***Ch Sannjessa Crusty Demon 'A' (1:1) 'Z' Normal (0:0)
Excellent Select One**

Breed Survey Class 1: 16th October 2005

Breed Surveyor: Mrs Fran Farley, Victoria

**Full Breed Survey Critique: 2005 Breed Survey Book
Page 7213**

Particular Virtues and Faults:

Impressive in his firm outgoing character and his overall clean lines and harmony of build. The upper arm is set slightly steep in angle. With the final rounding out of maturity, he will mature as an adult, being for his age, correct in development. Excellent hip and elbow results.

Advice, Recommendation and Warning for Selection of a Breeding Partner:

Recommended to improve type, colour and length of limb. From an established above average family and littermates, he is of phenotype to his maternal sire line. Bitches should ideally have correct ear carriage with good breadth of skull.

***Ch Sannjessa Crusty Demon 'A' (1:1) 'Z' Normal (0:0)

Sires Progeny Report 2007 MBE

7 Animals: 4 Males, 3 Females.

- Above medium size to large***
- Contrary to a number of sires, progeny relative to size stand well within the standard***
- Very good length to height proportions***
- Well coloured and well pigmented***
- Very good fore and hindquarter angulation***
- Good wither, firm backs, well moulded croups***
- Very good type and construction***
- Sire typical, very good uniformity***
- A number of very well constructed sons***
- Group was smaller than expected***
- Slightly loose hock joints and elbows***
- Slightly short lower chest***
- Eye colour a little mixed***
- Ears slightly large and placement not absolutely ideal***

Date 26th February 2006

Breed Surveyor:

**Herr Heinz Hühn, Germany /
Mrs Joylene Neddermeyer**

Full Breed Survey Critique:

**2006 Breed Survey Book
Page 7403**

Particular Virtues and Faults:

A very large, beautifully coloured, very well constructed dog presented today in a very firm and dry condition. Displays on both the walking and gaiting exercise very powerful hindquarter drive and free forehand reach.

Advice, Recommendation and Warning for Selection of a Breed Partner:

Suitable for bitches that require improvement in type, colouration, length of croup, top and underline. The dog has a very well constructed pedigree with both parents of very good quality and soundness. Progeny from the sire line have recorded very good hip results. Some care to be exercised in regards to size.

Breed Survey Class 1

6th August 2005

Breed Surveyor:

Herr Eric Orschler, Germany /

Mr Barry O'Rourke

Full Breed Survey Critique:

2005 Breed Survey Book

Page 7208

Particular Virtues and Faults:

Powerful, typical stud dog with very good flowing lines and correct overall construction. B O'Rourke: A large strong masculine firm dog of excellent shepherd dog type. The forequarter is exemplary and during movement he exudes his masculinity and provides in movement everything he promises in stance.

Advice, Recommendations and Warnings for Selection of a Breed Partner:

Recommend for the improvement of structural harmony, especially of the forehand angulations. B O'Rourke: Recommended to bitches requiring correction of type, strength of head and including eye colour, overall firmness and angulations, especially of the forehand. This dog can be used without restriction to bloodline and is especially recommended to the lines of Siegers, Iwan Lechtal, Troy Noriswand and Jeck Noricum and with his elbow status could prove useful over the lines of Lindendale Thunderbolt.

Breed Survey Class 1

8th September 2007

Breed Surveyor:

**Herr Hans Peter Fetten, Germany /
Mrs Fay Stokes**

Full Breed Survey Critique:

**2007 Breed Survey Book
Page -----**

Particular Virtues and Faults:

Mrs F Stokes: The length and lay of the upper arm and shoulder blade is very praiseworthy. He is only a young dog with quite a bit of maturity still to come.

Advice, Recommendations and Warnings for Section of a Breeding Partner:

Herr Hans Peter Fetten: Suitable to consolidate medium size and overall firmness. Mrs F Stokes: This dog has a lot to offer the breed here with his very good angulations and certainly has no bloodline restrictions. The dog is Breed Survey Class I in Germany, but as his paperwork at the date of the Breed Survey is yet to be received he went through a full survey in Australia.

Breed Survey Class 1

18th June 2006

Breed Surveyor:

Mrs Fran Farley

Full Breed Survey Critique:

***2006 Breed Survey Book
Page 7425***

Particular Virtues and Faults:

Of overall harmonious construction and of pleasing impression, with final maturity the back ligamentation will become more convincing in the tightening overall. Very good hip result.

Advice, Recommendation and Warning for Selection of a Breeding Partner:

No linebreeding gives him a broad span of bitches needing the correction he can bring in type, harmony of build and in particular strength of bone and correct hindquarter and length of hock.

****Maltaknights Master Unox 'A' (2:1) 'Z' Grade One (0:1) H neg
Excellent Select Six***

Breed Statistics:

Number of Registered Puppies, 2003 until March 2007:

Total 13 Males 6 Females 7

No hip or elbow or breed survey statistics available, due to age of progeny and insufficient number at this stage.

Placings at the 2007 MBE: PD 9

Selection of a breeding partner:

- Best son of Unox Aducht***
- Stands well within the standard for size***
- Very good type and overall firmness***
- Very impressive Show career***
- Some care with eye colour and masking***
- Some care to be exercised with view from front***
- Suitable for strong substantial well coloured bitches requiring improvement in overall construction and to consolidate type***
- Connections to the lines of Rikkor Bad Boll are not recommended***
