

60th Members Specialty Competition 16/7/23

Judge - Andrew O'Loughlin (SA)

I'd like to start by thanking the German Shepherd Dog Club of South Australia for the appointment. Thank you to caterer, Kerry, for the wonderful meal at lunch, the members for setting up and packing up and the exhibitors for their entries and excellent sportsmanship throughout the day.

The weather for the day was excellent – sunny and cool, without being cold.

There was a total of 47 entries, with 39 of these being exhibited. Of the animals exhibited, one animal wasn't able to be measured and was withdrawn from competition with judge's permission. There were 2 animals that received a lower grading because of ears, 1 animal that received a lower grading because of size, and 1 animal that received a lower grading because of loose hocks and over angulation of the hindquarter.

I must emphasize the fact that 2 animals did not receive the highest grading because of incorrect ears. The German Shepherd head is specific in the breed standard, which we as breeders must be aware of and thinking of when selecting breeding pairs.

Overall, the quality of animals presented was good to very good. Problem areas still exist in the length and lay of the croup, along with the length and lay of the upper arm. There were still a number of animals with deeper hindquarter angulation than what I would like to see too. Although the majority of those animals are only just slightly deep, if we are not conscious of this, it will continue to be a problem and potentially get worse. There are still a number of animals being presented with topline that have a peak, or noticeable dips/changes in the topline. This again is something I would like to remind breeders to be aware of when selecting breeding animals. Some animals were also presented with dirty teeth – this is something exhibitors should be checking regularly, or at least leading up to a show. If not checked and kept under control, this may lead to dental problems down the track.

Eye colour was overall very good; there were a couple of animals that could have a darker eye, but they were also generally animals with very good masking, making the brown eye seem lighter than it possibly is. Having said that, the shape of the eye is starting to become a problem area for the breed, with too many animals presenting a round or rounded eye. While not noted on critiques, this is something I would urge breeders to be aware of.

Also important to note the length and lay of necks overall was excellent.

Notable animals for me were 1st and 2nd Junior Bitch Stock Coat, 1st Intermediate Bitch Stock Coat, 1st Open Dog Long Stock and 1st Open Dog Stock Coat. Another dog I'd like to mention is the Puppy Dog Stock Coat – who I'd like to see in another 12 months after further development. The highlight animal of the show for me was *Ch Babenberg Valentino AZ – an excellent, high quality male.

Of the 38 animals that were graded, they were sired by 20 different dogs and 28 different dams. *Ch Lenin vd Grafenburg a ED(Imp Deu) is particularly noteworthy, being exhibited himself and receiving 1st place in Open dog and best SC male, while having 9 progeny exhibited with class wins in open dog LSC (also best LSC male), Intermediate dog SC, Intermediate bitch SC and Junior bitch SC (also best SC female). Another noteworthy sire is *Chili Della Valcuvia a ED (Imp UK) with 6 progeny exhibited, and 2 class winners.

Noteworthy dams were *Ch Khayem Odette AZ having 2 typey females both in Open bitch LSC and both receiving an excellent grading; *Rhosyn Quinlyn AZ having 3 progeny from 2 litters exhibited of very good type and *Ch Kyoara Holly AZ with 3 babies presented of very good type.
