

## 2023 NSW STATE BREED EXHIBITION

SATURDAY 25<sup>TH</sup> and SUNDAY 26<sup>TH</sup> JUNE, 2023

JUDGE – MR JOHN FENNER (WA)

### Judge's Summary Report

**Entry Statistics:** German Shepherd Dogs –

Total 70 entered (Stock Coats exhibited 51) (Long Stock Coats exhibited 19)

The show commenced at 9:00 am each day and finished at each mid afternoon, which included lunch breaks

Thanks go to my Stenographer Leanne Irvine and Ring Steward Cassie Booth.

Despite a relatively small entree, the average quality of the exhibits was quite very high and their presentation was in most cases very good.

The quality and potential of the Long Stock Coat's was very high with very good type, very good construction and very good ground-covering movement, whilst retaining a very good top lines.

The 1<sup>st</sup> Open Long Stock Coat Male \* **EROICA JETHRO RN CCD ET**

The 1<sup>st</sup> Open Long Stock Coat Female. \* **CH. EROICA NOVA**

Also, the quality and potential of the Stock Coat's was very high with very good type, very good construction and very good ground-covering movement whilst retaining a very good top lines.

The 1<sup>st</sup> Open Stock Coat Male Dog \***XANDER VOM GRABFELDGAU Excellent Merit**

The 2<sup>nd</sup> Open Stock Coat Male Dog \***AUST CH LAIKO VOM HUHNEGRAB Excellent Merit**

The 1<sup>st</sup> Open Stock Coat Female \*1<sup>st</sup> **CH. VLADIMIR ME ME I'M FIRST Excellent Merit**

The Stock Coats were outstanding .

Off-lead, he presents a very good picture, remaining with his owner, still representing the virtues off-lead that he does on lead. **Excellent.** No progeny to date

### 4<sup>th</sup> KHAYEM REVELATION E.T

5.5 Years. 64.0 cm / 30.0 cm

Very good size and overall impression. Very good head and expression and desired dark eye colour. Good length of neck, high withers, strong firm back, good croup. Very good depth of chest. Stands with a very good height to depth proportions. Very good fore and underchest development. Stands correct in front and rear. Steps absolutely correct going and correct coming. In movement, he displays a very balanced, free movement with an effective reach and drive whilst retaining a very good topline. Off-lead, displays the same very effective movement, with very good reach and drive. **Excellent.** No progeny to date

### 5<sup>th</sup> \*PUPI VON NEU GARMOND

4 Years. 64.5 cm / 30.0 cm

A very well constructed solid black dog of very good type. Very good head and expression with good dark eyes. Good length of neck, high withers, firm back and good croup. Very good fore and underchest development, where the proportions of height to depth are quite ideal. Stands correct in front and rear. Steps slightly loose going, correct coming. On lead continues to make a very good impression, with good reach and strong drive and very free and easy gait while maintaining a very good topline. Off-lead, still maintains a very good topline, a free and easy gait with much enthusiasm and still maintaining a very pleasing picture with effective reach and drive. **Excellent.** No progeny to date

### 6<sup>th</sup> \*UHLMSDORF RUSSIAN ROULETTE (AI) CCD C.D CDX UD

2.5 Years. 65.5 cm / 30.0 cm

Large, strong well-constructed dog of very good type. Very good head and expression, the eye could be slightly darker. Normal length of neck, high withers, firm back and good croup. Very good fore and hindquarter angulations. Very good fore and underchest development with very good height to depth proportions. Stands correct in front and in the rear. Overall, presents a very good impression and very good construction. Steps correct behind, correct coming. In movement, displays very effective ground-covering gait at all speeds with very good reach and strong drive. Off-lead presents a very similar movement where the reach and drive off-lead is presented in the same manner as on lead. **Excellent.** No progeny to date.

### 7<sup>th</sup> \*CH. SHEZNOVA DJANGO 'A' 'Z'

Almost 5 Years. 64.5 cm / 31.0 cm

Large, good medium strong very well-proportioned dog of very good type. Black and gold saddle markings. Very good head and expression. Good length of neck, high withers, firm back, Very good fore and hindquarter angulation. Very good fore and underchest development that is just slightly deep. Overall, presents a very good picture. Stands correct in front and in the rear. Steps slightly loose going, correct coming. Displays much energy in movement with good reach and very efficient drive and maintains a good topline. Off-lead, still maintains a good movement and overall presentation. **Excellent** No progeny to date

### 8<sup>th</sup> \*CONKASHA DESERT ROCKET AZ

3.5 Years. 63.0 cm / 29.0 cm

Medium size dog of still very good type. Black and gold saddle markings. Good head and expression. Neck could be slightly longer, good withers that could be slightly higher, straight back, slightly short croup. Good fore and hindquarter angulations. Good fore and underchest development. Stands not quite correct in front, correct in the rear. Steps correct going and slightly wide coming. Gaiting on lead is very balanced where both

## 2023 NSW STATE BREED EXHIBITION

the reach and rive could be somewhat stronger, but remains to keep a sufficiently high withers. In movement off-lead, still maintains the same effectiveness as on the lead and presents a good connection with the owner.

**Excellent** No progeny to date

### **9<sup>th</sup> \*NIKOBISHUNDE HAAKON**

5 Years. 65.0 cm / 32.0 cm

Stands on the upper limit of size. Very good head and expression. High withers, firm back and good croup. Good fore and hindquarter angulation. Good fore and underchest development which is just slightly deep. Stands correct in front and rear. Steps slightly loose going, correct coming. Still displays a very good ground covering movement, where the reach and drive should be a little more effective. Off-lead, continues to present as he does on lead. Well controlled by the handler in the off-lead gaiting sequence. Unfortunately, this dog did not past the Starting Gun Test as required.

**WITHDRAWN**

### **Open Dog (LSC) – All Excellent**

### **1<sup>st</sup> \*EROICA JETHRO RN CCD ET**

5 Years. 65.0 cm / 29.0 cm

Large Long Stock Coat dog of very impressive type. Very good head and expression with dark eyes. Normal length of neck, high withers, firm back, slightly steep croup. Very good fore and hindquarter angulations. Very fore and underchest development. Stands correct both in front and rear. Stands in very good proportions of height to depth. Overall, presents a very complete picture. Steps correct going and coming. In movement, displays very good ground-covering gait, maintaining high withers and a firm back. Off-lead, maintains the same movement and enthusiasm as he does on lead. **Excellent**

45 registered progeny on the ANKC database. None have been presented through the schemes to date.

### **2<sup>nd</sup> \*CONKASHA DESERT COBRA**

6 Years. 65.0 cm / 31.0 cm

Large, strong dog of good type. Good head and expression with good eye colour. Neck could be just slightly longer, still good withers, straight firm back, slightly short croup. Overall, slightly deep in proportions. Still fore and hindquarter angulations, which ideally could be slightly more pronounced. Good fore and underchest development. Stands correct in front and in the rear. Steps slightly wide going and coming where both could be slightly firmer. On lead, he displays good movement, however, the reach and drive could be more significant. Off-lead, shows a lot of enthusiasm and the overall impression is commensurate with the on-lead gaiting.

**Excellent.**

40 registered progeny on the ANKC database. None have been presented through the schemes to date.

### **3<sup>rd</sup> \*SUNDANEKA ALMANDIN**

.5 Years. 64.0 cm / 29.0 cm

Above medium size, good medium strong, very well proportioned LSC dog of very good type. Good head and expression, the eyes could be slightly darker. The neck should be slightly longer, high withers, firm straight back, slightly short croup. Good fore and hindquarter angulations. Steps quite wide behind not quite correct coming and could be slightly better both front and rear. In movement, displays enthusiastic movement with still balanced reach and drive where both could be a little more ground-covering. Off-lead, still maintains the same features as in the on lead gaiting and reflected in his height to depth proportions. **Excellent**

49 registered progeny on the ANKC database. 3 have been breed survey classified.
