

**GERMAN SHEPHERD DOG CLUB OF QUEENSLAND INC.**  
**2019 STATE BREED EXHIBITION**  
**JUDGE: MRS CAROL O'ROURKE**

Firstly, I would like to thank the German Shepherd Dog Club of Queensland and the Management Committee for the appointment to adjudicate at this year's State Breed Exhibition. As always, this club conducts a well-organized event under the umbrella of the hard working and very efficient Show Secretary Mandy Scrivens. I also take this opportunity to thank my assembly Steward Jean Hansford and my very professional Stenographer, Mrs. Fay Stokes. Thanks also to Gail Donald for the amazing photographs, capturing special moments and creating a wonderful atmosphere.

There was an incident regarding the gun test of which I was informed that we did not have a gun present, so the State Breed Surveyors agreed that we would proceed and accept the Open animals Survey results which was announced over the PA. Following the announcement, a correct gun was presented to me and therefore I was able to continue with the gun test in the Open classes. Unfortunately, I had 2 failures in the Open Bitch class.

My gratitude also to the owners and handlers for their sportsmanship and presentation of their dogs and especially highly commendable was their off lead work that demonstrated their feelings and passions to present their animals in the best possible light, you all deserve many accolades. It was a little disappointing that a full representation of the States dogs and bitches were not entered due to different genuine circumstances, including the German Sieger Show - perhaps consideration be given to an alternative date for the State Breed Exhibition. It was unfortunate as I was unable to assess the total quality of animals that I know exist in this State at this time.

I have stated many times in the past that it is of utmost importance that to our long term breeding to develop quality, type and uniformity and obtain Mother lines of substance to strengthen long term success and foster serious breeding. I am fully aware, that without your support and dedication the Breed Assessment would not be the success that it is and for that I thank you.

The SBE is a form of guidance to create enthusiasm and for breeders to assess the quality and the breed worth together, particularly to encourage the highest level and evaluate the animals in your own State. Even in a small way, the worth of the major bloodlines and their influence at this event in itself served the need for us to facilitate a class of dogs that are an extension of the Excellent dogs.
