

German Shepherd Dog Club of Victoria State Breed Exhibition

12th and 13th April 2025
KCC Park Skye

Judge – Mr Vincenzo Tantaro (Vic)

Summation

I would like to thank the members and Committee of the GSDCV for the invitation to judge the 2025 State Breed Exhibition (SBE). It is always a special honour to be asked to judge one's own Club shows. Thank you to the exhibitors who supported the event. Whilst the entry was low, fact remains that the majority of exhibitors in Victoria still see value in an SBE.

I would also like to thank the members who contributed to the conduct of the event, namely Jacinta Poole, our Show Manager, the Show Committee and the members who helped set up and pack the rings after the event was finished.

I also thank Frank Moody, GSDCA Database Officer, who provided me with up to date progeny data and of course those assisting me: Glenn Moore, Ring Steward, Barbara Blythe, Stenographer and Jacinta Poole, who recorded the event with her photography and a special thank you to Nicky McDermott who, as always provided the morning and afternoon cakes! - Thank you.

With regard to the concept of SBE, we must understand that the past is well and truly behind us! There are less breeders and as a result less show entries. My guess is Victoria has a base of maximum 70 to 80 animals that would be shown at any given show. Hence without full participation by the breeders in the State, this event loses some relevance. This event has become entrenched in our show calendar. Reality is the SBE was initiated to supplement the no longer held Main Breed Exhibition giving each Member Club the opportunity to have another show, but more importantly to check out the state of the breed in their locale. We were fortunate that two sires produced large progeny groups that included older animals, which definitely gave insight into quality and predictability of each. The other group was the sires first group to be presented which saw a number of puppies and gave an indicator of his value.

In order to be clear, the awarding of the Excellent Merit by me was based on the quality of the animal's anatomical construction, high quality progeny (if shown), performance, and my belief that the animal has a high predictability to further consolidate or improve type.

The most important criteria applied was that the animals must show the quality of a working dog. The current trend is to reward long, heavy animals, with short forelegs, over-angulated hindquarters, which may stand east west in front, with narrow chests. The fleeting side gait has become the popular standard by which our breed is now being placed on pedestals.

The reality is the GSD is a working dog which must show minimum effort for maximum ground cover - its proportions are of prime importance to meet such a demand. I observed a predominance of animals that do stand correct in front and coming towards you toe out - this problem is now endemic in both varieties and adds further cause to be alarmed. Again, there was also a predominance of animals that step narrow behind with loose hocks: we must aim to improve the stability of the hindquarter!

I again observed that in a number of cases the off-lead requirement is not taken seriously by exhibitors. It is a very simple exercise to train for! This most basic test indicates the bond between the handler and their dog. Reality is this simple task is an indicator of the dogs' working ability that can be built on!

I also asked from Junior Class up for a round with loose lead- again this needs to be trained for. It is IMO an essential exercise that all judges should ask exhibitors to complete.

In closing, I wish to thank the GSDCV for the welcome and kind hospitality as afforded to Frances and I over the weekend.

Stay well and stay safe.

Vincenzo Tantaro

Stands correct in front. Very good fore and underchest. Good fore and very good hindquarter angulation. Steps correct front and rear, good firmness of hock joints.</p>

During movement and in the loose lead gaiting she shows very good ground cover with very good reach. The drive could still be more powerful. Falls slightly on the forehand. Off lead gaiting partially completed. She shows very good ground cover with very good reach. The drive could still be more powerful. Falls slightly on the forehand.

She is of high quality and typical of her breeding. She has also proven herself in performance disciplines CCD, RN, TDX, TSD, and ET - added to this she also had a Breed Surveyed daughter and son of high quality presented.

SC IB VG1*BINDZIVA ROLLIN ON THE RIVER AZ Sire: Chili Della Valcuvia

SC ID VG1*BINDZIVA AGENT FOR THE BLUES AZ Sire: *Chili Della Valcuvia

A bitch of very good type and one that mirrors her bloodlines. Offering a high degree of predictability. She impresses with her very good overall construction. Ideally her presentation should have been better but her performance was adequate to convince me that together with the very high quality progeny that she was most deserving and my pleasure to award her Excellent Merit 3.

444 4 EXC *CH. BRONBOREO GINGER MEG AZ ET 07/03/2021 6100129797 Sire: Wulkano-Uno Von Schnitzerteam (Imp Hun) Dam: Bronboreo Ginger Nina Brd: Mr B J Pereira and Mr R Pritchard Exh: SHEBELLE KENNELS

Y:4 M:1 D:5 Height/Depth of Chest: 59/28. Large, medium strong richly coloured and pigmented bitch of very good type. Feminine expressive head. Very good strength of foreface. Dark masking. Very good length of neck. High withers, firm back, slightly short steep croup. Stands not quite correct in front. very good fore and underchest. Good fore and very good hindquarter angulation. Presented out of coat. Steps narrow behind. During movement and in the loose lead gaiting shows very good ground cover and very good reach. The drive could still be more powerful. Off lead gaiting shows very good ground cover and very good reach where the drive could still be more powerful. She falls slightly on the forehand. Presented with confidence and lively.

A bitch that impresses with her overall proportions, dryness and firmness. Her ability to move into the final position was due to her sustained and convincing walking and gaiting performance. The fact that she was out of coat did not hinder her final placing. It is noted she has a performance title, ET and one quality progeny exhibited.

446 5 EXC *SC PB VP1 SHEBELLE HARLEES DARK ANGEL(AI) Sire: Pupi Von Neu Garmond *FREINHAUF VICA AZ 22/04/2022 6100136376 Sire: Chili Della Valcuvia (Imp Uk) Dam: Ica Von Der Zenteiche TD (Imp Deu) Brd: Mr K R and Mrs R T Knuckey Exh: MRS A and MR J BARR

Y:2 M:11 D:20 Height/Depth of Chest: 58.5/26.5. Large, medium strong very well coloured and pigmented bitch of very good type. Strong but still feminine head, desired dark masking. Good strength of foreface. Very good length of neck, high withers, firm back, slightly short but well moulded croup. Stands correct in front. Very good fore and underchest. Good fore and very good hindquarter angulation. Steps narrow behind. During movement shows very good ground cover and very good reach. The drive however should be more powerful. Loose lead not completed. Off lead gaiting partially completed. Shows very good ground cover and very good reach. The drive however should be more effective. Falls slightly on the forehand. Presented with confidence and very lively

442 6 EXC *WILLMAURS GIDJET GIRL AZ 30/12/2020 3100422193 Sire: Willmaurs Romfordreggie Dam: Stobar Carlotte Brd: Exh Exh: MR W and MRS M GOODWIN Y:4 M:3 D:13 Height/Depth of Chest: 58/29. Above medium size, medium strong substantial richly coloured and pigmented bitch of very good type. feminine expressive head, desired dark masking, eye colour could still be darker. Very good length of neck, normal withers, firm back, slightly short steep croup. Stands correct in front. Very well developed fore and underchest. Ideally the foreleg should still be longer. Good fore and very good hindquarter angulation. Steps narrow front and rear and elbows should be much firmer. During movement and

the loose lead gaiting, shows very good reach and powerful drive where the hocks should be firmer. Off lead gaiting not completed.

A bitch of very good type that must not get any deeper, she presented two very young progeny that show much promise

LSC BPD VP1 WILLMAURS KLYDE Sire: Thiago Du Val D'anzin

SC BPB VP1 WILLMAURS KLAUDETTE Sire: Thiago Du Val D'anzin

447 7 EXC *BRONBOREO YUM YUM YUM AZ 25/04/2022 6100136702 Sire: Wulkano-Uno Von Schnitzerteam (Imp Hun) Dam: Bronboreo Yum Yum Brd: Mr B J Pereira and Mr R Pritchard Exh: MR P and MRS D HOWARD
Y:2 M:11 D:17 Height/Depth of Chest: 58/27. Well above medium size, substantial medium strong bitch of very good type. Very well coloured and pigmentation. Strong but still feminine head. Very good expression. Desired dark masking and eye colour. Very good length of neck, high withers, straight firm back, slightly short steep croup. Stands not quite correct in front. Well developed fore and short underchest. Good fore and very good hindquarter angulation. Steps narrow front and rear, hocks and elbows should be much firmer. During movement and in loose lead gaiting shows very good ground cover with very good reach. The drive should be more powerful. Falls slightly on the forehand. Off lead gaiting successfully completed. Shows very good ground cover with very good reach. The drive should be more powerful. Falls slightly on the forehand.

443 8 EXC *AWATEA VEEREE INTERESTING AZ 10/01/2021 3100425783 Sire: Dingo Di Casa Mary Dam: Ch Troumdorf Gimme A Kiss Brd: Exh Exh: FRANK GRIGONS
Y:4 M:3 D:2 Height/Depth of Chest: 61/29. Very large, strong substantial richly coloured and pigmented bitch of desired type. Strong but still feminine head. Very good expression. Very good length of neck, high withers, firm back, well moulded croup. Stands not quite correct in front. very good fore and good underchest. Very good fore and hindquarter angulation. Steps narrow behind, hocks should be firmer. During movement and the loose lead gaiting she shows very good movement and very good reach and powerful drive. The hocks should still be much firmer. Off lead gaiting partially completed. Shows very good movement and very good reach and powerful drive. The hocks should still be much firmer. She should hold her wither higher. She presented calmly and is confident. A bitch that I was most impressed with. Standing at max limit for size she has many attributes that could easily see her awarded the Excellent Merit grading. Unfortunately she did not convince gaiting or walking and as a result lost 4 placings.

She presented a quality daughter:

SC IB VG2 AWATEA CUDDLES MEENAME(AI) Sire: Vincent Vom Haus Kathleen

449 1 EXC *BRONBOREO SHORT MACCHIATO AZ 24/03/2022 6100135814 Sire: Wulkano-Uno Von Schnitzerteam (Imp Hun) Dam: Bronboreo Platinum Brd: Mr B J Pereira and Mr R Pritchard Exh: MRS M F and MR J C BURGESS
MERIT
Y:3 M:0 D:19 Height/Depth of Chest:64/29. Large, medium strong, substantial well coloured and pigmented dog of desired type. Strong masculine head with very good expression. Very good strength of foreface, ideally the eye colour should still be darker. Very good proportions. Very good length of neck, high withers, firm back. Slightly short but well moulded croup. Stands not quite correct in front. well-developed fore and underchest. Very good fore and hindquarter angulation. Steps correct front and rear with good firmness of hock joints. Movement and loose lead gaiting shows far reaching powerful gait with very good overall firmness maintaining a high wither. Off lead successfully completed. Shows far reaching powerful gait with very good overall firmness maintaining a high wither. Presented with confidence and lively.

A dog that mirrors his bloodlines and since I last judged him has developed and improved markedly. He has much presence and impresses with his absolute masculinity, strength and overall, very good construction
 He is most typical of his bloodline and shows a willingness to work be it walking or gaiting. His construction allows him to move with a high wither at all paces.
 He is a relatively new sire and I look forward to seeing his progeny in the future.
 It is indeed my pleasure to award him Excellent Merit 1 and the title of 2025 Seiger.

Chilli again has been able to present a group at this SBE, noting of course he presented a very large group at last year's National. I was fortunate to judge the GSDCQld SBE last July and like then he has presented another group of high quality animals that mirror his bloodlines. The group represented by 5 dams sees very good distinction between the sexes, very good type with very good colour and pigment. The concern related to over angulated hindquarters remain. There is no doubt that Chilli can now be considered cornerstone of breeding in Australia- as a son of Ulkan Maikhus he has been able to further consolidate and improve type:

Denargun Bad Boyz

403	Baby Puppy	(LSC)BODECKA YOLLI	<i>Bodecka Mayhem</i>
406	Minor Puppy	(LSC)BODECKA WILD THING	<i>Bodecka Misconduct</i>
413	Baby Puppy	(LSC)BODECKA YAKUZA	<i>Bodecka Mayhem</i>
418	Minor Puppy	BODECKA WAZZENME	<i>Bodecka Misconduct</i>
426	Baby Puppy	BODECKA YOUNG BLOOD	<i>Bodecka Mayhem</i>

Bad Boyz has presented a group from 2 dams (litter sisters) for the first time. Hence very hard to make an assessment, but what is evident is there is distinction between the sexes, very good strength and generally very well constructed puppies.

What is evident is the sires propensity to throw over angulated hindquarters and this must be considered when utilising this dog.

Wulkano-Uno Von Schnitzerteam (Imp Hun)

434	Open (LSC)	*CH. SHEBELLE CINDARELLA AZ	<i>Ch. Shebelle Tinkerbelle</i>
435	Open (LSC)	*DENARGUN BAD BOYZ AZ	<i>Kelinpark Rozata</i>

449	Open	*BRONBOREO SHORT MACCHIATO AZ	<i>Bronboreo Platinum</i>

Uno presented a group represented by 4 dams. The quality of the group is very good and indicative of the Sire. There is very good distinction between the sexes, very good type with very good colour and pigment. There is a degree of moderation with regard to hindquarters and it's pleasing to see depth of chest vs length of leg proportions as normal. Uno, as the immediate past National Gold Medal winner, also produced a most impressive progeny group at last year's National and noting the quality he brings can also be considered cornerstone of breeding in Australia - as a son of Ulkan Maikhus he has been able to further consolidate and improve type:
