Thank you to the Ballarat Club for the appointment. The day started out quite cool and very comfortable weather for the dogs to be shown in. The entry was pleasing with few scratchings.

I was able assisted by Hannah Kelly who acted as my steward and Rhonda Snijders who was my seno. Both of these ladies are new to working in the show ring and were extremely enthusiastic in their roles.

We started with the stock coat classes.

In general the dogs were presented very well. Most stood for teeth, testicles and measuring without any problems. There was one puppy dog that gave the impression he was both heavy and deep. Upon putting my hands on him I deemed him to be an "optical illusion". He was neither deep or heavy. He also wasn't especially coaty, he had a good coat but certainly not excessive. My open dog was challenge and at 7 years still displayed a great enthusiasm and desire to work and run.

The bitch classes were larger and better depth of quality. My largest class of the day was the minor bitch class. This was an very good class with 4 of the 5 very typey to each other. The winner of this class went on to win Minor Puppy in Group. She was a very feminine, balanced and harmonious puppy. The Junior class of 4 was quite mixed and unfortunately I had an animal that I measured 3 times, last time after working the class and I couldn't get her under 63cm. I had 3 open bitches of mixed type. The winner was a lovely, stretched, balanced bitch that was the winner from the moment she entered the ring. Not to take away from the other 2 bitches that are very good in their own right, just not quite in the same league. The open bitch was my Best of Breed, she was run a couple of times for the group and went on to win Best Open in Group.

The LSC entry was quite good, not many young males.

Quite a few have distinctive peaks in their backs and I did notice a number of flat feet, this appeared to be a bigger issue than standing incorrectly in front. The temperament on the dogs was very good. Some of the dogs coat presentation could have been better.

I had 2 junior dogs, the winner was a very well colored dog whose overall bone could have been stronger. The second dog I measured at 68cm.

The open class was again a little mixed, my winner was the most balanced and correct animal.

Many of the bitch classes only had 1 or 2 animals. The minor bitch was a very nice balanced bitch. I had 2 open bitches, my winner and Best of Breed is a very typey bitch who was very balanced and moved extremely well at all speeds.

I would have to say that 1 month out from the Victorian Champ Show many of the animals have not had much work. Many were not very fit, after a couple of laps in the cooler weather they were breathing hard, not holding themselves together well. Their physical shortcomings were very evident after 2 or 3 laps of the moderately sized ring. Unfortunately I did have a couple of animals that measured over size. Some necks are carried quite erect. In general some of the proportions are getting more 9 -10, hindquarter angulation and hocks were good to very good, many croups are steep but still mold well due to the peak in toplines and underchest shortness is still a real issue.

I was very pleased with the handlers in the ring, their attitude and sportsmanship was great. I was also extremely happy with the way the exhibitors accepted my decisions and explanations.

Nicky McDermott
