

German Shepherd Dog League
Christmas Show
Judge – Mr. Andrew O’Loughlin

Firstly, thank you to the GSDL of NSW Inc for inviting me to judge. This was my first specialty appointment as a GSDCA trainee judge and also my first appointment outside of South Australia. It was a great learning experience and I thoroughly enjoyed the experience. Thank you to those members that entered and for allowing me to judge your animals. There were some lovely animals, which was very pleasing to see.

The weather conditions for the show were different to what I expected. Due to the fires in NSW, there was a lot of smoke across the state. However, once on the grounds and working in the ring, you couldn’t really notice the smoke. It was a warm day, but with the show starting at 5.00pm, it was reasonably cool once the show started and turned into great showing conditions. The ground was very dry and reasonably firm, with some sections of the ring being dirt rather than much grass.

There were a few problems generally that kept coming up consistently across classes – the most common one was length of under chest. This is something we should continue to pay attention to. This will be seen in a number of my critiques. Other aspects which I haven’t noted on critiques, but were noticed on more than one animal were open feet (not close nit toes), some with nails too long and underjaws needing more strength.

There were not too many animals that displayed over-angulation of the hindquarter. No animal displayed very loose hocks that were unstable. A real positive for me was the cleanness of the toplines on most of the animals. There were not too many animals with peaks and very flowing toplines. Size was a factor for some animals and when the two lovely sable bitches walked in the ring for Open Bitch Long Stock Coat, I was pleased to see two quality animals. I was extremely disappointed after measuring both of them that I would not be able to give them the highest grading possible.

Some animals did need a bit more training before being presented in the show ring. Some animals lacked lead experience and fitness - this was seen by them pacing in the ring and panting heavily after little work. I would also like to suggest double handlers in general work on calling less – there were a couple of individual presentations that would have been better if the dog wasn’t called; instead they started galloping.

Some of the highlight animals for me were: Junior Bitch Stock Coat winner, Both Intermediate Stock Coat Bitches – they were both very nice bitches, Open Bitch Stock Coat had 4 quality bitches, Intermediate Dog Stock Coat 1st and 2nd, Stock Coat Dog top 3, Junior Bitch Long Stock Coat winner, Intermediate Dog Long Stock Coat and 1st and 2nd Open Dog Long Stock Coat. All these animals for me were of high quality.

***Constructionally, this dog is very nice. However, his performance on the day was not great – he was flying his tail, had his hackles up at times, and after call out was hunting the dog in front of him the entire class. For me, any signs of aggression is not something that should be tolerated. It was because of these factors, and that he measured 67.5cm combined, that I decided to ungrade him on the day.
