PRESIDENT'S REPORT

Welcome to the National edition of the Review.

My favourite edition as I am sure it is a favourite with many of you.

Firstly, I would like to congratulate the GSDL and the show committee for the wonderful job they have done.

The grounds were spot on, the organisation was

perfect and the atmosphere was awesome.

I had the pleasure of hosting our Patron, Dawn Fraser for the weekend, I was very honoured to be able to enjoy her company for the 3 days.

She is truly an Australian icon, and the energy she has with her non-stop charity work with a number of organisations is amazing.

I would like to thank Dawn for sharing part of her story with me.

I must say this year felt very united as an organisation, with many of us seeing each other for the first time since 2019 National.

It was wonderful being face to face and enjoying watching the dogs and meeting up with friends again.

On a more serious note it seems many countries around the world are failing to comply with the WUSV Harmonisation program.

More and more countries are starting to realise the implications with the program and are now starting voice their issues.

New Zealand has already withdrawn its membership of the WUSV and many countries are considering their options going forward.

Over the last few years the GSDCA has been working to ensure Australian exhibitors will not be penalised by the SV judges by not awarding the Excellent gradings.

I am happy to announce that a solution has come in the form of using FCI specialist Judges that agree to judge under the Australian rules,

Therefore still awarding Excellent to worthy recipients.

The GSDCA Executive will continue working towards a solution with the WUSV. I would suggest that you attend the clubs meetings so you have

a say in the future direction of our wonderful breed in Australia and fully understand the problems with the Harmonisation Program.

On a brighter note over the last 2 years I have been working on a new format for the National. This new idea was presented to the Executive before the National this year and will be at the clubs by time you read this.

My vision is to start this at the 50th National in Adelaide. It will give us a clear future to work towards and I believe it is a step in the direction that is required for our breed in Australia.

I hope you get as excited as I am, I believe it will help the breed continue to be a leader in the canine world.

I wish you all the best, enjoy the wonderful dogs and the critiques in this edition of the review.

Now we look forward to the 49th National hosted by the GSDCV.

Best wishes

Sean Lynch

GSDCA President

EDITORIAL

The National has come and gone and absolute kudos the GSDL Committee for an event we will long remember for many reasons.

Those who visited the Hawkesbury on that weekend cannot really appreciate what a close run thing it all was and the tension that accompanied this event in 2022. To all visitors it was probably obvious the level of flooding we experienced prior to June and the extent of the damage that it wrought throughout one of Sydney's key horticultural areas. We were only just recovering from that event, closely followed by the National, and the floods hit again. The clean up is again under way, but it will be some time before we can claim full recovery.

It was in this environment that a young, new group of volunteers pulled off the first National in three years and delivered an event that I believe most would have thoroughly enjoyed.

Congratulations to everyone involved. Your efforts are greatly appreciated and the return to something akin to normal that you delivered was welcome release.

Doubtless, when readers start thumbing through critiques they will realise that something is missing in the conformation critiques - *, AZ status and titles. Unfortunately, the shift to online entries has caused some major challenges for consistency, with some of this additional information being found on some entries, missing on others and information that the GSDCA does not recognise being provided in other instances.

A decision was taken that rather than disadvantage animals who had qualified for all of the above, but had not been able to reflect that on their entry, all this information has been removed to create a level playing field.

Standardising electronic entries has been referred to the upcoming NBC / Judges meeting and hopefully, by this time next year, all will be back to normal.

We need to send a huge shout out to our patron, Dawn Fraser - the woman's amazing for her energy, engagement and just downright niceness. Thankyou so much.

To our Judges, Stewards, Stenos, Photographers and everyone else who lent a hand - fantastic job!

So now to this edition.....

As is the case with every event you deliver, something goes wrong and unfortunately this year, the Obedience

Judges were unaware that they were required to critique each animal's performance. The magnificent ladies have risen to the challenge and after the fact provided a summary for their judging. The GSDCA knows how much competitors like to know our judges' thoughts on their dog's performance, but we can only ask for your understanding that things in 2022 were anything but normal. We apologise for any disappointment.

What I will commend the obedience folks for is their meticulous attention to their entries and getting the information totally correct in all cases. Great work guys and it has meant that your details on photos appears exactly as they should have.

To everyone who attended the National, competed, won, lost or just observed well done and thank you for helping to re-establish the premier event in our calendar. Hopefully, the opportunity to meet face to

face has re-kindled relationships and allowed us all to see many beautiful animals in the flesh.

It seems that a fair number of us contracted COVID whilst visiting NSW and we can only hope that your recovery was rapid and easy.

Moving forward and in light of the changes in Germany, we face a bit of an unknown future in regard to International judges visiting Australia. As we step into an untravelled pathway, I choose to regard this as an opportunity for change and adjustment.

The pathway will be the one chosen by our members not imposed from a distant head office. As we all know, change is never easy and confronts our beliefs, but without it, we will not thrive. So, onwards and upwards!

Yvonne Yun

Youth Report

This year's National represents the first opportunity in about 3 years that we have been able to come together as a sport. The last 3 years has been incredibly challenging for our hobby and in particular, a limited ability to come together to train our animals, teach and encourage our youth. Unfortunately, we saw less entrants in the junior showmanship classes, but still excellent skill across the board.

Although limited numbers and no children from the 10 to under 13 years, we saw a large number and high-quality class of 13 to under 19 years. Many of those competing in our Junior showmanship classes handled in the show classes. I would like to commend those exhibitors that have supported these young handlers and encourage others to do the same.

Peter Hersant (of Astasia Kennels) has grown up handling across Australia, has travelled overseas and seen many top dogs and handlers in his time. I would also like to take this opportunity to thank Peter for his time and commend him on his mannerism with the kids. It was great to hear his critiques on why he placed handlers in his order provide constructive criticism in a positive way. Well done to all those entrants.

GSDCA JUNIOR SHOWMANSHIP WINNERS FOR 2021

The GSDCA showmanship award is an award to encourage each member club to support and promote the engagement of younger members. Each year clubs nominate children that have participated in club activities over the previous year and these are presented at the National. Congratulations to the recipients of the awards.

MEMBER CLUB	(7 years to under 10 years) NAME	(10 years to under 13 years) NAME	(13 years to under 19 years) NAME

Kurt Morton

Junior Showmanship

JUNIOR SHOWMANSHIP AT 2022 NATIONAL SHOW AND TRIAL

Peter Hersant

I would again like to thank the GSDL and GSDCA for the kind invitation to judge the Junior Showmanship Awards at the 48th GSD Australian National in Sydney.

I will provide a summary of the entire group of youth handlers and then a brief critique of each handler individually.

Unfortunately, the sport of GSD showing is declining in numbers worldwide and Australia is no exception. Thus it is highly important for the future of the breed in this country that we foster and encourage all youth that show any interest in the breed and that of showing. This includes not only handlers, but also exhibitors and even future breeders. The GSDL have two younger breeders that hold key positions in their committee, Jessica Kada and Kurt Morton. And these two individuals should be congratulated because not only are they very successful breeders already, but also very good young judges.

Each handler who participated in the junior showmanship awards has the potential to one day be excellent and sought after handlers with the right education, mentoring, direction and encouragement. The best thing I believe to keep youth handlers in the breed is to give me the opportunity to train and handle competitive animals.

Overall, I see the main issues in GSD handlers in this country as 3 fold:

1. Holding the lead too high, which is counter-productive. The lead placed high is opposing the force to go forward and cover the most ground in movement, and it does not help improve the height of the withers, it in fact, does the opposite.
2. Handlers hold the dog back and hindering their movement. A handler needs to go at the correct speed for the particular dog they are handling. A handler is meant to assist the dog, not the opposite. The lead and handler is an extension of the dog itself. To let them go more, have soft hands and adjust your speed and lead length. If the handler in front is going too slow for the dog you have, leave a bigger gap to give your dog more space to move.
3. Not having the front and rear legs straight when standing the dogs. This is super important and quite easy to fix.

Unfortunately, the majority of handlers in the 13 to under 19 age group had these issues.

In the 7 years to under 10 age group we had 3 handlers, all who handled very young animals below 9 months in age. As we all know, handling younger animals is always more challenging than handling older, better trained animals. They all did an excellent job given the challenge they had.

In 1st place we had Jade. Jade displayed overall good control and rapport with the young female she handled. She did struggle at times when the animal pulled a little too hard for her during the walk, however overall she stood the female very well, with both front and rear legs correct. During movement, she showed very good lead control and was able to display the dog with correct step sequencing the majority of the time. Congratulations Jade on your 1st place.

In 2nd place we had Avary. Like Jade, Avary overall displayed good control and rapport with the young female she handled. She did not stand the young female quite as well as Jade did and did not have quite as good of control, and ultimately, these were the differences between 1st and 2nd place. Congratulations Avary on your 2nd place.

And in 3rd place we had Harrison. Harrison in many ways had the most difficult task in handling the youngest animal, who was just 3 months of age. Harrison struggled a little to display the animal as well as the two handlers in front of him, both in stance and on the move. Overall, however, Harrison had good rapport with the puppy he handled and did a very good job given how difficult a task he had. Congratulations Harrison on your 3rd place.

Unfortunately, we had no handlers enter in the 10 to under 13 age group. In the 13 to under 19 age group, we had 5 youth handlers. We had a mix of ages in both handlers and dogs exhibited. All handlers did well, there were just some key differences in handler expertise between them which lead to the final placings. Initially, I had some general knowledge questions regarding the German Shepherd dogs anatomy and its exhibition that I was also going to ask each handler in the 13 to under 19 age group, but I decided in the end to leave these questions out and judge purely on each handler's presentation of the dogs.

In 1st place we had Paris, who is 13 years of age. She handled a female below 12 months of age, the youngest animal presented in this age group, a high level of difficulty. This however, did not affect her handling quality or presentation. Paris had excellent feel with the animal on the lead and showed excellent rapport. She showed the teeth well and correctly stood the animal with the front and rear legs straight, the only handler in this age group to do so. Paris was also the only handler that held the lead at the

Junior Showmanship

correct height, and she gave the female the correct lead length and exhibited the animal at the correct speed both on the walk and at the gait. Paris in many respects is already an excellent handler, and if I still was breeding animals with my parents, I would have no hesitation in having her handle for me. I believe in the future, Paris will be among the best handlers in the country. She is at an advantage somewhat, as her mother is at this very moment, an excellent handler, and I know for a fact that Paris has received some excellent mentoring from both her mother and the very good handler Denise Smith. Notably, Paris handled a number of animals over the weekend, even in the Open Dog SC class, which is very admirable, especially for someone of her young age, and it just shows how many exhibitors already entrust her to present their animals in the showring. Congratulations Paris.

In 2nd place we had Laura, a 16 year old. Laura's female she handled was over 1 year old. Laura, like Paris, displayed very good rapport with the female she handled and overall presented the animal well both in stance and in movement. Laura was unable to display the teeth as well as Paris and required some assistance from myself to do so. The front and rear legs were correct and straight when she stood the female. During the walking and gaiting exercise, whilst the balance and control with the dog was very good, she did however hold the lead too high. Overall, excellent presentation by Laura and congratulations on your 2nd place.

In 3rd place we had Tahlia, a 15 year old. Tahlia handled a female over 4 years of age. Tahlia was initially called out in 5th place, but presented her dog better on the walk and gait in the end compared to the two handlers behind her. Overall, Tahlia presented her dog very well, the differences between her and the two handlers in front of her was that she did not stand the female quite as well as the others did, she also needed assistance to show the dogs' teeth and she held the lead a little too high. The dog's front and rear were straight when she stood the animal. Her control during the walking and gaiting phases were also not quite as good as the handlers in front of her. Overall another excellent presentation, and I wish to congratulate Tahlia on her 3rd place.

In 4th place we had Bailey, a 16 year old. Bailey handled a female over 1 years of age. Bailey overall had good rapport with the dog she presented and stood and walked the animal well. The main differences between her handling and those placed ahead of her was the fact that the front legs were not straight when she stood the animal, she was unable to show the teeth without assistance, and she also held the lead far too high both during the walk and the gait. Ideally, she could have also given the female a greater length of lead. Nevertheless, Bailey did an admirable performance and I congratulate her on her 4th place.

In 5th place we had Brodie, a 13 year old. Brodie handled a female over 4 years of age, reducing the level of difficulty slightly. Brodie again like the others ahead of him achieved an admirable performance and he displayed good rapport with the female he presented. Ideally Brodie could have displayed slightly better control both during the walking and gaiting phases, the lead could have been carried at a slightly better angle and whilst he presented the dog well from the side during stance, the front legs were not quite straight and correct. He also required assistance to show the teeth. However, overall a good handling performance from Brodie and I congratulate him on his 5th place.

Finally, as always, as a handler and a person who naturally enjoys helping others, please feel free to contact me for any tips on handling. Whilst I may have been handling dogs the majority of my life, I too am always learning and developing my craft in order to be the best handler I can be to bring out the best in the dogs, and I feel we all can continue to improve in some ways.

Summary 48th GSDCA National

Judge: Louis Donald

General Overview

Congratulations to the GSDL President, Jess Kada, and her hard-working National Show Committee on a truly outstanding job both leading up to and during the event. The venue was certainly one of the best in the 54-year history of the event. I also thank my ring steward, Vince Tantaró, who made my job all the easier. His skill, underscored by a confident and quiet demeanour, was greatly appreciated not only

by me but also by the handlers in the ring.

The overall show entry of 411 was very pleasing, particularly in the open classes where, importantly, most of the best adult males in Australia were entered. The puppy classes were disappointing in terms of their numbers and reflected declining puppy registrations. Of course, I could not help but reflect on the 1972 National in 1972 when I judged the puppy classes with a total of 245 stock coat puppies. At this event, the total SC puppy entry was 14! In the LSH Open Bitch class, 18 were entered with 14 presented, LSH Open Dog class, 16 entered with 13 presented, and in the SC Open Dog class, 27 entered with 19 presented.

The main challenge I faced in judging this show was dealing with and accommodating a show that now is somewhat contrarian. That is, since the demise of the Main Breed Show, there are two sides to the show for exhibitors. Those who want the show to be performance-based and those who want it to be breed development based, a show giving very clear breed population assessment and breed advice and guidance.

On Sunday morning I asked myself the question, do I judge the show as a performance or breed-based show? As an ANKC judge, I approach judging of dogs at shows as primarily performance based, but as an indoctrinated SV judge, I consider all shows to be breed guidance shows, and with the thought well to the fore of my mind that Australian breeders need some breed direction, I decided to judge the show based on it being both a performance and breed guidance event. This decision was underpinned by the invitation of the GSDCA NBC executive to attend the Sires Progeny class and Breeders Team event and observing all exhibits during the judging in both rings throughout the three days.

Given my decision, in the SC Open Dog class, I needed to be as clear and articulate as possible in highlighting areas of concern but also highlighting the attributes; both in the way I managed the class from the initial call out order to the final placement and at the end of each class explaining my actions and reasoning to provide breeders with guidance. Of course, this approach was to evoke the comment from some exhibitors that I was too critical, insensitive, and hurtful. But you can't have it both ways, not if you want an honest and candid opinion, be informed as to my reasoning, and receive clear,

unambiguous advice and breed guidance.

Using my knowledge of the breed's status in Australia, and what I had seen in the young classes to give me a sense of what the main virtues and faults are in terms of our show dog population, and utilising the Sires Progeny class, I melded these elements together with the dog's ring performance, especially during the extended gaiting phase. For example, I saw 'many' overangulated dogs that were consequently unsound in the hindquarter, and this influenced my decisions in terms of fine-tuning the very top of the SC Open Dog class.

The complexity of the judging task manifested itself as I became aware of the 'extraordinary success' of the Chili della Valcuvia progeny in the show. I observed that the majority of Chili's progeny were overangulated, too long in the tibia but notwithstanding my concern about his prepotency for over angulation, I observed his progeny's many attributes. This all played a part in where Chili was called out initially and where he was finally placed. I decided not to 'throw the baby out with the bathwater' so to speak, but instead flag my concern demonstrably, but respectfully and softly.

Always the big question for anyone with a female is what dog can I use to mate to my female in an environment with limited choices? In an environment where very likely the best male has already been incorporated into the bloodline and linebreeding to him 'with the right female' prior to say 4-4, is not recommended?

My following remarks may offer some guidance.

I stated in the summation of the SC Open Dog class that if the event had been a Main Breed Show, a 'Sieger Show', the first four dogs would have been graded 'Excellent Select', VA in German vernacular. The V5 graded dog, Gewalt Tennessee Drummer, the best Australian bred SC adult male in the show, and for me one of the shows highlights, sits on the very cusp of 'Excellent Select' grading. To that end, whilst exhibitors want a class winner and dogs placed in order of merit, and I did that, I ask breeders on this occasion to see the first five dogs as a collective and explain my reasoning as follows:

At the head of the class, a significant aspect of the placement was their performance in the ring; however, the real individual value of each of these five dogs will be the females to which they are bred. In other words, in the context of breeding, mated to the right female, the 5th placed dog can be of a higher value than the 1st placed dog, and that logic applies to every other dog within that group.

In my opinion, these five dogs collectively provide breeders in Australia with all the ingredients necessary to strategise a long-term breeding program that will culminate in a standard of dog that will exceed the individuals within this group. In other words, the end result will produce a significant number of dogs even closer to the breed standard than themselves, and importantly for the breed in terms of its show dog population, prepotent for their structural form and very good character.

But here is the rub. Too many breeders want results today, they are not interested in a slow road to success, they want next year's National class winner in their first litter. Whilst this is possible, it is also

short-sighted. It means the number of stud dogs they are prepared to use is very limited, and in terms of developing a recognisable family, a prepotent strain, is impossible. As Walter Martin said, 'for people who have no strategic long-term breeding plan, it's heaven today and the ditch tomorrow'.

Summary

- Notwithstanding that in puppies it is normal to have a level of instability in the hocks, I was taken aback by the number who were 'very unsound' behind because of an overlong tibia; viewed from behind, hocks were unstable, many stepping too close, and a few even crossing over. This fault is now entrenched in the evolving stage of 'normalising' within Australia's German Shepherd Show Dog population. The danger associated with normalising is 'general acceptance', 'denial', and 'justification'. This show dog phenomenon is always born of self-interest and/or a lack of fundamental breed idealism, and the minority who express concern are deemed out of touch with 'breed progress'.
- Too many dogs were overangulated in the hindquarter, more so at the baby/puppy/minor level (a too long tibia) and consequentially displayed concerning levels of hindquarter and hock instability. In one class, it was the majority of exhibits. The primary bloodline source was noted and articulated.
- Heads on the males overall were well structured in terms of strength, and thankfully only a few were coarse and lippy. There were a few dogs whose head, relative to their size, could have been a bit stronger, and in many cases, their foreleg bone strength mirrored this. That is, if their foreleg bone was a bit light on, so was their head.
- Pleasingly, the number of dogs with large and often soft ears, sometimes with turned ear tips, is less than it used to be as the sires that initiated it recede back in the pedigrees. If there was an issue, it was the ear set – predominantly low set with a few high set creating its characteristic frown/puzzled expression.
- Most adult dogs had dark, well-shaped eyes, which certainly made the few dogs with light eyes and a dark mask all the more conspicuous. We all know German Shepherd Dogs don't work on their eyes, eye colour is secondary to trotting efficiency, but expression in our breed is important. Light eyes are an impediment to shepherd dog expression and must be accounted for, especially when dogs compete against one another at the highest level.
- A large number of dogs in both rings did not stand correct in front, i.e. to varying degrees, standing and stepping east-west, and a few standing and stepping wide. In the former, this impacted on their elbow connection and very often, their pastern/feet trueness seen coming toward me, i.e. slight rotation.
- Whilst there were many dogs with a short to slightly short and steep upperarm, I was pleased with the overall number of dogs with a well-structured forehand assembly.
- Croups have not really improved much over the years. Too many were short to slightly short and steep, which is reflected in the lack of a broad upper thigh and powerful hind drive.
- There were many straight, clean backlines, but more that were either a little curved and or had a distinct downward lumbar spine bend with its characteristic transitional peak. Very few backs

are weak in terms of the thoracolumbar spine, but there were a few where the ligamentation of the back should be firmer/tighter.

- Chest to foreleg proportions were very good as a whole. I make the point that whilst the under-chest hair on LSH dogs makes the forelegs look short, my measurements of height and chest depth on all dogs from Junior class and up, show the proportions on all the LSH dogs exhibited were 'well within' the breed standard.
- Whilst on LSH, I note a gene-linked matter. That is, the vast majority of LSH were up-faced (planes of the skull and nasal ridge misaligned), tended to stand east-west in front and their pasterns should be much firmer.
- Quite a few dogs were short in underchest and that applied to some of my top dogs. I add for obvious reasons, as this is much harder to see in LSH than SC and in dogs with a full coat as opposed to those losing coat or out of coat.
- Character, which incorporates temperament, was not a problem. I only had one animal show aggression toward me and told to leave the ring, a couple were edgy when being measured, but all the rest were calm and confident. In terms of 'family dog character and temperament', Australia does not have an issue with character!
- A pleasing number of adults were within size, and whilst there were plenty at a genuine 65cm, about a dozen at or around 67cm and one at 68cm, I was very aware but not overly concerned about oversize at this show.
- In the gaiting assessment, I would have liked to have seen more adults, especially in the SC Open Dog class, even at the top of the class, display more enthusiasm for running, showing more power, animation and fleetness of foot, such as we saw with the LSH Open Dog winner. I make a distinction between dogs that have an inherent shepherd dog desire to run and those that can only run hard when a double handler is calling them. How do I make the distinction? One runs at an enthusiastic level consistently and the other only when being called by the double handler. Therein lies the need for a double handler to understand their function and its implications - under me, at least!

Double Handling

Most double handlers have no idea what their function is for other than running around the ring at breakneck speed, screaming at the very top of their voice and, in many cases, confusing and disrupting the harmony and consistency of the dog's gait. For some handlers, having to deal with it must be a nightmare!

Handlers

Handling is not simply a matter of hanging on to the end of the lead and letting the dog drag you along as it tries to get to the double handler! When you stand the dog in front of the judge in the individual assessment, how you present the dog in those few seconds is critical. Dogs standing propped, overstretched, front legs pointing in every direction, and in the side gait hopping and galloping is not conducive to a good impression nor a high initial call out.

There were several excellent handlers at the show, such as Stephen Cox, Peter Hersant, Kylie Zimmerle, Hazel Doherty and Melissa Turoczy. It was a pleasure to observe their skill and ability.

GRADED EXCELLENT

1. OLYMP VOM LÄRCHENHAIN

Irone Du Clos De Patmisand x
Havanna Vom Larchenhain

07 Oct 2016

Ms K F Graham & Mr B Adams

65 – 28 – Large, very well coloured strongly pigmented dog, gives a very good impression in stance, very good head and expression, dark eyes, ears good set and size, stands correct in front, very good reach of neck, high withers, firm straight back, slightly short well laid croup, very good fore and hindquarter angulation, very good fore and underchest development, very good length of foreleg, stepping correct behind good hock firmness, stepping narrow in front, good elbow connection. During movement he shows very good drive and reach transmitted through a firm tight backline.

2. CHILI DELLA VALCUVIA

Ulkan V Maikhus x Ora Della
Valcuvia

17 Nov 2017

Cathie, Zimmerle, Knuckey &
Auwema

64 – 28 – worn lower incisors 1-1 –

Just above medium size, medium strong stretched dog who gives a very good impression in stance both his head and expression, good ears size and set, medium eye colour, good reach of neck, good withers, slight downward lumbar spine point, very good fore and deep hindquarter angulation, very good fore and underchest development, very good length of foreleg, stepping correct behind and in front. During movement he shows powerful drive with very good forereach through a very firm backline.

3. ALWIN VOM HAUS NESGEN

Hugh Vom Eichenplaz x Wickivom
Gilkauertal

16 Feb 2018

S Pittelli P Flynn

65 – 29 – upper left lateral 202 & 203 removed due to accident tooth certificate supplied – Large, medium strong black and red dog who give a good impression in stance, stands correct in front, good ear set and size, good eye colour and reach of neck, good withers, firm back, good lay and angle of croup, upper arm could be just a little longer, very good hindquarter angulation, very good length of foreleg, balanced fore and underchest development, stepping correct behind and in front. During movement he shows very good drive and reach through a firm back and movement is well balanced.

4. WULKANO-UNO VON SCHNITZERTEAM

Ulkan Von Maikhus x Ixy Van
Contra

01 Sep 2016

Petreski/Pereira

63 – 27.5 – worn lower incisors 1-1 – Just under medium size, medium strong stretched dog good head and expression stands correct in front, dark eyes, ears well set, good length of neck, high withers, firm backline, well laid croup of good length, very good fore and hindquarter angulation, very good fore and underchest development, very good length of foreleg, stepping correct behind good hock firmness, correct in front elbows could be a little tighter. During movement shows powerful drive with very good forehand reach transmitted through a firm tight backline

5. GEWALT TENNESSEE DRUMMER

Xavi V Tronje x Ch Hinterhaus
French Tennessee

28 Apr 2016

Gewalt Kennels

63 – 30 – Just under medium size, medium strong masculine well coloured dog, stands correct in front, dark eyes, ears are good size and set, good reach of neck, good withers, firm, straight back, well laid just slightly short croup, very good fore and hindquarter angulation, balanced fore and

Stock Coat dog classes

underchest development, very good length of foreleg, stepping narrow behind correct in front, elbows should be a little tighter. During movement

6. OBAMA DU MONTGISON

Asap Vom Aldamar x Josy Du Montgison

01 May 2018

Mrs S Parker, Mrs S Bick, Mr J Carter and Mrs B Blythe

64 - 30 - worn lower incisors 1-1 - Just medium size, medium strong, very well pigmented dog, good strength of skull and foreface, dark masking, medium eye colour, good ear size and set, good withers, slight downward lumbar spine point, very good fore and deep hindquarter angulation, very good foreleg length, good fore and underchest development, pasterns could be a little firmer, stepping correct behind and in front. During movement I would like to see better co-ordination between hindquarter drive and forward reach.

7. CH UHLMSDORF JACK BLACK

Juwika Destroyer Impden x Uhlmsdorf Pink Champagne

04 Jun 2016

Uhlmsdorf Kennels

63 - 29 - lower left P4 lower right P4 lower right M1 removed due to fracture tooth certificate supplied - Medium strong very well coloured

well pigmented dog, good head and expression, stands correct in front, good eye colour, good ear set and size, good reach of neck, high wither, firm straight back, slightly short slightly steep croup, very good fore and hindquarter angulation, well balanced fore and underchest proportions, very good length of foreleg, stepping correct behind good hock firmness, stepping correct in front good elbow connection. During movement shows very good drive and forehand reach he should carry his head just a little higher

8. ULLE VON TRONJE

Kaspar Von Tronje x Fussel Vom Hulsbach

24 Nov 2018

Mr M Dawood

62 - 27 - Under medium size, very well coloured dog, stop could be a little more defined slight roman nose, dark eyes, stands correct from the front, good ears set and size, good reach of neck, high withers, firm straight back, very good croup, very good fore and deep hindquarter angulation, balanced fore and underchest development, good length of foreleg, stepping correct behind stepping just a little wide in front with a high stepping action. During movement he shows powerful drive with a slightly restricted forehand reach transmitted through a firm back.

V

9. DJANGO VOM TEAM PANONIANSEE

Kasper Von Tronje x Elipsa Von Panoniansee

25 Jul 2017

L.Martens

63.5 - 29 - Over medium size, medium strong black and red dog, stands a little wide in front, dark eyes, correct ear size and set, neck could be just a little longer, high withers, firm straight back, slightly short slightly steep croup, upper arm should be a little longer and better laid, deep hindquarter angulation, very good length of foreleg, requires more forechest development good underchest, stepping a little cow hocked behind wide in front. During movement shows very good drive and reach through firm back

10. CH. SHARDON ULTIMATE FORCE

Arkon Vom Alternberger Land x Shardon Tranquility

Bred By: Mrs D Bryant

Deb Martin

65 - 30 - Large, strong, substantial well coloured dog, should have more defined stop and less of a roman nose, stands correct in the front, he has well set large ears, very good reach of neck, high withers, firm straight back, croup is well laid but should be a little longer, upper arm should be longer and better laid, very good fore and hindquarter angulation, very good length of foreleg, good fore and underchest development, stepping wide behind and in front. During movement his drive and reach should be a little less restricted

11. NIKOBISHUNDE HAAKON

Djambo Vom Fichenschlag x Ch Nikobishunde Auspicious Amelia

01 Feb 2018

N & M Kirkham

66 - 30- Oversize dog, substantial, powerful head, stands correct in front, dark eye, good ear size and set, slight roman nose, good length of neck, high wither, slight downward lumbar spine point, upper arm should be a little longer and better laid, deep hindquarter angulation, very good forechest and underchest could be a little longer, good length of foreleg, stands a little east west with the right foot, stepping away hocks should be firmer and elbows tighter coming. During movement shows very good drive with good forward reach the hindquarter drive should be a little more fluent

12. ALIMANDA SMOOTH OPERATOR

Juwika Destroyer x Bruangie
Something To Follow

21 May 2016

Alimanda Kennels

66 - 31 - Very large substantial dog, broad skull, strong foreface, slight roman nose, tends to stand wide in front, medium eye colour, ears should be a little higher set, stop could be a little more defined, strong neck, good withers, straight firm back, slightly short slightly steep croup, very good fore and hindquarter angulation, very good fore and underchest development, good length of foreleg, stepping correct behind with good hock firmness, stepping little wide in front elbows could be tighter. During movement he shows very good drive slightly restricted reach.

13. BEMBOKA FIREPOWER

Veneze Lutz x Bmeboka Autumn
Fire

28 Jan 2018

Dianne Aliverti

64 - 30 - Above medium size, medium strong, substantial dog, domed skull, eye should be darker and the foreface a little longer, good reach of neck, good withers, firm straight back, well laid just slightly short croup, very good forehand angulation deep

hindquarter angulation, good fore and slightly short underchest, very good length of foreleg, pasterns should be a little firmer, stepping correct away hocks should be a little firmer, stepping wide coming elbows should be a little tighter to the body. During movement the drive and reach is a little restricted.

14. CONKASHA ATOMIC FIRE

Vablo Vom Osterberger-Land x
Conkasha Wild Dancer

24 Jan 2016

Thomas Devine

65 - 29 -Large, slightly fine dog, should be more substantial relative to the size, broad skull, dark eyes, standing correct in front, good ear set and size, good reach of neck, level withers, slight downward lumbar spine point, upper arm should be longer and better laid, short steep croup, good fore and deep hindquarter angulation, he requires further development of fore and underchest, very good length of foreleg, slightly upright pasterns, stepping from the rear the hocks should be firmer, from the front elbows should be tighter and he has a high stepping action. During movement shows good drive and reach through firm back.

15. KADAMA ATAGO

Juwika Destroyer x Karraine
Hayleys Legacy

07 Apr 2018

E & B Foley

65 - 30 - small PI's lower - Large substantial masculine dog, stands not quite correct in front, dark masking and eye colour, slightly large ears, powerful neck, good withers, firm back, slightly short slightly steep croup, the upper arm should be just a little better laid, good fore and slightly short underchest, very good length of foreleg, pasterns should be firmer, stepping correct behind stepping narrow in front elbows are a little open., During movement shows good drive and forereach is a little restricted

16. DUX DI CASA NOBILI

Kik Crveni Mayestoso x Asia Di
Casa Nobili

27 Sep 2018

G + E Parsons

65 - 31 -Large slightly underdeveloped dog, large low set ears, dark eyes, slightly short neck, level withers, firm straight back, short steep croup, upper arm should be loner and better laid, deep hindquarter angulation, he requires further forechest development, pasterns should be a little firmer, stepping close behind, a little wide from the front elbows very open. During movement shows good drive and reach through a firm back.

17. KHAYEM REVELATION

Labo Vom Schollweiher x Khayem
Je Ne Sais Quoi

01 Aug 2017

Ms K F Graham

63 - 30 - lower and upper incisors 1-1 worn - Just under medium size, well coloured dog, stands correct in front, dark eyes, large ears should be a little higher set, just slightly short neck, level withers, downward lumbar spine point, slightly short and slightly steep upper arm both the tibia and fibular should be a little longer, good fore and underchest development, very good length of foreleg, pasterns should be firmer, steps a little wide behind, from the front the elbows should be tighter and there is a high stepping action, ears should be firmer during movement shows good drive and slightly restricted forehand reach through a firm back.

18. AIMSWAY MUGSHOT

Ury Vom Zisawinkel x Aimsway
Homespun

28 Sep 2018

J&L Martens

65 - 30 - misplaced lower incisor 1 - Large fine boned dog, stretched proportions, stop should be more defined, large ears, slight roman nose, good reach of neck, good withers, firm straight back, well laid slightly short croup, upper arm should be longer and better laid,

Stock Coat dog classes

deep hindquarter angulation, good fore and underchest development, good length of foreleg, pasterns should be firmer, stands correct when viewed from the front, stepping from the rear the hocks should be firmer, stepping from front the elbows are open. During movement shows good drive and reach through a firm back.

VERY GOOD

19 HASENWAY DADDY COOL

Macho Vom Lamorak x Zicke Vom Feuermelder

04 Sep 2018

Mr J.G & Mrs J.A Strachan

66 - 30 - worn lower incisors
1-1 - 66 - 30 - Very large dog who is underdeveloped in many respects, broad skull, medium eye colour, large ears, good neck, level withers, firm back, short croup, short upper arm, very good hindquarter angulation, requires further fore and underchest development, pasterns should be firmer, stepping close behind, wide in front. During movement the drive and reach should be more effective

CLASS 5 INTERMEDIATE DOG STOCK COAT

VERY GOOD

1. CINDERHOF RAFFAA

Chili Della Valcuvia x Vanland Ava

05 Oct 2020

Mr John P Hugo

64.5/29cm. A large, very well coloured strongly pigmented dog who gives a good impression in stance, stands correct in front eyes are of medium colour and good shape, good ear size and set, good withers, good overline, good croup angle and length, very good fore and hindquarter angulation,

balanced fore and underchest development, very good length of foreleg. Stepping just a little close behind with good hock firmness, stepping correct in front with good elbow connection. During movement shows very good drive and reach through a firm tight backline

2. UHLMSDORF RUSSIAN ROULETTE

Dingo Di Casa Mary x Uhlmsdorf Pink Champagne

09 Oct 2020

Victor Grzeszkiewicz

65/30cm. Large, well coloured, animated dog with very light eyes that detract from his expression. Good ear size and set, stands correct in front, high withers firm straight back, well laid slightly short croup, very good fore and hind angulation, very good fore and just slightly short underchest, very good length of foreleg. Steps correct behind with good hock firmness, stepping from the front the pasterns should be firmer and the elbows held tighter to the body. During movement he shows very good drive and reach through a firm back. In side gait at the trot he has the edge on the winner, however he had to pay a penalty for his light eyes and impediment to the pasterns/feet.

3. SHEZNOVA LUCA

Djambo Vom Fichtenschlag x Sheznova Sunkisst

14 Nov 2019

Wayne & Teresa Curry

64/30cm. Above medium size, medium strong, dry, slightly fine boned dog. Stands correct in front, large ears, medium colour eyes, good reach of neck, good withers, firm back, good length and lay of croup, the upper arm should be a little better laid, slightly short slightly steep croup, long rear and fore pasterns. Slightly short underchest, steps correct behind with good hock firmness, steps correct in front, good elbow connection. During movement shows good drive and reach through a firm back, the groundcover should be more expansive.

4. JAKNELL VIRTUOSO

Dingo Di Casa Mary x Jaknell Patience Is A Virtue

16 May 2020

A & J KADA

64/29cm Above medium size, medium strong, well coloured dog, good ear size and set, good eye colour, stands slightly east west in front, good withers, slight rise over the back, slight downward lumbar spine bend, very good fore and slightly short underchest, good length of foreleg, stepping correct behind good hock firmness, stepping correct in front elbows should be a little tighter. During movement the drive and reach should be a little more expansive.

Stock Coat dog classes

5. CONKASHA DESERT ROCKET

Asterhund Ozzie Anzac x
Conkasha Wild Dancer

05 Dec 2019

Thomas Devine

64/29cm. Above medium size, medium strong, slightly fine boned dog, stands slightly east west in front, good eye colour, slightly close set ears, upright pasterns, requires more fore and underchest development, good withers, firm straight back, short steep croup, short steep upper arm and overlong tibia. Stepping wide behind with good hock firmness, stepping from the front the elbows should be tighter. During movement the drive and reach should be more expansive.

6. UHLMSDORF CASINO ROYALE

Dingo Di Casa Mary x Uhlmsdorf
Pink Champagne

09 Oct 2020

Mona Carroll

64/31cm. Just above medium size, slightly long dog, broad skull, strong foreface, ears should be a little firmer, viewed from the front the forelegs are not quite straight and he stands east west, high withers, firm back, well laid croup, slightly short steep upper arm, deep hind angulation, long rear pasterns. Good fore and short underchest, stepping correct behind with good hock firmness, elbows should be firmer, the feet turn out when he steps toward

me. During movement he shows good drive and reach during which the impediment in the forehand {forelegs and pasterns} is apparent.

JUNIOR DOG STOCK COAT

OPEN DOG LONG STOCK COAT

EXCELLENT

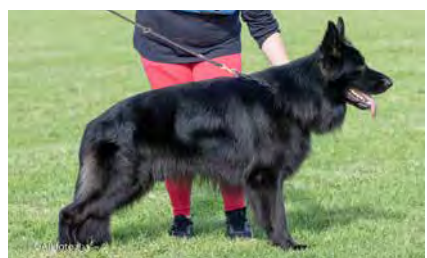

1 EROICA ICE ICE BABY

Grisu Vom Frankengold x Ch. Eroica Coco Chanel

28.10.2017

Mrs K Williams & Mrs C Leonard

63.5/30cm. Medium size, medium strong, strongly coloured and pigmented, highly expressive male, upfaced. Ideally I would like to see a little more strength of skull and foreface, very good reach of neck, a lovely very clean overline. High withers, firm straight back, very good length and angle of croup, very good fore and hind angulation, balanced fore and underchest development, very good length of foreleg. Stands correct in front, dark well shaped eyes, presented in very good condition. Stepping correct behind good hock firmness, good elbow connection. During movement shows a powerful drive, very good forereach transmitted through a firm backline. His movement is animated and energetic remaining consistent start to end in all phases of the gaiting assesment.

2 LETTLAND FLINT

Wunderstern Elmezzi x Lettland Althea Bright Sky

2.2.2020

Mr B & D Houghton

66/29cm. A large, medium strong dog, black with silver trouser markings, very good head and expression, good ear size and

set, dark well shaped eyes, he should stand just a little more correct in front. Good reach of neck, high withers, firm straight back, well laid slightly short croup, very good hind angulation, very good fore and good underchest development, very good length of foreleg. Stepping correct behind, stepping correct in front, good elbow connection. During movement he shows very good drive and reach transmitted through a firm backline. Whilst he did not display the animation and zest for running seen in the Sieger, his gait at the trot is hallmarked by a springy, effortless and gliding fluidity and harmony that is not seen in too many dogs.

3 LENNY VOM TEAM ARMADA

Miraclevom Shepherdland x Gabana Feetback

31 Mar 2017

David & Lorelle Organ

67/31cm. Small upper P1 left and right and worn lower incisors. An oversize, very well coloured and pigmented, expressive, medium strength boned dog, he has a lovely strong head with strong foreface, good ear size and set, good strength of neck, good withers, a slight downward lumbar spine bend, very good fore and hind angulation, short hocks and pasterns that should be a little firmer. Very good length of foreleg. Stepping from the rear the hocks should be firmer and he steps just a little close, stepping from the front the elbows should be tighter to the body. During movement he is animated and shows a powerful drive with very good forereach transmitted through a firm backline.

4 CH CINDERHOF VANDAAAL

Conbhairean Freddie x Freemont Hot Stuff

20 May 2017

R Hornick

65/30cm. A large, medium strong boned, nicely balanced male who stands correct when viewed from the front. Dark eyes, good ear size and set, good reach of neck, high withers, firm straight back, well laid just slightly steep croup, very good fore and hind angulation, balanced fore and underchest development, very good length of foreleg. Stepping a little wide behind, firm hocks, steps just a little wide in front. During movement he shows very good drive and reach through a firm back. His movement is energetic and free with very good groundcover. His 'acceptable' reaction to the gun test was factored into his placement today.

5 EROICA JETHRO

Willas Vom Aurelisbrandt x Vladimir Glam I Am

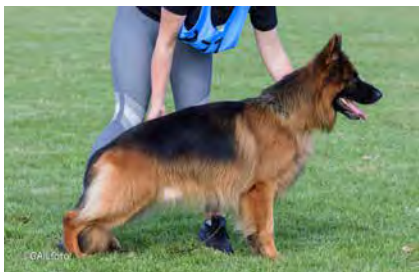

03 May 2018

Mr C Whitford & Mrs C Leonard

67/32cm. An oversize, slightly long dog, strong head, good ear size and set, dark well shaped eyes, stands a little close when viewed from the front, very good reach of neck, high withers firm straight back, very good croup the upper arm could be just a little better angled, excessive hind angulation. Good fore and underchest development, very good length of foreleg. Stepping correct behind good hock firmness, stepping

Long Stock Coat dog classes

correct in front good elbow connection. During movement he shows a powerful drive, a slight high set fore action and a transmission through a firm tight backline.

6 DERHARV THE FORCE IS STRONG

Karabach Night Force x Kanjelese High Priestess

03 Jun 2018

Ms M Rovetto

64/29cm. Above medium size, medium strong boned dog, good colour good ear size and set, medium coloured eyes, he should stand a little more correct in front, high withers firm straight back, well laid slightly short croup, very good fore and deep hind angulation. Balanced fore and underchest development. Stepping cow hocked behind the hocks should be much firmer, stepping correct in front elbows should be a little tighter to the body. During movement he shows a powerful drive, because of his overdeveloped hindquarter there is a slight stepping fore action. Firm back.

7 CONKASHA DESERT COBRA

Asterhund Ozzie Anzac x Conkasha Dakota Star

20 Mar 2017

Thomas Devine

65.5/31cm. A large, just slightly fine boned dog, expressive, good ear size and set, dark eyes, upfaced.

Stands correct in front. Good neck and withers, firm straight back, slightly short slightly steep croup, the upper arm should be a little longer and better laid, very good hind angulation, good fore and underchest development, good length of foreleg. Stepping a little close behind, the elbows should be firmer to the body. Very good drive with a slight stepping fore action. He enjoys running.

8 KUIRAU ORLANDO

Djambo Vom Fichtenschlag x Kuirau Chakira

21 Dec 2017

MR G HYDE and MRS C HYDE

63/32cm. Worn lower incisors 1/1, 2/2. Just under medium size, medium strong dog who presents well in stance. Stands correct in front. Good eye colour, good reach of neck, slightly upfaced, good withers, slight downward lumbar spine bend, the upper arm should be a little longer and better laid, very good hind angulation, balanced fore and underchest development, very good length of foreleg. Steps correct behind, good hock firmness, steps correct in front. During movement he shows good drive and reach, however the steps are somewhat heavy and at times he was falling a little on the forehand.

9 GRD CH LORDAVO ROYAL COMMANDER RN

Ch Jayshell Glasgow x Ch Zandrac Duchess Satine Kryze

16 Nov 2017

Miss K E Raven

64/31cm. A medium size, strongly coloured dog who should stand a little more correct viewed from the front, the ears should be set a little higher set, dark well shaped eyes, the neck should be a little longer, good withers, firm straight back, short steep croup, the upper arm should be a little longer, very good hindquarter angulation, very good fore and slightly short underchest, good length of foreleg. Stepping correct behind good hock firmness, stepping wide in front, pasterns should be much firmer. During movement he shows a good drive but the reach is a little restricted because he falls a little on the forehand.

10 SUNDANEKA ALMANDIN

Ch. Vablo Vom Osterberger-Land x Sundaneka Bella Donte

08 Oct 2016

MR GD & MRS K STEVENSON & DR S YATES

63.5/30cm. Just middle size, medium strong slightly stretched well coloured full coated male. Dark eyes, good size ears and set, upfaced. Strong neck, high withers, slight rise over the back, slightly flat slightly short croup, very good fore and under angulation, good underchest development, good length of foreleg, stands correct in front. Stepping a little wide behind the hocks should be a little firmer, stepping correct in front the elbows should be tighter. During movement he shows very good drive and forehand reach transmitted through a firm back. I would like to see the movement a little less heavy, more fleeting.

11 KADAMA DESTRUCTION IS COMING BSC

Juwika Destroyer x Karraine Hayleys Legacy

07 Apr 2018

Long Stock Coat dog classes

E and B Foley

63/31cm Worn lower incisors. Just under medium size, medium strong dog, the ears should be a little larger and higher set, good eye colour, the stop should be more defined, the neck should be a little longer, good withers, firm straight back, short steep croup, the upper arm should be a little longer, very good hind angulation, pasterns are a little upright, he stands a little east west viewed from the front. Stepping correct behind good hock firmness, stepping very wide in front. During movement he shows good drive and slightly restricted forereach, the back should remain a little firmer. During the trot, the openness of the forehand seen from the front impedes his forehand freeness and thereby his stride excursion distance.

12 STOLZERHUND REMEMBER ME

Ch Sunddaneka Young Gun x Stolzerhund Miss Demeanor

23 Oct 2019

Louise Quinn

67/32cm. A very large, very well coloured strongly pigmented, highly expressive dog, good ear size and set, backskull and foreface should be a little stronger, good reach of neck, high withers, firm straight back, well laid slightly short croup, very good fore and hind angulation, balanced fore and underchest, very good length of foreleg. Stepping a little cow hocked behind, stepping wide in front, elbows should be tighter to the body. During movement he shows good drive with a high stepping fore reach. During the gaiting exercise he should have been more consistent.

INTERMEDIATE DOG LONG STOCK DOG

VERY GOOD

1 LETTLAND HARJU

Wunderstern Elmezzi x Ch. Beutrae Xtreme Envy

12 Nov Jun 20192020

Mr B and D Houghton

Fused lower incisors 1+1.

65/29cm. A large black coloured dog with silver trouser markings, small low set ears, medium eye colour, stands correct in front. Good reach of neck, level withers, slight rise over the back, downward lumbar spine bend, short steep croup, the upper arm should be longer and better laid, very good hind angulation, very good fore and good underchest development, very good length of foreleg. Stepping from the rear the hocks should be just a little firmer, stepping correct in front, the elbows should be a little tighter. During movement he shows very good drive with a slight stepping fore action, transmitted through a firm backline.

2 CH. ALIMANDA EXCUSE ME

Eroica Catch Me If You Can x Beutrae Xfavourite

23 Aug 2019

Rod Coombes

65/31cm. Large, substantial, very well coloured dog, upfaced. Good ear size and set, good eye colour, stands correct in front, good withers firm back, short steep croup, very good fore and hind angulation, balanced fore and underchest development. Short pasterns, good length of foreleg. Stepping from the rear the hocks should be firmer, stepping wide in front the elbows are very open. During movement he shows very good drive and good forereach. He requires show ring training.

3 GERMULF BACARDI VONBEN

Rimerini Expect The Unexpected x Schaeferhund Stacey

11 Sep 2019

Kiara Stacey

66/29cm. Very large, medium strong boned dog with large ears, the eyes should be darker. Upfaced, good reach of neck, good withers, straight back, slightly steep croup, the upper arm should be a little longer, deep hind angulation, upright pasterns, good fore and underchest development, very good length of foreleg. Stepping from the rear the hocks should be firmer, stepping from the front the elbows should be tighter. During movement he shows very good drive with slightly restricted forereach. I would like the gaiting performance to have been more consistent and had it been he would have been higher placed.

4 KINGLAND JESTER

Cinderhof Vandaal x Kingland Whole Lotta Kayos

30 Jun 2019

Lorraine King

64/30cm. Above medium size, medium strong, well coloured dog, eyes should be a little darker, ears could be just a little higher set, stands correct in front, good withers, firm back, slightly short slightly steep croup, the upper arm should be just a little longer, very good fore and underchest development, good length of foreleg, very good hind angulation,

Long Stock Coat dog classes

pasterns should be firmer. Stepping a little wide behind, hocks should be firmer, stepping a little wide in front, elbows should be tighter. During movement he shows good drive but slightly restricted forereach.

5 LETTLAND DUKE

Grisu Vom Frankengold x Lettland Althea Bright Sky

7 June 2019

Mr B and D Houghton

63/29cm. Just under medium size, well coloured male, stands correct in front, medium eye colour, good ear size and set, good reach of neck, good withers, firm straight back, slightly short slightly steep croup, the upper arm should be a little longer, very good hind angulation, good fore and underchest development. Steps correct behind, good hock firmness, steps correct in front, good elbow connection. During movement the performance should have been a little more consistent and he has restricted drive and reach.

6 BHUACHAILLE JUMPING JACK FLASH

Carobria Black Pepper x Bhuchaille Xhibitionist

23 Aug 2020

Patricia Smith

67/29cm. A dog that is too large, upfaced, medium eye colour, good ear size and set, stands narrow in front and east west. Level withers, downward lumbar spine bend, very good hind angulation, short underchest. Stepping narrow behind the elbows are very loose.

During movement the drive and reach are restricted.

UNGRADED-EXCUSED FROM RING

ZABENZAH THE LEGACY AZ

Conkasha New Direction Az x Conkasha Va Va Voom Az

16 Mar 2020

V J Bland

The bite should be a little more pronounced. 60/28cm. A small dog that should be more outgoing in character, upfaced, the eyes should be darker, the ears higher set, level withers, firm back, short steep croup, the upper arm should be longer and better laid, deep hind angulation, the pasterns should be firmer and he should stand a little more correct viewed from the front. Stepping correct behind with good hock firmness, stepping a wide in front the elbows should be a little tighter. During movement the drive and reach should be more convincing not enough drive nor groundcover.

JUNIOR DOG LONG STOCK COAT

VERY GOOD

1 DEBBAR QUACKER

Chili Della Valcuvia x Debbar Isabella

9 May 2021 Mrs.

D. O'Keefe

62 - 31 - Medium size, medium strong, well coloured strongly pigmented dog, dark masking, stands correct in front with a slightly domed skull, strong neck, good withers, firm back, slightly short slightly steep croup, very good fore and hindquarter angulation, good fore and underchest development, stands correct, stepping correct away with good hock firmness, stepping correct in front good elbow connection. During movement shows very good drive and reach through a firm back.

2 BABENBERG VALENTINO

Lenin Von Der Grafenburg x Babenberg Tiffany

11 Mar 2021

Babenburg Kennels

65 - 32 - double PI upper right - Large, medium strong, richly coloured dog strongly pigmented dog with very good head and expression, stands correct in front, eyes should be darker, very good reach of neck, high withers, firm back, good length and lay of the croup, very good fore and hind angulation, very good fore and underchest development, the dog gives a very good impression in stance, stepping correct away hocks could be a little firmer, stepping correct in front good elbow connection. During movement shows powerful drive with very good reach transmitted through a firm tight backline.

PUPPY DOG LONG STOCK COAT

VERY PROMISING

1 TOLLERHUND GRYFFINDOR

Eroica Ice Ice Baby (Ai) x Grundelhardtper Sempre

21 Jun 2021

Lisa Pretty

Large, masculine, expressive dog, upfaced, with medium eye colour, he stands just a little close viewed from the front, good withers, slight rise over the back and slight downward lumbar spine bend, the upper arm should be longer and better laid, deep hind angulation, very good length of foreleg, slightly short underchest development,

Long Stock Coat dog classes

stepping from the rear the hocks should be firmer, stepping a little close in front. During movement he shows very good drive with a slight stepping action in the forehand, firm back.

2 RIMERINI MOVES LIKE JAGGER (AI)

Wunderstern Elmezzi (Imp Ltu) x Rimerini Distinct Beauty

9 Jul 2021

Kayla Colquhoun

Medium size, well coloured, expressive dog, medium eye colour, stands correct viewed from the front, good ear size and set, the upper arm should be a little longer. Level withers, straight backline, short steep croup, stands a little wide in front, very good hind angulation, good fore and underchest development. Stepping a little wide behind, good hock firmness, stepping from the front a little wide and the elbows should be a little tighter. During movement he shows good drive and reach transmitted through a firm back.

3 DAMONTE STEALIN TIME (AI)

Kuirau Orlando x Khayem Odette

20 Jul 2021

WOLFGANG & TRACEY REHBERG

Large, strong, substantial puppy, the ears are a good size but should be a little higher set, good foreface and reach of neck, good withers, firm back, slightly short steep croup, the upper arm should be longer and better laid, very good hind angulation, good fore and underchest development, very good length of foreleg. Should stand a little more correct

when viewed from the front. Steps correct behind good hock firmness, steps wide in front. During movement the drive and reach should be more effective.

MINOR PUPPY DOG LONG STOCK COAT

VERY PROMISING

1 STOBAR KOZTYA

Nov 2021

Chili Del Valcuvia x Stobar Fenele C. Shayler, R&D Tatham, K Griffis

Substantial elegant dog, very well pigmented where mask and foreface could be a little stronger, slightly domed skull, good withers, firm back, short croup, very good fore angulation, deep hind angulation, good fore and underchest development, stands correct in front with normal puppy infirmness stepping away stepping correct coming. During movement shows good drive and reach through a firm back.

PROMISING

2 BURSHUNE THAT OL BLACK MAGIC

Alimanda Fire Walket x Burshune Ricca

Nov 2021

Lynda Burston

Substantial, black and gold puppy, good eye colour, good masking, good reach of neck, level withers, firm back, very good fore and hind angulation, slightly short slightly steep croup, he turns feet out in front and stands east west, stepping close at rear the hocks should be firmer even at this age, the elbows should be much tighter and the feet turn outwards. During movement shows good drive and reach.

Police Dog Kronos

POLICE DOG KRONOS

48th National Show and Trial

*Presentation – Opening ceremony
4 June 2020*

German Shepherd Dog Council of Australia – Award for Outstanding Canine Service Police Dog Kronos and handler Senior Constable Ben COOK

For professionalism and dedication to duty in tracking and locating an offender in metropolitan Sydney in September 2020.

An offender was armed with a pole and had assaulted a person and caused thousands of dollars of damage to vehicles and property.

In difficult conditions and challenging weather, Senior Constable Cook and Police Dog Kronos located a track and continued to track for some distance. The offender was sighted in thick bushland, Kronos

was subsequently deployed and after crossing creeks and climbing riverbanks Police Dog Kronos and Senior Constable Cook apprehended the offender.

Kronos's actions as a police dog team on this day, merit the giving of this award, demonstrating the high level of technical skill, professionalism and courage and are thus highly commended.

Congratulations Senior Constable Ben Cook and Police Dog Kronos

2022 National Sires Progeny

At the 2022 National Show and Trial, eleven sires groups were listed in the catalogue, and seven groups were presented which had the minimum five of animals represented. Comments on the individual groups are printed below (date of statistics @ 30.5.22).

YPSILON DI CASA CAPUTI 'a' ED Imp Gmy (Sire: Arre vom Huhnegrab Dam: Bailly vom Huhnegrab)

Linebreeding: Dux Intercanina (3-3), Quenn Loher Wegg (4-4), Zamp Thermodos (5,4-4)

Ypsilon was presented to Survey in Feb 2020. ANKC Registrations: 111.

5 female progeny presented from 3 Dams. (Sire present)

Progeny in HD/ED database: 9 - Mean hip score 7.1, 100% Normal elbows

Progeny BS classified to date: 2

This is the first group from Ypsilon to be presented at a National. The group were above medium size to large, of good substance and with medium bone strength, with strong colour and pigment. Good heads with medium eye colour, high withers and firm backs, good forehand where upper arms could be longer, slightly deep hind angulations. Chest proportions were slightly deep, with good length of under chest. Stepping slightly narrow, elbows could be firmer, good movement and balance.

Placings in show classes: SC - IB 15, 16, 20; OB 3; LSC - IB 7.

CH. VABLO VOM OSTERBERGERLAND 'a' ED HNeg Imp Gmy (Sire: Remo vom Fichtenschlag Dam: Wianna vom Osterbergerland)

Linebreeding: Yasko Farbenspiel (4-5), Jango Furstenberg (5-5), Ursus Batu (5-5)

Vablo was presented to Survey in Sep 2015. ANKC Registrations: 204. (Ex. Merit 2017, 2019)

7 progeny presented from 4 Dams. (3M, 4F, sire not present)

Progeny in HD/ED database: 35 - Mean hip score 8.0, 86% Normal elbows

Progeny BS classified to date: 21

This is the second group presented at a National by Vablo. The progeny were above medium to large, well coloured and pigmented, of mixed proportions - some being a little compact, medium strong with very good substance, some could be firmer overall. Expressive heads with medium to dark eye colour, good strength of upper and lower jaws, some necks could be longer, level withers, croups were slightly short and slightly steep. Slight restrictions in the forequarter where upper arms could be longer, deep hind angulation with slightly long upper thighs. Good forechests, deep underchests, correct length of foreleg, standing correct in front, stepping slightly narrow at rear, hocks were loose and reach was slightly restricted with some falling slightly on the forehand during movement.

Placings in show classes: SC - OB 18, 21; OD 14; LSC - OB 9; OD 10

GEWALT TENNESSEE DRUMMER "A,Z" (Sire: Xavi von Tronje Dam: Hinterhaus French Tennessee)

Linebreeding: Nil

Breed Surveyed Dec 2018. ANKC Registrations: 189. (Ex. Merit 2022)

7 female progeny presented from 6 Dams (Sire present)

Progeny in HD/ED database: 19 - Mean hip score 6.7, 95% Normal elbows

Progeny BS classified to date: 6

This is the first progeny group presented by

Tennessee Drummer at a National. The progeny are very sire-typical and of well above average quality. Above medium size to large, of slightly stretched proportions, medium bone strength, good substance and overall firmness. Good colour and pigment, medium eye colour, upper jaws could be stronger and the stop a little more defined in some cases, well laid necks of good length, good withers, firm straight backs, croups are well laid but slightly short. Very good underlines. Good forehands where upper arms could be slightly longer, elbows could be more closed, slightly deep hind angulation, stepping straight with good firmness of the hocks, very good length of stride and powerful movement. It is hoped that this sire can provide some sons in future progeny groups at the National. "Drum" was placed Exc 5 in Open Dog class.

Placings in show classes: SC – BPB 1; JB 8, 12; IB 5, 6, 9, 17; LSC – IB 10.

UK CH. CONBHAIREAN FREDDIE 'a' ED HNeg (Sire: Conbhairean Uno Dam: Conbhairean Quella)

Linebreeding: Larus v. Batu (4-4)

Freddie was presented to Survey in Apr 2017. ANKC Registrations: 401. (NSW Sieger 2019)

12 progeny presented from 12 Dams. (1M, 11F, Sire not present)

Progeny in HD/ED database: 85 - Mean hip score 6.2, 90% Normal elbows

Progeny BS classified to date: 50

This is the third group presented from this sire at a National. Freddie has been used widely in all States and his progeny are of predictable family type. Generally dry and firm, above medium size, very well pigmented where in some the colour could be stronger, good substance, very good proportions and medium bone strength. Good heads, some ears slightly wide set, medium to dark eye colour, good strength of upper and lower jaws, good length of necks, where some are held a little erect in stance. High withers, firm straight backs and well moulded croups. Upper arms could be longer, very good length of foreleg, slightly deep hind angulation with slightly long upper thighs. Very good chest proportions, standing correct in front, stepping a little close behind and correct coming, hocks could be firmer, very good sequence of steps with good reach and balance, moving with high withers. It was pleasing that the LSC son of Freddie, Cinderhof Vandaal had highly placed progeny at this show (sire of Gold medal LSC female and Junior bitch LSC), and Freddie daughters also had very well placed progeny, demonstrating this bloodline is producing on.

Placings in show classes: SC – MPB 17; PB 2, 3; JB 10; IB 7, 10; OB 6, 12, 13, 20, 22; LSC – BPB 8; OB 2; OD 4.

WULKANO-UNO VOM SCHNITZERTEAM 'a' ED Imp Hun. (Sire: Ulkan v. Maikhus Dam: Ixy v. Contra)

Linebreeding: Vegas Haut Mansard (4-3), Odin Niederforstbach (5-4)

Presented to Survey Feb 2021. ANKC Registrations: 186. (Exc. Merit 2022)

8 progeny presented from 6 Dams. (2M, 6F, Sire present)

Progeny in HD/ED database: 3 – statistics not yet available

Progeny BS classified to date: 0

This is the first group presented at a National from this correct medium sized sire. The progeny was predominantly young (oldest 15 months), of above average quality, and very sire-typical. Good to slightly stretched proportions, bone strength is medium to strong, good balance and substance with very good overall firmness. Very good colour and pigment. Stops could be a little more defined, medium eye colour and slightly large ears where some are a little low set. Good length of neck carried slightly erect. Very good firm backlines and well moulded croups that could still be longer. Shoulders are slightly forward placed and upper arms could be longer. Good length of leg, firm elbows, stepping slightly narrow at rear where hocks could be slightly firmer. Very free movement with good sequence of steps, very good reach and drive, maintaining a good wither line. "Uno" was placed Exc 4 in the Open Dog class.

Placings in show classes: SC – BPB 3; MPB 2, 6, 8; JB 3, 5; JD 3; LSC – BPB 7; MPB 4; JB 4.

VA DJAMBO VOM FICHTENSCHLAG 'a' ED HNeg Imp Gmy (Sire: Iliano vom Fichtenschlag Dam: Milana von der Barendschlucht) Linebreeding: Hill Farbenspiel (5,5-4), Hoss Larchenhain (5-5), Holly Fichtenschlag (5-5), 'T'- litter Fichtenschlag Thora-Tiana (3-2)

Presented to Survey July 2017. ANKC Registrations: 327. (Gold Medal 2017, NSW Sieger 2018)

9 progeny presented from 7 Dams. (3M, 6F, Sire not present)

Progeny in HD/ED database: 67 - Mean hip score 10.2, 87% Normal elbows

Progeny BS classified to date: 32

This is the second progeny group from German VA (litter brother of Siegerin Damina), and 2017 Australian Gold Medal winner Djambo. It comprised 9 animals, mostly from the Open classes. They are generally large, substantial, slightly stretched in proportions, with medium bone strength. Heads are good with dark eyes and large ears - some a little low-set, normal withers, some showing a slight bend in the backline, with well moulded croups. Chest proportions are a little deep, with good length of under chest. Good length of foreleg. Some of the progeny stand not quite correct in front and step a little wide. Hindquarters are good to slightly deep where the upper thigh tends to be a little long in some cases, with good firmness of the hocks. Movement is balanced with good ground coverage. The males in the group were of very good quality and typical of the sire.

Placings in show classes: SC - ID 3; OB 7, 27; OD 11; LSC - OB 7, 8; OD 8.

CHILI DELLA VALCUVIA 'a' ED Imp UK (Sire: Ulkan v. Maikhus Dam: Ora della Valcuvia)

Linebreeding: Furbo degli Achei (3-4,4), Vegas Haut Mansard (4-3) Quenn Loher Weg (4,4-5,5)

Breed Surveyed July 2020. ANKC Registrations: 280. (Victorian Sieger 2022)

17 progeny presented from 12 Dams. (4M, 13F, Sire present)

Progeny in HD/ED database: 22 - Mean hip score 5.3, 100% Normal elbows

Progeny BS classified to date: 4

This is the first group from Chili presented at a National and is another relatively young group, with the oldest aged just 20 months. 25 progeny were exhibited in the show, of which ten won their classes, a very creditable achievement. Chili's progeny are generally of well above average quality and are very sire typical. They are above medium size, well pigmented and coloured, medium strong and well-proportioned to slightly stretched. Heads are well formed, with good strength of upper and lower jaws, eye colour is mostly dark, ears are of good size and well-set, with good length and lay of neck, high withers, firm backlines, and well laid croups that could be a little longer. Chest proportions show good depth with good to slightly short under chests. Forehand angulation is very good, where some upper arms could be slightly longer. Good length of foreleg and correct view from the front. Hindquarters are slightly deep but with good firmness of the hocks. Some progeny step slightly close behind, and movement is generally powerful and well balanced with very good ground coverage and correct sequence of steps. A very impressive group from Chili, who is proving to be a very predictable sire. "Chili" was the Silver Medal winner at this National.

Placings in show classes: SC - BPB 12, 13; MPB 1, 3, 5, 9; PB 1, 2, 5, 7; JB 1, 2, 6; IB 3, 13; MPD 1, 3; JD 1, 2; ID 1; LSC - MPB 1; PB 1; JB 2; MPD 1; JD 1.

THE THOUGHTS OF A NEW BEE

As many of you are aware, I'm very new to owning a German Shepherd and being part of the GS community, so my thoughts are from that perspective and not an expert, far from it.

My journey started in Adelaide at 4am Saturday morning, in order to catch the 6am flight to Sydney. Then came the hire car and further journey of well over an hour, getting to the show venue around 10am. I then enjoyed two days in heaven, where there was nothing but GS puppies, up to the big boys and girls as far as my eyes could see. I quickly managed to catch up with John, Jenny & Stephen (President, First VP, Secretary) and later Peter (Treasurer). The venue was very good and plenty of space at the Hawksbury Showground and while Adelaide had awful weather, the National had bright sunshine most of the time.

Being new to the show and trial world, I was very conscious of my actions and kept my thoughts to myself, but it was most certainly an interesting experience just watching and listening to people around the showing. I did feel like a puppy following John, Stephen and Jenny around, so tried my best to disappear to give them space to do their thing from time to time. They were all very patient with me and answering what to them must have been very silly and basic questions, for example: "Stephen, why is the judge shouting "no double handling", I can only see one handler in the ring"? I did at one point collect enough courage on the second day to say to Jenny: "I do like that dog" for Jenny to then reply, "why is that", to which I said "it looks beautiful", and she said 'go on'. Well, I had no option then to try and analyse why I said that, "to me it has a beautiful face full of character, he has beautiful dark colouring and moves really well, I just love him, he's got bags of personality, but I know nothing to be fair" Jenny was very polite and just said "hummm, interesting, ok". It turns out, the dog took 1st place, I did choose another on the previous day in a different group and discussed it with Stephen at length, that dog came 5th. I have to say I found it fun and immensely informative, after watching and talking to both Jenny and Stephen as the competition handlers walked their GS around the arena listening to Jenny and Stephen and me interrupting with my questions. Plus, I tried to get close to listen to the judges detailed critique at the end of each group/class. I found it often enlightening to a new guy like myself, plus more questions for Jenny and Stephen. I did feel very privileged to have two highly experienced, kind people in Jenny and Stephen sharing their immense knowledge with me and not to mention Peter who, although busy with his GS also took time to answer and help me understand. Congratulations to Peter handling an Open Bitch to gain the Silver medal.

During both Saturday and Sunday, I also spent a little time with John our president, and got to meet various members of the GSDCA executive committee and representatives from around Australia and overseas. The GSDL executive committee were very hard working and conscientious people, putting in many hours to bring off this excellent show. Numerous awards were presented including one to Police Dog 'Kronos' for their outstanding work and commitment to the community.

I took a very keen interest in the obedience class on the Sunday and was observing a lady and her dog practicing about an hour prior to the final. I believe they had won their class and were now in the run off against several other class winners! The two (dog and handler) were a very impressive team. The sharpness of the reaction to the commands (hand only) by the dog were instant and a magnificent sight to behold. The dog did not put a paw wrong, I was super impressed, especially with the noise and distractions in close proximity while they were practising. An hour flew by and they entered the ring first. Judge gave the commands, right -turn-left -turn, sit, figure 8 pattern, all on point. Then right about turn and it all went wrong, the dog walked slow and then just stopped and sniffed the grass. I could not believe it. Never would I have thought

that would or could happen. Then, I inwardly smiled to myself thinking about me and 'Rollo' (my 18month old GS) on a Sunday morning or at graduation. At home so much goes really well, then at graduation or on class day things go to pot, he loses concentration or something puts him off, or I'm stressed.

No longer, will I get stressed, it happens to champions, I've seen it at Cruft's and now at the GS National. The lady left the arena then hugged her GS and she smiled, laughed and hugged the dog again and shrugged her shoulders. So, why should I get stressed or upset if things don't work out in that moment? It doesn't matter, the dog doesn't know they are at a National competition or training in the park. I take my hat off to her, she was a true champion and ambassador for GSDCA the way she handled the whole disappointment. The winner and 2nd place obedience were very different in style one fast, sharp with the dog very close to the handler. The other (and winner of Gold) was slower, controlled, methodical and dog about a hand width away from the handler, a very worthy winner. Each got a huge applause from the a very appreciative audience on finishing their rounds. The standard was superb, handler and dog in true harmony and control, so glad I made the effort to get to watch it.

A massive personal highlight of the two days was meeting Australian legend Dawn Fraser AC MBE and patron of GSDCA and sharing lunch with her. Our Patron took time to talk with everyone who wanted to meet her and have photographs taken, true legend.

I'm really looking forward to next year when it is hosted in Melbourne. But, we as a club have two years now to get ready for hosting the 50th National GSDCA Show & Trial in 2024. We have a lot of work to put in to make the 50th National a memorable and outstanding event, especially for our club and members. Planning has already started and we will pick up momentum as we get closer.

Carl

48TH NATIONAL SHOW & TRIAL, SYDNEY 2022

Judge: Ian Urie

The aim of presenting a Breeders Group, or Kennel Group, is to display quality animals of uniform type and appearance that are bred across several different bloodlines, and which represent consistently the preferred style of that kennel. The higher degrees of difficulty (i.e. more sires and dams within the group) present challenges to the breeder in their ability to present a group of five uniform animals. In judging the four groups presented this year, my decision was based not only on the quality of individual animals, but additionally on the uniformity of each group as a whole.

First Place: GEWALT KENNELS, South Australia

Gewalt presented a group of five animals (2 Open class, 2 Intermediate and 1 Junior) from 4 Sires and 4 Dams, which was the highest degree of difficulty of all the groups. The animals were not only of very pleasing quality, but they were in my opinion the most uniform in appearance. I congratulate the breeders of

this lovely group.

Second Place: CINDERHOF KENNELS, NSW

Cinderhof presented a group (2 Open, 2 Intermediate and 1 Junior) bred from 3 Sires and 4 Dams. This group contained some very high quality individual animals, but in my opinion was not quite as consistent in their style as the winning group. Congratulations on second place.

Third Place: JAKNELL KENNELS, NSW

Jaknell's group (3 from Open class and 2 Intermediate) was bred from 3 Sires and 4 Dams. This was also a group containing some very high quality animals and was very close to the level of the second placed group. Congratulations to the breeders.

Fourth Place: ALIMANDA KENNELS, South Australia

Alimanda's group (2 Open, 2 Intermediate and 1 Junior) was from 3 Sires and 3 Dams. The group was quite uniform, but their movement was not as expansive as the groups placed ahead of them. Nevertheless, they must also be congratulated for being able to assemble a competitive group bred from their own kennel, which is an achievement to be proud of.

STOCK COAT BITCH CRITIQUES

Judge: Mrs Jenny Yuen

Overview

I would like to thank the GSDCA and GSDL for the opportunity to judge this prestigious event.

I would also like to thank my excellent assistants - Stenographer Barbara Blythe and Stewards Nicky McDermott, Teresa Curry and Greg Green. I understand that this National was the breaking of an entrenched tradition so I would also like to sincerely thank the exhibitors for their entries and support. It was a pleasure to have Dawn Fraser our Council Patron present in the tent and whilst extremely interested she was so respectful and considerate of the concentration judging requires. She is such a wonderful asset to this organisation and so generous with her time.

With regard to the overall quality of the classes there were some exceptional animals and I was pleasantly surprised with the depth of quality. It has been several years since I've had the opportunity to see the current crop and note the maturity of some that I haven't seen since they were youngsters.

While I was very pleased to see the uniformity of type and quality in my challenge lineup, I did feel that generally the type was a little mixed overall. I don't intend to go into the individual animals as the critiques really have that covered other than to comment briefly on my three medalists. A

high quality class of 33 females was presented. The beautiful Gold Medallist Cinderhof Italiaa was presented in exceptional condition and performed without fault throughout. When all was taken into consideration she was unbeatable on the day. I particularly liked the Silver Medallist Kyoara Holly, a beautifully coloured and structurally excellent female. While presented in slightly too heavy condition, due to her quality, she retained her placing. The Bronze Medallist Vladimir Remember Th Name was another very beautiful female, presented in exceptional condition and well deserved her placing.

Generally most were within size with only a few over 61cms. Overall, the colour was generally very good although most eyes are mid brown as opposed to dark. Some heads are lacking breadth of skull and strength of upper and lower jaw. Equal parallel planes and wedge shaped heads unfortunately tend not to be the norm these days. There is a tendency for necks to be a little short and sometimes carried a little erect. It was pleasing to note that the under chests have improved with only a few noted as short.

The withers are generally high with only a few noted as falling on the forehead. I think sometimes, that there is a bit of an obsession regarding the wither. Note the comment below. I see the angulation of the forehead and tendency towards pronounced hind angulation as the main issue currently. Generally the hocks should be firmer. The croups tend to be of reasonable length but invariably are steep. These exaggerations are not ideal and lead to a lack of balance and often a high stepping or elevated placement of the foreleg on the move and much wasted energy. I'm sure Louis will touch on the technicalities of these issues more broadly.

I noted the view from the front was not correct in some cases and elbows should be firmer. This is endemic in the LSC but seems to be appearing increasingly in the SC. Something to be aware of with inter-variety breeding coming.

Regarding presentation and handling, dogs need to be

conditioned and trained to be measured and have their teeth checked. It is often in the Junior class that this lack of preparation becomes evident. There is an art in double handling. It was frustrating to see animals spoilt by poor or excessive double handling. It was pleasing to see some new young, keen handlers. I wish them well as they are the future.

On a final note please remember that the German Shepherd is a working dog designed to trot tirelessly around a flock of sheep to protect, contain and herd. The wither should be carried just slightly higher than the back with balanced, unexaggerated fore and hindquarter and the movement should always be close to the ground so less energy is wasted. There are some very good videos that demonstrate the correct movement e.g. Dingo vom haus Gero, Quincito Awol and more recently Vince Tantaró shared one on FB of a working sheepdog which was an excellent example of correct movement. I'd encourage you all to take a look.

Again thank you all for keeping the tradition of our National alive. Bring on 2023.

OPEN BITCH EXCELLENT

1. CINDERHOF ITALIAA

Macho Vom Lamorak x Freinhaus Havoc

29 Sep 2018

J Cathie & K Zimmerle

Height/Depth of Chest: 60/29. Slight wear on the canines. Large, strong, substantial female presented in very good coat and firm, dry condition. Feminine head with dark eyes. She could be a little broader in the skull and foreface. Ears are slightly large. Very good dark masking. Slight Roman nose. Good length

Stock Coat bitch classes

of neck set slightly erect. High withers. Firm back. Just slightly steep croup of very good length. The long upper arm could be just slightly better angled. Pronounced hindquarter angulation. Strong broad thighs. Good fore and underchest development. Very good length of foreleg. Steps close at rear, correctly in front. Good firmness of elbows, hocks should be firmer. During movement shows a powerful, far reaching gait maintaining a very good wither connection and firm back.

2. KYOARA HOLLY

Labo Vom Schollweiher x Briska Kaizen

03 Nov 2016

Beryl Owen

Height/Depth of Chest: 61/28.5. Very large, strong, feminine well proportioned female presented in very good coat and slightly heavy condition. Strong yet feminine head with good breadth of skull. Ears just slightly wide set. The eye could still be darker. Good length of neck. Firm, straight back. Just slightly steep croup of very good length. Strong broad thighs. Very good fore and hind angulation. Very good fore and underchest development. Stands and steps correctly both front and rear. The hocks should still be firmer. During movement shows powerful, far reaching, ground-covering, expansive gait maintaining a very good overline.

3. CH. VLADIMIR REMEMBER TH NAME

Ypsilon Di Casa Caputi x Vladimir

Legen Waitforit Dary

30 May 2020

Height/Depth of Chest: 60/28.5. Large, feminine well coloured well proportioned female presented in very good coat and condition. Very Feminine head. Expression spoilt by a slightly light eye. Very good dark masking and depth of muzzle. Good length of neck. High withers. Firm, straight back. good croup. The upper arm could still be just a little better angled. Very good hindquarter angulation. Good length and lay of the croup. Very good fore and underchest development. Very good length of foreleg. Stands and steps correctly in front, slight close at rear. Hocks should be a little firmer. During movement shows a ground covering gait maintaining a very good overline. The reach could be freer at times

4. AUST CH SHARDON UNDER MY SPELL

Ch Arkon Vom Altenberger-Land Ipo3 x Shardon Tranquility

19 May 2017

M&C Morris

Height/Depth of Chest: 61.5/29. Oversize, richly coloured and pigmented female, presented in very good coat and condition. Feminine head where the skull and foreface could be just a little broader. Slight Roman nose. Well set ears. Good length of neck. High withers. Firm back. Just slightly steep croup of very good length. The upper arm could be just a little longer and more angled. Very good fore and underchest development. Very good length of foreleg. Stands and steps correctly in front with good firmness of elbows. Steps just slightly close behind where the hocks could be just a little firmer. During movement shows a very good ground covering, expansive gait.

5. SADRIA WHAT A STORM

Fremont Watson x Sadria Storm Queen

01 Nov 2018

Stephen Morrissey

Height/Depth of Chest: 60/28. Large, strong, substantial female presented in very good coat. Strong yet feminine head with very good dark masking. Eye could still be darker. Slightly wide set ears. Slight Roman nose. Good length of neck. High withers, just slight nick behind. Just slightly steep croup of very good length. Strong broad thighs. Good fore and very good hindquarter angulation. Good fore and underchest development. Stands and steps correctly in front. Slightly narrow at rear. The hocks should be just slightly firmer. During movement shows powerful, far reaching expansive gait.

6. CASTASTAR INCANTATION 'A'Z'

Uk Ch Conbhairean Freddie (Imp Uk) Ipo2 x Ch Castastar Evita Et. Hit 'A'z'

03 Feb 2018

Mrs J Hogan-Smith

Height/Depth of Chest: 59.5/27. Large, feminine, strong female presented in very good coat and condition. Feminine head with good strength of muzzle and foreface. Just slightly wide ear set. Very good dark masking. Very good length of neck. High withers. Straight, firm back. Just slightly steep croup of very good length. Upper arm could still be just a little longer and better angled.

Stock Coat bitch classes

Very good hindquarter angulation. Very good fore and underchest development. Stands correctly in front. Steps slightly close at rear, hocks should be firmer. During movement shows powerful, far-reaching gait maintaining a very good wither line.

7. KELINPARK ROZATA A Z

Djambo Vom Fichtenschlag x
Kelinpark Butterscotch

23 Sep 2018

A. Leverett

Height/Depth of Chest: 60/28. Worn P1 Upper Left. Large, medium strong, feminine female presented completely out of coat. Expressive, feminine head with dark eyes. The skull and foreface could be a little broader and the planes are not quite correct. Good length of neck, just slightly erect. High withers, just slight peak behind. Just slightly short, slightly steep croup. The upper arm should be a little longer and better angled. Very good hindquarter angulation. Very good fore and underchest development. Very good length of foreleg. Steps close both front and rear. Both hocks and elbows should be firmer. During movement shows a powerful, expansive, far-reaching gait. Once settled, presents at her best on the move.

8. JAKNELL PATIENCE IS A VIRTUE

Gerry Vom Schacher x Jaknell
Sweet Revenge

05 Dec 2017

A & J KADA

Height/Depth of Chest: 60.5/28. Very large, well coloured female. Very good feminine head with very good dark masking. Good breadth of skull. Eye could still be just a little darker. Good length of neck. High withers. Just slight steep croup of good length. The upper arm could still be a little longer and better

angled. Pronounced hindquarter angulation. Very good fore and underchest development. Stands and steps not quite correct in front, close at rear with quite loose hocks. During movement shows a very good ground covering gait maintaining a very good witherline

9. BHUACHAILLE ALWAYS A DREAMER

Labo Von Schollweiher x
Bhuachaille Notorious

13 Jul 2016

Patricia Smith

Height/Depth of Chest: 62/29 Double P1 Upper Left. Worn Incisors. Oversize, strong substantial female. Presented in good coat and condition. Strong feminine head with not quite correct planes of the skull and foreface. Eye could still be a little darker. Slightly wide set ears. Good length of neck. High withers. Straight back. Good length and lay of the croup. Strong broad thighs. Good fore and very good hindquarter angulation. Good fore and slightly short underchest development. Steps just slightly wide both front and rear. Both hocks and elbows should be a little firmer. During movement shows very good ground covering gait maintaining a very good wither line

10. BERNLOCH REBA

Gerry Vom Shacher x Bernloch
Yoyo

29 Aug 2018

Kerrie Griffis

Height/Depth of Chest: 59/28.5. Large, strong, feminine female presented in very good coat and condition. Very good head and expression. Very good dark masking. Good length of neck carried just slightly erect. High withers. Firm, straight back. Just slightly steep croup of very good length. The upper arm could still be just a little longer and more angled. Very good hindquarter angulation. Very good fore and underchest development. Stands and steps just not quite correct in front, correct at rear. Both hocks and elbows could be just a little firmer. During movement shows a powerful, far reaching gait maintaining a very good overline.

11. KAPERVILLE WHITE DIAMOND

Ch Schaeferhund Xesko x
Hinterhaus Persephone

11 Apr 2015

Gewalt Kennels & L Hume & J
Brabham

Height/Depth of Chest: 59/28. Double P1 Upper Left and Right. Large, slightly stretched, well coloured and pigmented, feminine female presented in very good coat and condition. Feminine head with desired dark eye and very good ear set. Good length of neck. High withers. Straight, firm back. Just slightly short, slightly steep croup. Good length of upper arm that could be just a little more angled. Very good hindquarter angulation. Very good fore and underchest development. Stands and steps correctly front and rear. During movement shows very good reach and drive maintaining a very good wither connection. Just lifts a little in front at times.

Height/Depth of Chest: 58/26.5. Just above medium size, medium strong feminine female shown in good coat and condition. Feminine head with desired dark masking. Good ear set. The eye could be darker. Good length of neck. High withers. Straight back. Just slightly steep croup of just good length. The upper arm could be just a little longer and more angled. Very good hindquarter angulation. Very good fore and underchest development. Stands and steps correctly in front, slightly close at rear. Quite good firmness of elbows and hocks. During movement shows a ground covering gait

21. SUNDANEKA BAILEYS ON ICE

Ch. Vablo Vom Osterberger-Land (Imp. Gmy) Ad Bh Schh3 Kkl.I x Sundaneke Tequila Sunrise

12 Nov 2016

MR GD & MRS K STEVENSON

Height/Depth of Chest: 58/27. Above medium size, medium strong, well coloured, feminine female presented in good coat. Feminine head with very good breadth of skull. The eye could still be darker. Underjaw could be stronger. Good length of neck. High withers, slight peak behind. Slightly steep croup of good length. The upper arm should be better angled. Pronounced hindquarter angulation. Good fore and under chest development. Stands and steps correctly in front, slightly cowhocked at rear. The feet are slightly open. Both hocks and elbows should be firmer. During movement the reach could be freer and she falls a little on the forehand.

22. ALLINKA VIKKA

Uk Ch. Conbhairean Freddie (Imp Uk) x Ica Von Der Zenteiche (Imp Deu)

31 Oct 2019

Julie Urie

Height/Depth of Chest: 60.5/27.5 Large, medium strong, feminine female. Well coloured, strong, feminine head where the expression is spoilt by a slight Roman nose. Very good ear set. Neck could be just a little longer. High withers, slight nick behind. Firm back, slight peak behind. Slightly short, slightly steep croup. Upper arm should be a little longer and better angled. Very good hindquarter angulation. Good fore and slightly short underchest development. Steps not quite correct in front, close at rear. Hocks and elbows could be firmer. During movement shows a very good ground covering gait maintaining a good wither

23. VANHARLEY OAKLEY

Xeno V. Arjakjo 'A' Ed Normal Kkli (Imp Deu) x Vanharley Intrigue

14 Jul 2018

M/s D.M.Colson

Height/Depth of Chest: 58/27. Just above medium size, medium strong, well coloured and pigmented female. Presented in good coat condition. Feminine head with good breadth of skull, well set ears and good length of neck. High withers. Firm back, slight peak behind. Just slightly short, slightly steep croup. The upper arm could still be just a little longer and better angled. Pronounced hindquarter angulation. Very good fore and underchest development. Just slightly upright in pasterns. Stands and steps correctly in front, close at rear. Hocks and elbows should be firmer. During movement she could have presented herself with a little more balance as her movement was a little hasty. Slight peak over the back spoils the outline.

24. DURNSTEIN KOKOMO

Iliano Von Juvenisty (Imp Nld) x Durnstein French Champagne

02 May 2019

Mrs F M McAdam

Height/Depth of Chest: 60.5/28. Slightly worn lower incisors. Very large, feminine, sable female. Feminine expression with very good breadth of skull. Eye could be darker. Slightly wide set ears. Good length of neck. High withers. Straight back. Slightly short, slightly steep croup. Upper arm should be longer and better angled. Very good hindquarter angulation. Just slightly upright in pasterns. Good fore and slightly short underchest development. Stands correct in front, close at rear. Both hocks and elbows should be firmer. During movement shows a balanced gait that could be a little more expansive and she should maintain a better wither connection.

25. SEIGEN BERRY LUCIOUS

Gerry Vom Schacher (Imp Deu) x Ch Friedental Bliss Fulicious Et

09 Sep 2017

T Roberts & C Gallacher

Height/Depth of Chest: 59.5/28. Large, medium strong, well coloured feminine female. Feminine head where the eye could be a little darker and the underjaw a little stronger. Good length of neck. High withers. Firm back. Just slightly short, slightly steep croup. The upper arm, while of good length is set a little steep. The shoulder blade is a little forward placed. Pronounced hind angulation. Good fore and very good underchest development. Steps close behind, slightly wide in front, toes in slightly. Both hocks and elbows could be firmer. During movement shows a slightly hasty ground covering gait. Just a slight peak over the topline

26. CINDERHOF NINAA

Macho Vom Lamorak Imp Deu x Fremont Hot Stuff

06 Jul 2018

Legionaire Kennels

Height/Depth of Chest: 62/29.5. Oversize, strong substantial female shown in just slightly too heavy condition. Very strong head with good dark masking and very good breadth of skull. Good length of neck. High withers. Firm back. Just slightly steep croup of good length. The upper arm could be

Stock Coat bitch classes

slightly longer and better angled. Very good hindquarter angulation. Good fore and underchest development. Feet are just a little open. Stands and steps close and not quite correct in front, close at rear. Both hocks and elbows should be firmer. During movement shows a good ground covering gait.

27. GEWALT PARTY LIKE A ROCKSTAR

Djambo Vom Fichtenschlag (Imp Deu) x Kaperville White Diamond

11 Nov 2017

Legionaire Kennels

Height/Depth of Chest: 61/28. Teeth are generally worn. Very large, medium strong, feminine female shown in very good condition. Feminine head. The eye could still be a little darker. Well set ears. Good masking. Good length of neck carried just slightly erect. High withers, slight nick behind. Just slightly short, slightly steep croup. The upper arm could be a little longer and better angled. Pasterns slightly upright. Good hindquarter angulation. Very good fore and slightly short underchest development. Stands and steps correctly in front. Feet are just a little open. Hocks should be a little firmer. During movement shows a balanced gait that could be just a little more expansive maintaining a higher wither.

28. ALIMANDA SHE'S THE ONE

Juwika Destroyer (Imp Den) x Bruangie Something To Follow

21 May 2016

Alimanda Kennels

Height/Depth of Chest: 59/29.5. Large, strong, feminine, well coated and coloured female. Very good feminine head. The eye could still be darker. Very good dark masking. Good ear set. Good length of neck. High withers, slight nick behind. Firm back with a slight peak. Slightly short, steep croup. The upper arm could be just a little longer and better angled. Very good hindquarter angulation. Very good fore and slightly deep underchest development. Stands and steps a little wide both front and rear. Both hocks and elbows should be firmer. During movement shows a ground covering gait

where a slight peak in the back spoils the outline.

29. JAKNELL LOVE BOMB

Jaknell Coz I'm TNT x Jaknell Yankees Prodigy

24 Jan 2017

A & J KADA

Height/Depth of Chest: 61/28.5 Double P1 Upper Left. Very large, strong, substantial, feminine, well coloured female. Feminine head, just slightly wide set ears. Good breadth of skull. Slightly erect neck. High withers. Straight back. Good length and lay of the croup with broad thighs. The upper arm could be longer and better angled. Very good hindquarter angulation. Very good fore and underchest development. Just slightly soft pasterns. Stands and steps not quite correct in front. Elbows and hocks should be firmer. During movement shows good reach and drive and could be a little more dynamic.

30. ALIMANDA TICKLED PINK

Ch Xaro Von Der Plassenburg (Imp Deu) x Ch Alimanda Grey's Anatomy

10 Sep 2016

Alimanda Kennels

Height/Depth of Chest: 60/29. Large, sable female presented in very good coat. Feminine head. The eye could be a little darker. Good dark masking. Well set ears. Slightly short neck carried slightly erect. High withers. Peak in the back. Just slightly short, slightly steep croup. The upper arm should be a little longer and better angled. The pasterns are upright. Good hindquarter angulation. Good fore and very good underchest development. Stands and steps not quite correctly in front with slight bowing of the fore arms. Hocks and elbows should be firmer. Shows a balanced gait that should be a little more expansive and carry her wither a little higher. Outline spoiled by the peak in the back

31. CONKASHA VA VA VOOM

Asterhund Ozzie Anzac' x Conkasha Dakota Star

20 Mar 2017

V J Bland

Height/Depth of Chest: 59/27. Well above medium size, medium strong, feminine female of just slightly stretched proportions. Colour and pigmentation could be stronger. Feminine head with good breadth of skull. Muzzle and foreface should be stronger. The neck could be just a little longer and is held slightly erect. High withers. Straight back. Slightly steep croup of very good length. The upper arm should be longer and better angled. Good hindquarter angulation. Strong broad thighs. Good fore and underchest development. Stands and steps not quite correct in front, correct at rear. Both hocks and elbows should be firmer. During movement shows ground covering gait where she should maintain a higher wither.

32. KAPERVILLE JOURNEY WAY

Ch Schaeferhund Xesko x Kaperville Smith N Wesson

14 Oct 2016

L HUME and S CROZIER

Thomas Devine

Height/Depth of Chest: 57/27. Medium size, medium strong, slightly stretched, well coloured female. Feminine head where the expression is spoilt a little by wide set ears. Good length of neck. High withers, slight nick behind. Firm back. Slightly steep croup of good length. The upper arm could still be just a little longer. Good hindquarter angulation. Her feet are a little flat. Very good fore and just slightly short underchest development. Steps close at rear, correctly in front. Hocks should be firmer. During movement shows a good ground covering gait.

17. FREEVALE UNNECESSARY NONSENSE

Olymp Vom Larchenhain (Imp Deu) x Freevale Up To No Good

19 Apr 2021

M&C Morris

Height/Depth of Chest: 59.5/27.5. Large, strong, substantial female. Strong, feminine head. The eye could still be a little darker. Very good dark masking. Just slightly wide set ears. Neck could be just a little longer. High withers. Straight back. Just slightly steep

croup of good length. Good fore and pronounced hindquarter angulation. Good fore and underchest development. Slightly soft pasterns. Steps correctly in front, elbows should be firmer. Steps close at rear, hocks should be firmer. During movement she should be a little more balanced and expansive

18. BRONBOREO UNA

Wulkano-Uno Von Schnitzerteam x
Seigen Hayos Asha

01 Apr 2021

Mr Z Petreski

Height/Depth of Chest: 57.5/27. Medium size, medium strong, well coloured, feminine female presented in very good coat. Feminine head with very good dark masking. Good strength of upper and lower underjaw. The eye could still be a little darker. The neck should be just a tick longer. Good withers. Straight back. Just slightly short croup. Upper arm could be a little better angled and slightly longer. Very good hindquarter angulation. Little upright in pasterns. Good fore and slightly short underchest development. Stands and steps correctly in front, hocks should be a little firmer. During movement shows a balanced gait.

19. BHUACHAILLE KINDRED SPIRIT

Bhuachaille Yesssaidfred x
Bhuachaille Vivacious

17 May 2021

Patricia Smith

Height/Depth of Chest: 59/26. Strong, substantial, still feminine female. Strong head with good breadth of muzzle. Slightly wide set ears. Neck could be a little longer. The wither should be higher. Slight peak over the back. Croup is steep. The upper arm should be longer and better angled. Very good hindquarter angulation. Very good fore but slightly short underchest development. Steps narrow at rear, hocks should be firmer. During movement she should be a little more expansive and tends to peak noticeably over

Stock Coat bitch classes

the backline.

GOOD

20. STORMNAK STORY

Django Vom Team Panoniansee x
Adjure Daphne

12 Jan 2021

Miss H Ratcliff

Height/Depth of Chest: 56/24. Missing P2 Upper Right. Below medium size, well coloured female. Very good dark masking. Expression spoilt by slightly wide set ears and slightly round eye. Neck could be a little longer. Withers should be higher, slight nick behind. Slightly short, slightly steep croup. Upper arm should be slightly longer and better angled. Very good hindquarter angulation. Good fore and just slightly short underchest development. Stands and steps correctly in front. Close at rear, hocks should be firmer. During movement she tends to fall on the forehand.

03 Jul 2021

Mr PG & Mrs & J Murray

Medium size, medium strong, well proportioned, very feminine female presented in very good coat and condition. Feminine head

with very good dark masking. Just slightly set wide ears. Just good length of neck. High withers. Firm back. Slightly steep croup of good length. The upper arm could be just slightly better angled. Very Good hindquarter angulation. Very good fore and underchest development. Stands and steps correctly in front, a little close at rear. Good firmness of hocks and elbows. During movement shows a very good ground covering gait maintaining a high wither and firm backline.

2. VLADIMIR TH ANTS PANTS

Chili Della Valcuvia x Ch. Vladimir
Me Me Im First.

26 Jun 2021

G + K Morton

Large, medium strong, very feminine, richly coloured, sable female of pleasing type. Presented in very good coat and condition. Feminine head with very good dark masking. Well set ears. Eye could be still darker. Very good length of neck. High withers. Straight, firm back. Slightly short, slightly steep croup. The upper arm could still be a little longer and better angled. Pronounced hindquarter angulation. Very good fore and underchest development. Stands and steps not quite correct in front. Hocks and elbows could still be firmer. During movement showed a powerful, far reaching expansive gait.

3. CHEVYVALE CLEARLY DEVINE

Wulkano-Uno Von Schnitzerteam x
Chevyvale Irresistibly Devine.

16 Jun 2021

Dominic Auguste

Double P1 upper left. Bite a little close. Large, feminine, slightly stretched female. Feminine head with very good ear set. The lower jaw could be a little stronger and the eye a little darker. Good length of neck, set slightly erect. High withers. Firm, straight back. Slightly short, slightly steep croup. The upper arm while of good length should be better angled. Very good length of foreleg. Very good hindquarter angulation. Very good fore and underchest development. Steps close at rear, not quite correct in front. During movement shows a very good ground covering gait maintaining a very good wither.

4. BRONBOREO FLORANCE

Wulkano Uno Von Schniterteam x
Bronboreo Vedel Vida.

21 Aug 2021

Pereria/Pritchard

Double P1 upper left. Large, well boned, feminine female presented in very good coat and condition. Feminine head. Slightly wide ear set. The neck is slightly erect. High withers. Firm back. Good length and lay of the croup. The upper arm could be just a little better angled. Very good hindquarter angulation. Very good fore and

Stock Coat bitch classes

underchest development. Stands and steps not quite correct and slightly wide in front, slightly close at rear. The hocks should be a little firmer. During movement shows a powerful, far reaching, expansive gait maintaining a good wither line.

5. KINGLAND OLIVE

Chili Della Valcuvia (Imp Uk) x Kingland Venice .

12 Aug 2021

Lorraine King

Double P1 Upper Left. Above medium size, medium strong, just slightly stretched female. Feminine head where the skull could be just a little broader. The ears are somewhat large and yet to reach final firmness. Good length of neck held just a little upright. Normal wither. Straight back. Just slightly, short slightly steep croup. The upper arm could be just a little longer and better angled. Very good hindquarter angulation. Good fore and very good underchest development. Stands and steps not quite correctly in front. Both hocks and elbows yet to firm. The tail is a little long and has a noticeable curl. During movement shows a very good ground covering gait. Her development is still very raw.

6. RHOSYN NICE N EZY

Lenin Von Der Grafenburg (Imp Due) 'A' Ed Normal x Rhosyn Ezy Peezie 'A' 'Z'.

05 Jun 2021

SJ & C Collins

The bite is just slightly open. Above medium size, well coloured and coated, very feminine female. Feminine head with very good dark masking and good breadth of skull. Left ear yet to fully firm. Good length of neck. High withers. Firm back. Good length and lay of the croup. Good length of upper arm that could be just a little better angled. Very good hindquarter angulation. Very good fore and underchest development. Steps close behind, not quite correct in front. Both hocks and elbows should be firmer. During movement shows a very good ground covering gait maintaining a high wither.

7. KINGLAND FANJA

Chili Della Valcuvia (Imp Uk) x Kingland Fancy That.

16 Aug 2021

Ms L Kirkman & Mr J Haussler

Above medium size, medium strong, well coloured female presented in very good coat and condition. Strong yet feminine head. The eye could still be darker. Good length of neck. High withers. Firm back. Slightly steep croup of quite good length. The upper arm while of good length could be a little better angled. Slightly upright pasterns. Very good hindquarter angulation. Very good fore and underchest development. Stands and steps not quite correct and a little wide in front. Steps correct in rear. During movement shows a ground covering gait where she could maintain a slightly higher wither. A noticeable curl in the tail detracts from the overall picture while on the move.

8. BLAKNGOLD Z Z ZINGER

• Lashadas Z Z Top x Blakngold Get Rich Quick.

25 Aug 2021

Vanessa Stocks

Large, just slightly stretched, feminine female. Feminine head with not quite correct planes of the skull and foreface. Good ear set. Slightly erect neck. High withers. Straight back. Good croup. Strong, broad thighs. The upper arm should be a little longer and better angled. Good fore and slightly short underchest development at this stage. Very good hindquarter angulation. Stepping narrow at rear, not quite correct in front. Both hocks and elbows yet to firm. During movement shows balanced gait which could be a little more expansive and the reach a little freer

Specialty Judges

CONGRATULATIONS TO OUR THREE NEW SPECIALTY JUDGES

Becoming a GSD Specialist judge is no mean feat and requires many years to qualify firstly for your ANKC licence as Working Dog judge and then to complete the specialist extension that is not only intensive, but lengthy.

At this year's National Opening Ceremony, the achievements of three new judges were recognised and the GSDCA applauds the skill and dedication that has led to them qualifying as specialists.

GSDCV REPORT

In the last edition of the QNR, despite a lot of hard work from the Victorian Club to submit this article, the Editor missed it and can only cite advancing years and absentmindedness as the cause. Please accept an apology and enjoy the reading.

At the GSDCV's 106th Championship Show and Trial, we saw some great trial ring performances. There is certainly great competition and admiration for dogs and handlers when ring scores are in the 190's and even the perfect 200. And that's what we saw. Our winners of the trial classes were all seasoned and experienced trailers, those who we've seen 'on the pegs' and winning National medals for many years. It's always a pleasure to watch their dogs work and enjoy their time in the ring. For those starting out, watching handlers such as Vic G, Julie Urie, Andrew Saliba and Ian Woollard and their dogs at work can be a genuine pleasure and learning experience. Something to aspire too that's for sure !

Entries were solid, with 16 entered in Obedience and 10 entered in Rally classes, making for good competition all round. Our trial organisers and admin, led by Les Rudling did a great job across the day working hard to ensure things ran smoothly and of course our sponsors Royal Canin always deliver with product for winners and placegetters.

Entries were solid, with 16 entered in Obedience There were five dogs vying for the dual performance trophy, a highly sought-after prize for sure. Proving dogs can work and perform in both the trial and show ring. Our winner this time was the lovely *Jayshell Touchee (AI) AZ TD RN owned and handled by Rhonda Snijders, who won the CCD class with 85/100 points, and was also first of 11 in the SC Open Bitch class. A first time 'dual' win for Rhonda and Kaja, and probably not the last !

Rally is still going strong and is a great introduction to competing in the ring. Being able to walk the course prior, talk to your dog in the ring and follow the signs for each exercise take a little of the pressure off for those new to trialling. And for our seasoned performers, the challenge to be 'perfect' is ever present 😊.

Congratulations to everyone who competed, each trial is one step closer to achieving that title !

Our trial class winners were:

Service Awards

SERVICE AWARDS

Pam Jarvis

GSDL

Pam and her family purchased their first German Shepherd in 1968 joining the League in 1969 at the St George Branch at Cahill Park Tempe. All was new to the family in those days so listened and learnt that there was a closer training Branch 'Cumberland' at Parramatta Park Parramatta and was welcomed by the Chief instructor Mr. Bill Murphy who was also an Obedience judge, along with his wife Greta and daughter Erin who took the Jarvis family under their wing to go further in the in the world of German shepherds. Pam obtained her Obedience Instructors ticket a few years later under the then League Training Superintendent Barbara Russell.

Pam and her husband Terry bred, exhibited and trialed multiple animals to their Championships in Breed and Obedience gaining Dual Titles with them and also winning the League's Dual Title "Benthiem Trophy" back in 1973. Pam and her family also bred and exhibited a number of Champions and excellent graded stock during the early years.

Pam has held several positions on the League Committee over the years, such as Show Secretary for 10 years, Marketing for a number terms, helped out with Canteen duties and did judges lunches, Puppy Listings and Welfare. She has been Branch Secretary of the Erskine Park Branch now at Orchard Hills since its inception in 1987, a total of 35 years.

Pam has also been involved in six National Show committees has also done Stenographing at shows for overseas and local judges and was always prepared to help in whatever position that needed help at the time. She is a life member of the GSDL for which she is very proud having held the position of Breed Survey Registrar NSW for 22 years. Pam's time in positions for the League totals 54 years. Pam has always been active on the committee in a working capacity helping out when needed and has always held the League and its principles to a high standard Throughout her time as a club and committee member, Pam has dedicated her efforts for the betterment of the League and the German Shepherd Dog.

The members of the GSDL and the Council acknowledge Pam's years of service and thank her for her dedication to the fraternity. Congratulations Pam.

Tony D'Arcy - GSDL

Tony has been a member of the GSDL for over thirty years. Tony began training with the Hawkesbury branch of the League when it was in operation and after a short break made his way down to the Erskine Park Branch where he has been an integral part of the League and branch as Chief Instructor and Show instructor.

Tony is the one that is there first and last to leave category preparing the training gear putting it away after training advising new members and one on one training for newcomers and is well respected by the members.

Tony has held various positions on the league committee as Vice President and runs our Obedience training on Tuesday nights. He held the position of Show Manager for a number of years and also cook and bottle washer for anything that needed to be done. Tony loves to handle dogs in the show ring whether it be his own or other exhibitors who need help he is continually showing and open to help others in need.

Tony is a salt of the earth person, available for a chat at any time. It's often said tongue in cheek, to be aware that if he gets your ear, that people have been known to have hospital treatment after a session with him.

He is always the first one to put his hand up if something needs to be done or help needed in any area.

Tony is a really nice man and if we had more of his like and attitude, the Shepherd World would be a whole lot better place. Tony has been made a life member of the League due to his solid and consistent contribution to the club and today National Council recognizes his service to the fraternity. Congratulations Tony D'Arcy.

Fran Farley - GSDCV

Today we wish to acknowledge the enormous contribution Fran Farley has made to the German Shepherd fraternity that spans 60 plus years. Although Fran retired from Breed Surveying in late 2017 she continued judging, adjudicating at her last specialist show fittingly in Victoria in March 2021.

Like many of the 'old guard' Fran cut her teeth on obedience and all breeds showing being born and bred into a family immersed in dog breeding and showing. Her father bred cattle dogs and was an All Breeds Judge. Fran followed suit in the working group choosing German Shepherds as her lifelong companions.

Fran registered the prefix Baccara in 1967 and in Victoria having close ties to the Kamarn Foundation working with legends such as Anita Pettenhoffer and Tom Luxton. She embraced the versatility of the German Shepherd and as the 50 year Ban was lifted utilized her talents as a judge and breeder to become one of Australia's most successful kennels winning the Eric Orschler Breeders Award in 1987/88. Her successes as a breeder are well documented.

Fran attained her Specialist GSD Licence in 1977 and was an inaugural member of the GSDCA Breed Survey Team established in the same year; that is 45 years of continuous service to the development and guidance of the breed for breeders and enthusiasts. Fran has mentored many young aspiring judges and breed surveyors during that time and has always been acknowledged for her astute eye and absolutely delightful descriptive critiques that left the reader/ listener in no doubt that she had captured the essence of the dog's anatomy movement and character. She has encouraged, supported and mentored many younger members across Australia to take the step to become surveyors and judges, always giving generously with her time and advice.

Notwithstanding, Fran has also contributed to the GSDCA serving in positions of Vice President, Judges Chair and NBC Chair over the years. She is a Life Member of the Victorian German Shepherd Dog Club.

Fran's dedication to the purpose, versatility and promotion of the German Shepherd Dog spans many disciplines. She has been successful in competitive Trialing/Obedience. Alongside Vino (Jayshell Elderbery), the pair have supported the special learning and emotional needs of children as Story Dog and as Pets Therapy dog, visiting aged care facilities brightening the days of our elderly citizens.

Fran was acknowledged back in 1989 for her contribution to the Council and 23 years on she is still giving. We thank you Fran for all that you have given to this beautiful breed and to the fraternity. We again acknowledge the enormous contribution and service to the German Shepherd Dog Council of Australia and wish you good health in your well-deserved retirement of judging and surveying. Congratulations and thank you Fran Farley, recipient of the GSDCA Certificate of Appreciation.

Yvonne Yun - GSDDL

In January 2022, it became apparent that a Draft Animal Welfare Bill had been published on the NSW DPI Website. This Animal Welfare Bill was a step towards implementing the NSW Government's so-called commitment to introduce modern animal welfare laws.

On further examination of the Draft Bill it became clear that some of these modern animal welfare laws were anything but sensible or practical and if implemented could have adverse and lasting effects on our canine pursuits of breeding and our hobby in general. Historically, once bills are passed in one state, it's not long before other state governments tend to follow suit.

Yvonne Yun became immediately involved expressing her concern to the executive and Presidents of our clubs across Australia. She put together a small but tight team that researched and analysed the documents and went to work; calling on all breed clubs to begin sharing information, drafting letters to other canine organisations, politicians and preparing submissions to put to local members and ultimately the Parliament.

Yvonne was fortunate enough to gain representation on behalf of our canine organisations, appearing in person to address the Committee of Inquiry at NSW Parliament being given only 3 minutes to put forward a statement and respond to any questions. That takes skill, expertise and a lot of confidence to go face to face with a Parliamentary Inquiry.

Yvonne has been the driving force behind the fight against the draft Bill and the Emma Hurst Puppy Farming Amendment. The GSDCA together with the GSDDL commend Yvonne for the endless hours of work she and her team have voluntarily done on our behalf. We would like you to join us in congratulating Yvonne in awarding her a GSDCA Service Award today in recognition of her commitment and effort towards our NSW fight against the Animal Welfare Bill which is still currently moving through Parliament. Thank you for your amazing contribution Yvonne.

Obedience Results

L TO R Mrs Vivvyan Mannion, Dawn Fraser, Maria Wheeler and Lynn Klecka

Judge: Maria Wheeler

It was a great honour to judge at the 48th GSDLC National 2022. The grounds and weather were ideal trialling conditions and for the most part the performances and results were typical.

Being assigned the UDX and UD classes it was not surprising but still disappointing, that I had no UDX entries and only 2 in UD. My first entry was a bitch and she just said "Not today Mum". The second was a young dog just starting out in the UD ring who was going well until he missed in the final positions in the Signals exercise. It is a class which is very unforgiving.

I well remember good friend Helen Schaecken telling me years ago, that trialling in UD was "like getting hit in the face with a shovel". I'm sure many triallers can relate to that, and many a judge as well.

The Winner of Winners was the Open Class winner, with a near flawless performance that was a pleasure to score.

Thank you to all the exhibitors in the trial and to my steward her expertise in the smooth running of the UD and the Winner of Winners rings.

And of course congratulations to the Committee for a well run National, and for its hospitality and warmth extended over the weekend.

Judge: Vyvyan Mannion (Qld)

I had the esteemed pleasure of judging at the 48th National German Shepherd Dog Event in Sydney on the 3rd, 4th & 5th June 2022 hosted by the German Shepherd Dog League of NSW Inc.

On Friday I judged Rally Novice (11 entries) and Rally Masters (4 entries). Each Team negotiated their respective course with topnotch skill.

Saturday morning saw me judging CCD (11 entries) and Novice (16 entries) Obedience. There were three qualifiers in CCD -

- Julie Urie with Allinka Vikka 'AZ' - Awarded an Excellent Medallion
- I Heard, K Pearce & G/K Gregory with Dual CH. (T) Glenbala Ambitious Dream AZ TSDX RN

- JG & JA Strachan with Ch. Hasenway Daddy Cool 'A'Z' SWN

Novice Obedience followed with six qualifiers -

- M Stendara with Atoo Brama ET.WPD (Imp CZE) - Awarded an Excellent Medallion
- B & D Tatham with Thunderbolt Sirocco 'A'Z'TD - Awarded an Excellent Medallion
- D & R Cameron with Ch.Maadraca Anya CCD RN TD ET AZ
- M Gowen with Satyr Damonte
- M Gowen with Umbrewarra Black Knight
- J & W Ellis with Mayjen Thank You For Loving Me

I wish to thank the Committee for the invitation and the hospitality shown from all those involved. Many thanks to the Stewards who volunteered to assist over the weekend, your presence was indeed appreciated.

Judge: Lynn Klecka (VIC)

It was a pleasure to judge at the 48th National German Shepherd Dog Event in Sydney on the 3rd, 4th & 5th June 2022 hosted by the German Shepherd Dog League of NSW Inc.

I judged Rally Excellent and Rally Advanced on the Friday and had some lovely teams with some great runs.

In Rally Excellent there were 3 qualifiers with the following two teams being awarded excellent medallions:

- K. Milton with Druann Just For Fun CDX RA
- E.Kay with Thunderbolt Scandal CDX RE

In Rally Advanced there were 4 qualifiers, and two teams work so well they were awarded an excellent medallion:

- K. Milton with Druann Just For Fun CDX RA
- Gretel de Vries with Ch Skyesfuhre Bundy Bear AZ CD RE

Saturday saw me judging Open Obedience, only one qualifier who also was awarded an excellent medallion for his lovely work and this team went on to win the Winner of Winners final on the Sunday, congratulations to:

- Victor Grzeskiewicz with Ulmsdorf Russian Roulette (AI) CD AZ

I would like to thank the Committee for the invitation. Also the lovely members I met and those who stewarded for me, as they all did a great job 😊.

A GOOD NEWS STORY FROM WESTERN AUSTRALIA

I was asked by the President of the GSDA of WA to write a story on a Rescue dog in WA that has gone on to win the Pre-Kindy class at the end of year Graduation with a perfect score of 100 out of 100. The owners name is John Stuart and the lovely male dog's name is Jett.

This is their story:-

Jetts Journey

"After my wife and I retired earlier in 2021 we found I had lots of time on my hands so we decided we could introduce another dog to the family.

We usually sit out the front of our house for a coffee in the mornings and often see many people with their dogs walking around and playing on the Park opposite, the dogs that always got us aroused wear when the people with the shepherds came past we thought these are just a stunning dog!! Or rather majestic!!

I did a lot of you-tubing about the breed to find out all the good and the bad points about them to ensure that we would make the right decision.

We looked around for a black German shepherd for a while as our son had had one of these many many years ago and he was like, as they say, a Velcro dog and an excellent natured dog so we thought we'd look at them for a while.

Then we also came across white shepherds and thought they looked good and sparked some interest in us so we went on the hunt for a breeder to find out more but at that time their were no litters were available.

I had contacted the GSD Club of W.A. and had a good talk to Kym Glenys about the Breed and what the club offered, Kym invited us down to the Sunday training session where we met some of the members, breeders, committee members, and the Head Trainer John Gleny and got a lot of valuable information from this group of people with a huge amount of knowledge

Then we hit the jackpot and the start of our journey!! For us and Jett!

Early in June of this year we attended an Open Day at Dogswest in Southern River and we were introduced to Sue and Mark from SAFE Perth, by Kerrie, one of the trainers from the GSD Club of W.A. At the time Sue had two 7 month old puppies with her doing some socializing. It got us thinking that perhaps a rescue dog needing a loving home could be the way to go.

I contacted Sue the next day to enquire if one of these two pups were available for adoption but unfortunately for us and fortunately for them, they were being re-homed.

Sue was then kind enough to invite us to meet Jett. He was 15 months old and had been with Sue for

three months. It really was love at first sight, he was gorgeous. We took our other two dogs (Bichon Frise) Teddy and Gypsy to SAFE to do a meet and greet just to see if this could be a good match.

After meeting Jett we knew he was meant to be with us. It would be another few weeks before we could bring him home, he needed to be desexed. And required a small hernia operation! Sue kept in touch keeping us updated on his recovery.

On July 16, we finally brought him home. It took Jett a couple of weeks to realize that he was finally in his forever home. Some adjustments were needed by all of us starting with some training so we contacted the GSD club again, where we met our trainer Ian Marr. In a short time Jett who was enrolled in Pre Kindy class was loving the training sessions on a Sunday Morning and Cath and I were enjoying meeting other shepherd owners laughing at a lot of antics these pups get up to but also really helpful information on moving forward with our boy. We feel we are part of a family here and there is always someone willing to share their knowledge and advice.

Since training with the GSD Club, Jett has gone from strength to strength and in his end of term assessment was top of his class receiving his first trophy, and also receiving the perpetual trophy. This made us very proud of him!

This is a photo of John and Jett receiving their trophy for 1st Place in Pre-Kindy at the 2021 end of year Graduation

Our boy is a lot of hard work and will always be a work in progress, but the rewards far outweigh anything else. He is enrolled for next year's training and we look forward to another exciting year for Cath and me, and of course our boy Jett.

Our special thanks must go to Sue Campbell from SAFE Perth for matching us to this gorgeous boy, and to Ian Marr our trainer for all his support and sharing his knowledge of this beautiful breed."

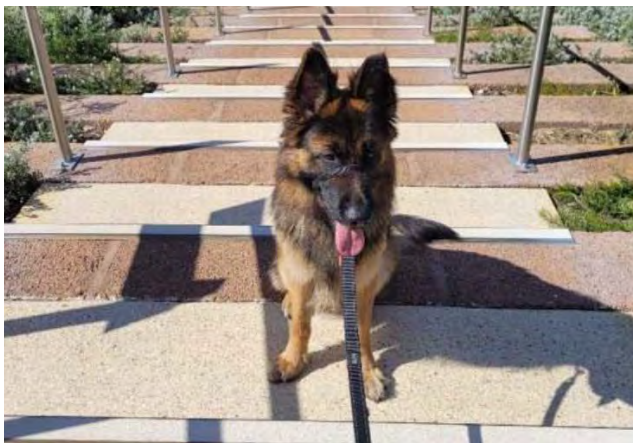

The Perpetual Trophy that Jett won at the Last Graduation for the year was the Conrick Trophy for the highest scoring dog in graduation classes. This trophy was donated by Life Members Jack & Judy

Conrick who were instructors with the GSDA in the 1970's

The Photo above is the Conrick Perpetual Trophy that was presented to John and Cath at the end of year Presentation evening.

I thank John and Cath for supplying the above details of their story and the photos below give some idea of the love that John and Cath have for their boy and how well he has settled into his new forever home.

I would like to offer my sincere thanks for the wonderful work done by SAFE Perth and in particular by Suzanne and Mark looking out for and rescuing any German Shepherds that need their help.

SAFE Perth rescues any animal that needs their help but this article is about Jett in particular.

Jett came to SAFE Perth as a 14 month old who had been surrendered. They spent some time doing some basic work with him and are delighted in how he has settled in with John and Cath. Definitely a success story.

It has been my absolute pleasure to put together this article to highlight a story that will show that there are still lots of good people about that will do the right thing by our Breed.

On to bigger and better results John and Jett.

Ian Marr

Tickled Pink

Bhuachaille Fatal Attraction -
LSC - Sundaneka Huggy Bear x
Bhuachaille Xhibitionist

Alimanda Fame N Fortune -
Ypsilon Di Casa Caputi x Alimanda
Shes The One

A National that will go down in history for having an all-Australian judging panel. At long last the National finally went ahead with delays in 2020 and 2021 due to Covid 19. The extreme wet weather then forced a change of venue to the Hawkesbury Showground which was a lot of extra work but in the end the grounds were lovely and the facilities were exceptional with the Grandstand and Pavilions. Considering circumstances, the entry of 343 conformation and 67 obedience was pleasing as people were just beginning to travel again and have faith that events would go ahead. A big thank you to our Major Sponsors - Royal Canin, Sires On Ice and Vebo Pet Supplies. NSW sure did draw attention to the successful breeding programs going on here with The League members winning an amazing 12 classes and taking out 5 medals. Stock Coat Females won 5 of the 6 classes and the Gold and Bronze medals. Congratulations to the GSDL members that exhibited at the National.

Congratulations to the following medal winners:

Gold & Challenge

Open SC Dog *Olymp vom
Larchenhain (imp Deu) owned by

1st Atoo Brama ETY WPD (Imp CZE) - M. Stendara

2nd Thunderbolt Sirocco AZ TD - B & D Tatham

4th Satyr Damonte - Max Gowen

5th Umbrewarra Black Knight - Max Gowen

6th Mayjen Thank you for Loving Me - J & W Ellis

Our next event is the Breed Survey on Sunday the 14th August. With the amount of rain and flooding at the beginning of July our Dogs NSW grounds have been closed and will probably remain closed for quite a while so watch our Facebook page venues.

We look forward to the State Breed Evaluation on 27th & 28th August with Ms Natalie Humphries judging.

Wishing members all the best for future events and making wonderful memories with your dogs.

Our Endurance Test in June was a big success, in beautiful sunny winter weather 5 GSDs completed the Test along with 6 all breeds dogs. Congrats to all dogs, owners and handlers. A great effort, a fun day and all would agree - a worthwhile experience ! Thanks to all our volunteers who made it happen too - they are the heartbeat of our club events!

Congrats to

*TAURORN CHARDONAY AND
GUCCI AZ - Megan Macdonald

TAYLORCRUZ AMIDALA - Justin Morton

*INIFF ICEBREAKER AZ - Robert Mackay (handler: Richard Oldfield)

*CH. JAYSHELL TOUCHEE (AI) AZ
RN TD - Rhonda Snijders

*EROICA JETHRO AZ RN CCD -
Craig Whitford

Then there was our Open Tracking Trial over the June long weekend, with a massive 88 entries. Organised by the unstoppable Dawn and Peter Howard, we had numerous successful GSD's (and a few hard luck stories) but great to see our breed show off their diverse skills.

Of course there was the National run and won, but seeing as this edition covers the detail, we don't need to make you read it again, suffice to highlight our medal winners and a few of our show and trial class winners.

SC Baby Puppy Dog - 1st -
ZANDRAC SONS OF ANARCHY,
Rachel Jones

LSC Minor Puppy Bitch 1st -
ALLINKA WILL OF THE FORCE,
Michelle Rovetto

LSC Puppy Dog - 1st -
TOLLERHUND GRYFFINDOR, Lisa
Pretty

Silver medal LSC Open Bitch
- *KARABACH QUITE A
SKYWALKER AZ, Michelle Rovetto

Bronze medal LSC Open Dog -
*LENNY VOM TEAM ARMADA,
David & Lorelle Organ

Silver medal SC Open Dog - *CHILI
DELLA VALCUVIA, Chris & Brank
Auwema, K Zimmerle, J Cathie & R
Knuckey

CCD Obedience - 1st place
*ALLINKA VIKKA AZ, Julie Urie,
97pts Exc

Rally Novice - 1st place
*GLENRACO SUPERNATURAL AZ,
Gayle Johnston, 99pts Exc

Attention for the GSDCV Club now turns to the **49th National Show & Trial** next year, the dates being April 28,29 & 30 2023. Book in now, it's going to be BIG 😊.

What else is on you ask?? We've got a structural assessment coming up at Skye branch on September 11th, and also a training seminar on October 22nd for all those planing on getting into the ring at the national next year - this would be a valuable step forward. Our Western branch has a trivia night planned with cool prizes. Of course there is also the prestigious Royal Melbourne Show to squeeze in with Rally Obedience on Thursday 22nd and Obedience on Saturday 24th September, with Conformation Judging on Friday 30th October. All great promotional opportunities to the general public. So many things to do and see coming up for us Vics 😊.

Our future Club events include the Lillydale and Exhibition shows with judges Viv McCambridge (NZ) and Andrew O' Loughlin (SA), our Track and Search Dog trial in September and of course our 'Show & Trial Extravaganza' weekend with the GSDCV and WDC Champ Shows and Trial on October 29 and 30th with show judges David Middleton (UK) and Greg Green (Vic).

The last few months have passed very quickly, and have been very busy for the QLD club with our May Members Competition, the GSDCA National show and Trial, the Double Header Championship shows, and the Obedience opportunities of Unrestricted Double Rally Trial in May, our Restricted Obedience Trial, and an Unrestricted Double Tricks Trial in July. We also held one Breed Survey.

Our membership is continuing to grow with the GSDCQ having 224 members after the July General Meeting.

The May members competition had 80 entries and our judge was Fay Stokes.

May Breed Survey - 5 dogs presented all successfully passed breed survey.

The May Unrestricted Double Rally Trial had 46 entries and the judges for these events were Laurie Knauth and Mrs D Sellwood

The Saturday Championship Show was judged by Mr. Vince Tantaró with 75 entries

The Restricted Obedience Trial conducted beside the show had 8 entries and the judge was a QLD member Mrs Cheryl Williams who was a delight, and very well received.

The Sunday Championship Show was judged by Mr Alistair Henderson and the entries were 70. History was made at this show with BIS and RIS in show both being awarded to LSC Eroica Ice Ice Baby and Kaygarr Esther.

The GSDCQ went all out for these July events and the trophy and Ribbons were beautiful and very well received by the exhibitors. The major Raffle of a dog walking machine was won by a QLD member Mrs. T Redberg.

The Unrestricted Double tricks trial was well attended with judges Mrs Mechalle Anderson, Mrs Maree Rablin. A total of 65 entries.

The exhibitors also commented on the GSDCQ trophies and sashes and said they would be back for the next event which is 28th August.

We have several more events being held this year.

The Members Competition in Zone 2 on the 20th August Judge Mrs Melanie Groth. There will also be a breed survey at this event.

In September we are having a Breed Survey, Open Show, Members Competition judge Jo Cathie, and State Breed - Judge Greg Green (all on one weekend). So, consider a visit to Sunny Queensland.

A big thank you to all of the judges, for officiating at the above events, we do appreciate you giving your time, and your expertise and comments.

Live recording of the shows was again undertaken by Alison, and our thanks and appreciation for allowing the rest of the country to see the shows.

The GSDCQ issued 25 GSDCA Hip and elbow contracts for the period April to June 2022.

The club is currently investigating the opportunity for us to have our own grounds, this has been many years coming and hopefully it comes to fruition.

It would be remiss of me not to mention the success of Queensland Club members at the GSDCA National show and trial. A complete breakdown will be in our upcoming Newsletters but below a huge congratulations must go to the below dog's owners and breeders with QLD members winning 12 of the 24 classes, and 6 of the medals on offer. (IN ORDER OF CATALOGUE)

A huge achievement. Well done again to all.

WOW!!!!

Its been a very busy year for the club, and the hardworking committee. We are excited for 2023 with 2 overseas judges for our Championship show next year.

Teamwork makes the Dream Work.

News from the West

Our A.G.M. is coming up in August – the Management Committee all renominated and were elected unopposed. Brian Lubbock stepped up into the Treasurer's role – this was the only change.

Very proud of our members who ventured across the country to attend the 2022 National show and trial in Sydney – some truly excellent results - you did us proud – again.

We have run Obedience and Rally trials plus an E.T. recently – as always the committee work like clockwork to achieve success. Today's weather was abysmal – pouring rain, thunder and lightning – but there were many triallers who came regardless of the weather.

Recently had Jean Butterfield from South Australia come over to judge a Members' Competition – beautiful weather, beautiful dogs made for a very pleasant day for exhibitors.

Best Stockcoat Male

*Wulkano Uno Von Schnitzerteam (Imp Hun) AZ

Best Stockcoat Female

*Bronboreo Adrianna A Z

Best Long Stockcoat Male

*Iccara Brother in Arms A Z.

Best Long Stockcoat Female

Ch. Lawine Diamond Essence AZ

Breed Affairs Chair, Natalie Humphries has organised a couple of talks – Bloat and Blood Donors and we look forward to welcoming members and visitors to listen to these excellent speakers.

In August we have our double header – The Rick Richardson and Walter Martin Memorials shows. We welcome Jo Cathie & Carol O'Rourke back to the West to adjudicate these shows. Positive that we will have great entries for these shows.

Please keep an eye out on our

Facebook page for all the latest happenings at training – in particular lots of enthusiasm by our new members with their puppies. Well done to all – especially our trainers who do such a marvellous job each and every week.

It has been a busy quarter for our members in SA with many shows and trials including the Roy Brabham Memorial and the Neddermeyer Memorial Championship shows.

But kicking us off was Mrs Nicky McDermott, Vic, at our members competition in April. She had 78 entries and awarded Best Bitch – LSC to *Ch Taurorn Cant Faze Chelle AZ Best Bitch – SC to *Kaperville White Diamond AZ while Best Dog LSC went to Babenberg Valentino AZ and Best Dog SC went to *Alwin v Haus Nesgen a ED (Imp Deu). Thanks Nicky for your visit - we were glad to welcome back interstate judges after a long hiatus from covid barriers.

Of course in early June many of our conformation show members headed to Sydney to compete in this year's National. It was great to see so many of our dedicated members make the journey and support each other. Congratulations to all of those who exhibited.

The long weekend of June was when we held our championship shows. Firstly we recognise and appreciate Mrs Robyn Knuckey (WA) for standing in place for Bruce Anderson (NZ) who could not make the show due to illness. Peter Flynn (SA) was the judge for the Sunday event and both judges

had a good entry number under them. Taking out the Roy Brabham Memorial was the challenge dog *Gewalt Tennessee Drummer (AI) AZ who then backed up the win with the Neddermeyer Memorial the very next day. Other results can be found on the website under News & Results.

At the Balmead Shield in May - Vonpeta Well Thats Not Right achieved a score of 190 and took first place in the Novice class, while Kyndom Better Beware took out fifth place with a score of 172.

At the obedience trial on July 2 Bruangie Andys Angel UD took out third place with a score of 189 in the Open Dog class, Vonpeta Miss Honey CCD took out first in the novice class with a score of 193 and Quovadis Our Golden Mis CCD RN took out fourth place with a 181.

The organisation of the obedience trial for August 7 is well underway and we look forward to seeing our members there.

Our next competition is the Members Competition on the 24th of July with Natalie Humphries (WA) our judge.

Our members are really looking forward to the Handling and Double Handling seminar, Jamie and Lyn Phillis have kindly offered to run on August 14. We are sure our members will learn a lot from their expertise.

We have a breed survey coming up on August 21, an obedience trial on August 28 and on October 23 we will have another Members Competition with our judge Mel Adamson (SA).

We would like to remind members, we are approaching the end of the clubs financial year with memberships due from September 30 and need to be paid before October 31 - If you have any issues please don't hesitate to reach out to Stephen Collins - club secretary.

We are hanging to welcome the warmer weather and longer nights back but as always ensure you remain vigilant with grass seeds, snakes and temperatures of pavements before walks.

19 July 2022

Mrs Lyn Phillis
Secretary
German Shepherd Dog Council (Australia)
PO Box 197
MT BARKER SA 5251

Dear Lyn

German Shepherd Dog - Intervariety Breeding

Reference is made to your letter of 6 March 2022 requesting a change to Regulations Part 6 - The Register & Registration Clause 9.19.2 regarding intervariety breeding of German Shepherd Dog Stock Coat and Long Stock Coat.

We are pleased to advise the National Canine Health & Wellbeing Committee recommendation to endorse your request was supported at our June 2022 Special Board meeting. Our Directors agreed a review is to be undertaken by the German Shepherd Dog Council (Australia) commencing five years after the implementation date.

We are currently arranging for Regulations Part 6 - The Register & Registration Clause 9.19.2 to be amended as follows:

9.19.2 Inter-variety breeding will be allowed for a period of seven years from 1 January 2023, and progeny from parents of either coat variety may be registered on Main and Limited Register under the appropriate coat variety until further notice. (06/22, 4.2)

We note in your letter that amendment to the Breed Standard Extension (BSE) will also be required. Please find attached a copy of the 2012 document and we ask that you arrange for it to be amended accordingly and returned as soon as possible so we can arrange for our website to be updated.

Yours faithfully

Tracey Barry
