Summary;

There were a number of beautiful dogs in the show and the atmosphere and management of the event was refreshing and a credit to the show committee and its President Sharon Ballantyne. Issues to be observed in breeding; There were far too many bitches standing on the absolute maximum size. The issue of the normalizing of the downward lumbar spine bend was discussed with exhibitors. Many exhibits are on the cusp or over angulated in the hindquarters. Large ears are increasing. Short upper arms predominated all classes.
