

GSD LEAGUE of NSW
STATE BREED EXHIBITION – 24th & 25th August 2019
JUDGE: FAY STOKES
SUMMARY and CRITIQUES

The assessment had an entry of 110 – one withdrawn with permission and 8 absent. The show ran very smoothly with all LSC Bitches up to Intermediate being judged, followed by all SC bitches, then all LSC Dogs in the same order and Intermediate and Open Classes judged on the Sunday. We found this running order to work very well with no handlers being stressed at trying to swap bitches for dogs or stock coats for long stock coats.

The Stock Coat Sieger - UK Ch. CONBHAIREAN FREDDIE AED at just on 8 years of age was for me a clear cut winner – the progeny group he presented was outstanding considering the small length of time he has been in Australia to have presented 13 progeny from 10 different dams 5 of them with AZ stamps and 4 through Breed Survey also with 12 exhibits in the assessment 5, 1st places including the Reserve Siegerin and 7 placings truly a remarkable effort and one to be envied. Breeders are indeed fortunate to have such a top producing male available for use.

I promoted two very well bred young males into Excellent 1 and 2 and it is now up to the owners to promote their dogs to breeders thereby being able to present a quality progeny group in the future.

The Long Stock Coat Sieger *KARABACH NIGHT FORCE AZ - 3 years of age was the Sire of the 1st Place Junior LSC and 2nd Puppy Bitch a good achievement for a young dog, He is himself a very well bred young dog through both his sire and dam lines and has a lot to offer including very good hip and elbow scores and very good length of limbs and angulations. He presents a very good picture both in stance and in his very good movement and was presented in absolutely top condition.

The LSC Reserve Sieger *CONKASHA DESERT COBRA AZ - 2½ years is another impressive young long stock coat male with very good length of bone and foreleg richly coloured who can certainly move with free flowing ground covering effortless gait and can offer improvement in those areas and has had a good career through all the age classes continuing to improve as he matures.

The Stock Coat Siegerin *FREINHAUF HAVOC AZ - just 3 years of age also produced the 1st puppy bitch stock coat and 3rd Lsc puppy bitch as well as having won the Silver Medal at this years National Show with her brother taking the Bronze Medal which proves only more what a good family she comes from. She is a very well bred bitch through Gerry v Schacher (imp Gmy) and Pedra Degli Achei (Imp Italy) with Gerry not only having won National Medals himself but having sired National Medal Winners and having a very lovely, although small, progeny group at the assessment as well as very successful exhibits. This bitch is just an outstanding young bitch of top quality in anatomical structure and I believe will be a force to be reckoned with at future shows and also as a producer.

Here I also must mention the Reserve Siegerin *CINDERHOF VANTAA AZ - a daughter of the Sieger Freddie through the very good bitch line of Fremont Hot Stuff a Gerry v Schacher daughter. This is another outstanding young bitch just 2 years old and could well give the Siegerin a problem in future events. These two bitches were just never challenged for 1st and 2nd place.

The third bitch *ANDACHT GYPSY MOTH AZ now 4½ years old and a previous NSW Siegerin and National Bronze Medal winner was not presented at all in firm overall condition however it was my decision that she maintained her Excellent Merit grading. She has just had a litter and it is hoped she can produce some winners to have the successful career she has enjoyed.

The Long Stock Coat Siegerin *CH. EROICA DUCHESS OF YORK AZ - 4½ years a Gold, Silver & Bronze National Medal winner and also dam of 1st place Puppy Bitch in this assessment, has really reached the pinnacle of success – a very beautiful well bred bitch who impresses both in stance and movement always presented in top show condition truly deserved the top award on her performance today.

BREEDERS GROUP:

Although there was only one entered it was one of absolute top quality which could easily win at National level – from 4 different sires and dams the type, size, conformation was wonderful and put together from a kennel in just 3 years of breeding – it is very hard to produce a group with as many combinations as this as any breeder who has been fortunate enough to win these events well knows.

PROGENY GROUPS

***CONBHAIREAN FREDDIE (UK) A ED – 13 PROGENY – 10 DIFFERENT DAMS**

Sire present – A very good group of very good type, standing in the type of their sire, all of good size and pigment, good distinction between sexes, good masking and eye colour, very good proportions, very good wither line, good croup placement, showing very good angulations, very good movement where they maintain their topline – a very good group of top quality and a great achievement from a sire.

***DJAMBO V FICHTENSCHLAG (Deu) A ED – 11 PROGENY – 9 DIFFERENT DAMS**

Sire present - A very good group of very good type, very rich pigmentation, very good heads, masking and dark eyes, very good toplines and underlines, all animals stand in the type of their sire and it is very easy to differentiate the sexes, all animals display far reaching free front reach with very good drive and maintain a very good overline whilst moving – a very good group and again one of top quality and breeders are fortunate to have this dog available for breeding.

***GERRY V SCHACHER (Deu) a ED**

Now deceased – but still able to present 8 progeny of absolute top quality from 7 different dams, all well pigmented, with good masking and eye colour, good toplines and underlines, croups generally well laid, very good angulations, all animals displaying an effortless free flowing gait maintaining very good outlines – Gerry has been and will continue to be an asset to our breeders through the very lovely progeny he has produced and an absolute top producer of hips and elbows.

***Ch. VABLO V OSTERBERGER LAND (Deu) a ED – 9 PROGENY – 4 DIFFERENT DAMS**

Sire present – A good group of good type, very well pigmented, good heads masking and mostly good eye colour, withers are a little mixed between level to high, there is a tendency for most animals to have a peak in their topline and at times some animals drop away quite steeply from the peak straight down to the croup area. The group all have very good underlines. Generally, the group show good movement however there is a tendency for some to fall on the forehead. It is a shame that more breeders did not use this dog as the majority of the progeny is from one kennel which does not really allow the dog to show what he can produce.

Comment must be made on the beautiful rich pigmentation, masking and eye colour on the majority of exhibits at this show and on the quality of the baby, minor and puppy stock coat bitch classes particularly, the quality in the minor and puppy bitch was such that any of them could have won and it is exciting to think how good the coming junior and intermediate bitch classes are going to be. Whilst we have some very nice young males the depth of quality is not as good as in the bitch classes and it is a shame that more males are not kept and shown

I thank the exhibitors for their sportsmanship and my stewards. As in previous State Breed Assessments the most enjoyable event to watch is the off-lead gaiting however all the animals this year did a great job.

LSC MINOR BITCH

GRADED – 1-2 VERY PROMISING

- 1 Dellahund Party At My Place** 2100510092 -11/01/2019
*Conkasha Atomic Fire AZ/*Conkasha Hyland Dancer
