

# **GERMAN SHEPHERD DOG CLUB OF SA Inc**

## **46<sup>TH</sup> MEMBERS SPECIALTY COMPETITION**

**SUNDAY 10 NOVEMBER**

**JUDGE: Mrs Jan BRABHAM (SA)**

It was a pleasure to judge the German Shepherd Dog Club of SA's 46th Members Specialty Competition on Sunday 10 November 2019. A special thank you to my Ring Steward, Ian Cooke and stenographer, Donna Vigor. Although the entry was small, I was surprised and pleased with the quality of most of the animal exhibited. I was a bit concerned with some of the measurements. The first measuring stick fell apart and despite checking heights, I felt a few animals were larger than they measured.

On the day, the overall temperament was very good with no issues measuring the dogs or examining the mouths. Sex differentiation was very good. Although the forequarter angulation was good the upper arm could be better angled in most cases. Development of the animals in the lower classes was pleasing and age appropriate. The majority of the animals in the older classes were presented in a firm and dry condition. The quality of all the long stock animals was very good, I was particularly impressed with the Open Long Stock Bitch winner on the day, \*Brajandi Pagan Moon AZ. In full coat, a very balanced bitch, beautifully presented with dark pigmentation and an excellent powerful ground covering gait. The Intermediate Short Coat bitch class was very nice and the first three in the Open Short Coat bitch were of high quality. I normally award best bitch to the Open class winner as I feel they have been Breed Surveyed and met all the breed qualifications but I made an exception on this occasion, and gave the Best Short Coat Bitch to the Junior bitch winner, Kingkesha Beauty Rich N Rare AZ. I was very impressed with her conformation and performance on the day and feel she has an extremely bright future. She is a very balanced bitch, with very good development for her age, with correct proportions and an expansive ground covering gait.

On the day, it was interesting to note that a few animals had small upper and lower premolars and slightly long and flat front feet. Short under-chests are still an issue as is a slight roach over the back during stance and movement. Also, during movement, some restrictions in both front and hindquarter drive with some with lacking firmness of ligaments across the back.

Being a small entry the type was mixed due to variety of stud dogs however it is interesting to note that the Best Short Coat male, \*Babenberg Ollie AZ was the Sire of the Best Short Coat bitch, Kingkesha Beauty Rich N Rare AZ and \*Ch Eroica Catch Me If You Can AZ was the sire of both the Best Long Coat Dog, \*Ch Eroica Erotic Erik AZ and the Best Long Coat bitch, \*Brajandi Pagan Moon AZ.

Jan Brabham
