 and 2013. To date he has judged more than 250 shows throughout the world, many of which have been Sieger Shows. He has been to Australia judging in Sydney, in Melbourne in 2010, where he judged all dogs at the 38th GSDCA National GSD Show and Trial and in Canberra 2014, where he judged Stock Coat Bitches at the 42nd GSDCA National GSD Show & Trial.

**HERR JOACHIM STIEGLER -
(SV) GERMANY**

**JUDGING ALL STOCK COAT
BITCHES**

Herr Joachim Stiegler was born in 1952, is married, has three children and is an electrical technician. His love of the German Shepherd Dog began in 1964 when he joined the SV. He has bred 100 litters under the 'vom Stieglerhof' kennel prefix and together with his wife they have trained numerous working dogs, with many of his dogs taking part in the Sieger Shows and SV Working Dog Trial Championships with the highlight being having bred and owned the Sieger at the 1983 DDR Sieger Show. He has been a breed tattoo/ID officer since 1970 and became an SV Breed judge in 1995. In 1998 he was appointed as a Breed Surveyor and in 2002 appointed as Landesgruppe Breed Warden. He has judged the SV Sieger Show in 2004, 2007 and 2012 and to date judged at 39 Sieger Shows throughout the world. He has been to Australia judging in Melbourne twice, his last visit being 2014 when he judged Stock Dog Dogs and all Long Stock Coats at the 42nd GSDCA National GSD Show & Trial.

Obedience Judges

**MR WILLIAM "Bill"
PATTERSON - QLD**

**JUDGING OBEDIENCE -
UTILITY & UDX DOG & BITCH**

Bill Patterson, came to Australia in 1973, is married with two grown children and three grandchildren. Bill has been heavily involved in the dog world, through obedience, since 1974. He lived in N.S.W. for seven years where he successfully trained and trialed three dogs to Utility Dog level, as well as gaining Show Championship with his first dog. Both of these dogs were Golden Retrievers. As well as another Golden Retriever, Bill has also trained Border Collies and a Jack Russell, Base, who gained his OC Title and Queensland Dog of the Year in 2003. His current Border Collie gained his Grand Champion in obedience and UD Dog of the Year (2012). He has now taken on the challenge of two new puppies, a British Bulldog and a French Bulldog. A founding member of the Jimboomba Dog Obedience Club, Bill held various positions and was rewarded for his work with a life membership. Bill holds a Senior Judges Licence for Obedience, Agility, Rally-O and Tracking. He is a member of Dogs Queensland Obedience Dog Committee and is a Life Member of Dogs Queensland. Over the years Bill has organised several successful courses for members of Dogs Queensland.

INTRODUCING our judges

Junior Showmanship

MRS BARBARA MURFET - QLD

JUDGING OBEDIENCE - OPEN DOG & BITCH

Barbara Murfet is an Obedience, Rally O, Agility and DWD Judge with international experience. She has been a member of Dogs Queensland since 1976 and appointed as Councillor in 2007. She was elected Director in 2013 and again in 2015 and committed to continuing to represent and serve our members and promote the sporting disciplines. In 2009, Barbara was invited to be the ANKC Chairperson of the Dances With Dogs National Committee and continues to hold that position. Barbara is also the Dogs Queensland representative on the ANKC National Obedience, Rally Obedience, Track and Search, Tracking and Endurance Committee. In 1989, she gained her UD Licence and since then has continued to be involved in Judge's Training. In that time, she has judged many National Trials including a couple of German Shepherd Dog National Obedience Trials. Barbara has recently judged and conducted Judges training in Singapore and Malaysia. Over the many years, she has shown and trialed Irish, English and Gordon Setters and Cavalier King Charles Spaniels. Barbara is very much looking forward to judging the Open Obedience Class at the German Shepherd Dog National in 2017 and wishes the competitors the very best of luck.

MRS CORAL PETHERS - QLD

JUDGING OBEDIENCE - CCD, NOVICE DOG & BITCH

Coral has been a senior Obedience Judge since 2004 and a Tracking Judge since 2005 as well as being a Foundation Judge in Rally Obedience, Track & Search and Dances With Dogs. During that time, judging at the Brisbane Royal on several occasions as well as all over Queensland and northern New South Wales. She has also had the opportunity to judge in Melbourne, Perth, Malaysia and at the Sydney Royal in April 2017. As well as judging, since 1980, she has enjoyed competing with her dogs in Obedience, Rally Obedience, Tracking and Dances With Dogs. This has mainly been with her German Shepherds until the recent addition of a Papillon. Barbara is the Queensland Representative for Dances With Dogs, the Chair of Judges Training for DWD, Tracking and Track & Search and on the training panel for Obedience in Queensland. Her involvement in the dog world has spanned many years and Barbara particularly enjoys judging the German Shepherd Dog as they have been such an enjoyable part of her life since becoming a young adult.

MS JESSICA KADA - NSW

JUDGING JUNIOR SHOWMANSHIP

Jessica's involvement in the German Shepherd Dog began at a very early age, being born into a family who have bred & exhibited GSD's for over 30 years. Her first appearance in the show ring was in Junior Showmanship (Child Handlers as it was then known) at the age of six years with her first dog Quatorze Chartreuse, aka Miki. Since then she has had the privilege of handling many top quality imported and Australian Bred dogs including Best In Show and Group Winners. Jessica has also had the privilege of handling at the German Sieger Show in Ulm in 2009 and the British Sieger Show. She spends all her free time showing and breeding German Shepherds under the kennel prefix "Jaknell". She is very passionate about breeding the best quality animal, that are sound in body and mind. Jessica's most recent success has been CH. Jaknell Coz I'm TNT 'AZ' who is consistently performing well in the speciality ring at the highest level. Jessica has completed her Judges Licence and completed the ANKC Championship Show Licence to judge GSD's. She is very much looking forward to now entering the GSDCA extension course. Jess enjoyed judging the Junior Showmanship classes at the 2017 National Show and Trial, and thanks the GSDCQ and the GSDCA for the appointment.

CONFORMATION CLASS summations

Herr Frank Goldlust (SV)

Judged all Long Stock Coat classes and all Stock Coat Dog classes

After 2010 in Melbourne and 2014 in Canberra, I again had the great honour this year, to judge, together with my fellow Judge, Joachim Stiegler, the 2017 NATIONAL on the 19th, 20th and 21st of May in Brisbane/ Queensland.

Of course I very gladly accepted this invitation, after all, the National in Australia along with the Siegerschau in Argentina, Italy, Russia, China and South Africa and naturally in the motherland of the breed, Germany, counts as one of the absolute highlights in the career of every judge.

I have known the Australian German Shepherd Dog aficionados for many years and admire the enthusiasm and the great expertise of the Australian breeders, it is not easy with the enormous distances, and also far distant from the motherland of the GSD, to breed so many German Shepherd Dogs of good quality.

This is surely only possible when these breeders and exhibitors are also supported by a well functioning association and executive in their work.

I am also impressed by their Survey System, and the Australian Breed Survey Book is here setting worldwide yardsticks and I do not exclude Germany from this either.

In this most assuredly Joylene Neddermeyer with her great expertise and her diligent hard work has acquired great merit.

Very impressive for me, is also your Council Magazine which reports very informatively on all areas of breeding and training of our dogs, and as well as for the experts; so also for new folks, is extremely worth reading.

In the importing of stud dogs also, the Australian Breeders have often evidenced intuitive flair in the past and shown, that also apart from the in Germany highly awarded stud dogs, there are definitely dogs with potential as prepotent sires.

Here I spontaneously think of names like Iwan vom Lechtal and Kwint vom Juerikstall but of course there are also others that could be named.

Even more important than the stud dogs however, are good bitches with consolidated mother lines, and I very much like to think back to the, in quality, most impressive Open Class Bitches which I was privileged to be judging in Canberra, in 2014.

This year's National was again extremely well organized, outstanding show grounds with two large rings and generous further grounds nearby were available.

Everything was perfect, including a splendid Welcome-evening with a great entertainment-programme, I wouldn't know what one could criticise.

I congratulate the German Shepherd Dog Club of Queensland on this excellent event, here I would like to especially mention Sharon Ballantyne who with her calm, discerning manner has surely contributed to this so that one would feel completely comfortable and at ease.

Now to the most important players: Our dogs.

This year I had the assignment to judge all Dog Classes and all Long Stock Coat Classes.

On this I note the following:

1. It was from my point of view an absolutely right decision, that the adjudicating judges should be able to get an impression of the progeny of the dogs.
2. In nearly all classes there were very good individual animals, where the Open Dog Class was certainly the best class, which also is definitely desirable.
3. Just as in Germany, in Australia too, the long stock coated Shepherd Dogs are enjoying a growing popularity.
Here too, the quality was very good, and I noticed time and again, that in this coat variety there are many that are very well pigmented and with outstanding mask formation.
4. The following matters should be given greater attention in future:
 - a) Soft, in part large and also wide or low set ears, inward constricted ears.
For the breed-typical expression of our dogs, Correct Ears are of enormous importance.
 - b) The eye colour of our dogs must be given more consideration, the eye colour needed to be criticised not only in individual cases.
 - c) In the younger classes especially, the correctness of the front-lines needed to be faulted in more than some individual cases.

The sporting manner of exhibiting I would like to specifically mention, and I would like to thank all players concerned, as this makes the judging so much easier.

I would also like to thank Louis Donald, who has been kind enough to take on the dentition and testicle check, as well as my personal ring steward, John Fenner, who in his calm and prudent manner has supported me greatly and also my ring-secretary, Margaret Barnes must not go without mention, she wrote with great speed, for this too, I wish to express my heartfelt thanks.

Quite personally I would also like to thank Vince and Fran Tantaró heartily for their good care of us during our entire stay, Australia was, as always worth the journey.

For the future I wish the Australian German Shepherd Dog lovers all the best, stay on your course, you are well on track.

Kindest regards,

Frank Goldlust

Herr Joachim Stiegler (SV)

Judged all Stock Coat Bitch classes

After several judging appointments in Australia, I was again invited as judge for the largest nation- wide show in Australia, to the National in Brisbane. This I consider to be a great honour.

It is enjoyable to judge in Australia, as everything is always very well organized and the exhibitors are disciplined and the dogs are exhibited in a sportsmanlike fair manner. Also all helpers in the ring facilitate the judge's calm, objective adjudications. This is unfortunately not seen as a matter of course in all countries. Australia is exemplary in this respect. This I have also clearly expressed in conversations with the President, Vince Tantaro, and the WUSV Continental Director Oceania, Louis Donald.

I wish to express a huge thank you for the perfect organisation and the hospitality extended, representative to Sharon and Diane Ballantyne.

After having the pleasure of judging the dogs 2014 in Canberra, I this time, judged the bitches. The entries in all classes were not only in quantity, but also in respect to quality, very good.

In the 3-6 month class, 19 bitches were exhibited. All received the grading of "Very Promising". I especially liked the first 6 bitches.

In the "Minor Puppy Class" I was able to award 20 x Very Promising, 2 x Promising and 1 x Less Promising.

The Puppy Class was of very good quality in all of the 20 bitches.

The Junior Class was for me, quality wise, the strongest class. All bitches received the highest grading V.G. The two first placed bitches were of superior quality and exhibited an outstanding presentation.

The 29 Intermediate Bitches were of varied quality and presentation. Some bitches had restrictions in the firmness of ears, the colour of eyes, and in character.

The Open Class was of 37 bitches of very good anatomical quality, without exception, so that I was able to award the highest grading of "Excellent" to all. Here and there, light eyes and very large bitches were to be noted. The first 6 bitches dominated the class of Breeding Bitches in their anatomy as well as in their presentation.

I hope that in my method of judging I have been able to give the breeders advice for their further actions, and that my counsel will bring success for breeding.

I wish all friends of the German Shepherd Dog overall much joy in their time spent with, and breeding, of our dogs.

Joachim Stiegler

Thank you to Honey Gross-Richardson (GSDCA Interpreter) for her translations of our judge's summation reports.

Steps correct going elbows should be a little firmer. He shows good movement, forehand reach should be a little more free.

JUNIOR showmanship

2017 National Show & Trial Junior Handler Competition

Judge - Jessica Kada (NSW)

We had two age groups being judged this year in Queensland. The handlers were each judged upon a number of important factors applicable to handling including:

- Rapport between handler & dog
- Control of the lead
- Voice Control & Communication with the dog
- Awareness of the dog & judge at all times
- Presentation of the dog in stance & movement
- Presentation of dog for Dentition Check
- Presentation of the dog in full view of the judge at all times
- Ability to answer simple questions by the judge

Ages 10-13 years

We had 4 Junior handlers compete in this age group. All handlers did a wonderful job controlling each of their individual dogs, supporting their dog and communicating with the judge.

Each of the handlers were very good in their voice control and communication with their dog, and the judge. Lead control was overall well done, some more practice for some of the younger handlers and more experience in the ring would certainly be beneficial.

The results for this age group were:

- 1 - Stephanie Jones
- 2 - Baylie Mercer
- 3 - Zach Bland
- 4 - Chloe Lahrs

I would like to congratulate each of the handlers, they received some lovely prizes and ribbons and we look forward to seeing them again at next years National in Adelaide.

Ages 13-18 years

This class was a large class of 6 junior handlers, and it was a very difficult class to judge as all the handlers were very talented. The decision in the end came down to only small things which separated the handlers throughout the individual process.

The handlers were asked to name particular points on the dog throughout the individual process. Some handlers were able to answer these questions quickly and accurately, whilst others were not sure on the answer. Lead control over all in the class was very good, and particular handlers were very good with communicating with their dog, encouraging and talking to their dog right throughout the class which is great to see.

The results for this age group were:

- 1 - Trinity Jones
- 2 - Brooke Holloway
- 3 - Amber Phillis
- 4 - Megan King
- 5 - Jacinta Ens
- 6 - Tahlia Presley

Congratulations to all the handlers in this age group. I know most of these handlers already handle at our specialty shows, and I encourage them to continue to handle at every opportunity they are presented with and to continue to watch our older handlers in the ring at shows to improve their skills.

I very much enjoyed judging the Junior Handler competition this year and would like to thank the German Shepherd Dog Club of QLD for the appointment. I would also like to congratulate the club on providing such wonderful prizes for each of the handlers, they really were fantastic.

In moving forward I would encourage all handlers to continue handling, keep practicing and above all enjoy our wonderful breed

Jessica Kada

JUNIOR showmanship

Junior Handlers

This year at the 45th National Show & Trial, 10 of our up and coming youth handlers from around the country competed in 2 age groups in the annual junior handlers competition.

This year the competition was judged by up and coming judge Jess Kada (NSW).

The GSDCA and all associated clubs congratulate everyone and would also like to thank all the youth of the GSD community in Australia for being interested in the breed and interested in handling. The youth are the breeders, exhibitors and committees of the future and are vital to keeping the breed strong in Australia.

THANK YOU

Summary of the 2017 GSDCA National German Shepherd Dog Show & Trial

The 2017 National has been and gone and what a National it was. The Queensland Club has received many compliments and positive feedback from our exhibitors, spectators, our distinguished guests, even our Judges were sincerely thankful of our hospitality. As a small Club in comparison to some of our sister Clubs, it was very pleasing to hear such genuine heartfelt comments from all who attended. Once again on behalf of the Management Committee, National Committee, and members of the GSDCQ our sincere thanks to our German SV Conformation Judges Herr Frank Goldlust and Herr Joachim Stiegler and our local Queensland Obedience Judges Mr Bill Patterson, Mrs Barbara Murfet, Mrs Coral Pethers, and our Junior Handler Judge Ms Jess Kada (NSW) for their contribution and professionalism with the judging of their respective classes.

We kicked off the beginning of the show on the Thursday with the Meet n Greet which included a successful Breed Survey, Youth Master Class, Sausage Sizzle, the celebration of our Club's 60th birthday with Harold & Phil Ireland (foundation members) cutting the cake, and the Auction of the Black Hound Car Crate with the proceeds being donated to the Cancer Council. Exhibitors were also able to collect merchandise, catalogues and numbers.

Friday we had some light rain but this didn't dampen our spirits. The younger male and female classes were being judged with all Babies, Minors & Junior classes in both varieties completed. Friday Lunch break saw our up and coming young gun Junior Handlers competition for the various age groups. Congratulations to all who competed, the days end finishing at the Calamvale Hotel for the Presidents Dinner.

Saturday the sunshine beamed over the grounds (thankfully) and was our biggest day, perhaps some could say the highlight of the National weekend, with our Obedience Trial commencing along with the Sire's progeny, Breeders groups, and retirement lap of a national winner Freevale Crazy in Pink. The judging of the Puppy & Intermediate classes of both varieties and of course the Official Opening held during the lunch break. With the assistance of our amazing PR officer Annie Tamblyn we managed to secure the attendance of the Qld Minister for Police Mark Ryan, the acting Commissioner of Police Steven Gollschweski and acting Assistant Commissioner of Police Peter Fleming, and through our media releases we had the TV news channels 10, 9, 7 and ABC arrive, with 2 stations airing the presentation that evening on their news segments. The very special GSDCA Patron Dawn Fraser who attended as our special guest, as always was amazing with her involvement with the presentation of the GSDCA Service Award to Police Dog Quinn – Handled by Senior Sargent Sean Baxendell. Some very special GSDCA awards were also presented to Mr John DeLucia and Mrs Val Bonney for their contribution to GSDCA Council and the GSD. It didn't stop there, we also had the very talented vocalist Mr. Gregory Moore sing the Australian National Anthem. An award winning solo performance, thanks Greg. A minute silence was also had for friends of the breed Jurgen Neddermeyer and Tom Luxton who had recently passed away and who were well known and well-loved members of our fraternity. Saturday from 9.00am to 1.00pm we had local community radio station 101 FM doing a live broadcast from the grounds, Dawn Fraser and Louis Donald were interviewed and people from all over the world listened in via live streaming. Thanks to Rob Ballantyne for organising this. Continuing into the Saturday Night saw the main stage light up in the main clubhouse with the "PARTY NIGHT" with our band "Just Cruisin" and the State skits

provided much entertainment and many laughs for the 200 people who attended. The AAPT - Vari Crate, Deggs Voucher and special door prizes were also randomly won by those who attended. A great night was had amongst friends.

Sunday is the highlight for most show enthusiasts with the judging of the Open male and female classes in both varieties, and we also had another retiree in Friedental Bliss Fulicious. Exhibitors and handlers should be commended for the presentation of their dogs and the sportsmanship shown to each other. Our major Raffle was announced with 1st Prize \$1000 cash to Tony Merceica, 2nd prize Draught Horse painting (donated by Margaret Reidy) won by Edi Fearon and 3rd prize \$250 Bunnings voucher won by Kantenna Kennels, our special prize to the highest ticket seller was awarded to Judith and Irene Hayton. Big thank you to all who supported our fundraising efforts either through class sponsorship, raffles and attending the social functions. Our final goodbye was made at the trophy presentation with the awards to class winners in both conformation and obedience, and special memorial plaques presented (honour roll in the review) Thanks To Melanie Groth, Cristine Begbie, Terry and Pam Jarvis, Hillary Green, Ian & Julie Urie, Louis Donald and Vince Tantaró for your assistance with the presentations.

To our Major Sponsors Advance, Partners Engineering, Leaf Building Group, The Links Pet Centre, Aussie Animal Pet Travel, Fido's (Mavlab), Wagtails, Black Hound & small business owners, who contributed to the success of the show I sincerely thank you for your sponsorship & donations, they were gratefully received. Special mention to Robyn Knuckey who secured the class sponsorships.

I would also like to take this opportunity to thank our Show Manager and Dogs Qld Representative Norma Zimmerlee for her attendance and to our tireless workers including all ring officials who came from all parts of Australia to help the Qld Club. Special mention to Greg Jones and Jenny Kenworthy - you were amazing, thank you. To our Bar staff, and other helpers over the weekend Sarah Gordon, Raimond & Samantha Wharton, Ann Crawford, Naomi Ambrose, Karl & Sarah Maresh, Jocelyn & Megan King, Nathan Doyle, Paul Mathiesen, Deborah Murtagh and the canteen ladies Melissa Starkey and Denise Smith - a huge thank you to all. Our team of official photographer - Cathy Shayler and her crew, Jacinta Poole and Gail Donald also were sensational. Special mention and thanks also to Rod Vernon for having the grounds in pristine condition.

My biggest applause is for our amazing National Show Committee for their outstanding contribution to the success of the show, a small yet incredibly dedicated team who I had the pleasure of working with. Gail Donald, Mandy Scrivens, Di Ballantyne, Michelle Hammond, Shelley McCammon, Annie Tamblyn, Ann Clarkson, Carol O'Rourke & Sue Bruno - your experience, dedication, commitment and enthusiasm you brought to the table during the past 18 months was nothing short of inspirational. I was incredibly fortunate and felt very privileged to have had the opportunity to work alongside you all. Ultimately, we worked together, heading in the same direction with the same goals and aspirations, which was to create an enjoyable atmosphere for all who attended the 2017 National and showcase the German Shepherd Dog to the best we possibly could. I think we exceeded even our own expectations, well done "TEAM AWESOME" and Thank you.

Thank you to all our exhibitors and spectators for enjoying this special event with the GSDCQ. The 2017 National Facebook page has all results from the conformation, obedience, Junior Handlers classes and our major raffle prize winners.

Sharon Ballantyne

Ch. Friedental Bliss Fulcious AZ Excellent Merit E.T "Bliss"

Sire: Rico vd Kleinen Birke BSCL1 "a", ED normal, Excellent (Vegas du Haut Mansard)

Dam: Friedental Colas Karisma BSCL.1 Excellent (Orpheus vd Krauterwiese)

Owners: Natalie Humphries and Chris Gallacher

Bliss was whelped on 17th May 2010. It was a very good litter with 2 litter mates Friedental Party Withthebigdog and Friedental So What AZ being shown as well with excellent results.

Bliss has had a great show career with the highlights being:

- 2014 National Silver Medal winner in Canberra, Judge F Goldlust
- 2015 Bronze medal winner in Melbourne Judge, H Scheerer

Other highlights include:

- 2010 West Coast Challenge Baby in Show winner, Judge HP Knaul.
- 2012 Working Dog Club of WA Best In Show, Judge B Andersen (NZ)
- 2014 GSDAWA March Championship show RUBIS, Judge I Hussain (Pak)
- 2015 GSDAWA State Siegerin Exc merit, Judge B Knight
- 2015 West Coast Challenge Best In Show. Judge E Bosl (Gmy)
- 2015 GSDAWA Top Show Dog point score trophy
- 2015- Gained Endurance Test title

She has achieved numerous other WA members competition Best Bitch and GSDAWA point score trophies. Her Australian Champion title was gained with four 25 point challenges under specialist judges.

To date she has had 2 litters. Her litter to Seigen Suris Alfie resulted in 3 A & Z stamps and 2 breed surveyed progeny including to BSCL1 sons.

Her second litter to VA Labo v Schoweilher are only young but showing promise with 2 of her daughters winning their class at the 2017 GSDAWA SBE.

Bliss will be retired from the show ring this year, a litter is planned and she will then spend her days lying on my bed or the couch or wherever she pleases as she has earned it. For a small breeder/owner as myself she has given me everything I could have hoped for and more.

Many thanks go to her handlers over her show career, Candice Baker, Bronson Periera and Tracy Roberts.

Aust Champion Freevale Crazy In Pink "Ava"

Sire: Cayos von der Noriswand

Dam: Champion Freevale Crazy For Love

Owners: Miss Danni Mayne & Matt & Caryl Morris

Breeders: Matt & Caryl Morris

Show Highlights:

- Junior Bitch Winner 2009 GSDCA National
- Intermediate Bitch Winner 2010 GSDCA National
- Reserve Challenge Winner 2010 GSDCA National
- Multi Best In Show Winner All Breeds
- 3rd Open Bitch "Excellent Merit" NSW State Breed Exhibition 2010
- Best of Breed 2011 Sydney Royal
- Best in Show NSW GSDL under Jane Pike
- Best In Show GSDCV under Russell Wenham
- National Top 10 Open Bitch 2011 and 2012 GSDCA Nationals

Ava also has some very successful progeny to date being:

- Champion Freevale Crazy Oohla Pink
- Champion Freevale Crazier In Pink
- Avahlee Pink Legacy

We would like to thank the handlers of Ava over the years being Mel Groth, Kylie Zimmerle & Lyn Phillis, always showing our beautiful girl to her best, thank-you so very much.

Ava has been a joy to have and has given both owners countless years of love, her show career was very special for us with tears of joy shared with us all in the excitement of our Ava. Now we leave it to her beautiful daughters to carry on for her, at the lovely age of 9 and half years, Ava enjoys nothing more than being a very much loved companion for Danni. We hope our special lady will be around for many more years to come.

Thank-you Ava for bringing us some much joy and pride.

OBEDIENCE trial classes

Mrs Coral Pethers

Community Companion Dog and Companion Dog Class Obedience Judge

It was my pleasure to judge the Companion Dog Class and the Community Companion Dog Class in Obedience as well as being one of the judges for the Winner of Winners. These classes showcase the up and comers of the obedience world and it was very pleasing to see that many of the entries were also competing in the conformation show. This wonderful breed has always been one of the top working breeds across the world and to have dogs participating in both showing and obedience demonstrates that the breed is living up to its reputation of being an intelligent and hard-working dog. It was particularly exciting when my winner of the Companion Dog Class went on to take out the Winner of Winners as well as his class in the show. There is something quite magnificent watching a line of German Shepherds doing the group stays.

My congratulations must also go to the organisers of the event. As far as I was concerned everything went smoothly and organisers were always there to take care of any requirements. The friendship and sportsmanship demonstrated among the obedience competitors was a credit to those handlers. Well done all.

CDX (OPEN)

Judge: Mrs Barbara Murfet

As an ANKC Obedience Judge, to be invited to judge a National Obedience Competition is considered a great honour. To be invited to Judge an ANKC National German Shepherd Dog National Obedience competition and participate in Winner of Winners is very special. Thank you to all the organisers for the invitation.

This year, I judged the Open Class and although there were less numbers than previous years, the teams competing were great representatives of their class. Although not everyone qualified on the day, it was very evident that the handlers had worked hard to achieve the response from their dogs while competing. I wish all the competitors the best of luck for the future.

Thanks also go to all the stewards, managers and everyone who contributed to the success of the trial.

UD (UTILITY DOG)

Judge: Mr William Patterson

I had the honour of judging the two highest levels in dog obedience, Utility Dog and Utility Dog Excellent at the 45th GSDCA National German Shepherd Dog Show and Trial. It was an enormously satisfying experience to judge this breed.

It was my pleasure to award two well deserved passes, one in each ring. This did not reflect the high standard of the dogs and the professionalism of the handlers, there were quite a few hard luck stories. I believe one of my winners was the oldest competitor, proving that respect and loyalty between dog and handler is ageless. Not only did these dogs perform in the most challenging obedience rings, some also displayed the stamina and concentration required to perform in the show ring too. My congratulations to the organisers, Stewards, and handlers who all contributed towards a highly successful event.

GSDCA service awards

Val Bonney

Awarded GSDCA Service Award at 45th GSDCA National GSD Show & Trial

40 years ago, Val was the Deputy Director of Appeals & Fundraising for the Queensland Red Cross. After seven years with the Red Cross she took on a German Shepherd which her son brought home. He took it off a group of people who were mistreating it. The dog was so badly hurt it broke her heart. Holes in its side and burns all over. It took over three months for the dog to start healing. She asked her son to take the dog for some training, but at 18 he was too busy with girls, work etc., so she decided if it had to be done, she would be the one to do it. After working with this wonderful dog, she was converted and today remains a true German Shepherd devotee. During those

years Val has always owned a German Shepherd Dog, sometimes having four at a time. Three of them have reached the highest level of obedience, achieving their U.D. Titles and the others have all competed in agility and obedience, with one of them taking out the German Shepherd Agility Championship award. Val has been judging obedience trials for the past 35 years, and has received the honour of being accepted as a GSDCA Obedience Specialist Judge, and with that has judged and awarded GSDCA gradings in most States of Australia including the GSDCA National Restricted Obedience Trial.

For the past 20 years, Val has judged each year in Japan, and is an honorary speaker at the Queensland University. Val Bonney is considered one of the leading Dog Trainers in Australia and is highly regarded by the industry. She is well respected by veterinarians throughout Queensland for her caring informative attitude and for the assistance she gives without reservation to all who require it. Val is an accredited lecturer, and conducts courses for instructors for obedience clubs, gives talks to Rotary clubs and other community service areas. Val is experienced in all aspects of training, both here and overseas. She is the only lay person to be made a member of the West Virginian (USA) Police Canine Association having covered bomb detection, drug detection, agility, protection, tracking, and obedience under their direction in 1996. In 1998 Val and two of her trainers attended lectures in Hawaii, and Maui. Val delivered lectures on the Australian wild dog - the Dingo, at this conference to approximately 93 trainers in attendance from around the World. Radio talk back is also done every four weeks to radio stations in Spain and the U.K. (2011 to 2016) and is continuing into 2017.

A few years ago, Val started the German Shepherd Dog 'All Stars Demonstration Team.' This team in four years travelled all over Queensland and even as far as Cairns. They performed displays in the centre arenas of all the Agricultural Shows including the Brisbane Royal. Twelve German Shepherd Dogs all working together and in rhythm to some outstanding music was truly spectacular. They were a credit to the German Shepherd fraternity and one that the German Shepherd Dog Club of Queensland was proud to sponsor every year. It was a very happy team who trained religiously every week. They had four years together and are all still good friends. Val Bonney celebrated her 80th birthday last year but she is still out there training and promoting the breed – her dogs by her side. The German Shepherd Dog Club of Queensland salutes Val Bonney.

Jess Lynch
for services as the GSDCA Youth Officer.

John DeLucia
For services as the GSDCA Obedience Chair 2013-2017.

GSDCA service awards

The German Shepherd Dog Council of Australia (GSDCA) wishes to express our sincere appreciation to the many members of the German Shepherd Dog Club of the Northern Territory, that during its history (since 1977) as a Member Club of the GSDCA, has worked tirelessly to ensure that the German Shepherd Dog at all times is sound in body and mind and respected as an excellent ambassador of the breed.

Steve Jones

Awarded GSDCA Service Award at 45th GSDCA National GSD Show & Trial

Steve Jones has been a long time member of the German Shepherd Dog Club of the Northern Territory, joining in 1981, some 36 years ago.

He held the following positions within the Club:

- President
- Treasurer
- Obedience Instructor
- Tattoo Officer
- HD/ED Registrar
- Public Officer

and has been acknowledged for his efforts by receiving Life Membership of the GSDCNT.

Steve has bred under the FLASHBACK prefix, and has been a supporter of the GSDCA Breed Improvement Schemes.

Steve, along with Margaret Adams and Margaret Francis has been able to keep the focus on the GSDCNT and the German Shepherd Dog, to ensure that with the correct training the breed was always seen as a great ambassador for the breed.

The GSDCA wishes to acknowledge the long time commitment, work and effort by Steve with the promotion of not only the GSDC of NT but the German Shepherd Dog as a whole.

Margaret Adams

Awarded GSDCA Service Award at 45th GSDCA National GSD Show & Trial

Margaret Adams has been heavily involved with German Shepherd Dog Club of the Northern Territory and has held the position of Vice President and President since 2012.

Margaret during her time with Club has been a staunch supporter and a great advocate for the fundraising efforts required to help the Club, such as participating in:

- Bunnings BBQ,
- RSPCA Walks

Promotions of the GSDCNT with the Defence Force.

Margaret, over a number of years has been very active within the Club by encouraging others and always making herself available for training in obedience, agility etc.

Margaret has bred under the ZENTAMAR prefix, and has been a supporter of the GSDCA Breed Improvement Schemes.

Margaret, along with Steve Jones and Margaret Francis has been able to keep the focus on the GSDCNT and the German Shepherd Dog, to ensure that with the correct training the breed was always seen as a great ambassador for the breed.

The GSDCA is proud to acknowledge the commitment, work and effort by Margaret with the promotion of not only the GSDC of NT but the breed as a whole.

CANINE service awards

GSDCA Outstanding Canine Service Awards

Police Dog "Quinn" and Senior Sgt. Sean Baxendell

Quinn is a male German Shepherd Dog born in 2011 as part of the Queensland Police Service's Breeding program.

As an 8 week old pup Quinn commenced development for the ultimate goal of becoming a General Purpose police dog. At this early age he was showing a lot of promise and he was identified to represent the Qld Police Dog Squad's in puppy development and training on the hit TV show "Send in the Dogs".

At six months of age I was fortunate to be allocated Quinn and commenced pre course training. At twelve months of age Quinn commenced the official Police Dog Training Course at the Qld Police Dog Squad. This is quite unique as most dogs will not commence course until between 16 and 20 months of age.

During the course Quinn was filmed in the kid's educational TV show, "Totally Wild" and he subsequently passed the course with flying colours, being sworn into the Qld Police in 2012 and attached to Brisbane Dog Squad.

Quinn's role is that of a General Purpose (GP) dog, which has the primary role of tracking offenders and apprehending violent/armed persons. Quinn has demonstrated a very high standard of ability in this

field and has been responsible for a large number of arrests. It is not practical to list his GP achievements as with the majority of our operational dogs they have a lot of success. However to illustrate Quinn's effectiveness I have included a number of examples in varying environments.

1. Suspects committed two armed robberies before trying to escape in a stolen vehicle. Local police have attempted to apprehend the offenders however the offenders have rammed a number of police vehicles before escaping. The stolen vehicle was later located with suspects having decamped. The Police Helicopter Unit was immediately involved and two offenders were located and arrested by police. An extensive search commenced however three further suspects were not located by either officers searching on foot or by air support. Quinn was deployed into the area and over two hours has located the three remaining suspects. Two suspects were located in a make shift tunnel within flood water debris and the last within bushland. Quinn displayed extreme tenacity to work over an extended time period, during hot weather, working in and around distractions of people and helicopter in a high risk deployment.
2. A suspect wanted for stealing vehicles, property and committing burglaries of homes etc was intercepted by patrolling police but escaped into bushland and later swimming across a river in the Wynnum area, last seen in bushland. Quinn was deployed into the area and quickly located the suspect's scent. After a period of tracking, the offender was located submerged in mangrove mud and water completely invisible. Quinn displayed the ultimate courage by engaging the suspect resulting in protection of the handler and apprehension of the suspect for a huge array of offences.

In July 2013 Quinn's drive, tenacity and calm nature resulted in him being selected to be trained in Human Remains Detection (HRD). Quinn excelled throughout the HRD training with the Instructor specifically commenting that Quinn was the best HRD dog he had trained and made the prediction that Quinn would be successful in this field. As an example;

In December 2013 an international visitor went missing and an investigation was commenced. The Investigators soon identified three persons of interest but the investigation did not progress beyond a missing person investigation due lack of evidence (no crime scene or body). The three persons of interest were due to fly out of Australia on 19 December and Investigators contacted Brisbane Police Dog Squad to try a last ditch effort with a HRD dog. Quinn was deployed into the area in Algeester, searching acreage, residential and surrounding bushland. Quinn has narrowed his search down and then provided a positive indication (indicating the presence of a buried deceased person). Forensic and Investigators subsequently attended resulting in a body being located buried and confirmed as the missing person. The three

CANINE service awards

persons of interest were arrested prior to being able to escape overseas. The location of the body, although tragic for the family, allowed the victim's family closure including visiting the burial site.

Quinn provides HRD assistance throughout Queensland and has been involved with a large number of searches relating to missing persons and homicides in this State. Quinn also provides HRD capability on a National level and has deployed in Western Australia and Victoria. HRD searching can be very arduous especially when looking for buried remains and Quinn consistently shows tenacity even in unpleasant environments (such as Western Australia's extreme heat made worse by the hot sand).

There are currently four HRD dogs within the Qld Police Service. Quinn is the most experienced and successful and he is the only one out of these dogs that has been trained in other capabilities (the other three dogs do only HRD while Quinn does GP/HRD and Tactical).

In 2014 Quinn was selected to be one of 10 Queensland Police Dogs to be trained in Hard Tac (tactical training) aimed at operational support of G20. Quinn successfully completed the training and was one of four dogs selected to provide tactical support in Cairns in October 2014 to Financial Leaders summit (protecting dignitaries from around the world). Quinn later deployed in November 2014 at G20.

Quinn's successful completion of the tactical training and subsequent ability to work in high stress environments has seen him deploy with SERT (the tactical and anti terrorism Squad) on a number of occasions.

Quinn is a unique shepherd within the police service dogs due to him having three distinct roles (the majority have a single role while a few have two). Quinn has continually demonstrated a high level of ability in all his roles and as a service dog.

Quinn continues in his duties at the Queensland Police Dog Squad.

SES Dog Seigen Quintessential "Cade" and Michael Margot

As Cade's owner and trainer my tracking history goes back to the early 1990s when I got hooked on this sport with a German Shepherd Dog called Drum. Drum was not what you called a high drive dog; in fact he was anything but. The search was then on for my next dog.

Cade was born Seigen Quintessential on the 9th February 2003 and started his tracking at seven weeks of age and became the youngest German Shepherd in Australia to obtain his Tracking Dog title in 2003. He went on to obtain his Tracking Dog Excellent Title and Tracking Champion Title.

I joined the State Emergency Service of Western Australia. Cade and I then became members of the Stirling Unit (Tracker Dog Team). At that time the State Emergency Service Canine Section was undergoing changes where new strategies and operational standards were put into place. On the 18th May 2009 Cade passed his assessment with the State Emergency Service to become a graded dog and ready for callouts.

The following is an extract of an email I received from the police officer who graded Cade on his final assessment tracks.

"Yesterday, I assessed a trailing dog handled by Michael Margot on behalf of FESA. They have been developing a training program for some time which uses the scent discrimination style of tracking. The dog works on an individual scent, rather than ground disturbance.

If you imagine a bloodhound in a Hollywood film whereby the handler puts a scented bit of clothing to the dogs nose, you sort of get the idea. We had three tracks laid. They were laid on hard surfaces in a normal suburban street/s and incorporated 6 - 8 legs, all of which turned on hard surface. The first two were 800 metres long and 14 hours old (fourteen). The third track was 1km long and 6 hours old.

I don't think the handler would mind me pointing out that the first track didn't go to plan and the dog seemed not to switch on. The second and third tracks were done to perfection.

I'm sending this out as in the near future this dog will be available to WAPol and other agencies to assist with operational searches. The dog is oblivious to distractions and contamination and can obviously be an asset to us should the conditions not be favorable to our system of tracking.

(This only applies to missing persons, vulnerable persons etc. This doesn't apply to offenders!). As soon as I have notification that the dog is now operational, I shall let you all know.

Justin"

CANINE service awards

The following search incidents were taken from my personal FESA diary

1: This call out was for a missing 17-year-old male.

I received a call out at 1230hrs on 05/03/2010 from the SES Duty Officer but I was requested to first attend the Inspector's office at my place of work before heading off. The Inspector informed me that we would be searching for an absconder and would have armed police with us. Did we still want to go? The answer was yes.

We arrived at the given address in Gidgegannup and reported to the Sergeant who showed me where the scent item was located. Cade scented from a pair of thongs and we proceeded in a North Westerly direction with eight police officers in tow.

Cade was making good ground at a steady rate despite having to climb over four or five fences and deal with a large mob of kangaroos that were keeping a watchful eye on our approach.

I was placing reference points on my GPS when we came across footprints that confirmed the absconder's route. Over a distance of six km we came across two very clear and distinctive prints heading towards the North. We had continued on for a further kilometre when confirmation was received over the radio that the police had received a positive indication from a member of the public as to where the absconder had gone.

We continued tracking until we reached the main road. A local resident had informed one of the officers accompanying us that she had advised the police that she had seen a person standing where we were hitching a ride into town. Twenty minutes later we received confirmation that the absconder had been taken into custody. Cade got to ride in the front passenger's seat and I got to sit in the back of the lockup wagon.

2: This call out was for a missing 9-year-old boy.

We received a call out at 2040hrs on 08/03/2010 requesting our presence to an address in Two Rocks for a missing 9-year-old boy.

We arrived at the address at approximately 2130 hours and reported to the local Sergeant who informed me that he had obtained a scent item, pair of thongs that had only been touched by his mother, and then we proceeded to the front of the property.

I had been allocated two police officers to follow us up so I scented Cade and off we went. We were heading in a westerly direction from the house and ended up on the main road into Two Rocks. Cade was slowing down and changing directions from one side of the street to the other when he came to an abrupt halt at a bus stop. Cade was reluctant to go any further. One of the police officers following up commented that it looks like the boy was picked up from the bus stop, as the dog doesn't want to go any further. The police then radioed back to base to inform them of what had taken place.

I was joined with another member from the canine unit and we were then tasked to clear a couple of areas containing bush. Nothing was found. We were then called to a library area where a previous sighting of the boy was reported. Once again, nothing was found.

Police advised us that they had information that could lead to the locating of the boy at around 0200 hours. We waited for a further 30 minutes for confirmation that the boy had been located. Thanks to Cade's indication at the bus stop, police had contacted the boy's father who, after being informed that they would be bringing down a tracker dog to his house, admitted that he had picked up the boy from the bus stop and taken him to another address where the boy was staying.

We were thanked by the duty Sergeant for providing an invaluable service that cut a lot of search time down by having a good dog. We arrived home at 0345 hours and enjoyed a good night's sleep; well, what was left of the night anyway.

3: This call out was for a missing 86-year-old male.

Received a call out at 1545 hours on 28/11/2010 and arrived at an address in Bayswater at 1640 hours. Doug was my backup on this call out. Steve, from Emergency Operations Unit, met us on site so we could obtain a scent article along with the missing person's details. Cade was scented and we were on our way, it was a very warm afternoon so we were carrying a lot of water for Cade.

Cade followed a scent trail for about three kilometres that was heading towards Leach Highway when we received a radio message to return to base as they had located a dog collar from the missing person's dog at McCallum Park in South Perth.

We were driven to McCallum Park in South Perth where we were then taken to the spot where the dog collar was found. Cade followed the track along the foreshore to the southern side of the Causeway Bridge where we then turned east and headed towards the bus station. We had done a small loop through the streets and had started heading back towards the northern side of the Causeway Bridge when we received a radio call that the Bayswater SES bike team had located the missing man just after the bridge. They said that they looked at which way Cade was heading and decided to take his lead and go on ahead under the bridge. They then located the missing person a bit further on.

We were then taken back for debriefing where Cade was praised for his tracking skills and giving the search teams a direction of travel. The missing person was located at 1930 hours and we arrived home at 2100 hours.

Cade retired from his tracking duties in December 2013 having been a member of the State Emergency Service and Search Dogs Australia Inc. I am still a serving member of the State Emergency Service.

YOUR OWN CANINE HYDROTHERAPY CENTRE – NO FRANCHISE FEES!

Be your own boss, work from home (25m2 is enough room so start) and enjoy making a real difference to the lives of dogs and their owners!

Help dogs recover following surgery or injury, and also those with more long term mobility problems. Not just for injuries - you will have a great 'low impact' form of exercise to keep any dog in great condition!

What's included?

We have partnered with international industry leaders to provide you with the complete package – several options available and include:

- Recognised qualification & training – #1 success factor
- Equipment – Underwater treadmill, Dog Pool/ SwimSpa,
- Regulatory compliance, business set up support and more!

Earn \$2000 a week working 20 hours or less!

We will do all the work setting you up, training and supporting you along the way. And the best thing? Despite all this you will pay less (in some cases significantly less) than going at it alone!

Take advantage of the government's \$20k asset write-off opportunities and contact DogSwim Canberra on (02) 6299 9456 or info@dogswimcanberra.com.au for more info!

BREEDERS groups

Breeders Groups

The 2017 GSDCA National was held in Queensland and the Breeder's Group was judged following the Sires' Progeny Groups on Saturday 20th May 2017.

There were three groups entered, interestingly two of these were Long Stock Coat groups. On the day only two groups were presented. One Long Stock Coat group and one Stock Coat group.

The purpose of the Breeders Group is to present five animals, entered in the show, from as close to a maximum difficulty of 5 sires and 5 dams as possible. The animals are to be from one coat variety and must be over nine months of age. With that in mind, they are to be as uniform as possible in type and appearance. Ideally will also see a mix of sexes.

Robyn Knuckey
GSDCA Judges Committee Chair

1st Place Eroica Kennels

The winning group this year was Eroica Kennels, from South Australia, presenting an exceptional group of Long Stock Coats from three sires and three dams. There were two males and three females presented. This was an extremely uniform group, with clear definition between the sexes, excellent pigmentation, strong heads and dark eyes. The overall proportions were very good, withers were a little mixed from level to high and long, the backs were very good, croups were all slightly short, but well laid with overall very good angulations. All animals presented in the group had long tails.

The overall placings of the animals were also excellent. The group consisted of the Gold Medal winning Open Dog and Bitch, Bronze Medal Bitch, 7th place Intermediate Bitch and 1st place Puppy Dog. This Kennel was also awarded the Sam Bonifacio Trophy for the second time as the most successful kennel at the GSDCA National. This is the first occasion that a Breeders Group of Long Stock Coats has been presented at a National and were a very deserving winner on the day.

BREEDERS groups

2nd Place Kuirau Kennels

The second placed group this year, was the winning Breeders Group from 2016, Kuirau Kennels from New South Wales. The group was from four sires and three dams and consisted of two males and three females. This group wasn't quite as uniform as the winning group, but still was of high quality in general. All animals in the group were medium strong, with clear definition between the sexes. The proportions were good and all were firm and dry. Eye colour was a little mixed from medium to dark and angulations were also a little mixed. Overall a very good quality group and congratulations to the breeders and owners of the animals.

The overall placings of this group were 9th Open Dog, 10th Open Bitch, 12th Intermediate Dog, 7th Intermediate Bitch and 19th Junior Bitch.

The other thing to be commended is the overall presentation of the groups. Thought of placement within the groups was noticeable and also all animals worked well together to give very professional presentations. Congratulations to all the connections for the efforts in presenting high standard groups.

The start to the year has been a busy one, with training back into full swing, our Easter specialty show, 2 promotional events, and a new branch up and running (separate report below).

Our Easter show with specialty judge: Herr Ralf Wille SV (Gmy) and obedience judge Mrs J. Walder went extremely well. Our entry was very pleasing with 223 entered in conformation and 17 in obedience. It was nice to see so many visitors from interstate at this show; it sure helps make the atmosphere exciting. We would like to thank everyone who attended and hope that you all had an enjoyable time.

We attended the Sydney Royal Easter Show in April, having a stand for the final 2 days. We had 3 members with 3 dogs who attended both days. Hundreds of people came up to speak to us about our breed, and were given lots of information and advice ranging from diet, exercise, training and socialising. The dogs were perfectly behaved and were patted, cuddled and photographed constantly. Such great ambassadors!

We also attended Camden Paws in the Park on the 7th May. This is a public event where people can also bring their own dogs along. Our stand attracted lots of visitors of the human and canine variety. It was also nice to see quite a few of our members come down with their dogs to visit and say hi.

On 11th June 2017 we will be holding a Members comp with Sharon Ballantyne and on the 22nd and 23rd July 2017 our State Breed Assessment will be held with Karen Hedberg and Melanie Groth.

We will also be attending the Sydney Dog Lovers Show at Moore Park in August, which is usually a huge weekend and a great chance to once again showcase our breed to the public. So there is a lot happening in NSW.

To everyone attending the national this year, safe travels, good luck and remember, we all go home with the best dog!!

Below is the first report from our new branch on the mid north coast.

REPORT FROM THE NEW MID NORTH COAST BRANCH

A New Beginning

As many will know, for well over a year now, a group of enthusiasts have been meeting regularly along the NSW mid to north coast to train and socialise dogs for the specialist show ring and enjoy 'human' socialising together. We are, without exception, active exhibitors of German shepherd dogs, progressive enthusiasts, and every one of us, a holder of an active breeders prefix with membership of dogs NSW. We are also, historically, all members of The GSD League of NSW and with this in mind we were delighted to be granted the opportunity to form a new branch of this long established NSW specialist breed club for 2017.

Our members range from Salt Ash and Branxton all the way to the northerly components in Coffs Harbour and Grafton but distance has never hindered our progress. As the new Mid North Coast branch of the league we have settled on Taree as our regular training home - most easily accessible for our majority and we have organised ourselves so that a full days training is on offer at least monthly (important to those driving longer distances to train) with refreshments available and an organised lunch between sessions (whenever the handlers run out of steam).

We often travel together, and share knowledge gained over the years about all aspects of the breed. We cannot stress enough that dog showing, at any level, is to be enjoyed and shared. It is a time consuming and demanding hobby and it is, like so many things, better shared with friends. This is the basis for all of our training and activities -

ENJOYING THE BREED! Our emphasis has been, since the beginning and remains still, twofold:

TEAMWORK - and CORRECT PRESENTATION FOR THE SPECIALIST RING.

We are very grateful to the League executives and committee who have agreed to our request to hold a 'Spectacular Breed Event Weekend' on 5th and 6th August comprising two members competitions with a special 'puppy cup' and 'shepherd state of origin' trophies on offer, a breed survey, a Sires On Ice reproduction seminar and a breed specific workshop run by the NBC Chair. We are delighted to have Glynnis Appleby of the U.K.

and Jenny Yuen of Victoria officiating at the event.

So great was the enthusiasm and response to the event that next year's follow up is already well into the planning stages with Heather Macdonald of the UK confirmed as our first judge.

Our aim is to offer a full weekend event, so that enthusiasts are keen to travel and enjoy the breed on the beautiful NSW Coffs Coast, and enjoy a full on breed event with emphasis on giving TO the exhibitor.

Finally, we have organised a Star Stud Raffle to be drawn following judging with studs from five of Australia's most current short coat stud dogs and the reigning LSH King! - And we cannot thank the owners of the dogs involved enough for their enthusiasm and generosity in support of providing this event for our exhibitors. Tickets can be purchased at any time by contacting one of our members for details.

We encourage and invite anyone interested in sharing views on training, fitness and stamina, and conditioning to join us at our training days and would love to see a record entry at our Spectacular Event at Coffs with a view to creating an Annual event celebrating our wonderful breed.

Please contact myself on FB or at the address below, or our secretary Leeanne Lynch on FB or 0417414285 for information and training dates.

Jo Cathie

Branch Manager

ljcathie@outlook.com / 0423700293

Well our Easter weekend show was a huge success and with in excess of 240 exhibits. Our Easter weather was a perfect time to hold our show. Our Judge Herr Ralf Wille was a capable judge and the exhibitors were happy with his overall judging and outgoing personality.

Have held "Paws in the Park" at Camden with help from members who brought their dogs along for the public to view and a good day was had by all. We have a number of public relation exercises coming up this year which we will be attending and promoting our breed.

Well I hope that all exhibitors had a good trip home from the National in Qld. Congratulations to the crew up there who worked hard to make the show the spectacle it was and congratulations to the winners and place getters who brought the bacon home and special congratulations to Hetty Choy in taking out the Gold Medal in Open Dog Class. The weather was good with just a little rain on the Friday but overall a good show to be at.

NEWS FROM OUR member clubs

We are in the process of finalising our new website which will be launched on approval when the final touches are done and by the first viewing by the committee they were quite impressed and will be presented to the members when ready.

Apart from the above things have been pretty quiet and just getting back to normal after the road trip to Brisbane.

Cheers

*Tracey Lewis
& Terry Jarvis*

Hello from sunny Queensland (okay, we may have a damp day here and there – had to show you all on day one of the National that we do get rain occasionally) For the past few issues we have been talking about the approaching 45th National Show & Trial and here we are now, on the other side of it. As you know there was a small dedicated team putting blood, sweat and tears into the preparation, organization and planning and we can now proudly say it was ALL WORTH IT! We started off as “Girl Power” then with an added “Angel” or two and then a few blokes so we now proudly call ourselves “TEAM AWESOME” that covers everyone involved! The members (they know who they are) of ‘Team Awesome’ should be very proud – I know I am...

What a wonderful few days shared with friends old and new! The weather was a bit iffy to start with but it soon turned around to be perfect “event” weather. The dogs were stunning, the atmosphere full of fun, excitement, and

great sportsmanship. We won't go into too much detail here as there will be a full report elsewhere in this issue but we must give our heartfelt thanks to the many friends, a few local but a lot from our interstate Sister Clubs who selflessly gave their time, knowledge, experience to help make the 45th National Show & Trial a wonderful event that will always be remembered as spectacular. In case you missed the Raffle results here they are:- 1st Prize \$1000 cash was won by Tony Mercieca, 2nd Prize Draft Horse painting - Edi Fearon and 3rd Prize \$250 Bunnings Vouchers - Kantenna Kennels. Huge thank you to our Queensland members Judith & Irene Hayton who won the \$100 Coles/Myer gift card for selling the most raffle books. Special mention to our 'Jailhouse Beauties' who were a huge hit at the 'Party Night' of the National. They certainly brought the house down! The Victorians, New Zealanders and the 'Young Uns' also wowed the big crowd with the Herr Goldlust and Herr Stiegler who joined party goers on the dance floor. Great night!

Not much rest for the wicked here though, the team are now putting together our Double Header Championship Shows on the 15th & 16th of July. (Restricted Obedience Trial on Saturday 15th) featuring much loved and respected Judges Mr Ian Urie, Mrs Carol O'Rourke with Mr Jody Brown at the helm of the Obedience Trial. Hope to see some return interstate visitors.

Soon after on August 12, Zone 2 will be hosting its first event for 2017, under the care of our new Representatives, Karl & Sarah Maresh – Breed Survey & Members Competition - Judge Mr Louis Donald.

Keep your eye on our Facebook page and official website for results and photos!

Enjoy this sensational 45th National Edition of the magazine, a mammoth task put together by our wonderful Editor Jacinta AND as always, remember what brought us all together in the first place. Our one common love – the German Shepherd Dog.

The Members of the GSDCV were saddened by the recent passing of Tom Luxton. Tom's significant contribution to the GSD in Australia is detailed earlier in this edition. For us in Victoria, Tom was a long standing member, friend, esteemed Life Member and was GSDCV Club Patron. An honour he was very proud of, as were we to have Tom representing our club and breed. For our members who enjoyed a quick hello from Tom, or some quiet words of advice or a useful suggestion whenever he attended club events or was at KCC Park, he will be sadly missed. Gone too soon, with much still to offer. We are indebted to Tom for his contribution to our breed and our club.

At our AGM and presentation night back in March a great night was had, recognising dog, handler and member achievements. Barbara Blythe was presented with a Special Recognition Award for her efforts in helping our Club and Jacinta Poole was awarded Life Membership of the GSDCV for her significant contribution to the club. It was also a pleasure to see 7 GSDCV Club Presidents attend the evening, all coming together to collectively farewell Marilyn Wrigley who stepped down after many long years on the GSDCV Management Committee. Membership recognition was presented to many, the most notables being for 40 years to Helen Dunn and Elke Effler. As obedience instructors, Jim Begg reached 30 years and Dearne Jackson and Gayle Johnston 25 years each. Not bad efforts working every Sunday of the year! Over 50 Obedience titles were presented to well deserving and high achieving dogs across obedience, rally, tracking and endurance, too numerous to mention. The major Show trophies were won by the following: Eric Orschler Annual Breeders Trophy - Jayshell Kennels. Schneider Trophy - *Ch. Jayshell Winona 'A' 'Z' (P & N McDermott), Best Dual

NEWS FROM OUR member clubs

Performance Trophy- *Ch. Stobar Quentin 'A' 'Z' CDX ET (S Macdonald), Stock Coat Specialist Dog of the year *Willmaurs Romford Reggie 'A' 'Z' (S. & J. Wade), Stock Coat Specialist Bitch of the Year - *Ch. Jayshell Winona 'A' 'Z' (P & N McDermott), Long Stock Coat Specialist Dog of the Year - *Ch. Jayshell Glasgow 'A' 'Z' ET (D & L Organ) and Long Stock Coat Specialist Bitch of the Year - Ch. Zandrac Duchess Satine Kryze (D & L Organ)

Our annual Collection for the Royal Children's Hospital Good Friday Appeal saw many club members out on corners collecting on Good Friday, and we raised \$27,619.45. Our collection total for the last 34 years is now over \$600, 000 !!! Amazing that our dog club can contribute so much to helping sick kids.

Our State Breed Exhibition was a great show with some last chance ring work for our National entrants. Highlight of the day was our Dual performance winner being Alastair Henderson and Yokon !! An up and coming partnership J In the obedience trial, Adrew Saliba and Bodecka Prime Suspect took out the Winner of Winners with a great display. In the show ring, the SC dog winner was also Sensen Mann Yokon, being awarded Excellent Merit by judge Ian Urie, along with Xeno vom Arjakjo. Four bitches were awarded Excellent Merit, winner Jayshell Winona (Winnie), and Schaeferhund Balleena, Jayshell Kenzie and Schaeferhund Nelke. The LSC Dog winner was Jayshell Glasgow and LSC Bitch winner was KPTLonglocks Island Girl. Of course the off lead gaiting is most anticipated, and this year all dogs and handlers did a mighty effort – especially free gaiting with their owners. Great to see their antics and joy as they run with mum or dad – there should be more of it J At the end of the day, the crowd got to cheer on Winnie's retirement lap - well deserved for an outstanding high class bitch after a terrific show career.

Always in June we have our Tracking Trial out in the bush and paddocks at Ballarat. This was another great weekend with nearly 70 entries and many passes. Great to see dogs out doing what they love, with enthusiastic handlers.

Even though its winter, it always seems full steam ahead. Our training branches are full of dogs and handlers braving the cold to learn new skills, and training attendance has been extremely high at all branches. Our Aspiring instructor training program is again underway, with new instructors keen to learn and help out. Coming up in mid July we have our open Rally trial – a very popular obedience activity here, and our two shows in August with Mel Lloyd and Jo Cathie judging. See you all there!

Firstly we would like to congratulate Sharon and her team at Queensland on a wonderful National, it was very well run with everything going smoothly and a very friendly atmosphere around all the rings.

Our club preformed outstandingly, bring home 3 x silver medals plus many very high placings that I will try to remember and list below.

Long Stock Coats

LSC Open Dog 2nd place Babanga Mr Anderson – Silver Medal

LSC Junior Dog 2nd place Babanga Quintessential

LSC Puppy Bitch 5th place Babanga Remington Rose

LSC Inter Bitch 5th place Babanga Niobi

Stock Coats

SC Open Dog 2nd place Fremont Hells Bells – Silver Medal

SC Open Bitch 2nd place Fremont I've Got The Magic – Silver Medal

SC Inter Dog 2nd place – Fremont Watson

SC Inter Dog 3rd place – Fremont Hot As Hell

SC Open Dog 15th place Babanga Make My Day

SC Puppy Bitch 3rd place Sadria Ring My Bell

SC Open Bitch 8th place Sadria Storm Queen

SC Inter Bitch 7th place Kuirau Honey Suckle Rose

SC Inter Bitch 23rd place Kuirau Indelible

SC Inter Bitch 25th place Kuirau Inala Gold

SC Inter Bitch 29th place Kuirau Iron Maiden

SC Open Bitch 10th place Kuirau Chakira

SC Inter Dog 12th place Kuirau Ivan Lendl

SC Open Dog 9th place Kuirau Casey Stoner

Obedience

Babanga Peacemaker

Fremont Let There Be Rock

Congratulations to all above and I hope I haven't missed anyone, it certainly was a very successful National for all Newcastle Members.

Next on the calendar is our double Champ Show to be held on the 29th and 30th July, good luck to all those attending, I believe the show committee have a few surprises for everyone so it should be an awesome event.

Over the next few months the GSDCA and all members will have some very important decisions to make regarding the future direction of our breed so I wish everyone the best with this important voting.

Happy Showing and Trialing

Hi All. Our very efficient Editor usually does the GSDA of WA Club report but as she is currently enjoying a very well deserved holiday in the UK I have agreed to do a quick report at very short notice. I'm sure that Margaret will have a great time and come back suitably refreshed and ready to go again.

I will start this report by recognising the magnificent effort of all our exhibitors and supporters in making the long trip from Perth to Brisbane for the 45th National Show.

In WA we, of course, suffer from the tyranny of distance regardless of where the National is held and I am in awe at the level of support that our members give to the National Show. There is an enormous cost involved and they are there in large numbers at most Nationals.

We had a fair amount of success at the show and I offer my congratulations to all the place getters and my condolences to those who weren't quite as successful. I am sure that all the dogs that exhibited gave all they could and we should be proud of them all.

NEWS FROM OUR member clubs

I won't go into all the details of individual dogs but will give special recognition to the following dogs:-

1st place and Reserve Challenge went to LSC ID Hasenway Major Tom. 1st place SC PB went to Bronboreo Vejaja 1st place SC ID went to Hausosin Xrated.

As well as the above we had the following peg placings of animals owned or part owned by GSDA members – LSC PD – 4th, SC MB – 2nd, 3rd & 4th, SC MD – 2nd, SC PB – 4th, SC PD – 8th, SC JB – 3rd, SC JD – 4th, SCOB – 7th, SC OD – 3rd & 5th.

A great effort all round. If I have missed any placings I apologise to the owners.

Our obedience training continues to flourish with numbers attending staying very high and I thank our hardworking Instructors for their commitment to the breed.

I apologise for the short report but I wanted to ensure that we put in a report prior to the closing date as we are keen to continue to support the concept of the club reports.

I look forward to the return of Margaret to do the report for the next National Review.

Show wise, the year began with our February Championship Show with South Australian Judge Christine Collins officiating. Unfortunately entries were down on past shows, but for all those who did enter; it was a very rewarding day, with Best in Show "Hasenway Montgomery AZ", Runner up Best in show "**Kyoara Fabio".

On the club house front, local contractors and members have been very active with

undertaking the repairs and alterations which had been approved by local council. The result being we are now in possession of a freshly painted, updated and fully functional club room with space even created for meetings. Thanks are due to the member clubs kind donations and all those members who gave so willingly of their time to assist with the renovations and provision of replacement equipment, appliances etc following our losses last year in the floods.

Club training, which is held weekly, continues to grow with members actively working their dogs. With the move towards off lead gaiting, the purchase of lightweight removable mesh fencing and some very welcome donations of star droppers, sees club members putting their dogs through various stages of training, whilst keeping the dogs actively interested and keen.

Tasmania was again well represented with entries in the National, which was held in Queensland this year and whilst congratulations are extended to all the members and their dogs who participated, special mention is made for the owners of "Zicke Vom Feuermelder" which took out Best Open Bitch for the second year in succession. Interestingly, the breeder of "Zicke", Katrin Gumbel from Germany was in attendance and had great pleasure in seeing Zicke take out the award.

In early May this year, the club lost one of its stalwarts - I refer to Bruce William Mason, who passed away following a short period of ill health. Many would remember Bruce as the loving husband of Carol, who began their own kennel line with 'Elsass Evil Errol' as their stud dog. From this developed a number of litters which have enjoyed success over the years. Bruce and his wife Carol were consistent attendee at shows, including the Nationals throughout Australia. Back home, Bruce would often be seen on training days offering sound advice to all who sought it, as his knowledge of the German Shepherd breed was exceptional. He will be sorely missed!

At the State Breed Evaluation held in late May, with well known judge Dr. Karen Hedberg officiating, the club again enjoyed the spirit of friendship, fellowship and fun which epitomises our shows and events. In particular, to see a number of dogs undertake off-lead gaiting with their handlers was a highlight of the day's event. All results and critiques can be found on the club website.

SIRES progeny report

GSDCA 45th National Show and Trial – hosted by the GSDCQ 19 -21 May 2017

This Sire's Progeny report has been formulated by the National Breed Commission Executive; Vince Tantaró (President), Robyn Knuckey (Judges Committee Chair) and Melanie Groth (National Breed Commission Chair). The statistics used in this report have been drawn from the data provided in the GSDCA Database as from 11 May 2015 and the HD/ED Control Scheme report prepared by the previous NBC Chair, Mrs Joylene Neddermeyer from 31 December 2016 and from SV publications for recently imported sires.

At this year's GSDCA National Show and Trial a total of fifteen progeny groups were eligible and of that twelve groups presented. It must be noted that *Ch Ustinov vom Romerland was eligible for the sire's progeny parade with six progeny entered. Unfortunately, Ustinov was omitted from the catalogue by error. An attempt to rectify the issue on the day did not come to fruition and therefore a group was not presented. The NBC executive regrets that this issue occurred and has formally apologised to his owners Mr and Mrs Stevenson.

For the first time a Long stock coat progeny group was presented by *Ch Eroica Catch Me If You Can. The remaining eleven groups were Stock coats.

Numbers at this year's National were low and as such the progeny groups were not as large as seen in previous years. Low numbers do not give a

clear indication of what a sire is capable of producing on a large scale and as such reduce the clarity in making definitive recommendations of a sire's worth.

An overall view of the animals exhibited at the show would suggest that breeders need to take care in making informed decisions regarding the suitability of a sire for their bitches. We clearly have a problem with ears as noted on the youngsters. German Shepherd Dogs should have firm, strong, medium sized ears in stance and movement. Large, soft tilting in ears detract from the nobility and expression of the dog. We need to remember that we are breeding puppies for a much larger market than the show scene and to sell a dog to the general public with ear faults detracts from the public perception of a German Shepherd Dog. Choosing a dog for its anatomical worth is firstly the most important thing, however breeding requires insight as to the hallmarks of the pedigree and the results of line breeding. Dogs who are line bred on animals that produce large soft ears will surface in the breeding and perpetuate the fault. We urge you to do your homework and ask those people you consider to be knowledgeable and unbiased about where you should go with your breeding programs going forward.

In closing, thanks must go to Joylene Neddermeyer whose knowledge and experience in this role has provided a great foundation for the NBC executive to move forward. Also a huge thank you to Jane Pike who compiled the sires progeny parade worksheets. They were invaluable. Lastly to Frank Moody whose knowledge and skill with the Database is a godsend. Thank you Frank.

This is the first time this sire has presented a group at a National Show and Trial. His sire Astasia Paca has produced a number of highly placed long stock coats at this show. Catch Me If You Can is a dual gold medal winner; at this year's National and 2016 in Sydney. His litter sister was the gold medal long stock coat female this year.

The sire is present and the group consisted of 2 males and 4 females. Impressive to note that he has already been able to produce two high quality sons from different dam lines. The animals presented today are sire typical and present a strong family resemblance. There is clear definition between the males and females and it is noted that the group is of high anatomical quality. Most of the animals are standing on the upper limits of size with slightly elongated proportions. The coats are long and profuse. Well pigmented and well coloured. The heads are noble and strong however, the planes of the skull could be better aligned. The necks are strong and well set into mostly level withers with very good firm backlines and very well moulded croups that could be a little longer. Most of the animals have well angled forequarters, where

SIRES progeny report

the upper arm could be just a little longer on some of the progeny. The hind angulation is bordering on deep. The underlines in general are good. However, care needs to be taken with the length of the foreleg. The animals display good overall firmness of the hock and elbow joints with a very good sequence of steps however; some of the animals could be a little freer in the forehand reach. The drive is powerful with good firmness of the back.

A most impressive group and commendable that a dog standing at stud in South Australia has been able to present a very strong first group for breeders to view this weekend. Due to his youth there are not

enough animals through the Hip and Elbow scheme to comment. He has 2 animals presented to the breed survey scheme and the progeny exhibited this weekend have performed well in their respective classes. It must be noted that this dog because of his pedigree and the quality of animals presented offers breeders a high degree of predictability in their breeding programs.

The NBC executive look forward to observing this dog's progeny as it develops and moves into the open classes. Congratulations to the connections of Eroica Catch Me If You Can. A most impressive group.

LSC						V4			2			

This is the fifth time Toby has presented a progeny group at the GSDCA National Show and Trial. Over the past 12 months his popularity as a very good producing stud dog has been maintained, adding another 107 registrations; evident in the number of young puppies entered at this show. Toby's show record is impressive with a 5th Excellent in 2013, silver medal in 2014 and the gold in 2015. He is currently the NSW State Sieger and this is his third title. The group this weekend consisted of 3 males and 3 females. The NBC note that ten animals above 9 months were exhibited yet only six were presented for the progeny parade. As a result, it does not give the fraternity a true picture of the calibre of what was presented at the show or a strong indication of this sire's worth. The sire was not present.

The group presented are large, medium strong, well coloured, well pigmented of very good type and proportions. The group is sire typical, has good uniformity and very good definition of the sexes. Good heads, expressive with medium to dark eyes, large, slightly infirm ears. High withers, firm back, slightly short and slightly steep croups. The backlines are not straight. Good fore and very good to slightly deep hindquarter angulation. The view from front is correct. Very good length of foreleg. Slightly deep chest proportions, where in the main the lower chest should be longer. They step correct both front and rear with slightly loose elbows, slightly loose to very loose hock joints. They display very good ground covering movement with strong hindquarter drive and good reach. Very good back transmission. Some care to be exercised in regards to the length of the lower chest, the backline, size and firmness of ears.

Toby is a well bred excellent sire that offers a high degree of predictability and this group is not indicative of past groups presented at National shows. There is a very high degree of predictability when using Toby as a breeding partner and he should be considered to ensure consolidation of type and improvement in overall construction, colour and pigmentation. His progeny results through the GSDCA HD/ED Control Scheme are excellent with a low mean score for hips and a very high percentage of normal elbows. The NBC executive congratulates the owners of Toby on past and present progeny groups. He has proven his worth as a valuable sire in Australia.

LSC			1		5			8				V2

This is the fifth group Gerry has presented at a National Show and Trial. He won the gold medal in 2014 and was the silver medal winner in 2012 and a credible Excellent 4 in 2013. Breeders have continued to use Gerry in their breeding programs over the past 12 months adding another 40 registrations to his previous total. Sixteen animals have been through the breed survey scheme. The progeny performed very well at this year's National Show and Trial, producing 3 of the 4 silver medallists and class winners in the Long stock coat puppy bitch and Stock coat minor puppy dog. His outstanding son *Fremont Hells Bells AZ won the silver medal for the third consecutive year. All six exhibits in the open class achieved the excellent grading. His progeny results through the GSDCA HD/ED Control scheme are excellent with a low mean score for hips and

a very high percentage of normal elbows. Ten animals were presented for the progeny group, 4 males and 6 females and the sire led the group.

The group is large, medium strong, of very good type, proportions and of good pigmentation. In some cases the black saddle markings should be a little more defined. Very good differentiation between the males and females. The heads are noble and well-structured with desired dark masking. In some cases the lower jaw should be stronger. The eyes are medium and the ears are large. The necks are good and mould well into high withers, firm backs, slightly short and slightly steep croups. In some cases the tail is set slightly high. Good fore and very good hindquarter angulation. Very good length of foreleg. Balanced chest proportions, ideally the lower chest should be a little longer. The view from front is correct. They step correct at front and rear, slightly loose elbow and hock joints. They display a good desire to run with good sequence of steps and ground cover. In some animals the ears should remain slightly firmer during movement. Slightly long tails that at times could be carried in a slightly more natural manner.

Some care to be exercised in regards to the length of the lower chest, firmness of ears and height at wither. Gerry is very well bred and offers breeders a high degree of predictability. He has produced a high number of well-constructed excellent males that are sire typical. The males in this group are superior to the females. Gerry has firmly cemented himself as an excellent all round sire. The NBC executive congratulates the owners on presenting such a lovely group.

This is the first group of Fremont Hells Bells, Gerry vom Shacher's best son. From registration numbers it appears that breeders have not utilised this dog. His impressive show career at the National Show and

Trial continued in 2017 adding a third silver medal to his collection. He has been a consistently highly placed Australian bred dog. Whilst he is not linebred, his mother carries three lines to Iwan Lechtal on the 4th

SIRES progeny report

and 5th generation. This combined with Gerry Schacher as his sire has consolidated an excellent type and whilst this group is small in number it reflects the hallmark of the blend of these lines. Please note that there are not enough progeny through the GSDCA HD/ED schemes to

provide statistics for this report.

The progeny group led by the sire consisted of 3 males and 2 females with good differentiation between the sexes. The oldest progeny are presented in the intermediate class. The progeny are large, medium strong, well-proportioned with good colour and very good type. Well-structured heads with good eye colour and ears that are large but mostly well set. Good neck length with normal withers, firm back lines and just slightly short croups. The forehand angulation is good and the hindquarter angulation is slightly deep. The foreleg length is good and they stand and step correct at front. Narrow at rear where the hock and elbow joints should be firmer. In movement they display good ground coverage with very good drive.

Being a small group it is difficult to judge just what this sire is capable of producing on a large scale, but there is very good predictability of family type in this dog and his pedigree. He appears to be producing high quality males like his sire.

The NBC executive is hopeful that over this next year breeders will give this dog a chance to add to the blood base in Australia. Congratulations to the owners on presenting a small but very good quality group.

LSC	9		4	2,8								

the GSD National Show and Trial since arriving in Australia in late 2015. He is a highly credentialled dog being presented at the Bundesieger Zucht Schau in the 2014 Intermediate class where he was SG5 and in 2015 in the Open class he was V23. At the 44th National in 2016 he was Excellent 5. The oldest progeny presented this weekend are in the junior class. Commendable that there are 5 males and 11 females presented today from a total of 23 progeny entered in the show. The sire is present but not exhibited in the show.

The animals presented here today are of very good type. They stand on the upper limits of size, with very good proportions, very good colour and pigment. The heads are very good however in some cases the lower jaw should be a little stronger. The eye colour is medium to dark with very good masking. The ears are rather large and in some cases are slightly low set. The necks should be a little longer and in general the withers are high with firm backlines. The croups are a little short and should be better laid. Good fore and slightly deep lower chests. The forehand angulation in general is very good with slight deep angulation of the hindquarter. Good length of foreleg at this stage, standing and stepping correct at front and rear. Some of the hock and elbow joints could be tighter, however the group is still young. In movement, the animals show good willingness to run and have a good sequence of steps with good balance and back transmission. Given Destroyer's linebreeding care will need to be exercised in regards to height at wither and ear shape and size. Whilst the linebreeding would suggest that care be taken with hindquarter angulation it should be noted that Destroyer does not possess deep hindquarter angulation and the progeny presented are only slightly deep. However, it is recommended that care needs to be exercised when linebreeding on Vegus Haus Mansard for deep hindquarter angulation and ears with this dog.

Overall an impressive group. The NBC executive looks forward to the development of the progeny over the next year. Congratulations to the connections of Juwika Destroyer.

SV Breed worth score 79 Total entry – males - 8 females – 13

ANKC registrations	First registration	Progeny through HD/ED scheme	A stamp	Mean Score	Range	Z stamp	Normal	Near Normal	Grade 1	Breed surveyed
220	Nov -16	3	No statistics available due to insufficient numbers							1

Place	BPB	MPB	PB	JB	IB	OB	BPD	MPD	PD	JD	ID	OD
SC		2,12,14	2,12,13,18					3	5	4		V7
LSC				4,5			2	3				

An exceptionally credentialed dog, Labo's show record in Germany speaks for itself. He was the Jugend Sieger (Intermediate) in 2011 and from 2012-2015 he was four times VA. Labo was the gold medal winning dog at the 2016 GSDCA National Show and Trial and this year at 7 years, he was placed V3 in the bronze medal position.

This is the first time Labo has presented a group at the National Show and Trial since arriving in October 2015. His oldest progeny born in Australia are in the junior class. A son, Calle Westervenn imported from Germany was V7 in the open class. Labo's progeny group consisted of 3 males and 6 females (2 long stock coats). The sire was present.

The progeny in the group are sire typical with good differentiation between the sexes. Large, medium strong, well coloured, well pigmented animals of very good type. Good heads and expression with good masking and dark eyes. The ears are large and set a little low on the skull. They have strong necks of good length, high withers, firm backs with relatively well moulded croups that could be a little longer. In general the forehand angulation is very good where the lay of the upper arm is very good but could be a little longer. Well placed shoulders. The hindquarter angulation is slightly deep, with the lower thigh being too long. Most of the progeny tend to have very good forechest and in some the lower chest is slightly deep. Good length of foreleg with good pasterns. Standing and stepping correct in front, the feet are just a little flat. Stepping narrow at rear the hock joints should be firmer overall. In movement they display good willingness to run with very good ground coverage. In the GSDCA HD/ED scheme Labo's progeny are too young to provide statistics. However, in Germany his progeny have recorded very good results with 97% of hips and 91% of elbows in the normal to near normal range.

Given Labo's linebreeding care needs to be exercised in regards to the size and set of the ears the depth of the hindquarter angulation and the rise in the topline.

A pleasing young group by a sire that is well bred and offers a high degree of predictability. The NBC executive look forward to the continued development over the next twelve months. Congratulations to the connections of Labo.

This is the fourth time that this sire has presented a group at a GSDCA National Show and Trial. Odin has performed very well in the open class at the National Show and Trial where in 2013 he was V10, 2014 V11,

2015 V14, and 2016 V4. The sire is not present. The oldest progeny was exhibited in the Open Class, all excellent graded and he produced the Junior stock coat bitch winner. The progeny results though the GSDCA

SIRES progeny report

HD/ED Control Scheme are excellent and he has nine progeny through the breed survey system. Three males and six females are presented in the progeny group.

The group is large to very large, medium strong, well coloured and well pigmented, sire typical and of overall very good type and proportions. Good differentiation between the sexes. They have good heads and expression with good masking of the skull and foreface, medium eye colour and good ear carriage. Ideally, both the skull and foreface should be a little stronger and the lower jaw slightly more developed. Normal withers, firm back, slightly short, steep croups. The upper arms are of good length but should be better laid in most cases. Good to deep hindquarter angulation. Very good length of foreleg. Very good forechest development. Slightly deep and slightly short lower chest formation. They stand and step correct at front, narrow at rear. Whilst the hock joints on the progeny could be firmer, they are an improvement on the sire. Slightly long tails. In movement, they show very good ground cover with balanced hindquarter drive and forehand reach transmitted through a firm back.

The NBC Executive were pleased to see the further development of the group with a number of very good animals presented within this group. With a class winner at this year's National Show and Trial and three animals graded excellent in the open class it is clear that Odin is a producer of high quality. Congratulations to the owners on the presentation of an overall very pleasing group.

This is the second time that this sire has presented a group at a GSD National Show and Trial. The group consisted of 2 males and 4 females with the oldest progeny being exhibited in the Open Class both graded excellent. The females are better than the males. He is line bred on Jango Furstenberg and provides a degree of predictability with regard to the line breeding.

The group is large, medium strong with slightly elongated body proportions, good pigmentation and of good type. Good head and expression with medium to light eyes, where the masking on the skull and foreface should be slightly more defined. The lower jaws should be stronger. The ears are large and in a number of cases are of incorrect shape and set. Good length of neck, normal withers, firm back, slightly short and steep croups. Slight restrictions in the length and lay of the upper arm, very good to slightly deep hindquarter angulation. Good length of foreleg. They stand correct in front. Good forechest development with slightly short lower chest formation. Stepping correct in front, slightly narrow at rear with loose to hock joints. They show very good ground covering gait with very good hindquarter drive, the forehand reach however should be a little more free. Very good back transmission. Slightly long tails that should be carried in a slightly more natural manner. Some care is to be exercised in regards to the elongated proportions, hindquarter angulation and the size, set and placement of ears.

The NBC executive congratulates the connections of Ury on the presentation of a very pleasing group.

SC			7			V14				1		
LSC												

This is the first time Salt has presented a progeny at a GSDCA National Show and Trial. Two males and four females are represented and the sire is present. His oldest progeny was presented in the open class and he produced the Junior stock coat dog winner at this year's National. It is noted that the group is sire typical and propagates the type of his excellent father Jimmy vom Baruther Land. Salt is line bred on Esko Danischen Hof who was an outstanding producer of quality, producing females.

The animals presented today are of high quality, standing in the type of the father from five different mother-lines. They are above medium size, medium strong, elongated, whilst well coloured they could be darker in the colour on the heads. Well set necks that are of good length. They have well-structured medium strong heads with good ear set, size and firmness. There is good definition between the males and the females. The progeny have good withers, firm straight backlines, slightly short well moulded croups. The underlines are very good from this dog. Good length of foreleg. The forehands are good to very good and the hindquarter angulation is just slightly deep. In movement they show good firmness in stepping well at both front and rear. They have expansive movement maintaining a good wither line. A pleasing group and we look forward to seeing their further development at future national show and trials.

This is clearly a very nice group that is family typical and stands within the limits of size. Salt produces well-formed lower chest and should be utilised for bitches that need correction with size.

The NBC congratulates the owners and breeders of Salt, a dog that is perpetuating the line of Jimmy Baruther Land. We look forward to breeders considering Salt in their breeding programs as he is clearly a very good sire.

This is the first time Yokon has presented a group at the GSDCA National Show and Trial since arriving in Australia in May 2015. Yokon performed a very credible Excellent 5 at this year's show. He was recently awarded the Victorian State Sieger title. His oldest progeny were eligible for the

Intermediate class and the progeny group is small with only five exhibits, two males and three females. The sire was present.

The group is above medium size, medium strong, well coloured, well pigmented and well proportioned. They show good differentiation

SIRES progeny report

between the sexes. Well-formed heads with good eye colour and firmness and set of ears. Ideally the lower jaws could be more developed. Good necks, normal withers, straight backlines, with the croups being slightly short and steep. Good forequarter and very good hindquarter

angulation. Good length of foreleg. Good forechest development, however the lower chest should overall be longer. They stand and step more correct in front than the sire. Stepping narrow at rear. Ideally the hock and elbow joints should be a little tighter. In movement they display good willingness to run, with good balance and firmness of ligamentation holding a good witherline, where the reach should be freer. The tails should be a little more correct.

This is only a small sample of what the sire is capable of producing. What is pleasing to see is that the progeny stand within the desired size, are well coloured and well pigmented with very good hindquarter angulation and good size and set of ears. Care needs to be taken with the length and angle of the upper arm and the lay of the croup. Yokon is a firm and dry dog free of exaggeration with no linebreeding and that is a highly desirable attribute for breeding in Australia at this point in time.

The NBC executive congratulates the connections of Yokon on presenting his first progeny group at the GSDCA National Show and Trial and we look forward to seeing the further development of this group over the next 12 months.

LSC				9	4							

This is the second time that Xaro has presented a group at a GSDCA National Show and Trial. The group consisted of one male and sixteen females with one of the progeny being exhibited in the Open class for an excellent grading. A further 89 puppies have been registered since the last national indicating that breeders are utilising Xaro in their breeding programs. Xaro has been an extremely successful show dog and is a dog of excellent type. His performance at National shows has

been outstanding with a bronze medal in 2016 and 4th this year in an incredibly strong class. He is the current Queensland State Sieger.

The group is large to very large, are sire typical, medium strong, substantial, of very good proportions, pigmentation and of overall very good harmonious construction. Ideally the saddle markings should be darker on some of the females. Good heads and expression with dark eye colour and very good masking. Slightly large ears that should be firmer in movement. Very good length of neck, withers, firm straight backs, quite well moulded croups that in some cases could be longer. The upper arm should be slightly longer and better angled with very good placement of the shoulder blade. Very good hindquarter angulation. Very good length of foreleg. They stand correct in front with balanced chest proportions. Very good forechest development, with good length of the lowerchest. They step correct both front and rear with firm hock joints and good firmness of elbows. During movement they show very good ground covering gait with powerful hindquarter drive and good forehand reach, displaying a good desire to run.

It is pleasing to see this sire present a group of significant numbers with animals displaying very good uniformity, very good overall construction, balance and free of exaggeration. This sire offers a high degree of predictability and utilising this sire to consolidate type and balance of construction and pigmentation. He is linebred on quality animals and proven producers. In using Xaro care should be exercised with size and the size and firmness of ears.

SIRES progeny report

Xaro's progeny have returned very good results through the GSDCA HD/ED scheme with a high percentage of low scores for hips and normal elbows. Nineteen animals have successfully presented to the GSDCA Breed Survey Scheme.

Of particular note is the very good uniformity of the animals presented and reinforces that there is a very high degree of predictability when using this sire to consolidate type, overall construction, hindquarter angulation and pigmentation. Overall, a pleasing group and the NBC executive congratulate the owners of this sire on the presentation of a lovely group.

This is the third time Pepe has presented a progeny group at the GSDCA National Show and Trial. Since last year's national only 8 puppies have been registered indicating that breeders are not utilising this dog as a sire any longer in their breeding programs. Twenty-nine progeny have been presented to breed survey. The group consists of six males and six females and the sire was not present. Of the five animals exhibited in the open class all achieved an excellent grading. A commendable achievement.

The group is sire typical, and range from large to very large. They are medium strong with good proportions overall with some tending to be a little compact. Very good type. The differentiation between the sexes is very good. Very good colour and pigment. The heads overall are very good with good breadth of skull and very good masking, however the upper and lower jaws should be a little stronger. Desired dark eye colour however, the shape should be more correct. The ears are large and should be a little firmer in movement. In some cases the necks should be a little longer. High withers, firm backs, some with a slight rise in the loin. The croups in most cases should be longer and are set slightly steep. The upper arms are good length but should be slightly better angled. In some cases the shoulders are forward placed. Very good to deep hindquarter angulation. Good length of foreleg. Good forechest development, slightly deep, slightly short lower chest formation. They step correct at front and slightly close at rear, where both the hocks and elbows should be much firmer. In movement they display good willingness to run with good ground coverage, ligamentation and balance. Some care to be exercised with size and the backline.

The NBC executive congratulations the connections of Pepe. A very pleasing, sire typical group of very good overall anatomical quality.
