PRESIDENT'S report

Well what can one say!

The 47th GSDCA National GSD Show and Trial as hosted by the German Shepherd Dog Club of Victoria was a success on many fronts! The entry of 471 conformation and 100 Obedience made this event one of the biggest single breed / GSD events in the world. Not many WUSV members can boast such an entry for their National show!

This year despite a downward trend in entries since the show was last held in Melbourne 4 years ago saw the GSD fraternity in Australia support this must go to event! It was again noted that many overseas visitors attended either as spectators and or handlers for the various teams. I believe this adds to and enhances the event and demonstrates that our commitment to the welfare and development of the GSD is no lesser than any other organisation in the world.

The event this year had a 'united' feel about it and the GSDCV must again be congratulated for the layout and organisation that saw little angst and many interacting with each other! This added to the wellbeing of both animals and all attending! Competitors shared in the success of others and this also helped restore the camaraderie that is essential to the good health of our sport!

The committed effort of the GSDCV, the work of many of its members, the work of the GSDCA Executive, the assistance of interstate members, the experienced judging panel, the sports like behaviour of all exhibitors and the ability to celebrate each other's success all played a part in ensuring this event was most successful.

I would again like to acknowledge and thank Dawn Fraser, GSDCA Patron who, together with Peter Hitchener, Patron - Dogs Victoria stole the show on the Saturday. It was evident that both love dogs and had an affinity with whoever they met on the day! Their willingness to share themselves freely with the membership added to the event and no doubt many members will treasure the photos taken with or meeting them!

I again ask you to please make it your golden rule (noting the high cost of travelling to interstate shows): make every effort to attend the National each year. It really is the must go to event for breed enthusiasts. The success of this event depends on the biggest entry it can attract. I for one am looking forward to the **48th GSDCA National GSD Show & Trial that will be hosted by the German Shepherd Dog League on 15th, 16th & 17 May 2020 in Sydney**. Reserve the dates! The conformation judges are Herr Helmut Buss: All LSC Dogs and Bitches & SC Dogs (Males) & Herr Erich Bosl: All SC Bitches.

No doubt many have heard of the outcome of the AGM 60 day motions as put to the membership. I am pleased to report that the collective resolve of the Club Presidents and the GSDCA Executive as supported by the membership has now added clarity with regard to a number of regulations that were put in place as a result of the 2016 WUSV Harmonisation initiatives.

It is my strong belief that which is in place now can be worked towards and implemented within the prescribed time frames and will in fact see a change of culture that can only benefit the breed. In supporting this we were fortunate to utilise the expertise of Herr Harald Hohmann, who was the presenter at the GSDCA ZAP Seminar & Practical Workshop. The seminar provided many of the GSDCA leadership group further clarity with regard to ZAP and its elements - namely Character, Endurance and Working. All who attended and or participated in the workshop saw the ZAP Character element as a most credible tool in assessing the GSD

character spectrum that sees our breed at one end of the scale, utilised as a family companion, and at the other end as a Military/ Police Service dog. It is also important to note that ZAP is now an alternative path to IPO/IGP as a prerequisite for breed survey in Germany. I again thank the GSDCV who on behalf of the GSDCA hosted the event and many of its members who attended the practical workshop.

Over the last two years there has been much angst, division and discussion regarding the pace with which new requirements and or regulations have been thrust onto the membership. The Club Presidents' and the GSDCA Executive are well aware of your concerns and assure you that the introduction of initiatives, be they breeding, showing and or working requirements will only be undertaken with due consideration and as approved by the membership and not as dictated by other parties!

I am certain there are many hours of reviewing this editions contents - after all this magazine is the go to tool for breeders and enthusiasts. I thank Jacinta who as Editor, again in relative short time since the event, has seen the magazine produced and distributed to the members. I also, on behalf of all, thank her again for sharing on FaceBook her huge collection of photos that have in real time recorded the special moments of many members and their dogs and the state of the breed!

As always happy to discuss any matter with you.

Vince Tantara

President

Editorial

This edition is all about the biggest show in Oz. A complete record of the 47th GSDCA National German Shepherd Dog Show and Trial, hosted by the Victorian club. This edition includes complete results and critiques across all show, obedience and rally classes, junior showmanship and major presentations.

We showcase our medal winners and highlight our major trophy winners, all now a part of GSDCA National history. Thank you to our German judges Harald Hohmann and Richard Brauch who have provided detailed summations of the conformation classes they judged.

To prepare this edition, my thanks to Victorian chief steno Barb Blythe for providing all critiques and results and show secretary Cristine Begbie for the honour roll and medal winners. Thankyou to Trial manager Dearne Jackson for the complete obedience and rally results and critiques. Andrew O'Loughlin has provided a complete summary of the Junior Showmanship classes he judged. Thank you to Jenny Yuen, who in her first year as NBC Chair has provided the Sires Progeny and Breeders Group reports. Thanks to Stephen Collins for provision of the Tail charts.

Every national is great but it seems the Vics have outdone themselves with what everyone agrees was a terrific event, showcasing the best dogs in a great atmosphere around the rings. The show rings produced some outstanding winners, and both judges Harald Hohmann and Richard Brauch were very well received over the weekend.

Over at obedience, it was very evident the standard on display. The rally trial was a great edition on the Friday with some superb performances. But the obedience shone through this year. The Winner of Winners on Sunday where the big guns showcased their working capacity with their dogs was superb this year, congratulations to all involved.

We always hope and expect it will be, but this year the sportsmanship on show was recognisable, even the judges commented on the generous applause and support towards fellow exhibitors and appreciation of the dogs in the ring. Exhibitors and especially handlers are to be commended on their sportsmanship and conduct. If we are to continue such a great show, this is a key for our whole fraternity.

My highlight for the national was the very last dog in the ring for the whole show. The retirement laps are always well received. Following the challenge runoffs LSC Jayshell Glasgow retired, but it was then Fremont Hells Bells who grabbed our attention on his own retirement lap. For those present, the applause and real delight in seeing Ollie gait his final goodbye was a sight to remember. He knew he was on show! A 5 time medallist (4 silver and 1 bronze), unprecedented in these recent times of imported stud dogs, he owned the ring one last time. Ollie held his own with a silver medal this year and has reserved his part in National Show history. He might not have won gold, but for many, as a locally bred dog he mixed it with the very best, and for many, could have easily been a gold medallist. As we waved good bye to the show for another year, we salute you Ollie and thank you for what you brought to the show ring.

Cheers

Jacinta

Victoria's National Wrap – Thanks !

The 47th GSDCA National is finally over. After 3 ½ years of planning it all came down to one weekend, although the 'weekend' started out much earlier when a horde of helpers descended on the park to assist with sprinkler locating, speaker, marquee and ring setups, office setup, merchandise delivery, catering vans, sponsorship product delivery and the mowing of lawns by the VCA. Essentially all the million and one things needed to ensure a great weekend, the 'Park' was a hive of activity.

As always, the 'National' kicked off with a Breed Survey and Meet & Great (with free sausage sizzle) on the Thursday afternoon, (let's not forget the Bar) followed by the usual sequence over the Friday to Sunday. Having Rally Obedience on the Friday in addition to the 'regular' obedience on the Saturday provided an opportunity for a greater inclusion of competitors. The Judging of Junior Showmanship on the Friday during lunch and the Winner of Winners in the main rings on Sunday saw a much greater involvement and interest from the conformation competitor.

Weather is always one thing that we can try and plan for, but cannot be controlled. Mostly Victoria turned on a great weekend of weather, with sun and light winds. Notably as we all know, midnight Friday saw gusts of wind that blew over quite a number of 'corporate' tents. While this did cause some concern, the quick actions of campers and early arrivals cleaned up the area enough for the Show to continue. Replacement tents as much as was possible were provided by the contractor.

Saturday provided the traditional opening ceremony. In addition to the show and trial judges, honoured guests were the Patron of the GSDCA, Dawn Fraser AC MBE, VCA Patron Peter Hitchener OAM, VCA CEO Steven Moustos, VCA President Wayne Flemming, Canine Museum Marilyn Symes OAM, and the Victoria Police Dog Squad. LSC Heath Drew & Police Dog Ike were to receive a Canine Service Award (unfortunately, Heath & Ike could not attend, having to work, so LSC Matt Steele & Police Dog Rocky stood in). Council Service awards were presented to Gil Cafari & Barbara Blythe after a sterling rendition of the German and Australian Anthems.

This year the traditional Presidents Dinner on the Friday was not held due to the lack of participation over recent years, and saw a change with the big event being 'Saturday Night Live'. Good food, great friends and great music. The venue was packed. Presentations on Sunday were held in the hangar, with an estimated 200 in attendance, really capping off the weekend.

An event like this cannot be held without the support of our major Sponsors, Royal Canin & Monash Vet Clinic, the staff of the VCA, Judges, Stewards and Stenographers and of course our members and the exhibitors.

The GSDCV would like to thank each and every person that contributed to the overall success of the weekend with special mention to the National Show and Trial Committee - David Organ, Cristine Begbie, Vince Tantaro, Tony Mercieca, Vince Ebejer, Frank Moody, Jacinta Poole, Fiona Henderson, Les Rudling, Amanda Barr, Dearne Jackson, Ian Urie, Tania Schumann, Jenny Yuen, Barbara Blythe, John Schulz and Terry Taukus, with all the members in their teams that helped them before, during and after this great event. Also the Gippsland branch on the bar and Skye branch cooking the bacon & eggs. Thanks to all who attended, participated and enjoyed. See you in Sydney in 2020.

INTRODUCING our judges

Conformation Judges

HERR HARALD HOHMANN
SV (GMY)

LONG STOCK COAT BITCHES & DOGS, STOCK COAT DOGS

Mr. Hohmann joined the SV in 1977 and has been on the board of his Landesgroup since 1994. Since 2007 he has been the chairman of Landesgroup Baden in Southwest Germany. He has trained many German Shepherds in Schutzhund and has competed often on all levels of trials. Herr Hohmann has been a working judge since 1987 and is also a show judge and "Körmeister".

He breeds dogs under the kennel name of "von Melanchthon." He scored numerous notable successes at trials and confirmation shows, at least he got several VA- titles with his dogs!

He was appointed to judge the protection of the German Siegershow three times and in 2017 he judged the young dog class females.

In his professional life, Herr Hohmann is a police officer and in charge of a large K-9 department in Baden-Württemberg, Germany. He has been a K-9 handler and competed with police dogs on every level, including the Bundessiegerprüfung.

HERR RICHARD BRAUCH SV
(GMY)

STOCK COAT BITCHES

I am a Business Lawyer and Tax Consultant and live in Waibstadt, Germany. I have been a member of the SV since 1966, an SV Judge since 1996 and became an SV Breed Surveyor in 2001. I established my kennel in 1971 and have bred about 120 litters to date under my prefix Vom Elzmundungsraum. The highest rated dogs from my kennel since 2000 are:

- Xantia (SG3 2000, VA2 2002)
- Gigolo (Bronze medal winner and VA Australia)
- Ken (Young dog Sieger 2004/V2 2005)
- Digger (V23 2007, V11 2008, V8 2009, V4 2010, VA4 Spain, VA1 Swiss Siegerschau 2009)
- Daphne (V8 2008)
- Gower (VA3 Swiss Siegerschau 2012, VA2 Siegerschau United States 2014)
- Fax (V38 Siegerschau 2012, VA3 & VA6 United States 2013/2014)
- Whitney (VA6 2017)

I have the pleasure of judging in more than forty different countries all over the world including Siegerschauen in Germany, Argentina, Australia, Austria, Bulgaria, Estonia, France, Hungary, Italy, Latvia, Philippines, Romania, Spain, Switzerland, United States and Ukraine.

I am pleased to be invited to officiate at the 47th GSDCA National Show and Trial, and look forward to judging your dogs.

MR ANDREW O'LOUGHLIN
(SA)

JUNIOR SHOWMANSHIP

Andrew has grown up around German Shepherd Dogs and amongst the show scene after his parents purchased their first dog "Monty," *Ch Craisan Satans Destiny 'A' ET in 1982. Monty was purchased as a pet, but soon became a noteworthy show dog. In 1991, Wayne and Judy established Arkahla Kennels, which Andrew is now a part of. Although we are a small kennel, we have achieved the GSDCA silver medal for both hips and elbows, bred 20 survey classified animals, 5 Australian Champions and 6 obedience titled animals.

Andrew began handling dogs in his teens, and was very lucky to have supportive people around him that gave him a chance to handle quality animals. Kevin and Velga Corlett of Bruangie Kennels were always happy for him to handle their dogs, and were one of the first to give Andrew a chance. Jane Pike, who trained with Judy, had Andrew help train "Paris", *Ch Blitzenhund Sorbet City 'A' 'Z' amongst their many training sessions.

Andrew now handles mostly for Jane and Peter of Vonpeta Kennels, who he is lucky enough to co-own *Sup Ch Vonpeta Ugottabekidding 'A' 'Z' with. "Kid" and Andrew have had a very successful career together, winning in both the specialty and all breeds rings. Some notable results being 2nd baby puppy and junior dog at national shows, 6th open dog twice at national shows, runner up best in show Queensland champ show, best in show Adelaide Districts Working Dog Club, best in show 3rd Adelaide Winter International and many other in show awards.

Andrew enjoys handling in both specialty and all breeds rings which has led to being a qualified group 5 judge and is now a German Shepherd specialist trainee judge, along with a group 6 trainee judge. He has also helped handle a number of other breeds, both at all breed shows and other breed specialty shows. He is also currently the GSDCA Youth Officer, along with the GSDCA youth representative.

INTRODUCING our judges

Obedience Judges

MR BARRY COTTON (VIC)
COMMUNITY COMPANION DOG

My first introduction to the world of Obedience started in 1987 when the family got an Australian cattle dog puppy which quickly became a naughty puppy so we went off to the local obedience club (Berwick Obedience Dog Club) and as he progressed through the classes I became hooked on obedience and the club. The family progressed to Border collies and three of them have gone into obedience trials with some success.

Over the years I have performed many roles at the club from President, Secretary, and instructor and equipment manager on club days.

I am now a full panel Obedience Judge having completed the UDX license in 2016.

Since gaining my judges licence I have enjoyed judging many obedience trials around Victoria.

I look forward to judging at the 2019 German Shepherd Dog Council of Australia National and I wish all the competitors well in what they have entered, but most importantly let's make sure we have fun doing it.

MR CLIVE MAKEPEACE (VIC)
UTILITY DOG EXCELLENT AND UTILITY DOG

Clive started in the Dog World in 1972 with a Dalmatian at the Croydon and District Dog Obedience Club in Victoria. He is still a member of that club and when his judging/competing commitments allow, he assists with the Trial class. Clive was made a Life member in 1984. During his time at the club he has held various positions including President and Chief Instructor. Clive has trained a Golden Retriever to its Utility title and another to its CDX title. His current Golden INCA has attained her Novice Obedience title and is competing in Open Obedience. INCA is also competing in Novice Jumping.

Obedience trialling beckoned in the early 1970's with the Dalmatian but because of injury to the dog, trialling was put on hold for a few years. In the early 1980's he started stewarding at Obedience Trials in Melbourne. In the mid 1980's Clive started in the ANKC Judging program and is licensed to judge all levels of Obedience. In the late 80's Clive was also licensed to judge all levels of Agility, Tracking and Endurance tests. Clive has judged Agility & Obedience extensively in all States in Australia and in Singapore. He is very involved in the training and testing of Agility and Obedience Judges in Victoria. Clive with his wife Pam until recent times managed the Obedience trials for their club, Croydon. They had done so for 18 years. Also Clive has been the Trial manager for numerous Agility Trials in Melbourne. Clive is also on the Royal Agricultural Society of Victoria Dog Committee and until recent times was the Royal Show Manager for Obedience and Agility.

Clive is extremely pleased to be invited to Judge Obedience at the 2019 47th German Shepherd Dog National Show and Obedience and Rally Trials. He would like to wish everybody the best of luck for a successful National.

MRS CHERYL BEDGGOOD (WA)
OPEN DOG AND RALLY MASTER

My lifelong love of dogs and dog sports was firmly cemented in Kalgoorlie over 40 years ago, becoming an Obedience Judge in 1980. My first dog was an Afghan Hound, who certainly challenged my abilities. She achieved her CD, winning trophies and awards, and she was a member of the local Demonstration Team. I spent many years travelling to Perth to trial with my German Shepherds, with a lot of successes along the way. I was Head Trainer and President of the Eastern Goldfields Kennel Club and a Senior Trainer and President of the Kalgoorlie & Districts German Shepherd Obedience Dog Club. After moving to Perth in 1981, I purchased my first Rottweiler puppies and began helping other Rottweiler owners train their dogs, becoming Head Trainer and President of the West Coast Rottweiler Club.

I have enjoyed judging extensively throughout the state, including numerous Perth Royal Shows and State Obedience, Rally O and Agility Trials, as well as State DWD Competitions. I have also had the pleasure of judging National Agility and Obedience Trials (including National Rottweiler Obedience Trials). Judging in Singapore and Kuala Lumpur have been wonderful experiences too, as has putting trainee judges through the Judges Course.

I am honoured and excited to be a part of the German Shepherd Dog Council of Australia National in 2019. I look forward to the events; and wish all competitors the best for a very successful National!

INTRODUCING our judges

Obedience Judges

MRS DAWN AYTON (VIC)

NOVICE DOG AND RALLY NOVICE

Dawn started obedience back in the 70's with the "Oh so naughty" family pet.

Attending numerous seminars both in Australia and Overseas her main interest gravitated towards the temperament side of dogs. Helping the National Dobermann Council with their Working Aptitude Evaluation, working for several years to train evaluators and establish the scheme. Dawn is also currently involved with the National Rottweiler Council to improve the temperament testing section of their Breed Survey Scheme.

Being a Life Member of both the Dobermann and Rottweiler Clubs of Victoria. A Life Fellow of the Canine Museum, a committee member of our new War Dog Memorial committee and a current member of Victoria's OTEC committee Dawn still manages to title her dogs in both show and numerous sporting events.

With Licences in Obedience, ET and Rally, Dawn has judged in most states of Australia including the prestigious ANKC National Obedience trial last year.

MS TANIA SCHUMANN (VIC)

RALLY EXCELLENT A & B AND ADVANCED A & B

As a child I grew up in a house filled with animals. I always loved dogs as we had three German Shepherds. At the age of 16 my parents brought me my very own puppy. That was the start of my journey in the German Shepherd Dog Club and competitive world of dog sports. Since then I have gone on to own numerous GSD's and an Australian Shepherd achieving almost 30 Australian Titles in Conformation, Obedience, Rally Obedience, Herding and Dances with Dogs.

In 2003 I attended my first ever National where I handled as a junior. At the 2018 Adelaide National I accomplished one of my biggest achievements winning not only the Bronze Medal in Obedience but a Dual Excellent. For me moving on from being a junior club member, to then being invited to judge at the 2019 National is a huge honour and privilege which I'm extremely excited about.

I would like to wish all the competitors a successful trial, best of luck for some lovely passes.

CONFORMATION CLASS summations

Herr Richard Brauch (SV)

All SC Bitch Classes

I would like to thank the GSD Council of Australia and the German Shepherd Dog Club of Victoria for the invitation. It was very enjoyable judging at this event. After 2002, 2007 and 2016 in Sydney and 2013 in Adelaide, this was already my 5th assignment at a NATIONAL in Australia.

The 47th GSDCA NATIONAL German Shepherd Dog Show and Trial, held between the 5th and 7th April 2019 in Melbourne, was a genuine advertisement for German Shepherd sport. The whole event was characterized by excellent organization, best weather conditions, a fantastic venue for the event, a remarkable number of the dogs presented and a very positive mood among all participants and visitors.

It was my task to judge the Stock Coat Bitch classes. There were altogether 242 bitches in the Stock Coat classes and in all classes altogether there was an entry of 471 dogs. With this entry the NATIONAL surely counts among the 10 largest Breed Shows world wide, where it must be taken into special consideration that in all other countries dogs from at least 5-10 Nations would be shown, whereas in Australia, on the grounds of the geographical location only dogs from Australia and on occasion from New Zealand would be able to take part in the competition.

Of the exhibited classes, especially the quality in the Intermediate and the Open Class were, based on the size of entry and numbers exhibited, as well as based on the anatomical appearance, noteworthy, so that almost all bitches were able to receive the highest grading.

The vast majority of the presented bitches were of very good type and expression with quite good structural proportions and good movement. The presentation was completed by a high spirited in temperament and self assured behaviour of most of the bitches.

For the grading in the top group of the respective classes, in addition to the correct size frame (maximum of 61 cm at the withers), correct angulation without exaggerations in the region of the hindquarter, and a correct sequence of steps from in front and behind with stable hock joints were required. Restrictions were to be noted in the region of the length and lay of the upper arm, the length and lay of the croup, and the firmness of the hindquarter. Also in a not insignificant number of bitches limitations in the colouration of the eyes as well as restrictions in the length of underchest were noted.

The exhibitors should further more take it into their considerations, that for a successful presentation, it is also required that the dogs show themselves natural, free and easy, during the dentition check and measuring, and such extra activities are to be part of sensible training of the dogs.

However altogether it can be stated that the exhibited dogs were of high quality and based on their phenotype and their behaviour should also when used for breeding, lead to expectations of successful progeny.

It was a great event, that I personally and my wife too, very much enjoyed. Many thanks to all exhibitors and handlers for their absolutely fair and sporting conduct, and to the spectators who often applauded the decisions made.

A very special thank you to all the helpers in the ring, who with their competent assistance made my work as judge very easy. My thanks in equal measure to all the workers of the organizing team, representing the President of the German Shepherd Dog Club of Victoria, Mr. Tony Mercieca and last but not least, the President of the German Shepherd Dog Council, Mr. Vince Tantaró and his wife Frances, who from our arrival in Australia up to the departure / take-off have cared for us perfectly, and given us the opportunity to apart from the event itself, also gain some impressions of Melbourne and the surroundings of Melbourne. Once again the trip to Australia was an impressive experience.

I wish all breeders and exhibitors much success for the future with their dogs, and a happy knack in breeding, and hope – as in the last few years – to meet a lot of German Shepherd Dog friends from Australia

in September 2019 at the Siegerhauptzuchtschau in Nürnberg, and afterwards at the Siegerschau in Italy.

With best regards,

Richard Brauch

(Translated by Honey Gross-Richardson)

Herr Harald Hohmann (SV)

All LSC classes and SC Dog Classes

Dear ladies and gentlemen and sporting friends,

It is with great pleasure that I accepted the invitation to judge the Australian National. Before I address anything else, I would like to say that the time spent in this huge and glorious land was a wonderful experience.

My task was to judge the stock coat males and all the long stock coat classes. It was good to see the high number of entries and showing a pleasing quality in their results.

Above all, the long stock coats particularly surprised me. The animals were predominantly of notable anatomical quality, and the faults that frequently tend to be present in this variation were only noted to a limited degree. The long stock coats were often at the upper limit in size but only rarely exceeded the desired size.

The upper arm structure as well as the limb proportions in combination with the front pasterns could only rarely be criticised. The hindquarter angulation in combination with the hock joints mostly conformed with the standard. Above all else, the glorious expression in combination with a desired overall type of the long stock coats is highlighted. The differentiation between the sexes is clearly visible.

Similarly, this can be reported in the stock coat males. A quite high average quality can be found in Australia. This means that individual animals that are way above the average can establish themselves.

The animals are fundamentally within the required size, chiefly have a lovely expression and very often are constructed in correct proportions. The animals can principally be classified as being within size, very often have a lovely expression and are very often constructed in correct proportions. However, it is noted that especially in the younger classes, the upper arm structure should be more pronounced, meaning that the upper arm should be longer and be better angled.

A deep hindquarter angulation, which is often associated with a close sequence of steps, was relatively often noted. However, the firmness of the hock joints could only rarely be criticised.

Dogs in the open dog class were overall correctly constructed with very good character and drive traits. These animals should be quite capable of improving the Australian breed.

As judges in Australia judge without a catalogue and therefore without knowledge of the bloodlines, no statement can be made regarding connections between anatomical assets and faults and the various bloodlines.

Finally, I would like to repeat that I was very taken with the Australian breed and noted that the animals largely have very good core characteristics despite not having the opportunity to participate in working trials.

In closing, I thank you for the invitation and your hospitality, and wish all Australian breed friends all the best for the future.

Kind regards

Harald Hohmann

National Youth Handler Classes

Judged by Mr Andrew O'Loughlin (SA)

First and foremost, I would like to thank the GSDCV for the invitation to judge the Youth Handler Classes - it was a great honour to be able to judge. At this year's competition, we had 2 handlers in the 7-10 age group, 3 handlers in the 10-13 age group and 4 handlers in the 13-18 age group. The overall standard of handling from all age groups was of very high quality, which made my job difficult as the judge. In all the classes it was pleasing to see that everyone had a very good understanding of lead control and what to do with the lead when not needing to use the full length.

One thing I would like to encourage all handlers to do is to look at the breed standard and to then learn what that means on the dog. For example, knowing what different parts make up the dog (forequarter, croup, pastern, wither etc) and knowing where they are and what they should look like. This may take some time to learn, but I think it would be beneficial to all our Youth Handlers.

I also think it would be beneficial for handlers to start learning and practicing loose lead gaiting. This was something I asked the handlers in the 13-18 age group to do and only one was really able to successfully do this. It is also important to understand how to do a loose lead fast gait – it doesn't mean simply running faster to try and keep up with the dog so the lead goes loose! The last thing I would like handlers to focus on is listening to the judge. Particularly in the younger classes, many didn't understand (or didn't do) what I asked them to do on the individual.

Andrew

7 - Under 10 Years

This was a tough decision between the two handlers. Both did extremely well with their dogs for their age, showing great promise for the future.

1st Place - Cienna Acciarresi

Cienna maintained very good control of her dog at all times and had a good rapport with it. She was calm with the dog, which allowed the animal to focus on what to do. Cienna's use of the lead was also very good, keeping it at the right length and excess lead out of the way. She was quick to stack the dog, was aware of the judge at all times and used her voice well to encourage the dog.

2nd Place - Ryan Kelly

Ryan had good control over a puppy that was a little naughty and made his job difficult. He was talking to the puppy lots to encourage it along and had a very good rapport. Occasionally he let the lead get in the way, but overall had good lead control. Ryan was able to stack the puppy very well and had very good awareness of the judge.

10 - Under 13 Years

This was a difficult age group to judge. In this age group, I would expect the handlers to be starting to understand some anatomy terminology. Only 1 of the 3 handlers showed this understanding. All handlers showed their dogs very well.

1st Place - Zachary Bland

Zachary had very good control of the dog, keeping the lead at a length he was comfortable with for a dog that was a strong worker and shortening the lead to turn the dog when needed. He had a very good rapport with the dog and used his voice to encourage and control the dog, was quick to set up the dog and had very good awareness of the judge. Zach didn't walk on the individual exercise as asked, however showed knowledge of anatomy which is pleasing to see.

2nd Place - Paris Turoczy

Paris had a younger dog, which worked very well and she managed to control for the entire class. She had a very good rapport with the young animal and used her voice to encourage the dog a lot. She held the lead at a length that was ideal for the dog, however it would have been better if the excess lead was held up instead of dragging on the ground at times. Paris was quick to set up the dog, had great judge awareness and presented a very good individual. Paris couldn't display knowledge of anatomy on the day.

JUNIOR showmanship

3rd Place – Chelsea Jiggins

Chelsea had a difficult task on her hands with a dog that wanted to pace a lot. She worked hard at getting the dog to gait, but was not able to keep the dog in a gait. She had good control over the dog when it was gaiting, had a very good rapport with the dog but could have used her voice a little more to encourage the dog in trying to keep it gaiting. Chelsea had very good lead control, stacked the dog quickly and had very good judge awareness. She presented a good individual, however couldn't display knowledge of anatomy on the day.

13 - Under 18 Years

This was a very competitive age group! 4 terrific handlers who are all very skilled. It was very difficult to separate them all and it was a very enjoyable class to judge. All handlers presented their dogs in a professional manner that any exhibitor would be pleased with in the conformation ring. However, I would expect handlers in this age group would have a very good understanding of anatomy and the breed standard, which was disappointing. In this class I gave every handler a chance in front, to see how well they would control not only their dog but the speed of the class. This is something else I think handlers in this age group should start to think about a little more.

1st Place – Stephanie Jones

Stephanie displayed excellent control over her dog, with terrific hands holding the lead softly allowing the dog to work easily. She displayed an excellent rapport with the dog, using her voice to encourage the young dog along. Stephanie set up the dog quickly displaying the dog's anatomy very well, presented the animal for the individual excellently including a calm loose lead gait. She showed good breed standard and anatomy knowledge which is still developing.

2nd Place - Amber Phillis

Amber showed her dog very well, with excellent dog control and rapport. She used her voice very well and displayed excellent lead control, having the lead at an ideal length for all occasions with excess lead held up. Amber presented a very good individual, which included a great attempt at a loose lead gait. This was not helped by people calling the dog and I would encourage her to tell people not to call if a loose lead is asked for next time. She was quick to set the dog up in a position that displayed the anatomy of the dog very well, displayed very good judge awareness and had good breed standard and anatomy knowledge which is still developing.

3rd Place – Baylie Mercer

Baylie presented her dog very well, showing an excellent rapport with the dog. She had very good control over the dog and very good lead control. She was quick to set up the dog, however still had the lead wrapped around her wrist which got in the way of the presentation of the dog sometimes. I would also like to encourage Baylie to try and use a little more lead, or perhaps a longer lead, to allow the dog to work more freely. She presented a very good individual including a great attempt at a loose lead gait. Baylie showed great breed standard and anatomy knowledge.

4th Place – Ethan Yarzabal

Ethan presented the dog very well, showing a great rapport with the dog. He had very good lead control and a wonderful rapport with the dog. He used his voice well to encourage and praise the dog while working. Ethan presented a very good individual including a great attempt at a loose lead fast gait. I would encourage Ethan to play around with fast gait speeds, and work on finding the right speed for the dog. Fast doesn't always show the dogs movement off best. Ethan was always aware of where the judge was and set the dog up very quickly. He displayed good breed standard and anatomy knowledge that is still developing.

OBEDIENCE trial classes

COMMUNITY COMPANION DOG

Judge: Mr Barry Cotton

I thoroughly enjoyed judging the class, it had great handlers and dogs that worked well and I hope they go on to do well in obedience in the future. The class had 29 entries and 21 entries competed on the day. Of those that competed, there were 9 entries who obtained passing scores and 8 handlers chose to withdraw during the competition. There were 8 scratchings.

This team were working very well to start and then got distracted. A minor deduction in the Recall exercise and perfect scores for the other exercises. Obviously a very dedicated trainer, so wishing you every success in the future.

OPEN CLASS

Judge: Mrs Cheryl Bedggood (WA)

Wow! So many teams with perfect scores in many exercises! I thoroughly enjoyed the quality in this class. The three excellent passes and the three NQs over 170 reflect this. Of my NQs over 170, one would have attained 198, except for 10 seconds in the five minute down and one would have received 195 except for 20 seconds in the sit stay – how absolutely heartbreaking! I commend the handlers for their expertise and I thank them for presenting me with such quality work. As is most common as we progress through the classes, it is often one small thing that determines a pass or fail. A missed distance signal, a missed drop on recall or 10 seconds short in the stay. You all deserved a pass and I salute you all. Well done to the qualifiers and the non qualifiers.

RALLY EXCELLENT A & B

Judged by Ms Tania Schumann (Vic)

This was our first class for the day. There were lots of nervous handlers and very distracted dogs. I loved watching the determination from handlers to engage dogs with so much happening around them. We received only a few passes but overall was great to see lots of potential between teams.

RALLY MASTER

Judged by Mrs Cheryl Bedggood (WA)

What a pleasure to judge the superb rounds presented today. I thank you for the great work. It was immensely satisfying to see four teams achieve over 90 marks. My winning team on an excellent score of 97 were outstanding. The handling was perfect and the dog attentive, giving us a wonderful display. This handler also attained second place in the class with his second dog on another excellent score of 96! Well done! I thoroughly enjoyed the judging and thank the handlers for their sportsmanship and the club for making me feel welcome.

She becomes flat over the wither during gaiting and should show more power in the rear drive and cover more ground in the front. She is a little too heavy. Withdrawn with Judge's permission. Gunshy.

BREEDERS group

BREEDERS GROUPS

Judged by Mrs Jenny Yuen

Three groups entered the Breeders Group at the 2019 GSDCA National Show and Trial. There were two Stock Coat and one Long Stock Coat Group. The groups were judged on Saturday 6th April following the Sires Progeny Groups.

To meet the requirements the Breeders Group must consist of 5 animals from the one Kennel that are at least 9 months of age, from a minimum of 2 sires and 2 dams and of only one coat type.

A group's aim is to show a distinct and uniform kennel type and appearance of the highest quality.

1st Place Freinhaus Kennels

The Stock Coat group of Freinhaus Kennels excelled in its uniformity of type and depth of quality of the individual animals from 3 sires and 2 dams. They were large, medium strong, well coloured and pigmented, well proportioned and showed a clear differentiation between the sexes. Very good heads and expression with dark masking and large but well set ears. High withers, firm backs. Slightly steep croups of good length. Slightly steep upper arms of good length. Very good fore and under chest development. Very good length of foreleg. Generally very good hind angulation. The group showed much enthusiasm on the move with very good reach and drive. The individual animals performed very well, achieving the highest gradings in large classes with the SC Open Dog Bronze medallist, the 9th placed SC Open Dog, the SC Open Bitch Silver Medallist, the 9th placed SC Open Bitch and the 6th placed SC Intermediate Dog. A high quality, excellent group displaying a high degree of uniformity.

BREEDERS group

2nd Place Zandrac Kennels

In second place is the Stock Coat group of Zandrac Kennels from 2 sires and 2 dams. They showed a very good degree of uniformity. They were large, well coloured and pigmented and well proportioned. Very good heads and expression with dark masking and dark eyes. High withers, firm backs. Slightly short, slightly steep croups. Good fore and very good hind angulation. Very good length of foreleg. Very good fore and under chest development. Standing and stepping slightly narrow at rear, correct in front. Both hocks and elbows could be tighter. Balanced, expansive, lively movement. The group had some very good placings including 1st Puppy bitch, 6th Junior bitch and 4th Excellent Open Bitch. A quality group showing very good uniformity.

3rd Place Babanga Kennels

In 3rd place is the Long Stock Coat group of Babanga Kennels from 4 sires and 3 dams. They were large to very large, well coloured and pigmented. Expressive heads. Medium to dark eyes. The planes of skull and fore face are not quite correct. Slightly short necks in some cases. Normal withers. Firm backs with some a little peaked. Slightly short, slightly steep croups. Good fore and very good to slightly deep hind angulation. Standing and stepping not quite correctly in front. Both hocks and elbows could be firmer. Showed very good, balanced movement. This group provided some good placings including 4th and 9th placed LSC Open Dog, 9th LSC Open Bitch and 7th LSC Intermediate Bitch. A good group showing quite good uniformity.

Congratulations to all 3 kennels for presenting their groups. It is no mean feat to be able to present a quality Breeders Group, so well done to all three.

Jenny Yuen
NBC Chairperson GSDCA

GSDCA service awards

Mrs Barbara Blythe

GSDCA Service Award

Barbara is one of those members who always gives all she has to give, and is not afraid to step up when needed. She has been, and continues to be an extremely valuable cog in the workings of the GSDCV.

In addition to her own tasks, she has always been willing to

'go the extra mile', to ensure that job is done properly and professionally.

As much of Barbara's contribution occurs in the background and often goes unnoticed, her attitude and willingness to help is always in a friendly and cheerful manner and is always without expectation of recognition.

Roles within the GSDCV

- 1986 bought her first German Shepherd dog and joined the GSDCV
- Bred under the Blythedale prefix, breeding only 9 litters
- Always supported the GSDCA Breed Improvement Schemes i.e. Hips and Elbow X- rays and Breed Survey
- Skye Secretary 4 years from 2000
- Show Branch Secretary 3 years from 2014
- Breed Affairs Secretary 2 years taking minutes and assisting the BA Administrator
- Minutes Secretary to the Show and National Show and Trial Committees
- Barbara has prepared the Structural Assessment work sheets, types them up and laminates them for presentation to the owners.
- GSDCV Minute Secretary 5 years to current
- Show Instructor at SSB since 2013
- Show Stenographer for nearly 20 years including many interstate shows, where she has been requested due to her diligence and friendly attitude
- Barb has also taken on the essential role of training, organising and mentoring the next generation of show stenographers.
- 2018 GSDCV AGM – Presented with a GSDCV Special Recognition Award
- 2019 GSDCV AGM – Presented with the GSDCV Outstanding Service Award

Roles within the GSDCA

GSDCA AGM Minute Secretary since 2014 and undertaking this role again in 2019.

Minute Secretary, since 2014 for the GSDCA National Breed Commission (NBC) meetings

Not only has Barbara given dedicated service to the GSDCV and the GSDCA over many years, she has assisted the broad GSD community, as well as other state clubs with minutes and stenographer work when needed.

Mrs Gillian Cafari

GSDCA Service Award

Gillian has been a continuous member of the GSDCV for 29 years and during that time has been heavily involved with both her branch and the club in general. She has been a willing helper at shows, pulling down rings, helping with catering and assisting as a

stenographer when required.

Roles within the GSDCV

Gillian joined the GSDCV in 1989.

Her years of service and dedication as a position holder of the GSDCV are illustrated by the following:

- Western Branch Membership Officer – 1 year.
- GSDCV Membership Officer – 5 years (2005 – 2009).
- Breed Affairs Secretary – 5 years (2004 – 2008).
- GSDCV Breed Survey Registrar – 15 years (2004 to current)
- GSDCV HD/ED Assistant Registrar – 14 years (2005 to current)
- GSDCA NBC Breed Survey Registrar – 2 years (2011 – 2012)

Roles within the GSDCA

Gillian's dedication to the roles, over a number of years, as GSDCV Breed Survey Registrar, GSDCV HD/ED Registrar and GSDCA NBC Breed Survey Registrar indicates her commitment to the GSDCA Breed Improvement Schemes by continually undertaking these roles year after year to ensure all breeders are kept abreast of the schemes and endeavour to help these members with paperwork and requirements.

Whilst not a high profile person, Gillian has not only stood firmly behind Dom, helping him during his tenure as President and other positions within the Club. She has a strong dedication to all she has tackled and has been a most helpful and considerate person when dealing with our members, both as a Membership Officer and through her various portfolios relating to Breed Affairs.

Her ability to deal with various situations in a calm, logical manner has ensured the Survey and HD/ED areas she is responsible for run smoothly. During her time as GSDCA/NBC Registrar her services were very greatly appreciated by the NBC Executive and all Breed Surveyors.

GSDCA service awards

Special Presentations

Mrs Jenny DeLucia (SA) was presented with her GSDCA Judges Badge by Judges Chair Mrs Robyn Knuckey.

Mr Salvatore Pittelli (SA) was presented with his GSDCA Judges Badge by Judges Chair Mrs Robyn Knuckey.

Mrs Honey Gross-Richardson received a special presentation as a retiring GSDCA Breed Surveyor and Specialist Judge.

Mr Andrew O'Loughlin was recognised for his service as the GSDCA Youth Coordinator.

Police Dog

"Ike"

with handler

Leading Senior Constable Heath Drew

LSC Drew has been a member of the Victoria Police Dog Squad (VPDS) since 2014 and a police officer for 17 years. During that time he has shown exceptional skill in the training and working of police dogs but also a desire to learn in the areas of dog development, training and breeding.

In 2012, Heath purchased Ike, a German Shepherd Dog as his own personal pet dog. Heath wasn't a member of the VPDS at the time but started obedience training and tacking training with him as a young pup.

In 2014, when Heath joined the VPDS he offered Ike up as a prospective police dog. Ike was assessed and performed exceptionally well in testing and qualified soon after as a police dog with Heath as his handler.

In 2016, Heath and Ike represented Victoria at the Australian and New Zealand Police Dog Trials held in Melbourne with VPDS as host.

In 2018, Heath and Ike won the VPDS trials in which each handler and dog team competes and is formally assessed. Ike obtained a Police Dog Excellent grading with an overall trials result of 89.79%. The attainment of an excellent grading in police dog work is extremely rare and held in very high regard owing to the overall difficulty in maintaining high standards across all disciplines of police dog work.

Heath undertakes regular work outside of normal hours devoted to the development of German Shepherd Police Dog IKE and his Dutch Shepherd Duke. Heath also assists other dog handlers in the development of their dogs and is well known for the selfless manner in which he contributes to the development of others.

As previously stated, Heath represented VPDS with P.D.X Ike in the 2016 Australian & New Zealand Police Dog trials held in Melbourne and showing his continued level of high standard and that Ike remains in the upper percentile of high level performing police dogs, they are to attend New Zealand, October 14th - October to 19th 2018, to again represent VPDS at the Australian and New Zealand Police Dog Trials.

Since becoming an operational police dog 4 years ago, Ike has successfully tracked, searched and apprehended numerous offenders.

Ike's first arrest was a memorable one. A naked male had loitered in a ladies backyard for hours until the owner returned home to find the male. The male jumped the fence and disappeared. Ike attended the job and located the offender hiding in water reeds in swamp land. The offender was actually hiding under water but Ike's nose still located him.

In another arrest Ike located an offender who fled from a burglary, and was involved in a pursuit and ramming of a police vehicle in his attempt to get away. Unbeknown to Heath & Ike the offender was hiding in a garage of a house. After searching for more than an hour, Ike indicated the offender from the footpath through the fence and garage wall to where the offender was hiding.

In July of this year Police Dog Ike and Heath responded to a call of an armed robbery in Thornbury. The offender fled on foot armed with a large hunting knife. Heath & Ike located the male in a nearby street, who was still armed with the knife. Ike successfully and safely apprehended the male who was wanted for a number of other armed robberies and aggravated burglaries.

There are numerous accounts of the high level of work both Heath and Ike perform as a team. Ike is utilised on a regular basis for work in conjunction with the Special Operations Group and Critical Incident Response Team with Heaths background in tactical response and Ike being deemed and having undertaken and completed, further training in the tactical deployment role.

***Babenberg Jaci AZ**

(Esko aus dem Haus Zygodto x Charon vom Overledingerland)

Jaci (pronounced JC) was bred by Jenny, Izzy, and John DeLucia, and we were very fortunate to get her, some thought she was the pick of the girls and some thought she was third pick. Regardless it was a top litter and we were very happy to get her.

Her first show was a members competition on October 22, 2012 judged by Mrs Jean Butterfield where she won the Minor Puppy Bitch class. Kitty and I knew we had a real show girl who loved to get in the front position. She went on to win best bitch at another two members competitions, plus she was challenge bitch at the GSDCA Championship show 11/06/2017 under Herr Lang.

Jaci won the SC Junior Bitch class at the 2013 Adelaide National, was

4th in Intermediate bitch on 2014 in Canberra National, 9th in Open Bitch at the Melbourne National, and 11th in Open bitch at the Adelaide National. Also, at the Adelaide National from her two litters: her daughter *Siegerheims Rihanna was 13th in Open bitch, her son Siegerhiems Uno was 3rd in minor puppy dog, and another daughter Siegerheims Uschi was 6th in minor puppy bitch.

Kitty and I would like to thank her handlers Jenny DeLucia, Izzy DeLucia, Steve Collins, with special thanks for her regular handler Alastair Henderson.

***Aust. Ch. Jayshell Glasgow AZ**

(*Ch. Ustinov vom Romerland a ED (Imp Deu) x *Ch. Jayshell Winona AZ)

Kaiser is a son of 2013 National winner *Ch. Ustinov Vom Romerland, and *Ch. Jayshell Winona (deceased) who was highly placed in two Nationals and was twice Victorian Siegerin. Kaiser is owned by Lorelle and David Organ and bred by Nicky and Pat McDermott (Jayshell Kennels), this was the first litter sired by Ustinov in Australia.

Kaiser was David and Lorelle's first dog that introduced them to the world of specialty showing. With his outgoing personality he has won many friends in both the specialty and all breed rings, with very good results in both. He is Breed Survey classified and has been graded Excellent 28 times.

These are some of his more notable achievements:

- He won the Bronze Medal for LSC dogs at the 2018 National in Adelaide under Herr Hans-Peter Schweimer (SV)
- He was 2nd placed LSC Puppy Dog at 2014 National Judge: Herr Lothar Quoll
- Puppy in show at German Shepherd Dog Club of SA Champ Show 2014, Judge: Herr Torsten Kopp (Gmy), and also Challenge LSC Dog under Fran Farley.
- Challenge and Best of Breed at Royal Melbourne Show 2014. Judge: Fran Farley
- Challenge LSC Dog ACT GSDA 2014 Judge: Gabriele Pettinaroli (Italy),
- Challenge and Best of Breed GSDCT 2015 under both Ian Urie and Andrew Jones.
- Challenge LSC Dog GSDCV 2016 Judge: Peter Flynn
- Best of Breed, Runner up in Show and Best Open in Show GSDL 2017 Judge: Herr Ralf Wille SV (Gmy)
- Challenge Long Stock Dog GSDCV Champ Show 2018 Judge Malcom Griffiths (UK)
- He won the Silver Medal for LSC dogs at the 2019 National in Melbourne under Herr Harald Hohmann (SV)

Kaiser has been awarded top Victorian Long Stock Coat male of the Year 2014, 2015, 2016 and runner up 2017 & 2018.

Kaiser has produced at this time 15 progeny, with 3 active in the show ring and one already Breed Survey Classified. All of his progeny that have been though the GSDCA Hip & Elbow schemes have passed the A and Z stamps.

Lorelle and David would like you to wish Kaiser farewell and a happy retirement.

NEWS FROM OUR member clubs

GSD LEAGUE NSW Inc

PRESIDENT

Mr. Terry Jarvis

E-Mail faystokes@dodo.com

A very busy time of year in NSW for the GSD enthusiast with 3 German judges visiting the country and working and training animals for the ultimate competitions of the year.

The first Breed Survey for the year was held on the 17th February with nine animals classified and four surveyors in attendance. Congratulations to those who were successful. The full results are on our website.

The first show for the year was our Twilight Members' Competition, on the 23rd February, judged by Mr Glenn Gregory (NSW) who stood in for Mrs Sharon Ballantyne-Gordon (Qld) who was affected by the cyclone. The total entry of 106. His Best Dog was *Ulmsdorf Jack Black AZ and Best Bitch was *Aimsway Brooklyn AZ. Best LSC Dog was *Ch Siobahn Greyt Impact(AI) AZ and Best LSC Bitch was *Eroica Duchess of York AZ. The full results are on our website.

The members were very fortunate to benefit from the expertise of Sanne Pedersen, Karen Hedberg, Kylie Zimmerle, Melanie Groth and Jo Cathie on The Zap test, BH Test, Breed Standard, presenting in the specialist ring and health and nutrition. A huge thank you to all that made this weekend possible as it was a huge step forward.

The GSDL had an information stall at St Ives

Dogs in the Park in March and at the Sydney Royal Easter Show on the 23rd April. Paws in the Park at Camden is coming up on the 5th May, another opportunity to have the dogs out in the public.

A fantastic representation of dogs and members then made their way to Skye in Victoria for the 47th National German Shepherd Dog Show and Trial at the beginning of April. The grounds were immaculate and an absolute credit to Dogs Victoria. The show was well run and catered for, many thanks to the National working committee for their hospitality. NSW sure did draw attention to the successful breeding programs going on here earning 9 out of the 12 medals. Congratulations to the GSDL members on their success at the 2019 GSDCA National GSD Show and Trial.

Congratulations to the following medal winners:

GOLD

Open SC Dog *Macho vom Lamorak A ED (Imp Deu) - co-owned by M Groth

Open LSC Bitch *Ch Eroica Duchess of York AZ - co-owned by C Shayler

News from the West

Our events seem to have gone along smoothly so far this year. The Z.A.P. seminar has from

all reports been successful with Herr Harald Hohmann instructing those in attendance.

W.A. fared quite well at the National in Melbourne. Winners are always Grinners and we congratulate everyone for their sportsmanship – remember there is always another show, trial or event to aim for.

Our S.B.E. Graduation classes were held the week prior to Easter. I am sure that the members are looking forward to resuming training in a higher grade. The S.B.E. Show, trials and breed survey were held over the Easter weekend.

W.A. managed to turn on some fine weather for this event where the G.S.D.C.A. President Vice Tantaro adjudicated. Congratulations to all.

Hello again from "Beautiful one day PERFECT the next" things have been a little quiet over the hot Summer months, with the exception of preparations for the National competitors, which has proved somewhat challenging at times with our extreme heat and finding the coolest part of the day to train the dogs, however from the results gained by our members who did travel to Melbourne for the 47th GSDCA National Show & Trial we certainly represented the Qld Club well.

Congratulations especially to the class winners, placegetters and of course all Excellent Graded animals. For the list of GSDCQ Member results please refer to our club Facebook page. Special mention to our country members who either flew or drove with their dogs this vast distance Karl and Sarah Maresch, Chris Cheffirs, Kerry O'Brien, Carla and Frank Aili, John and Pam Oar, Gary Hickey, it is hard to believe a whopping over 5000 klms return

trip from Mackay, Townsville, Blackwater to attend this once a year highlight on the show calendar, congratulations on your results, a real achievement and top effort.

We would also like to congratulate the GSDCV on a wonderful National, we are all too aware of the work that goes into such a big event – WELL DONE! Bonus that the weather was kind.

On March 17 we held our first Breed Survey for the year which was followed by the Members Competition with the delightful Jess Kada officiating, Jess attracted a great entry and we all enjoyed her judging, comments and critiques of the dogs, it was a just a great day overall with some stunning dogs, and stunning weather. We would like to again thank Jess as well as the exhibitors (special mention to our friends from "across the border") for their part in making the day such a success. Please see Club Website for both Breed Survey & Members Competition results.

We are now looking forward to our "Italian Themed" Double Header Championship Show and Restricted Obedience Trial weekend to be held on the 6th & 7th July, please note change of date from our usual July weekend. Our Conformation Judges are Saturday Mauro di Festa (Italy) and Sunday Salvatore Pitelli (SA). Our Trial judge is Mrs Cathy O'Shea. This event we also offer the opportunity for a "Best in Show and Trial" to eligible competitors. We have planned a Italian Inspired 3 course menu for dinner at the Durack Tavern on the Saturday evening, which will be held in a private area, further details are available on our Facebook and Web pages, this is a great venue, close to the grounds and accommodation, with lots of parking and casual attire so no need to pack your good frock for this one. Bookings can be made via Show Manager when entering. We look forward to spending the weekend with our local and regional Queensland members and interstate friends. Thanks to our sponsor AAPT. (Aussie Animal Pet Travel) for once again supporting the club this year.

We have planned a Members Competition for Zone 2 which will also incorporate a Breed Survey and Zap Seminar. This year it will be held at Gin Gin Showgrounds (approx 4 and half hours North of Brisbane) on the 24th August 2019, Our Conformation judge is Mrs Fay Stokes. Breed Surveyors will be Fay and Sharon Ballantyne-Gordon, It is always a fun time, with a relaxed atmosphere with country hospitality, so why not pack the camper and head off for the weekend? Powered Camping facilities are available at the grounds, (please refer to schedule for more information).

Our last speciality show for the year will be the State Breed Exhibition & Restricted Obedience

NEWS FROM OUR member clubs

Trial on September 15th, with Conformation judge Mrs Carol O'Rourke and Trial judge Mr Warren Doyle officiating.

The Club, in-conjunction with Ipswich Obedience Club has recently commenced a puppy early learning class which is primarily focused towards new GSD puppy owners, this is currently in the very early stages however the support has been encouraging and the committee are committed to its success. This has been area of the club that has been somewhat difficult to sustain over the years, however we are anticipating with the trainers we have on board to help the club we are confident this will continue in the future to be a place of fun with a positive atmosphere for GSD owners to attend and enjoy time with their dogs, which ideally will encourage them to go on and do other things like trialing, herding, tracking, or showing. Also helping build our membership base.

For all our Details on upcoming events please check out Webpage www.gsdcqld.org.au or Facebook Page

As always, remember what brought us all together in the first place. Our one common love – the German Shepherd Dog.

Mandy Scrivens and Sharon Ballantyne-Gordon.

All roads led to Melbourne in April for the 47th National.

"If you host it they will come !" And you did 😊 A huge entry of 471 show dogs and 99 obedience and rally dogs guaranteed we were to have a great show.

We Vics know how to 'put on a show' and a great team of volunteers outdid themselves to ensure that everyone, from the youngest puppy to the fittest exhibitor to the oldest

spectator enjoyed their time in Melbourne. Even the weather was great. It wouldn't be Melbourne without a mini weather storm, and at midnight on Friday a tiny cyclone took out few corporate tents as collateral damage. But come Saturday - sun, fun and the show must go on!

There were lots of Vic highlights, too many to list, but to just mention a good few..... from the top, Gold medal to the Jones family with Cupcake (Charlotte v Tronje), as well as a win in Puppy Bitch with Porche. Gold to Shaun Schembri and Caz in the LSC Open Dog, with David and Lorelle's Kaiser picking up silver in the same class. Shaun's girl Ellie also won the IB LSC class. Double winner! Great excitement for the Wisdom family and the McDermott's when Kodo took out the LSC Challenge as the Junior dog class winner 😊 A very popular Dual Performance Trophy to Alastair Henderson and Yokon. Other class winners were the Blunts with their young minor puppy bitch, and Tony and Michelle Mercieca with Jag in Puppy Dog. Hannah and Jason Kelly also saluted in the LSC Baby Puppy class. In obedience, silver to the experienced Andrew Saliba and a bronze to the up and coming Alex Cogdell, both great performances in the Winner of Winners showcase. A big spotlight on Alex Cogdell and his 3 dogs in Rally, where he won 4 classes and 4 excellent medals, scooping the pool. Rally superstar ! But everyone who participated were winners !. Future junior stars were winners Zach Bland and Steph Jones in junior handlers, but great performances by Ethan Yarzabal, Ryan Kelly and Chelsea Juggins.

It was great to see so many enjoy the show, especially the many spectators. We hope also that those who could not make it kept up to date with all the results and news via our facebook, website or our popular phone app. We did our best to help you feel part of it 😊 We saw some of the best dogs in the country strut their stuff, and we weren't disappointed. And at the very last, we clapped and tipped our hats to retiring local dog Jayshell Glasgow after 2 National medals, and followed with a great big clap for Fremont Hells Bells. Ollie owned the ring on his last lap after his 5th national medal. A true star.

We can't go without praising our major sponsors – ROYAL CANIN, especially generous with a 3kg bag for each exhibitor and MONASH VET CLINIC for their ongoing support. And of course the Victorian National Show & Trial Committee members. Massive effort, you guys were awesome. Thank You.

The week after the national our Western branch members led our club with the annual Royal Children's Hospital **Good Friday Appeal** collection. We were out on corners taking donations and collected **\$23,182.10**. For a sum running total of over \$650,000 we've collected for the kids. Great job to all, massive thanks and we know it's all for the kids ! A worthy cause.

Now we can put our feet up and rest!! Or so we thought. Its onward now to our Endurance, Tracking and Rally trials over the next few winter months, so good luck to all.

SIRES progeny report

GSDCA 47th National Show and Trial – hosted by the GSDCV, 5th-7th April 2019

This Sire's Progeny report has been formulated by the National Breed Commission Executive; Vince Tantaró (President), Robyn Knuckey (Judges Committee Chair) and Jenny Yuen (National Breed Commission Chair). The statistics used in this report have been drawn from the data provided in the GSDCA Database as from 22 March 2019 and the HD/ED Control Scheme report 31 December 2018 and from SV publications for recently imported sires. At this year's GSDCA National Show and Trial a total of 17 progeny groups were eligible and of that 14 groups presented. For the third time a Long Stock Coat progeny group was presented by *Ch Eroica Catch Me If You Can. The remaining 13 groups were Stock Coat. It must be said that in some cases little value can be added to the comments of previous years and some groups have waned a little in quality and quantity due to age.

The conformation entries this year showed a slight increase from the 442 entered in South Australia to 471 in Victoria with 366 actually exhibited in South Australia but only 361 actually exhibited in Victoria. See table below for a breakdown in each class. Dual exhibit entries competing in Obedience and Show totalled 22. Of note is that the Dual Medal Winner Sensen Mann Yokon produced obedience place getters. Some of the more established sires are still being utilised although several of note are no longer available. Sadly Gerry Von Schacher and Veneze Lutz are now deceased. Lutz qualified for a group but didn't present one. Unfortunately Xaro v Plassenburg is no longer available at stud. Of note it is encouraging to see sons of established sires with enough progeny entered and exhibited to parade a group, e.g. Schaeferhund Xesko, a son of Toby von Plassenburg and Fremont Hells Bells, a son of Gerry vom Schacher and the Djambo v Fichtenschlag son Conbhairean Karlos. An overall view of the animals exhibited at the show would suggest that breeders must make informed decisions regarding the suitability of a sire for their bitches. Choosing a dog for its anatomical worth is firstly the most important thing, however breeding requires insight as to the hallmarks of the pedigree and the results of line breeding.

Ear size, set and strength is still an issue and requires action. Ears that are tilted, large, soft and/or require taping for them to stand upright would indicate that care needs to be taken using animals from the lines in the pedigree. Ear set, size and strength, whilst not necessarily adversely affect the mobility of a German Shepherd Dog certainly affects the nobility, expression and very hallmark that sets a German Shepherd apart from other breeds.

The problem of the deep hindquarters is clearly entrenched in the breed and unfortunately as our eye has grown accustomed to the problem it has become normal and therefore not as obvious. It was noted

over the weekend many people talking about the deep hindquarters of the youngsters. This tended often to be prevalent in animals of high anatomical worth and as a result sees them highly placed. It is a frustrating fault and we as a fraternity must find a way to determine how we moderate the depth. If a quality sire is producing too much depth of hindquarter angulation then breeders need to think carefully about their bitch lines and which would be suitable in order to utilise the dog for his other attributes.

The issue of the rise in the backline and the bend in the lumbar spine continues to be evident. It appears to be linked with the depth of the hindquarter, quite likely caused due to the lower position of the hip joint and the resultant very steep croup. The vast majority of croups are too steep. The croup angle in many exhibits over the last few years is well past 23 degrees as against the horizontal and seems closer to 40 degrees. It is very important to note that these problems do affect the mobility, workability and endurance of the dog and one would speculate, the longevity.

Further to the issues with regard to structure and anatomical soundness we must never be complacent with regard to the temperament of the animals we use in our breeding programs. The shy, timid or overtly aggressive dog/bitch should have no place in our breeding programs.

Line breeding on animals that produce large soft ears, over angulated hindquarters, loose hocks, a bend in the lumbar spine or display timid or aggressive behaviour will perpetuate these faults. We urge you to do your homework and ask those people you consider to be knowledgeable and unbiased about where you should go with your breeding programs going forward.

As has been highlighted in previous reports, we again stress that our fraternity must always be mindful that the end result of our breeding programs sees the majority of our puppies sold to prospective fanciers of the breed as family pets and not for showing. It behoves us all to breed structurally and temperamentally sound, unexaggerated, balanced animals that are fit for purpose. We, as a collective must look at reducing and not entrenching these major faults as outlined above. This cannot be stressed enough.

Thanks must go to the Victorian Club and those who assisted with the collation of data, the organisation on the day and this presentation: Frank Moody, Jane Pike, Jacinta Poole and Barbara Blythe.

*Jenny Yuen, Robyn Knuckey
& Vince Tantaró*

This is the third time this sire has presented a group at a National Show and Trial. The sire is present. There are 4 males and 6 females from 6 different dams. Catch Me If You Can is a triple National LSC Gold Medal winner. Impressive to note that he has already been able to produce high quality sons from different dam lines. Very little can be added to the description of the group in 2018. Note this year there are 6 different dams as opposed to 3 last year.

The animals presented today are sire typical with a clear definition between the males and females. The group is of very high anatomical

quality. The animals are large to very large with slightly stretched proportions, very good substance and excellent colour and pigment. The coats are long and profuse. The heads are noble and strong however, the planes of the skull could be better aligned. The ears could be just slightly better set. The necks are strong and well set. Very good withers with very good firm backs. Very well moulded croups that could be a little longer. Most of the animals have well angled forequarters, where the upper arm could be just a little longer on some of the progeny. The hindquarter angulation is ranging from slightly deep to quite deep in some cases. The fore-chest and underlines in general are very good. However, care needs to be taken with the length of the foreleg. The progeny could stand more correct in front, however they display good overall firmness of the hock and elbow joints with a very good sequence of steps. The tails are long and often display a cast. The progeny display a good desire to run with a very good sequence of steps. The drive is powerful with very good reach and good firmness of the back.

This is a most impressive group. The progeny presented this weekend have achieved the highest gradings in their classes. 10 progeny were exhibited and well placed. An impressive result. It must be noted that this dog, because of his pedigree and the quality of animals presented offers breeders a high degree of predictability in their breeding programs. It is clear that he is an excellent producer.

Congratulations to the breeders on the achievements of this most impressive sire.

SIRES progeny report

This is the sixth time that Odin has presented a group at a GSDCA National Show and Trial. The sire is present. There are 2 males and 4 females presented from 5 different dams. Odin has performed very well in the open class at the National Show and Trial where in 2013 he was V10, 2014 V11, 2015 V14, and 2016 V4. He has been a producer of very good quality and presented very good groups at past National shows.

As Odin has already presented a progeny group at 5 previous Nationals his groups have been well documented so the comments of 2018 remain in place.

The group is large to very large, quality, medium strong, well coloured and well pigmented, sire typical and of overall very good type and stretched proportions. Good differentiation between the sexes. They have good heads and expression with good masking of the skull and foreface, medium eye colour and good ear carriage. Normal withers, firm but slightly curved backlines. Slightly short, steep croups. The upper arms are of good length but should be better laid in most cases. Good to deep hindquarter angulation. Very good length of foreleg. Very good forechest development. Slightly deep and slightly short lower chest formation. They stand and step correctly at front, narrow at rear. Whilst the hock joints on the progeny could be firmer and are slightly cow-hocked, they are an improvement on the sire. Slightly long tails. In movement, they show very ground cover with balanced hindquarter drive and forehand reach. The backline should be straighter in movement.

Odin has produced some high quality animals however the same advice with regard to the firmness of the hock joints, the length of the bones in the hindquarter and the backline curve are to be considered.

Congratulations to the owners on the continued presentation of an overall pleasing group.

SC										24VG	29V	34V 40V
LSC							6VG		3VG			

This is the first time Vablo has presented a group. Vablo was not exhibited at the show. Although the numbers are still small Vablo

has very good HD/ED results. The sire is present. There are 2 males and 4 females from 5 dams. The animals are sire typical with a clear differentiation between the sexes. The group is large, medium strong, well proportioned. Good heads with very good ear set and dark eyes. The lower jaws should be stronger. Normal withers with a slight rise over the backline. The croups are slightly short and slightly steep. The shoulder and upper arm are set slightly steep and should be longer. Good, balanced hind angulation. Very good fore chest development with very good length of foreleg. Slightly short under chest development. Stands and steps correctly in front, close at rear. Both hocks and elbows should be firmer. Shows good ground-covering movement.

Although the group is small in number it is pleasing to note the balanced hind angulation, good proportions and very good ears. Some consideration needs to be given to the forehand assembly and the croup.

Congratulations to the owners on presenting a pleasing group.

SIRES progeny report

*Ch SCHAFERHUND XESKO A (1-1) Z Normal (0:0) 6y 8m

SC				13VP		6VP		9VG, 19VG		25VG		26V

This is the third group Xesko has presented at a GSDCA National Show & Trial. The first being in 2016 in Sydney. Xesko a son of Toby, has an excellent mother in Ryzack Alexa who goes back to the very good

producing male Kwint Jeurikstall. The sire is leading the group with 5 females from 5 different dams presented. As previous groups have been larger and were therefore more representative of the sire the comments made last year are still relevant. The progeny are of above average quality and construction. Xesko seems to be the most utilised of the Toby sons.

The group ranges between above medium size to large, is sire typical with medium bone strength and good substance, very good colour and pigment with very good overall firmness. The group have very good heads and well-placed ears. The eyes are dark with very good strength of the upper and lower jaws. The length and placement of the neck is mixed. Level withers, good backlines, slightly short, slightly steep croups. Good forequarter angulation and very good hindquarter angulation. Good fore and under chest development with good length of foreleg. They step narrow at both front and rear with slight looseness of the hock and elbow joints. Very good sequence of steps showing good balance and willingness to run, however the reach is just slightly restricted on a number of the progeny.

Congratulations to the owners on the presentation of a very pleasing group.

SC									14VG		5VG, 12VG, 23VG	6V, 17V 19V

SIRES progeny report

This is the third group of Fremont Hells Bells, Gerry von der Schacher's best son. The sire is present. Hells Bells has been somewhat under utilised at stud. His impressive show career at the National Show and Trial continued in 2019 adding a silver medal to the previous 3 silvers and 1 bronze in his collection. Whilst he is not line bred, his mother carries three lines to Iwan Lechtal on the 4th and 5th generation. The findings of previous years are consolidated.

The progeny group led by the sire consisted of 4 males and 4 females from 7 different dams. The progeny are sire typical with very good differentiation between the males and females. All progeny achieved

the highest grading available with a 5th place Open dog and 6th place Open bitch. Medium to large, with very good proportions, substance and bone strength. The pigment in some cases should be stronger. Very well-structured, noble heads with very good strength of the jaws, good eye colour and ears that are large but mostly well set and firm. Good neck length. Normal withers and firm back lines. Slightly short, slightly steep croups. Slightly short upper arms of good length. The hindquarter angulation is very good to slightly deep. Very good length of fore leg. Very good fore and just slightly short under chest development. In some cases, they do not stand quite correct in front and the feet are a little flat. The pasterns are a little upright. They step narrow at rear where the hock and elbow joints should be firmer. The tails in some cases are long and carried with a cast. In movement they display good balance with good ground coverage and very good drive.

Although a somewhat small number of progeny from a dog who has been available at stud for over 5 years with his first progeny registered in December 2013, it is clearly evident that Hells Bells' is a very good producer from a producing family line. The animals in the group are of high quality. The sons are excellent and sire typical, which is encouraging for predictability in breeding. In utilising Hells Bells, consideration should be given to the length of the upper arm and the lower chest and the colour. The strength and structure of the heads is very good.

Congratulates to the owners and breeders of this impressive male on presenting a group of very good quality.

SC		5VP			1VP	1VP, 16VP		6VG 28VG		29VG		
LSC	2VP									4VG		

This is the first group of Karlos. The sire is present. Karlos achieved the placing of 4th Excellent in Open SC Male class. 9 progeny were exhibited at this show with all receiving the highest grading. The Karlos group consisted of 1 male and 6 females from 6 dams. His first progeny was registered in June 2017. There is insufficient numbers through the

Breed Improvement Schemes to provide reliable data at this stage.

The progeny are sire typical and show a very good uniformity of type. The differentiation between the sexes is not evident at this stage with only 1 male puppy present. They are large with good proportions, medium strong, firm and dry and well coloured. The heads could be a little broader in skull and fore face and stronger in upper and lower jaw. Slightly wide set, largish ears. The necks could be a little longer. Normal withers. Straight back with a slight peak in some cases. Slightly steep croups of good length. Slightly upright forequarter assembly. The hindquarter angulation varies from good to slightly deep. Very good fore and under chest development with very good length of foreleg. Generally correct when viewed from the front, slightly narrow at rear. The hocks should be firmer. Very good movement with strong drive. The reach can be restricted in some cases.

Congratulations to the connections of Conbhairean Karlos. We look forward to seeing the further development of this group next year. Particularly pleasing is the overall firmness and very good chest development.

LSC										12VG		

The sire is present. This is the 2nd time Yokon has presented a group. 3 males and 4 females from 6 dams are presented. Yokon placed 9th Excellent in the Open Dog Class and received an Excellent grading in

CDX winning the coveted Dual Trophy. He sired the first place getter in Novice and the 2nd place getter in Rally Novice.

The group is sire typical with good differentiation between the sexes. The group is medium to large, medium strong, well coloured and pigmented, overall firm and well proportioned. Good heads with generally good eye colour and firm, well set ears. The under jaws could be stronger. Good length of necks. Normal withers, firm, straight backs. Slightly short, slightly steep croups. The upper arms should be longer and better angled. Very good, balanced hind angulation. Very good fore chest development, slightly short under chest development. Stand and step generally correctly in front, slightly narrow at rear. Stepping with quite good firmness of the hocks and elbows. During movement they show a balanced, energetic, ground covering gait maintaining a good wither connection. In some cases the reach could be freer.

It is pleasing to see Yokon's presentation and success in the obedience ring. He is a dog with good pigmentation, very good overall firmness, firm, well set ears and particularly of note balanced, well angled, unexaggerated hind angulation.

Congratulations to the connections of Yokon on the presentation of a pleasing group.

SIRES progeny report

This is the third time Juwika Destroyer has presented a progeny group at the GSDCA National Show & Trial since arriving in Australia in 2015. The sire is not present and there are 4 males and 4 females presented today from 8 dams.

Destroyer presented a group of 16 in 2017 enabling a more reliable

commentary. The group is sire typical with good differentiation between the sexes. Standing on the upper limits of size with very good proportions and very good colour and pigment. The heads are strong with a well-formed skull and fore face. The under jaw could be stronger in some cases. The eye colour is medium to dark with excellent masking. The ears are rather large and in some cases are slightly low set. The necks are set slightly erect and should be longer. Generally the withers are high with a firm back. The croups are a little short and should be better laid. Very good forequarter angulation with slightly deep hindquarter angulation. Very good fore and slightly deep lower chests. Good length of foreleg, standing and stepping correct at front and rear. The hocks and elbows could be tighter. In movement, the animals show good willingness to run and have a good sequence of steps with good balance and back transmission.

Given Destroyer's line breeding care will need to be exercised in regards to size, the shape and size of the ears and the slightly deep hind angulation. Destroyer should be utilised for strength, colour and pigment and his firmness of ligamentation.

Overall an impressive group. Congratulations to the connections of Juwika Destroyer.

*LABO VOM SCHOLLWEIHER (imp Deu) H-Neg 'a' Near Normal ED Normal 9y 1 mth 6/3/19

462	Jan-16	54	53	6.98	2-14	49	81%	Nil	9%	16

	BPD	BPB	MPD	MPB	PD	PB	JD	JB	ID	IB	OD	OB
SC		32VP,		7VP					10VG, 15G	6VG, 16VG		
LSC				5VP,						9VG,		10V, 12V

This is the third progeny group presented by Labo since his importation to Australia. The sire was present. Retired from the ring he was the Gold Medal winning dog at the 2016 GSDCA National Show and Trial and he was placed Excellent 3 and received the bronze medal in 2017. Labo's progeny group consisted of 7 progeny; 2 males and 5 females from 7 dams. As Labo has presented 2 previous groups and the numbers have reduced, little information of value can be added to previous critiques.

The progeny in the group at this stage are sire typical with good

differentiation between the sexes. They range from medium size to large, are medium strong animals of very good type. Mixed proportions. Some of the colour and pigment could be stronger. Good heads and expression with good masking and dark eyes. In a number of progeny the fore face and upper and lower jaws should be stronger. The ears are large and set a little low on the skull. They have strong necks of good length. Normal withers, firm backs with a slight peak in the top line. Slightly steep croups that could be a little longer. In general, the forehand angulation is very good where the lay of the upper arm is very good but could be a little longer. Well placed shoulders. The hindquarter angulation is very good to slightly deep. The tails are long. Most of the progeny tend to have very good fore and under chest development. Good length of foreleg with good pasterns. Standing and stepping correct in front, the feet are just a little flat. Stepping narrow at rear, the hock joints should be firmer overall. In movement, they display good willingness to run with very good ground coverage and very good reach and drive.

When using Labo care needs to be exercised in regards to the size and set of the ears, the depth of the hindquarter angulation and the peak in the backline. A very good group by a sire that is well bred and offers a high degree of predictability.

Congratulations to the connections of Labo.

420	May-14	65	62	8.83	0-48	62	92%	Nil	5%	37

	BPD	BPB	MPD	MPB	PD	PB	JD	JB	ID	IB	OD	OB
SC							6VG		2VG,	1VG, 17VG, 20VG	17V 19V	4V, 13V 49VG.
LSC											13V	14V

The group presented is of very high quality with very good differentiation between the males and females. They show a high degree of uniformity and are sire typical. The animals are large, well coloured and pigmented, medium strong, well proportioned and of overall very good, harmonious, unexaggerated construction. Good heads and expression with dark eye colour and very good masking. Slightly large ears that should be slightly firmer in movement in some cases. The progeny show a very good length of neck, have very good withers with firm, straight backs. The croups are quite well moulded but in some cases could be longer. The upper arm should be slightly longer and better angled with very good placement of the shoulder blade. Very good, balanced hindquarter angulation. Very good length of foreleg. Very good fore and under chest development. They step correctly both front and rear with firm hock joints and good firmness of elbows. During movement they show very good ground covering gait with powerful hindquarter drive and very good forehand reach whilst displaying an excellent desire to run.

This is the fourth time that Xaro has presented a group at a GSDCA National Show and Trial. The sire is not present. Xaro's performance at GSDCA National Show & Trials has been outstanding, placing in the top 4 every year since 2015 (Bronze in 2016). He again was graded Excellent Merit and QLD State Sieger in 2018. This year the group consisted of 5 males and 6 females from 9 dams. He has 65 animals through the HD/ED schemes giving reliable results. As the group has been assessed on 3 previous occasions, other than updating the data there is little to add about this very good sire.

It is pleasing to see this sire present a group of high anatomical worth with animals displaying uniformity, very good overall construction, balance and free of exaggeration. This sire offers a high degree of predictability for breeders. Of note is the very good uniformity of the progeny and the very sound, unexaggerated hindquarter angulation, firm, straight backs and very good firmness of the hocks.

The NBC executive congratulate the connections of the sire on his excellent achievements.

SIRES progeny report

This is the seventh group Gerry has presented at a National Show and Trial demonstrating a very successful career. 6 males and 7 females from 10 dams were presented. At this stage, having presented 6 previous groups there is little to add other than updating statistics. He won the Silver Medal in 2012, Excellent 4 in 2013 and the Gold Medal in 2014. Breeders have continued to utilise Gerry in their breeding programs. Gerry produced 6 excellent graded animals in the open classes, including the Open Dog Silver Medal winner Hells Bells, the Bronze Medal winner Freinhauf Hannibal and Open Bitch Silver Medal winner Freinhauf Havoc. Gerry's progeny results through the GSDCA HD/ED Control scheme are excellent with a low mean score of 5.35 for hips and 90% normal elbows, placing him in the excellent category. Sadly the sire is deceased.

The group is sire typical, large to very large, medium strong, firm and dry, well coloured and pigmented with very good proportions. In some cases the black saddle markings should be more pronounced. Very good differentiation between the males and females. The heads are noble and well-structured with desired dark masking, dark eyes and good strength of upper and lower jaws. The ears are large but well set. Good length and lay of the necks. High withers, firm backs, with good croups. Good forequarter angulation where in some cases the angle of the upper arm is a little steep. Very good hindquarter angulation. Very good length of foreleg. Balanced chest proportions, ideally the lower chest should be a little longer. The view from front is correct. They step correctly front and rear with slightly loose elbow and hock joints. The progeny display a pleasing desire to run with a good sequence of steps, very good ground cover and balance. In some animals the ears should remain slightly firmer during movement.

Some care to be exercised in regards to the length of the lower chest, firmness of ears and height at wither. Gerry is very well bred and offers breeders a high degree of predictability. He has produced some well placed, high quality animals at this year's National. His well known son Fremont Hells Bells, the SC Silver Medal winner, has himself produced a praiseworthy progeny group at this year's National Show & Trial from only a small number of registrations. Gerry has firmly cemented himself as an excellent sire.

Congratulations to the owners and connections on the delivery of such a lovely group.

SIRES progeny report

This is the first progeny group presented by Djambo in Australia. The sire is leading the group. The only Open exhibit was the SC dog Conbhairean Karlos who placed Excellent 4 and also presented his own first progeny

group. 5 males and 9 females from 12 dams were presented. Djambo was VA 7 at the German Seiger Show in 2015 and VA 10 in 2016 and presented progeny groups in both years. With his quite close line-breeding he should prove a predictable sire.

The progeny are sire typical and show a very good degree of uniformity. Very good differentiation between the sexes. Medium to large, well boned, well pigmented and coloured, relatively dry and firm and well proportioned. Very good heads with dark eyes and some slightly large ears that could be firmer. Some under jaws could be stronger. Good length of necks. The withers should be higher in some animals. Firm backs that tend to show a slight rise in some cases. Good croups. Good fore and very good hind angulations. Very good fore and under chest development. Stand and step correctly in front, slightly narrow at rear. The hocks could be tighter. The progeny show very good movement with powerful drive and good forehead reach.

Congratulations to the connections of this well credentialed sire on the presentation of his first Australian group. We look forward to seeing the group develop over the next few years.

*TOBY VON DER PLASSENBURG (Imp Deu) Hneg 'a' Normal ED Normal (Gmy) 9y 3m at 6/3/19

SC									8VG,	23VG. 31G	10V, 25V	3V. 5V. 31V, 39V
LSC											12V	

This is the seventh time Toby has presented a progeny group at the GSDCA National Show and Trial. Toby's show record is impressive with a 5th Excellent in 2013, Silver Medal in 2014 and the Gold in 2015. His first progeny was registered in July, 2012. The group presented this weekend consisted of 3 males and 4 females from 7 different dams. The sire is present. Toby progeny gained 3rd and 5th Open SC Bitch and 10th SC Open Dog. His son Schaeferhund Xesko presented his 3rd progeny group. As this very good sire has been documented at length over the years with larger and therefore more reliable information little can be added other than to update the data.

The progeny are large to very large, medium strong, well coloured, well pigmented of very good type and proportions. They are sire typical, have good uniformity and very good definition of the sexes. Good heads and expression with medium to dark eyes and large, slightly infirm ears. High withers, firm backs. A number of the backlines are not straight and show a bend in the lumbar spine. Slightly short and slightly steep croups. Good fore and very good to slightly deep hindquarter angulation. The view from front is correct. Very good length of foreleg. Slightly deep chest proportions, where in the main the lower chest should be longer. They step correctly both front and rear with slightly loose elbows and slightly loose to very loose hock joints. They display very good ground covering movement with strong hindquarter drive and good reach that in some cases show a tendency to high step. Very good back transmission. Care should be taken in regards to the length of the lower chest, the backline and the size and firmness of ears.

Toby is a well-bred, excellent sire that offers a high degree of predictability. The progeny possesses a strong resemblance to the sire. When utilising Toby as a breeding partner, breeders can be ensured that he will consolidate his strong family type, improve overall construction and ligamentation.

The NBC executive congratulates the owners of Toby on past and present progeny groups. He has proven his worth as an excellent producer and very valuable sire in Australia.

SIRES progeny report

This is the second group of Conbhairean Freddie presented at a GSDCA National Show and Trial. His first progeny was registered in May 2017. While still a relatively young group the results at this show would indicate much promise with a dominance of winners and high placings from Baby through to Intermediate in both coat varieties. Freddie sired 5 class winners with 14 of his exhibited progeny placed on the pegs.

The sire is present, leading 17 progeny in a group comprising 6 males

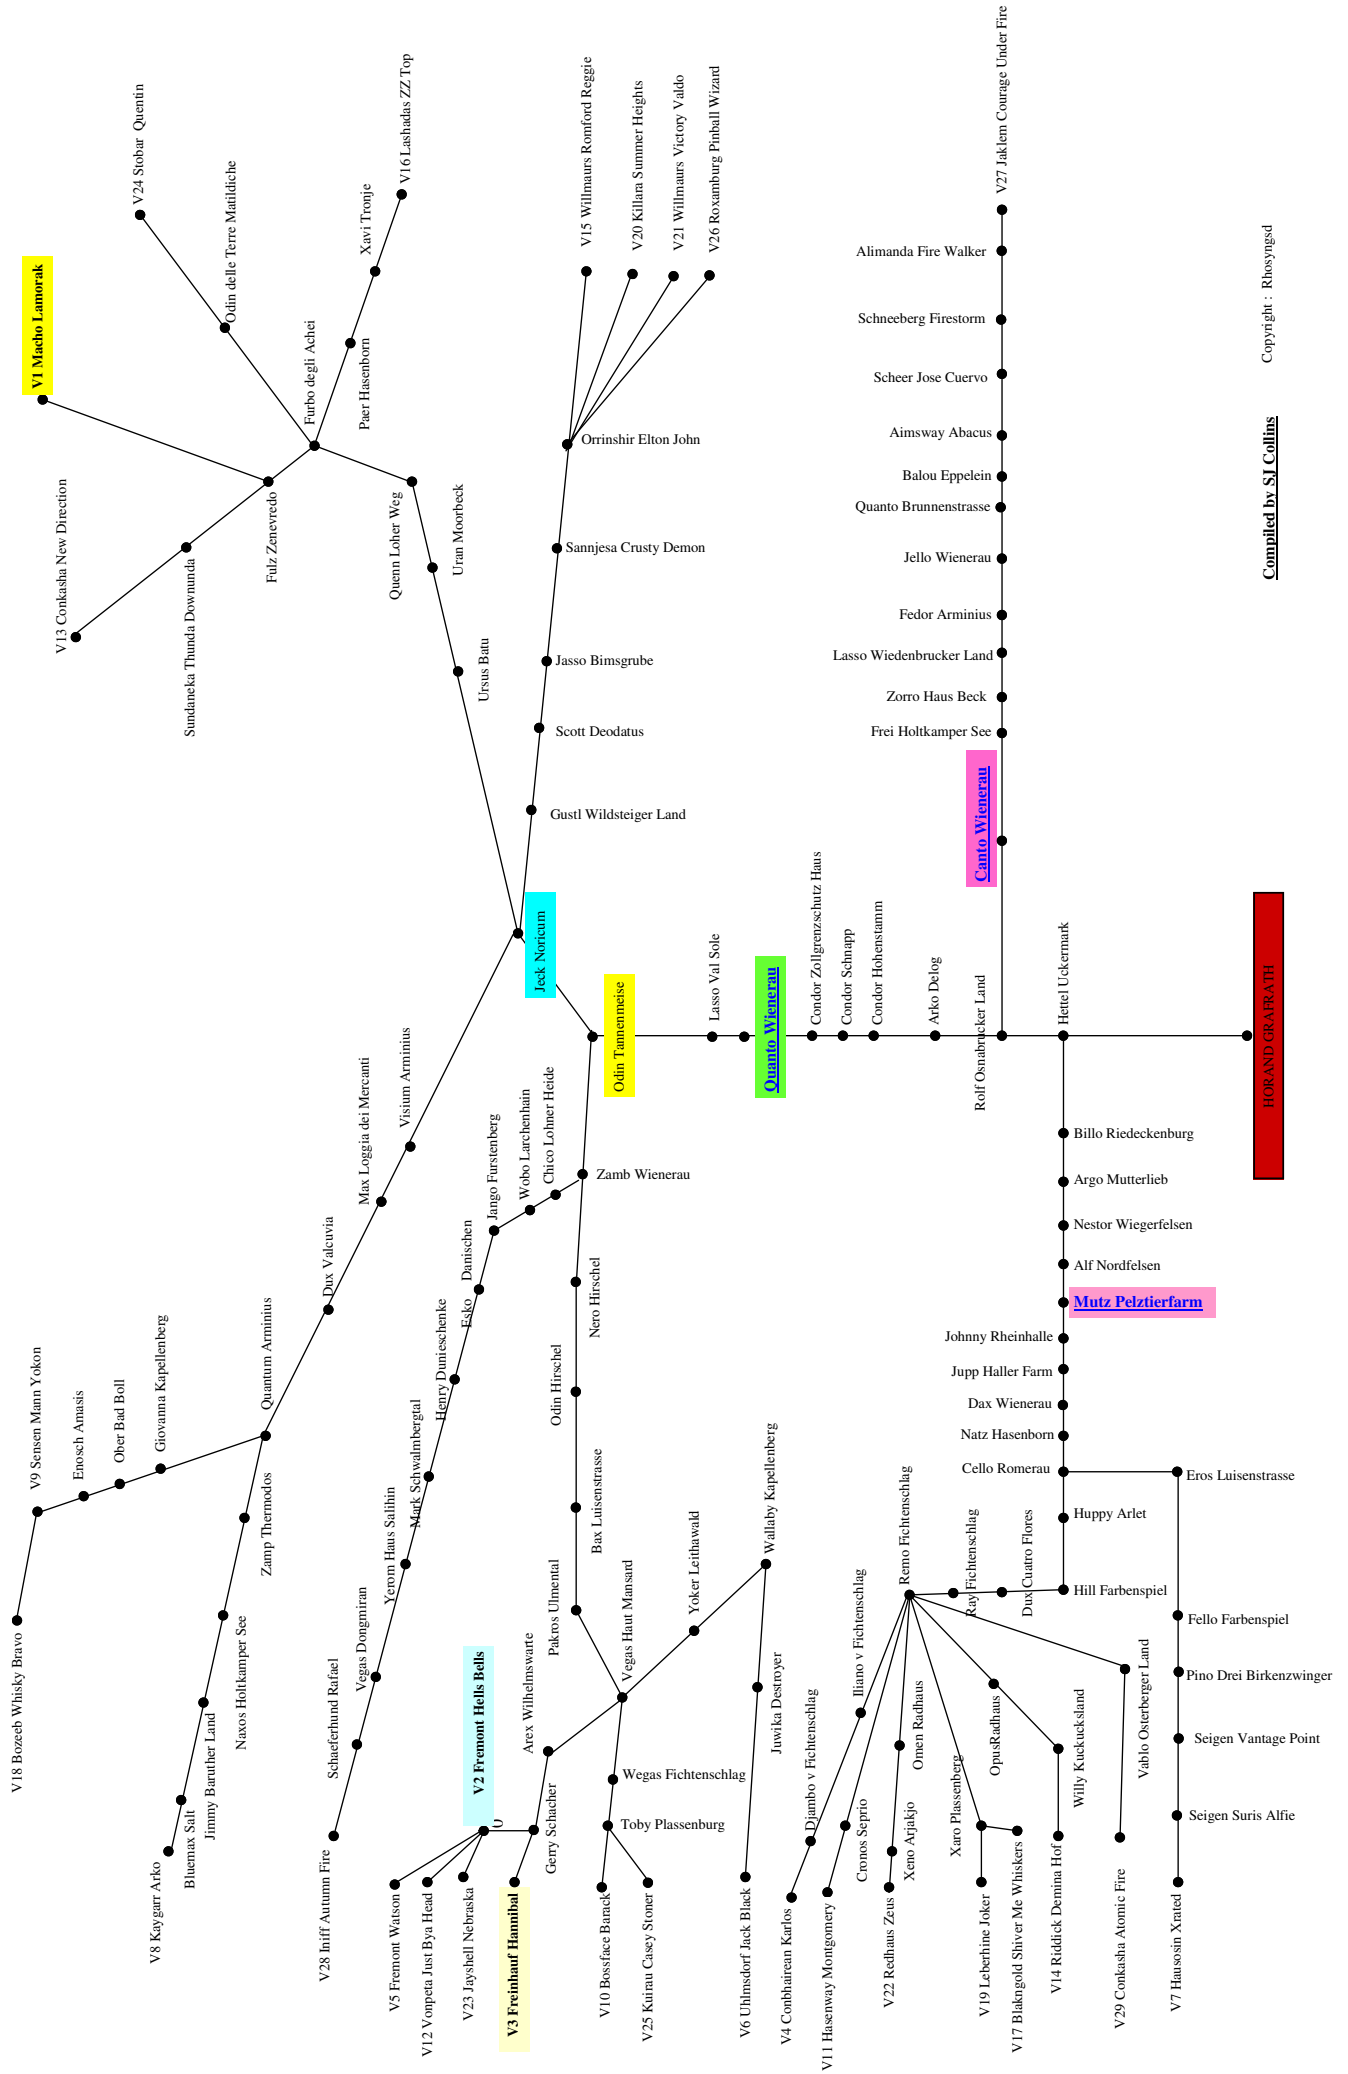

and 11 females from 13 dams. They are from the Junior and Intermediate classes. The progeny are sire typical with a clear differentiation between the sexes. They are well-constructed, well proportioned, medium boned with very good colour and pigment. At this stage the heads are well formed but could be a little stronger in upper and lower jaw. The ears are large with a few slightly wide set. Very good eye colour and shape. Very good masking and expression. Good to very good length of neck. Normal withers. The backlines show a tendency towards a bend in the lumbar spine. The croups are of good length but set a little steep. The upper arms are of good length but set a little steep. Deep hindquarter angulation where the upper and lower thighs are long. Long tails. The fore and under chests are very good. Good length of foreleg. They stand and step not quite correct in front, slightly narrow at rear. The hocks appear to have improved with development. In movement they show very good desire to run with powerful hindquarter drive and good forehand reach. In some cases the reach could be freer.

Freddie has impressed with his second group. Whilst the firmness of the hocks has generally improved with age, the depth of hindquarter angulation and the top line needs to be considered by breeders. The group impresses with their depth of quality and uniformity suggesting a very good level of predictability.

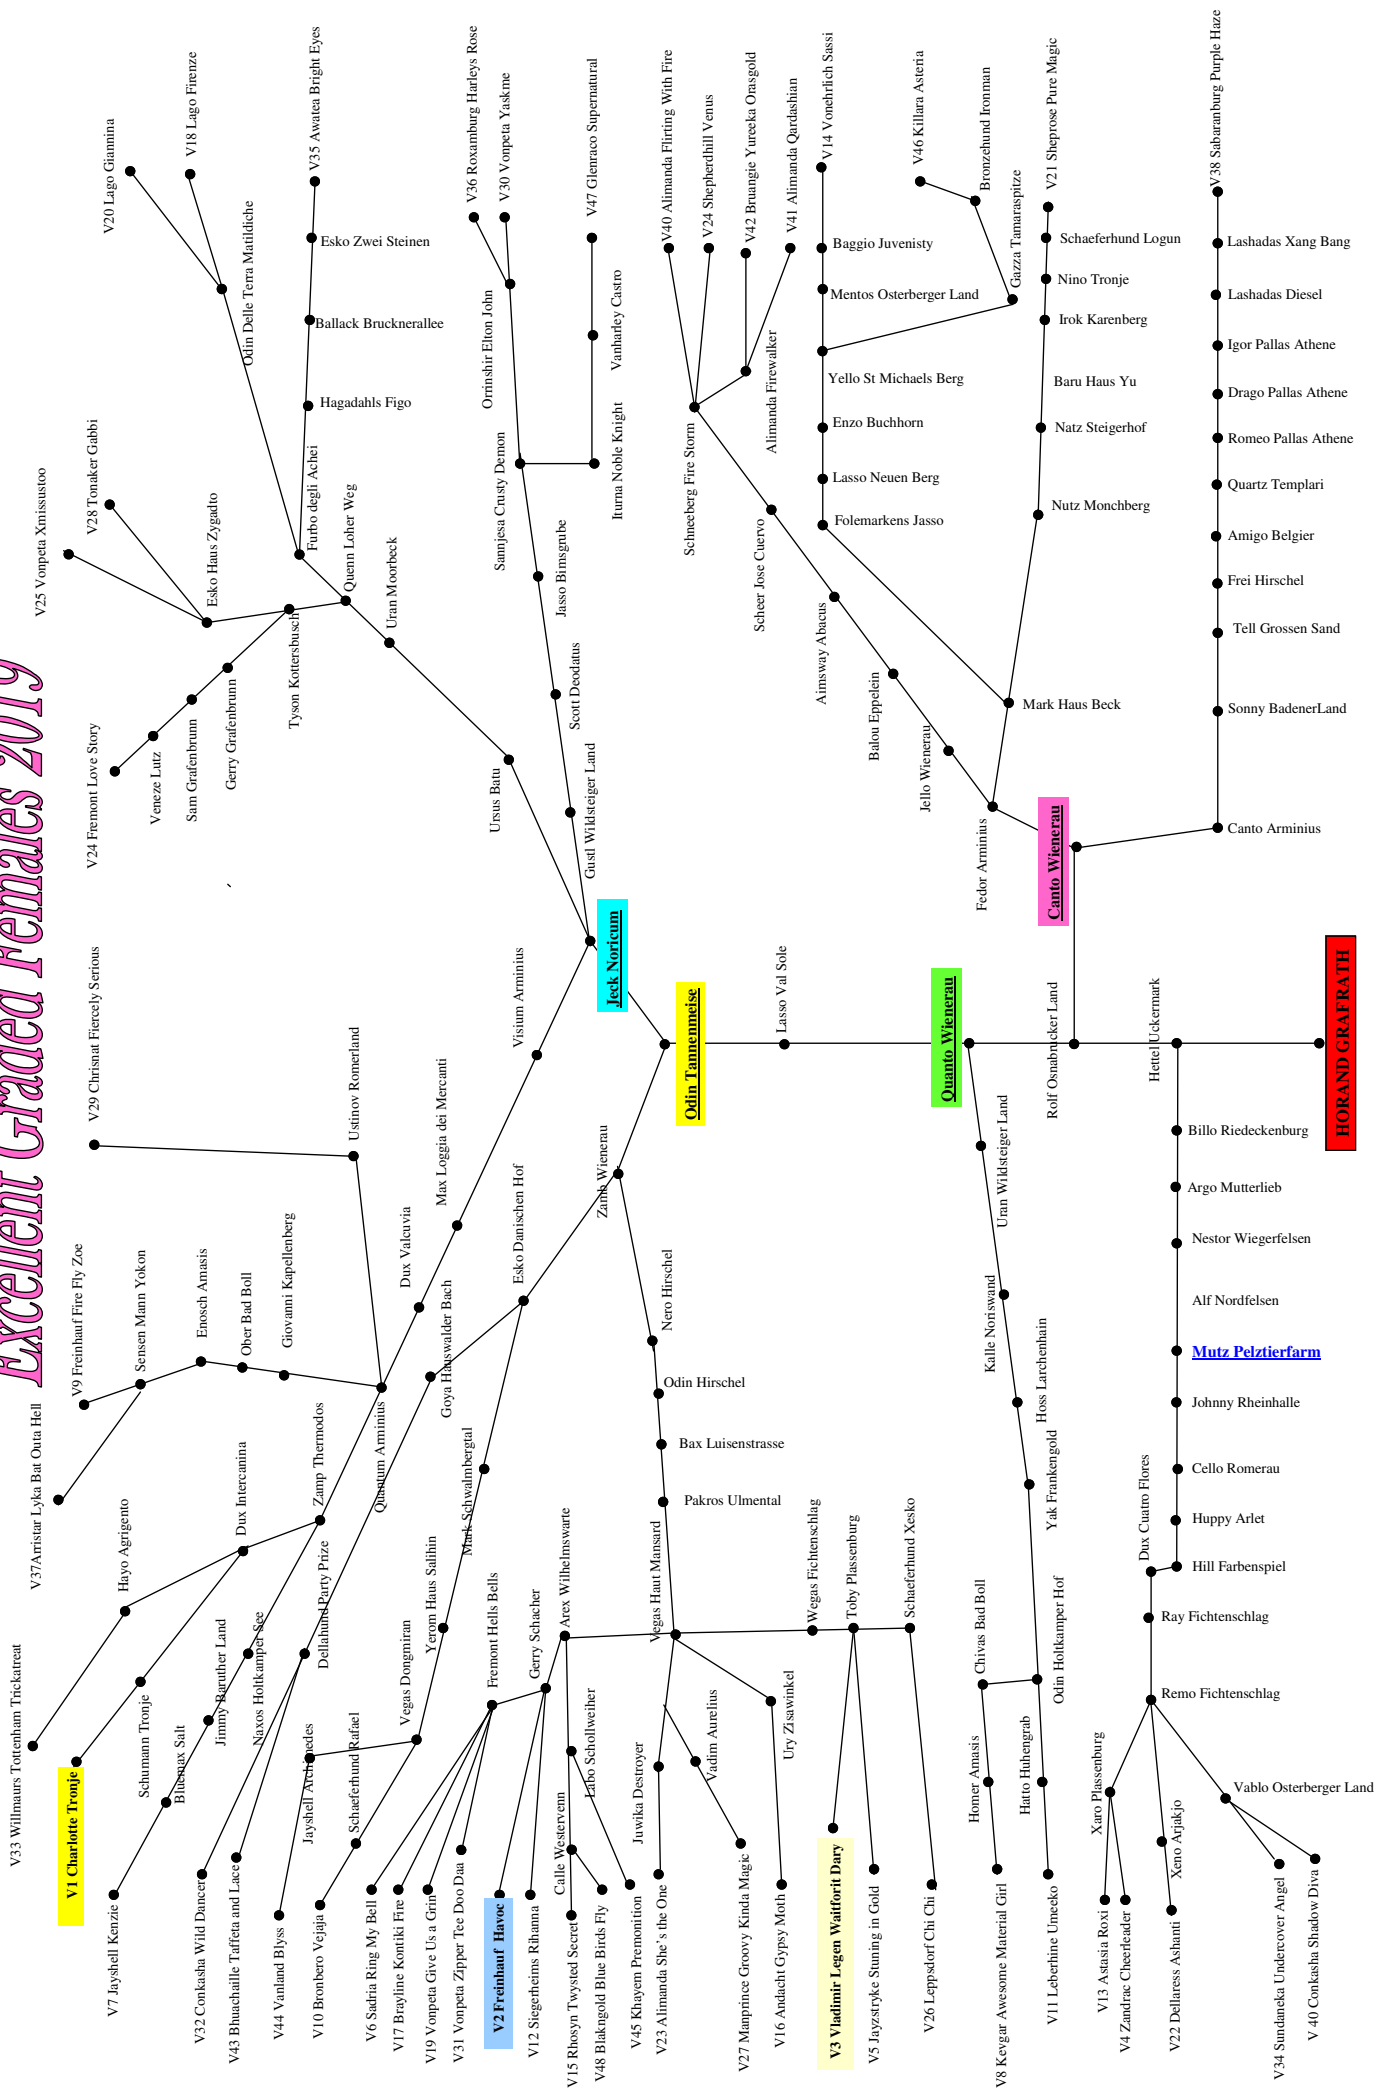

Congratulations to the connections of Freddie for presenting this impressive group. We look forward to their further development in 2020 as they move into the Open classes.
