

JUDGE – ALBERT BALMER – UK
19TH APRIL, 2025

A big thanks to the German Shepherd league of New South Wales for the invitation to judge their Easter Classic Championship show on April 19th. You really do have a super venue and an excellent Clubhouse with strong leadership from an excellent committee. A special thanks to my co judge Glen Gregory for picking me up & looking after me on the Friday, Matt Morriss for his company on Saturday night, Fay Stokes for taking my notes, Karen Johnson for her excellent ring stewarding & Jeff & Debs Rappley for showing me Sydney & leaving me back to the airport.

The biggest thanks of all goes to the exhibitors for their excellent entry & sportsmanship in accepting my placings, some of which I'm sure they probably didn't agree with but that's the nature of dog showing where fine margins & preferences determine placings. It was a long Journey for me leaving on Wednesday, arriving on Friday morning & judging at 8am on Saturday morning. I didn't leave to show grounds until 11.30 that night so was shattered on the Sunday.

I would like to have spent more time explaining my decisions on the day, but time constraints didn't allow me to elaborate & I apologise for the judging lasting so long when many had travelled far to get there. I had originally accepted the appointment as a 2-day appointment, but this was changed to a 2-show weekend at relatively short notice which with a big entry felt rushed. With finances being what they are I can fully understand why this was done & it didn't detract from me enjoying judging some beautiful dogs.

As it should be more time was spent on the Junior classes up, rather than the puppy classes where things can change very quickly as puppies develop at different rates. There were some beautiful puppies all of which were a very good type with very good pigmentation. Puppies at the front of the classes tended to be the better movers with good drive & front reach with firmer hocks.

My general view of the dogs judged were all were of very good breed type, mostly with dark eyes, good general construction with good movement but for me they're 2 things that need watching. I know this is a worldwide problem, with many failing to admit it or if they do, failing to do something about it but many dogs are on the limits of hind angulation & a few are over angulated which cost them higher placings. Also, size needs watching especially with your females. very few measured below 60cms with some measuring 62cm or more. The German Shepherd is supposed to be a medium size breed where 58cms should for me be the size as breeders we should be aiming for. Unfortunately, 60cms has become the norm & this will only lead to future problems. Albert Balmer

Class 4A Junior Bitch
