

Working Dog Club Of Victoria

49th Championship Show

3rd November 2024

KCC Park

Mrs Ulla Hansen (Denmark)

Judge's Summation

It was an honour and a pleasure for me to judge the show in Melbourne 3rd of Nov. 2024. I had really been looking forward to it. The entry was very good and the quality of the dogs also. To be more specific, I consider the average of the dogs is very, very good and only a few in some classes had more details to be commented on. The top of many classes was very impressive and in my opinion, some dogs absolutely match the highest quality of what we see on the best shows in Europe. The majority of the dogs were very well trained and the handlers did an excellent job in the ring. I personally respect that some dogs are presented, even if they are not in the best coat condition. There is not a show around every weekend and the condition of the coat should not mean everything. Of course it can influence on the placement in a strong competition, but finally the structure and the movement is most important.

To mention a few things that I noted, I would say that I was delighted that there were only very few dogs with a slightly curved back. The majority had a strong and straight back. The great majority of the dogs were without any exaggerations which is very positive. I noticed and put into the critique when the eyes should be darker, and there were some so as some lips were loose. But generally I saw many nice heads with very good proportions and a very nice and friendly expression, which is so important in my opinion.

The ring and the show ground were perfect and the weather also, which is very lucky - but nice of course. Last, but not at least, the assistants in the ring, steward Ian Urie and stenographer Barbara Blythe were both very helpful and experienced, which is most appreciated. Meeting all these dedicated people here in Australia with all your amazing hospitality, has simply been a great pleasure for me. I wish you all good luck with your dogs in the future.

Best regards,

Ulla Hansen
