**VERY GOOD**  
58cm. Good size, upper middle strength, very well pigmented, expressive bitch of very good type and good general proportions. Beautiful head and expression, good reach of neck, into a good wither, firm back of good length, croup rather steep and should be longer. Very good angulation of the forehand though the pasterns could be firmer, good chest development, good underline, very good angulation of the hindquarters. Stand correct and moves straight away and back. Moves well with good reach and drive maintaining her good lines, a slight nick behind the wither only slightly detracts from an otherwise very impressive young female – I was delighted to award her best female today and will watch her future career with interest. VG

**VERY GOOD**  
61cm. Very large, black and paling gold, above medium strength bitch of good type, expressive, strong but feminine head, normal wither, firm back of good length, short steep croup, good angulation of the forehand, slightly short underline, very good angulation of hindquarters. Stands correct, moves straight coming and going. Moves well covering the ground with ease with good drive but the front reach could be slightly freer. VG

**EXCELLENT**  
58cm. Good size, very well pigmented young female of attractive type, very good head and expression, the eye could be just a shade darker, good wither, firm back of good length, slightly steep croup which could be longer, good angulation of the forehand but the upperarm could be a touch longer, good underline, very good hindquarters, shown in lovely condition. Stands correct and moves correct away and back. Moves well at all speeds maintaining all her lines but the front reach could be slightly better.
- 10 \*KANTENNA CODE BREAKER AZ 4100226426 01/03/13 (\*Andacht Feel The Fire AZ x \*Amstine Don't Tell AZ) Brdr/Exh: D & S Ballantyne  
**EXCELLENT**  
60.5cm Large, upper middle strength, alert and expressive bitch of very good type, strong feminine head, high wither, firm back of good length, slightly short slightly steep croup, very good angulation of the forehand, good chest development, good underline, very good hindquarters. Stands correct and moves correct away and back. A female of good brood type, firm and dry throughout. Moves well with very good drive, but a slight tendency to high step in front.
- 11 \*CH. RHOSYN NEW PLAYTHING A Z 5100085118 24/12/2014 (\*Hatto Vom Huhnegrab (Imp Deu) x \*Rhosyn Hot Koko AZ) Brdr S & C Collins Exh: K & S Maresh  
**EXCELLENT**  
60.5cm. Large, strong, well pigmented bitch with a strong but feminine head, alert expression but the eyes should be a shade darker, normal wither, firm back that should not be shorter, short steep croup, good angulation of the forehand, well developed chest which should not be deeper, good underline, very good angulation of the hindquarters, a nick in the witherline detracts although I think this and the curly hair over the croup could be resolved. Stands correct, moves straight away and back. She moves very well with good reach and drive and just a slight tendency to fall on the forehand

**VERY GOOD**  
64.5cm. Above middle size, above middle strength, substantial male of very good breed type, very good pigmentation, particularly attractive male head with good keen expression, good wither, firm back of good length, slightly short but well moulded croup, very good forechest development for his age, good

angulation of the forehand, the underline is just a fraction short, and the hindquarters are excellent. He stands correct and moves straight away and back. Moves well with good reach and drive, the reach of neck could be slightly better and there is just the slightest tendency to peak in the topline at times. A young male of very good quality. VG

**EXCELLENT**

65cm. Large, upper middle strength, very well pigmented dog of very balanced proportions, good masculine head and expression, good reach of neck, good wither, into a firm back of good length, slightly steep croup which should be longer, good angulation of the forehand, well developed chest, good underline and very good hindquarters. Firm and dry throughout, moves very well with good reach and very good drive though the short croup detracts a little. Stands correct, moves straight away and back. He was presented in beautiful condition and I was pleased to award him best male.
