

Member's Competition GSDCSA - Sunday 8/11/20

Judge – Ms Jane Pike (SA)

Judges Overview of Show

Thank you to the GSDCSA for the appointment to judge my third Members Competition in South Australia. It was great to be back in the ring after a break due to COVID. The weather was a little warm compared to what we have been experiencing but overall the dogs handled the conditions well. The show was held in conjunction with some fun events including Adult Handlers which proved to be popular with the exhibitors. The atmosphere around the show was very relaxed and extremely pleasant. Thanks to Andrew O'Loughlin, Steward; Donna Vigor, Stenographer; and Kerry's Lunch Team for the lovely lunch, and thanks to the exhibitors who presented their dogs for adjudication and for their sportsmenlike conduct.

I have written a brief comment regarding each of the classes that were not critiqued below.

There were 50 animals catalogued and 9 animals scratched on the day. Overall the animals were of very good type and very good temperament. Attention needs to be paid to the length of underchest and strength of underjaws. Looseness of hocks was not as prevalent as they have been in the past, however care should continue within individual breeding programs so this does not creep back in.

Of particular note was the baby puppy stock coat male dog who impressed me very much. His type, substance and proportions were excellent for his age.

Hopefully we can move on from COVID and get back to showing more regularly in the near future.

Thanks

Jane Pike

Quite a pleasing group of babies. The first two, which I note now are litter sisters, performed effortlessly in the ring. The first held a very good topline in movement with a very good sequence of steps for her age. The topline on the second baby was also very good, however the length of her croup could have been a little longer. The reach could have been a little better on the third placed baby. All worthy of a Very Promising grading.

The winner of this class displayed a high wither, very good forequarter angulation and very good movement for her age. The bitch in second place was a more rangy, leggy animal. These were both given the highest grading. The bitch in third place, is somewhat fine, however on the day presented herself with confidence.
