## German Shepherd Dog Club of Queensland

### Summation

I would like to thank the members and Committee of the GSDCQld for the invitation to judge the 2024 State Breed Exhibition (SBE).

I would also like to thank the members who contributed to the conduct of the event, namely Peter Hersant, Fred Flower, Catherine Walker, Sharon Thorp and the many members who helped set up and pack the rings after the event was finished.

I must not forget the team who assisted me Frank moody who provided me with up-to-date progeny data and of course those in the in the tent: Nicky Jones my Stenographer, Mike Eslick, my steward, Fred Flower the gun man and Gail Donald who once again recorded the event with her photography- Thank you.

When asked to judge a SBE, I always have mixed emotions- it's great to be invited, however the event has, in my humble opinion, little use, and I try to understand why it has become entrenched in our show calendars. Reality is the SBE was initiated to supplement the Main Breed Exhibition and give each Member Clubs the opportunity to have another show, but more importantly to check out the state of the breed in their locale.

Presently, previous SBE's were relevant shows that saw large entries and indeed gave insight into what breeders were producing, however in my opinion this does no longer apply. Due to the numbers shown, which are so low, as to give little indication of any sire's ability to produce, let alone indicate breed direction

Hence, as far as the Progeny groups playing a major consideration in placings and/or the award of the highest GSDCA Grading; Excellent Merit is concerned, it could not in this instance. I refer all to the recent in-depth summations of Alwin, Xander and Chilli as provided by NBC Executive: GSDCA Quarterly National Review Winter Edition 2024.

I have provided additional comment in Open Class critiques with respect to animals I have awarded the Excellent Merit: my criteria was based on what I observed at the recently held 50<sup>th</sup> National, and the quality of the animal's as presented. The most important criteria applied was that the animals must show the quality of a working dog. The current trend is to reward long, heavy animals, with short forelegs, over-angulations behind, and which stand east west in front, with narrow chests. The

---

fleeting side gait has become the popular standard by which our breed is now being placed on pedestals.

The reality is the GSD is a working dog which must show minimum effort for maximum ground cover- its proportions are of prime importance to meet such a demand. I also urge exhibitors to take the off-lead exercise seriously. It is a very simple exercise to train for; after all if there is no bond between the handler and their dog to complete this simple task, then in reality the dog has not displayed the most basic of tests to display its working ability.

A special mention and thank you to Brenda & Les Hersant and Peter Hersant & Rene Pac for escorting me and sharing their homes and kind hospitality- I thoroughly enjoyed our times together.

In closing, I ask you to consider one question: -Should the GSDCA Excellent Merit be ONLY awarded at judges' discretion at the GSDCA National GSD Show & Trial, with a simple criteria for judges to apply i.e. the animal must be of very high anatomical quality and successfully complete the off-lead exercise?

Stay well & stay safe.

Vincenzo Tantaro

---

## Sires Progeny

As I have already stated in my summation- I found the groups to be consistent with what the NBC Executive described in the 50<sup>th</sup> National Sires Progeny report as published in the 2024 GSDCA Quarterly National review. I ask you please refer to this report for a more comprehensive assessment of each group as presented. The placings have been recorded however one must consider the entry for the event was low with the two biggest classes being SC JB (5 shown) & SC OB (4 shown) classes.

I have added general comment regarding each group as presented.

### **ALWIN V HAUS NESGEN**

Alwin is a dog that IMO offers a degree of predictability with regard to moderation and improving proportions and firmness.

As off 2<sup>nd</sup> September 2024 :

- 112 registered progeny
- 15 AZ
- 5 GSDCA Breed Survey

CastastarZarlee: 2<sup>nd</sup> LSC BPB

Castastar Zola: 2<sup>nd</sup> SC PB 2

CastastarZanthee: 1<sup>st</sup> SC PB

Debbar Tully: 1<sup>st</sup> LSC IB

Laverance Eden: 4<sup>th</sup> SC OB

### **XANDER V GRABFELDGAU**

Xander is a dog that has been well utilised by breeders however the numbers presented to GSDCA Breed Survey are disappointing.

As off 2<sup>nd</sup> September 2024 :

- 527 registered progeny
- 40 AZ
- 8 GSDCA Breed Survey

Bluemax Time Tazzie: 1<sup>st</sup> SC BPB

Bluemax Time Kodah: 1<sup>st</sup> SC BPD

Castastar Yalena: Absent

Sadria Russia with Love: 1<sup>st</sup> SC IB

Bronacre Peanut Brittle: 2<sup>nd</sup> SC IB

Castastar Unique: 3<sup>rd</sup> SC IB

---

## CHILI DELLA VALCUVIA

There is no doubt that Chilli has cemented his place as a cornerstone of the breed in Australia. The high quality and type he has produced has further improved the degree of predictability that is needed to further consolidate type.

As off 2<sup>nd</sup> September 2024 :

- 468 registered progeny
- 86 AZ
- 47 GSDCA Breed Survey

Cinderhof Giiotto 1<sup>st</sup> SC MPD

Debbbar Velvet: 2<sup>nd</sup> SC JB

Castastar Pandora: 3<sup>rd</sup> SC OB

Albata Colette: Absent

Kuirau Willow: 2<sup>nd</sup> SC OB

CinderhofSansaa: 1<sup>st</sup> SC OB

Debbbar Quacker: 1<sup>st</sup> LSC OD

Ineffable Emmanz: Absent

Debbbar Quall: 2<sup>nd</sup> SC OD

25 Jul 2020

4 years, 2 months, 11 days 60cm 27.5cm Large, medium strong, richly coloured and pigmented bitch of desired type. Feminine expressive head, very good length of neck, high wither firm back, well moulded croup. Stands correct in front. Very good fore and underchest, very good fore and very good hind angulation. A bitch that impresses in stance. Steps slightly narrow behind, good firmness of hock joints. Movement shows expansive free flowing gait maintaining a high wither and overall firmness. Off lead gaiting, showed far reaching powerful movement maintaining a high wither.

The 2024 State LSC Seigerin is a bitch of very high quality and one that could easily compete with the best in the world. She is gun sure, confident, lively and has an inherent desire to work. She impresses in stance with her expression, anatomy, rich colour and pigmentation. In movement she displays an enduring gait and walk that sees her cover the most ground with least of effort. She has an impeccable show record with notable wins, titles and high placings at all shows she has been exhibited at: It was indeed a pleasure to see her presented to me again and very deserving of placing Excellent Merit 1 and title of LSC Bitch State Seigerin.

2100566563

03 Jul 2021

---

She impresses in stance with her balance, strengthbut still maintaining femineity. She has an impressive record of placings and awards. She is gun sure, confidant, good natured and displays a willingness to work at all paces.

She also had a very high-quality daughter presented which in many aspects reflects and placed 1<sup>st</sup> SC Junior Bitch.. it was indeed my pleasure to award her a well-deserved 2<sup>nd</sup> Excellent Merit.

**44 LAVERANCE EDEN**

Ch. Alwin Vom Haus Nesgen (Imp Deu) x Castastar Incantation

2 years, 1 months, 5 days 61.5cm 28.5cm oversize, strong, substantial, well coloured and pigmented bitch of good type. Strong but still feminine head, eye colour could still be darker, very good length of neck, normal wither, well moulded croup. Stands not quite correct in front. Well developed fore and underchest. Very good fore and hindquarter angulation. narrow behind, hocks and elbows should be much firmer. Movement shows very good ground cover where wither should be held higher. Offlead gaiting: good ground covering, where reach could be freer and the wither held higher.

An oversize bitch that is dry and firm but should be more expansive in her movement. Pleased to award her Excellent 2. Presented with confidence and is gun sure.

09 May 2021

3 years, 4 months, 27 days 64cm 31cm large strong substantial, richly coloured and pigmented dog of desired type. Strong masculine head, with strength of foreface. Very good expression very good length of neck, high wither, firm back, slight short well moulded croup. Very good fore and underchest. Not quite correct in front. Very good fore and slightly deep hindquarter angulation. steps narrow behind, hocks should be firmer. Movement shows very good reach, powerful drive with high wither line. Could be firmer. Offlead: Off lead gaiting was not completed and that is a disappointment. Movement shows good ground cover where reach should be freer, should be firmer overall.

I was disappointed in the presentation of this high-quality dog- noting that I judged him as a Junior and his record to date has some highlights, I expected more from him. He looks like he is just going through the motions and does not want to be there.

He is impressive in stance but unfortunately has little sparkle when working. He needs to be match fit and also want to be there. Presented with confidence and is gun sure.

Unfortunately, this high-quality dog has as of 02/09/2024 only 6 puppies registered!

16 Feb 2018

6 years, 7 months, 20 days GSDCA Certificate: 10130 24/9/20 UL incisors 202 & 203 removed due to accident. 63cm 29cm. over medium size, medium strong, substantial, well coloured and pigmented dog of very good type. Masculine expressive head, very good strength of foreface. Very good length of neck, normal wither, slightly short but well moulded croup. Stands correct in front. Well-developed fore and underchest, very good fore and very good hindquarter angulation. steps narrow behind. Hocks could still be firmer. In movement shows very good ground cover and very good reach, drive could still be more powerful. Off lead gaiting: shows very good groundcover maintaining the wither line. The drive could still be more powerful.

The 2024 State Seiger whilst nearing 7 years of age impressed with his overall proportions and construction, His progeny as presented show many of his attributes especially in regard to firmness and length of foreleg He is gun sure, confident and showed a willingness to work at all speeds. In his time in Australia he has maintained high placings when shown. He did not disappoint and showed in hot conditions an enduring movement. It is indeed my pleasure to award him 1<sup>st</sup>Excelelnt Merit and the title of State Seiger. As a footnote we were informed after being placed that this event would be his last- we all wish him well in retirement.

The dog IMO has been underutilised: as of 02/09/24 only 112 pups registered.

09 May 2021

3 years, 4 months, 27 days 63cm 29cm medium size, strong, substantial, well coloured and pigmented dog of desired type. Strong masculine head, ideally eye colour should be darker. Very good length of neck, high withers, firm back, slightly short well moulded croup. Very good fore and underchest. Very good fore and hindquarter angulation. correct coming and going. good firmness of hock joints. In movement far reaching powerful gait maintaining a high wither line. Off lead: shows good ground cover, very good reach and drive, maintaining the topline.

A dog that impresses in stance and one that I have promoted when I judged him as a Junior. The reality is this dog is up there with best however his presentation varies from show to show. I would urge the owners to ensure he is in top condition when you exhibit him. There was confusion with regard to his BS size vs what I measured him at: after a number of attempts the measure as witnessed by a number of people, the measure as recorded stood. He is gun-sure , confident and lively and impresses with his absolute masculinity and expression, has very good anatomy and willingness to work as presented. Ideally he should have shown more willingness and endurance towards the end of the class.

It is indeed my pleasure to award him 2<sup>nd</sup> Excellent Merit.

Unfortunately, the dog has IMO been underutilised as he has only 34 animals registered as of 02/09/2024.

2 years, 0 months, 16 days

I am disappointed that this dog was not presented- he is young dog that would have entered at just over 2 years of age: Reality is he is a quality male that should be utilised. One can only trust the owners will present him at next year's State SBE.
