## Autumn Exhibition

11<sup>th</sup> April 2026

KCC Park Skye

Judge – Mr Ian Urie (Vic)

### JUDGE'S SUMMATION

Firstly, I would like to thank my Home Club for the appointment and thank all the exhibitors who entered. I am also grateful for the assistance of my Steward Glenn Moore, and Stenographer Barbara Blythe. Whilst numbers are down for a variety of reasons, I am confident that a majority of our local exhibitors from Victoria made the effort to come, and there were very few scratchings. (We didn't really expect interstate enthusiasts to make the trip because of the proximity to the National.) The weather was at times atrocious, with downpours and strong winds, and I admire the resilience of those who took on handling tasks under those conditions. It was a little disappointing that six classes in the show were without any entries. We had a panel of trainee Group 5 Judges attending, under the mentoring of Vince Tantaro, and I tailored my comments on the pegs to help enlighten them as to how we see things. I hope my comments were appreciated, and thanks Vince for your guidance to the trainees.

From an entry of 56 animals, I was pleased that despite the trend towards slightly deep hind angulations, I didn't find too many that suffered from debilitating looseness of the hocks, although maybe 50% could be described as stepping narrow going away. As well, apart from a couple of exhibits that stood at the maximum size I did not find any that were outside the limits, and a good number that were closer to medium size. A majority of exhibits were well coloured and strongly pigmented. Bone strength was generally just medium strong, with those that I described as having good strength being in the minority. Several times I commented on animals that could have been stronger in the foreface, with regards to depth of the muzzle and often with slightly underdeveloped lower jaws. I was particularly impressed with the high average quality of the Long Stock Coat animals, which have improved in leaps and bounds since the variety has been exhibited, and several breeders are now "specialising" in LSC and producing excellent quality.

The last time I judged in Victoria was at the 2022 State Breed Exhibition, and looking at the breeding of animals in the catalogue after judging the exhibition, it is clear that Chili Della Valcuvia still has a strong influence, as does Wulkano Uno von Schnitzerteam (whose progeny tend towards medium size and have very fluent movement). Animals that I judged 4 years ago in the young classes are now being shown in Open. My Best Bitch in both SC and LSC varieties were Chili daughters, and my Best SC and LSC Dogs were both Uno sons. Although entry numbers were relatively small, I still found some high quality animals, and I was very pleased with my class winners in the line-ups for the Best of Sex and BOB run offs.

Ian Urie.
